

Purchasing and Contracting Department
Sole Source Request and Certification Form

4282

JP
1/24/22

To: Director of Purchasing and Contracting
Cc: Deputy Chief Operating Officer, Infrastructure / Public Works
From: Christopher Bennett, Deputy Director

Date: January 17, 2022

In alignment with the guidance provided in the San Diego Municipal Code section 22.3016, the Purchasing Agent (Director of Purchasing and Contracting) must certify that the award of a sole source contract is necessary by memorializing in writing why strict compliance with a competitive process would be unavailing or would not produce an advantage, and why soliciting bids or proposals would therefore be undesirable, impractical, or impossible.

For consideration, this form must be completed and all required accompanying information must be submitted together, including any related contracts. Failure to do so will result in a delay of approval of the request.

Describe commodity or service(s) to be purchased. Include vendor contact information.

The Public Utilities Department (PUD), Innovation Technology Division requests approval of this sole source to establish a contract with AVEVA/Wonderware for the purchase of software, hardware, upgrades and support services for the Supervisory Control and Data Acquisition (SCADA) Upgrade Project for the Alvarado Water Treatment Plant (AWTP), Miramar WTP, and Otay WTP.

The AVEVA/Wonderware hardware and software are utilized throughout the entirety of the Water Treatment Program. The three primary facilities are Alvarado WTP, Miramar WTP and Otay WTP. Each facility utilizes similar systems (both software and hardware). The goal of SS # 4282 is to standardize the systems across all treatment facilities and consolidate the licensing and support. The Alvarado WTP served as the template for the work we want to replicate at the other facilities.

The term SCADA is defined by the National Institute of Science and Technology as: "A generic name for a computerized system that is capable of gathering and processing data and applying operational controls over long distances. Typical uses include power transmission and distribution and pipeline systems. SCADA was designed for the unique communication challenges (e.g., delays, data integrity) posed by the various media that must be used, such as phone lines, microwave, and satellite. Usually shared rather than dedicated."

The City's Alvarado, Otay, and Miramar Water Treatment facilities each use Wonderware Industrial Controls software to control, monitor, collect real-time data, analyze, and trend telemetry obtained from several hundred (if not thousands of) sensors and controllers attached to various pumps, valves, switches, etc. The SCADA industrial controls systems are currently operating on a proprietary software published and distributed by AVEVA Solutions. The software was re-branded under the AVEVA name after it was acquired from Schneider Electric in January of 2014.

The software and support with AVEVA/Wonderware is necessary to continue the operational control and monitoring of each water treatment facility and complies with the City's existing City standards. Moving to a new SCADA platform would require several years of planning, replacement of PLC's (programmable logic controllers), and retraining of operational staff and substantial financial investment. This will likely be a multi-year effort including analysis and recommendations regarding the hardware and software of many potential future states.

PUD requests approval of this sole source with AVEVA/Wonderware for a duration of five (5) years for a not to exceed amount of \$2,500,000.00 to create a long-term solution for future SCADA needs.

Justification

1. This product or service is available from only one supplier and meets at least one of the following criteria (please check all that are applicable):

- One-of-a-kind/Compatibility*
- a. Required by Warranty: the product matches existing equipment, infrastructure and is required by warranty. **(A letter from the provider which supports this claim must be provided.)**
 - b. Goods and Services:
 - i. the good has no competitive product or alternative on the market.
 - ii. the service requires a special skill, ability, or expertise linked to the current project that cannot be provided by another supplier.

(Documentation in support of either of the above claims must be provided by the requesting department.)

City Standards The product or service complies with established, existing City standards.

Replacement The product or service is the only compatible replacement component that supports a larger system. Or, the services are the only ones that can replace the existing service requirements.

2. Do any of the following situations exist?

Limited Competition Department made an attempt to find a second or multiple sources to no avail.

Emergency There is an urgent need for the item or service and time does not permit the City to solicit for competitive bids, as in the cases of emergencies as defined under SDMC section 22.3208,. (Delays in solicitation do not satisfy this criteria)

Cost/Market Analysis

Purchasing and Contracting will perform due diligence on each request. If Purchasing and Contracting can find a suitable, cost effective alternative, this request will be denied and that alternative will be pursued after your department has been contacted to discuss the revised determination.

This form does not take the place of an agreement and all sole source requests for a period of one year or longer will require the **submission of an agreement**. The requesting department must submit a purchase requisition and a copy of this certification to Purchasing and Contracting for a Purchase Order to be issued.

PCO Due Diligence (PCO to initial all that apply)

____ Proof of warranty or maintenance requirement for standardized and replacement items confirmed.

JPx

Vendor/Supplier confirmed submission of justification letter.

____ Market test confirmed that there is no advantage to the City in competing this contracting opportunity to multiple vendors.

____ Emergency verified with the department.

JPx

Pricing agreement has been reviewed.

____ Purchasing and Contracting has reviewed this request and affirms that this request for a sole source justification is appropriate.

This sole source is approved for:

One (1) year from the signature date below.

For the entire length of the contract, but not more than five (5) years.

The length of the contract must be consistent with the sole source approval. A sole source request must be submitted and approved by the Purchasing and Contracting Director prior to the award of each new contract and prior to each extension of an existing contract that was not contemplated in the initial contract term.

____ After reviewing the provided information and due diligence, I cannot recommend the approval of this request.

Purchasing and Contracting Director Review

I certify that strict compliance with a competitive process would be unavailing or would not produce an advantage, and that soliciting bids or proposals would be therefore undesirable, impracticable or impossible. My approval is contingent on the information provided in this form.

In accordance with SDMC §22.3016, this request is approved.

Based on the information provided and due diligence recommendation of staff, this request is denied.

EXCEPT FOR THE EXPRESS REPRESENTATIONS AND WARRANTIES SET FORTH IN THE AGREEMENT (INCLUDING ANY APPLICABLE SCHEDULES AND/OR ANY APPLICABLE ADDENDA), AVEVA AND ITS LICENSORS DISCLAIM ALL OTHER WARRANTIES, REPRESENTATIONS, OR STATEMENTS, WHETHER EXPRESS, IMPLIED OR STATUTORY INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE EXCEPT TO THE EXTENT THAT ANY WARRANTIES IMPLIED BY LAW CANNOT BE VALIDLY WAIVED. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY AVEVA, ITS DEALERS, DISTRIBUTORS OR AGENTS OR EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THE WARRANTIES SET FORTH IN THE AGREEMENT AND CUSTOMER MAY NOT RELY ON ANY SUCH INFORMATION OR ADVICE. AVEVA DOES NOT WARRANT THAT THE PRODUCTS OR SUPPORT SERVICES WILL MEET CUSTOMER'S REQUIREMENTS, THAT THE PRODUCTS OR SUPPORT SERVICES WILL OPERATE IN COMBINATIONS OTHER THAN AS SPECIFIED IN AVEVA'S DOCUMENTATION (AS APPLICABLE), THAT THE OPERATION OF THE PRODUCTS OR SUPPORT SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE OR THAT THE PRODUCTS OR SUPPORT SERVICES WILL PROTECT AGAINST ALL POSSIBLE SECURITY THREATS, INTERNET THREATS OR OTHER THREATS OR INTERRUPTIONS. THE PRODUCTS OR SUPPORT SERVICES ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS AND MAY BE SUBJECT TO TRANSMISSION ERRORS, DELIVERY FAILURES, DELAYS AND OTHER LIMITATIONS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS.

8. LIMITATION OF LIABILITY.

- 8.1 CONSEQUENTIAL DAMAGES. NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, IN NO EVENT SHALL AVEVA BE LIABLE FOR (A) ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, SPECIAL, PUNITIVE OR SIMILAR DAMAGES OR (B) LOSS OF BUSINESS, PROFITS, OR REVENUE, LOSS, CORRUPTION OR DESTRUCTION OF DATA, BUSINESS INTERRUPTION, OR DOWNTIME, IN EACH CASE ARISING OUT OF OR RELATED TO THE AGREEMENT, REGARDLESS OF THE CAUSE OF ACTION OR BASIS OF LIABILITY (WHETHER IN CONTRACT, TORT, INDEMNITY, OR OTHERWISE), AND EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
- 8.2 Damages Cap. Notwithstanding anything to the contrary herein, the aggregate liability of AVEVA to Customer for any loss or damage arising under or in relation to the Agreement, regardless of the basis of liability (whether arising out of liability under breach of contract (including under any indemnity), tort (including but not limited to negligence), misrepresentation, breach of statutory duty, breach of warranty or claims by third parties arising from any breach of the Agreement) shall not exceed the fees paid by Customer pursuant to the applicable Transaction Document for the specific Product or Support Services giving rise to such liability in the twelve (12) month period preceding the date of the incident giving rise to the claim. The provisions of this Section 8 allocate the risks between AVEVA and Customer, and AVEVA's pricing reflects this allocation of risk and the limitation of liability specified herein. Notwithstanding the foregoing, the limitations on amounts of damages set forth in this Section 8.2 shall not apply to AVEVA's intentional

misconduct, fraud, or fraudulent misrepresentation, or to the extent prohibited by applicable law.

9. INDEMNIFICATION.

- 9.1 **Indemnification by AVEVA.** AVEVA shall defend, indemnify, and hold harmless Customer against claims brought against Customer by any third party alleging that Customer's use of the Products in accordance with the terms and conditions of the Agreement, constitutes an infringement of a patent or copyright, or misappropriation of a trade secret of a third party AVEVA will pay damages finally awarded to the third party (or the amount of any settlement AVEVA enters into) with respect to such claims. This obligation of AVEVA shall not apply if the alleged infringement or misappropriation results from: (a) use of the Products in conjunction or combination with any other software, services, or any product, data, item, or apparatus that AVEVA did not provide to Customer (including any third-party services or Third-Party Products); (b) anything Customer provides or designs including configurations, instructions, or specifications (including any Products that were provided pursuant to Customer's designs, drawings, or specifications); (c) a modification of a Product other than with AVEVA's prior written consent; (d) Customer's failure to use the latest release or version of a Product (including any corrections or enhancements) where such use would have prevented the infringement or misappropriation claim; or (e) any use, storage, distribution, reproduction, or maintenance not permitted by the Agreement. If AVEVA believes, in its reasonable opinion, that a claim under this Section 9.1 could or is likely to be made, AVEVA may cease to offer or deliver such Products without being in breach of the Agreement.
- 9.2 **Infringement Remedies.** In the event a claim under Section 9.1 is made and such Product is held to infringe a third-party's patent or copyright, or misappropriate a trade secret, then AVEVA may, at its sole option and expense: (a) procure for Customer the right to continue using the Product under the terms of the Agreement or (b) replace or modify the Product to be non-infringing without a material decrease in functionality. If these options are not reasonably available, AVEVA or Customer may terminate the Agreement upon written notice to the other and Customer shall immediately cease using or shall return the infringing Product. The provisions of this Section 9.2 state the sole, exclusive, and entire liability of AVEVA to Customer, and is Customer's sole remedy, with respect to third-party claims covered by Section 9.1.
- 9.3 **Indemnification by Customer.** Customer shall defend, indemnify, and hold harmless AVEVA and its Affiliates (and each of their licensors), and each of their respective officers, directors, contractors, agents, and employees ("AVEVA Indemnitees") against claims brought against AVEVA Indemnitees by any third party arising from or related to: (a) any use of the Products or Support Services by Customer in violation of the Agreement or any applicable law or regulation; (b) any Customer Content; and (c) an allegation that any material provided by Customer violates, infringes, or misappropriates the Intellectual Property Rights of a third party. The foregoing shall apply regardless of whether such damage is caused by the conduct of Customer and/or its named users or by the conduct of a third party using Customer's access credentials.
- 9.4 **Indemnification Requirements.** The indemnification obligations under this Section 9 are conditioned on: (a) the Party against whom a third-party claim is brought timely notifying the other Party in writing of any such claim, provided however that a Party's failure to provide or delay in providing such notice shall not relieve a Party of its obligations under this Section 9 except to the extent such failure or delay prejudices the defense; (b) the Party who is obligated to defend a claim having the right to fully control the defense of such claim; (c) the Party against whom a third-party claim is brought reasonably cooperating in the defense of such claim; and (d) Customer complying with AVEVA's direction to cease any use of the Products which in AVEVA's reasonable opinion, is likely to constitute an infringement or misappropriation. Any settlement of any claim shall not include a financial or specific performance obligation on or admission of liability by the Party against whom the claim is brought, provided however that AVEVA may settle any claim on a basis requiring AVEVA to substitute for the Products any alternative substantially equivalent non-infringing products. AVEVA shall not be responsible for any settlement made without its consent. The Party against whom a third-party claim is brought may appear, at its own expense, through counsel reasonably acceptable to the Party obligated to defend claims. Neither Party shall undertake any action in response to any infringement or misappropriation, or alleged infringement or misappropriation that is prejudicial to the other Party's rights.

10. TERM AND TERMINATION.

- 10.1 **Term of GTCs.** The term of these GTCs begins on the Effective Date and shall continue thereafter for the duration of the term of any Transaction Document entered into between the Parties ("Term").

- 10.2 **Transaction Document Term.** The initial term of each Transaction Document shall commence on the effective date specified in the Transaction Document (the “TD Effective Date”) and continue thereafter until: (a) the end of the term of the Transaction Document as specified in the Transaction Document; (b) if specified in the Transaction Document, delivery of the Products in accordance with the Transaction Document; or (c) earlier termination by either Party in accordance with this Section 10 (Term and Termination) (the “TD Term”).
- 10.3 **Termination for Material Breach.** Either Party may terminate these GTCs or a Transaction Document for cause if the other Party commits a material breach of the GTCs or Transaction Document (including, without limitation, a delay in Customer’s payment of any money due under these GTCs or any Transaction Document) and fails to cure such breach within thirty (30) days (or with respect to Customer’s payment failure, within ten (10) days) of receipt of a notice of default from the non-defaulting Party. Termination will not relieve Customer of its obligations specified in Section 10.5 and will not entitle Customer to a refund of any license fees (or any applicable Software support fees) previously paid.
- 10.4 **Termination for Financial Deterioration.** Either Party may terminate these GTCs or a Transaction Document immediately if the other Party files for bankruptcy, ceases or threatens to cease carrying on business, becomes insolvent, or makes an appointment, assignment or novation for the benefit of creditors.
- 10.5 **Effect of Termination.** If these GTCs are terminated prior to the completion of one (1) or more Transaction Documents, then the Transaction Documents that are not terminated shall continue to be governed by the GTCs for the remainder of the applicable TD Term. Upon termination or expiration of these GTCs or any Transaction Document, Customer will cease using the applicable Software, will delete the Software, including the license file(s), from its computer and will either return to AVEVA or destroy the Software, including the license file(s), Documentation, packaging and all copies thereof. If Customer elects to destroy the Software then Licensee will certify in writing to AVEVA the destruction of the Software. Termination of these GTCs or any Transaction Document and return or destruction of the Software will not limit either party from pursuing other remedies available to it, including injunctive relief, nor will such termination relieve Customer’s obligation to pay all fees and expenses that have accrued or are otherwise owed by Customer under these GTCs or a Transaction Document, and/or any purchase order from Customer that has been received and accepted by AVEVA.

11. **INSURANCE.**

For as long as any Transaction Document remains in effect, AVEVA will maintain, at its sole cost and expense, comprehensive general liability and property damage insurance in an amount not less than \$1 million in the aggregate. Additionally, AVEVA will maintain, at its sole cost and expense, workers’ compensation insurance in accordance with statutory requirements.

12. **THIRD-PARTY PRODUCTS.**

- 12.1 **Third-Party Products.** Unless otherwise agreed in writing by AVEVA, if Third-Party Products are supplied by AVEVA to Customer, such Third-Party Products are provided on a “pass-through” basis only and are subject to the terms and conditions of the third-party vendor, including but not limited to warranties, licenses, indemnities, limitation of liability, prices and changes thereto.

13. **TRADE CONTROL.**

- 13.1 The Customer will not, directly or indirectly, export, re-export, transfer or otherwise make available, or use the Product to any person or in any manner, or be involved in any act, that could result in AVEVA or its Affiliates being in violation of, or being subject to negative consequences under, Trade Control Laws.
- 13.2 AVEVA shall have the right to suspend its obligations under, or terminate, this Agreement with immediate effect in the event that:
- 13.2.1. AVEVA determines that, in its reasonable opinion, the Customer has breached or is likely to breach Section 13.1; or
- 13.2.2. the Customer or the Product becomes subject to Trade Control Laws and, as a result, AVEVA determines that, in its reasonable opinion, the continued performance of its obligations under this Agreement could result in AVEVA or its Affiliates being in violation of, or being subject to negative consequences under, Trade Control Laws.

14. **MISCELLANEOUS.**

- 14.1 Assignment. The Agreement shall extend to and be binding upon the Parties to the Agreement, their successors, and assigns, provided, however, that neither Party shall assign or transfer the Agreement without the other Party's prior written consent, which shall not be unreasonably withheld, delayed or conditioned. Notwithstanding the foregoing limitation, AVEVA may assign or transfer the Agreement, in whole or in part, without obtaining the consent of Customer, to a parent company or subsidiary or in connection with the transfer or sale of its entire business or sale of all or substantially all of its assets, or in the event of a merger, divestiture, internal reorganization or consolidation with another company.
- 14.2 Independent Contractor. AVEVA is an independent contractor, and each Party agrees that no partnership, joint venture, agency, fiduciary, or employment relationship exists between the Parties.
- 14.3 Force Majeure. Except for Customer's payment obligations, neither Party shall be liable for delays caused by conditions beyond their reasonable control, ("Force Majeure"), provided that notice thereof is given to the other Party as soon as practicable. All such Force Majeure conditions preventing performance shall entitle the Party hindered in the performance of its obligations under the Agreement to an extension of the date of delivery of the Products or completion of the Support Services by a period of time equal to the period of delay incurred as a result of the Force Majeure or to any other period as the Parties may agree in writing.
- 14.4 Waiver. The waiver (whether express or implied) by either Party of a breach or default of any of the provisions of the Agreement (including any Transaction Document) by the other Party shall not be construed as a waiver of any succeeding breach of the same or other provisions nor shall any delay or omission on the part of either Party to exercise or avail itself of any right power or privilege that it has or may have hereunder operate as a waiver of any breach or default by the other Party.
- 14.5 Notices. All notices and other communications required or permitted under the Agreement will be in writing and delivered by confirmed transmission, by courier or overnight delivery service with written verification of receipt, or by registered or certified mail, return receipt requested, postage prepaid, and in each instance, will be deemed given upon receipt. All such notices, approvals, consents and other communications will be sent to the addresses provided in the Transaction Documents or to such other address as may be specified in writing by either Party to the other in accordance with this Section 14.5.
- 14.6 Invalidity and Severability. If any provision of the Agreement (including any Transaction Document) shall be found by any court to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect the other provisions of the Agreement and all provisions not affected by such invalidity or unenforceability shall remain in full force and effect. The Parties hereby agree to attempt to substitute for any invalid or unenforceable provision a valid or enforceable provision which achieves to the greatest extent possible the economic, legal and commercial objectives of the invalid or unenforceable provision.
- 14.7 Negotiated Terms. The Parties agree that the terms and conditions of the Agreement are the result of negotiations between the Parties and that the Agreement shall not be construed in favor of or against either Party by reason of the extent to which such Party or its professional advisors participated in the preparation of the Agreement.
- 14.8 Survival of Provisions. The provisions of the Agreement that by their nature survive expiration or termination of the Agreement will survive expiration or termination of the Agreement, including, but not limited to, the following Sections of these GTCs: 3 (Payments and Invoicing), 4 (Intellectual Property Rights), 5 (Confidentiality), 7 (Disclaimer of Warranties), 8 (Limitation of Liability), 9.3 (Indemnification by Customer), 10 (Term and Termination), 12 (Third-Party Products), 14 (Miscellaneous), and Exhibit A (Definitions).
- 14.9 Governing Law and Jurisdiction. The validity of the Agreement and the rights, obligations and relations of the Parties under the Agreement and in any dispute between them will be construed and determined under and in accordance with the substantive laws of the State of Texas, without regard to such state's principles of conflicts of law. If a court must enter or enforce an arbitration award, if a party applies solely for preliminary or injunctive relief, or if the binding arbitration provision set forth in Section 14.10 (Binding Arbitration) is deemed invalid or ineffective, then each Party irrevocably agrees to submit to the exclusive jurisdiction of (and waives any objection to the venue of) the federal or state courts located in Harris County, Texas to enter or enforce such award, to determine such preliminary or injunctive relief, or to determine such claim or matter arising out of or in connection with this Agreement, as applicable. To the extent otherwise applicable, the Parties hereto agree that the United Nations Convention on the International Sale of Goods will not apply to this Agreement.
- 14.10 Binding Arbitration. Any controversy or claim arising out of or relating to the Agreement, including any breach of the Agreement, shall be determined by final and binding arbitration administered by JAMS under its Streamlined Arbitration Rules and Procedures ("Streamlined Rules"). The award rendered by the arbitrator

shall be final, non-reviewable, and non-appealable and binding on the Parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the Parties within twenty (20) days of receipt by the respondent of the request for arbitration or in default thereof appointed by JAMS in accordance with the Streamlined Rules, which arbitrator shall have substantial experience in resolving business disputes involving similar products or support services. The place of arbitration shall be Harris County, Texas. The arbitrator will have no authority to award punitive, consequential, liquidated, or other damages waived, disclaimed, or otherwise prohibited by the Agreement and the award shall not exceed the applicable limitation of liability set forth in the Agreement. Neither Party has the right to act as a class representative or participate as a member of a class with respect to any arbitrated controversy or claim arising out of or relating to the Agreement (including any breach of the Agreement).

- 14.11 Waiver of Jury Trial. Each Party waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect of any proceedings relating to the Agreement or any performance or failure to perform of any obligation under the Agreement.
- 14.12 Waiver of Right to Class Action. Each Party waives, to the fullest extent permitted by applicable law, any right it may have to participate in a class action in respect of any proceedings relating to the Agreement or any performance or failure to perform of any obligation under the Agreement. Each Party may only bring a claim against the other in an individual capacity and not as a plaintiff or class member in any purported class or representative proceeding.
- 14.13 Ethical Trading Policy. Customer shall comply with AVEVA's then-current ethical trading policy located at www.aveva.com/policies/ethical/en, which shall be incorporated herein by reference.
- 14.14 Third-Party Beneficiary. Except as expressly set forth in the Agreement, the Parties do not intend to create rights for any person as a third-party beneficiary of the Agreement.
- 14.15 Entire Agreement; Amendments. The Agreement constitutes the entire agreement between the Parties relating to its subject matter and supersedes all prior or contemporaneous representations, understandings or agreements whether written or oral, relating to that subject matter. The Agreement will prevail over any additional, conflicting, or inconsistent terms and conditions that may be contained in any purchase order or other document furnished by Customer to AVEVA. Any signed General Terms and Conditions and accompanying addenda executed between the Parties on or after 1 January 2019 will prevail over any additional, conflicting, or inconsistent terms and conditions in this Agreement, and will prevail over any purchase order or other document furnished by Customer to AVEVA. The Agreement may be amended or modified only by a writing that is signed by or on behalf of both Parties.

- 3.2 **Installation Limitations.** The media upon which the Software resides may contain multiple copies of some of the components of the Software, each of which is compatible with different microprocessor architectures or different underlying operating systems. Customer may install the Software for use only with one architecture and one operating system at any given time, consistent with the restrictions in the Agreement (including any License File, License Certificate or Transaction Document).
- 3.3 **Replaced License Restrictions.** License Files and/or License Certificates may be replaced for various purposes as agreed to by AVEVA and Customer. A Replaced License must be removed from any Device and its original license file, license CD, and/or License Certificate must be destroyed or archived and clearly marked as “Inactivated” so that it cannot be used. The act of replacement includes but is not limited to:
- (a) **Version Upgrades** – when an earlier or lower numbered version license is replaced by a newer or higher numbered version license. For example, a Product X license with version 6.0 is replaced with a Product X license with a version 6.5;
 - (b) **Functional Upgrades** – when a license with certain Capacity and functionality is replaced by a license with greater Capacity or different functionality. For example, an InTouch 3000 Tag Count license is replaced by an InTouch 60000 Tag Count license; or an AVEVA Historian, formerly Wonderware license is replaced by an AVEVA System Platform, formerly Wonderware license;
 - (c) **Lost/Stolen/Failed Keys** – when a license key is lost, stolen, or fails and a replacement license key is provided. If a lost/stolen key is found/recovered, it must be destroyed; or,
 - (d) **Keyed License to Keyless License** – when a license file locked to a hardware key/dongle is replaced by a license file only or visa-versa.
- 3.4 **OI Gateway Software Restrictions.** OI Gateway Software is an application that acts as a communications protocol converter in a single computer. OI Gateway Software may be licensed to Customer under the Agreement without a separate License File or License Certificate to link AVEVA application software to

clients and data sources that communicate using the following protocols: OPC (OLE for Process Control), SuiteLink, DDE/FastDDE, as well as AVEVA System Platform, formerly Wonderware and InTouch data sources. If licensed to Customer, OI Gateway Software can be used in conjunction with AVEVA software products. Use of OI Gateway Software solely with non-AVEVA products is prohibited.

- 3.5 **Application Program Interface License.** If any Software contains or is provided with an application program interface and Customer is expressly permitted to utilize such application program interface with other software, applications, or other interfaces pursuant to the Agreement (e.g., with AVEVA's prior written consent or if expressly permitted by the Documentation), then Customer's use of such application program interface with such other software, applications, or other interfaces shall require Customer to obtain from AVEVA a separate license (e.g., the appropriate CAL or Client Connection) for such usage of the application program interface.
- 3.6 **AVEVA Trademarks.** Unless otherwise expressly stated in this Agreement, AVEVA retains all goodwill in and Customer has no rights in any trademark owned by AVEVA, whether registered or unregistered, including but not limited to the following: AVEVA, the AVEVA logo, Wonderware and InTouch. A list of AVEVA trademarks can be found at <https://sw.aveva.com/legal/trademarks>

4. **VERSION LIMITATIONS.**

The Software, and various components thereof, contain certain version numbers (such as version "6.5"). The Agreement permits Customer to install one copy of the Software, whereas (i) some Software may allow the same version number as the Software version number listed on the Transaction Document (or in an Update that is part of the Software licensed) on the number of computers authorized hereunder (for example, if the version number listed for a particular component of the Software is "6.5", then Customer may install a copy of that component of the Software having a "6.5" version number, but not a "6.6" version number), and (ii) some Software may allow the same or lower version number as the Software version number listed on the License File or Transaction Document (or in an Update that is part of the Software licensed) on the number of computers authorized under the Agreement (for example, if the version number listed for a particular component of the Software is "6.5", then Customer may install a copy of that component of the Software having a "6.5" or "6.0" version number, but not a "6.6" version number).

5. **ADDITIONAL LICENSE PROVISIONS.**

- 5.1 **Per Server/Concurrent Use Basis.** If the Software has been licensed on a Per Server/Concurrent Use basis, then the following additional terms and conditions shall apply:
- (a) If Customer has licensed the Software on a Per Server/Concurrent Use basis, then the Software may be installed on a single Server that will be the designated Device under the Agreement, and the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is limited by the number of concurrent sessions specified in the License File. The services of the Server Software are considered to be accessed or utilized when there is a direct or indirect connection between a Device and the Server Software running on the Server (regardless whether the Server Software is accessed or utilized using the Device Software, Third-Party Products or an application developed by Customer). For the avoidance of doubt, one Device will require multiple concurrent sessions (and corresponding licenses) if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software.
- 5.2 **Per Device Use Basis.** If the Server Software has been licensed on a Per Device Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Device Use basis, then a separate CAL must be purchased for each specific Device that accesses or utilizes Server Software (which may access or utilize the services of the Server Software on any number of Servers running the Server Software) and each Per Device CAL must be dedicated to a single Device. For the avoidance of doubt, one Device will require multiple CALs if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the Server Software.
- 5.3 **Per Named User Basis.** If the Server Software has been licensed on a Per Named User basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Named User basis, then the allocation and identification of the individual Named User must be maintained by Customer on file at Customer's location for a

minimum of thirty (30) days before the allocation and identification of the Named User can be moved or transferred to a different, separate and unique individual. The identified Named User may activate only one instance of the services of a Server from any Device at any location at any given point in time with each Named User CAL purchased. Multiple simultaneous instance activations of the services of a Server by a Named User requires an equal multiple number of Named User CALs.

- (b) CALs authorize access or use of only the specific Server Software associated with such CAL.
- 5.4 Per Server Use Basis. If the Server Software has been licensed on a Per Server Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Server Use basis, then the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is equal to the number of Device CALs that have been purchased and designated for use for each Device with that Server. For the avoidance of doubt, one Device will require multiple CALs if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software. CALs authorize access or use of only the specific Server Software associated with such CAL. If any Software is licensed on a Per Server Use basis, and accesses any database or data source, then Customer must purchase the required access license for each database or data source accessed. Failure of Customer to purchase the required database or data source license is a material breach of the Agreement.
- 5.5 Per Processor Use Basis. If the Server Software has been licensed on a Per Processor Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Processor Use basis, then for each processor residing on the Server, a separate Per Processor use license must be purchased. A Per Processor license will allow an unlimited number of Devices to access the services of the Server running the Server Software as long as a Per Processor license has been purchased, pursuant to the Transaction Document, License File, or License Certificate, for each processor running on the Server.
- 5.6 Per Session Count Use Basis. If the Software has been licensed on a Per Session Count Use basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Per Session Count Use basis, then the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is limited by the number of Sessions specified in the License File. For the avoidance of doubt, one Device will require multiple sessions (and corresponding licenses) if the Device accesses or utilizes, directly or indirectly, concurrent sessions of the services of the Server Software.
- 5.7 Per Core Use Basis. If the Server Software has been licensed on a Per Core Use basis, then the following additional terms and conditions shall apply:
- (a) If the Server Software is licensed on a Per Core Use basis, then for each processor residing on the Server, a separate Per Core use license must be purchased. A Per Core license will allow an unlimited number of Devices to access the services of the Server running the Server Software as long as a Per Core license has been purchased, pursuant to the Transaction Document, License File, or License Certificate, for each core running on the Server.
- 5.8 Runtime Report Basis. If the Software has been licensed on a Runtime Report basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Runtime Report basis, the maximum number of Runtime Reports utilized by Customer per Server is limited to the Runtime Report count for the Software as specified in the License File, Transaction Document or License Certificate.
- 5.9 Single Facility/Single Device Basis. If the Software has been licensed on a Single Facility/Single Device basis, then the following additional terms and condition apply:
- (a) If the Software is licensed on a Single Facility/Single Device basis, then the Software may only be installed and used on a single Device, which Device must be located at the Facility specified in the applicable Transaction Document. The Single Facility/Single Device license may be subject to further restrictions as set forth in the applicable Transaction Document.
- 5.10 Enterprise License. If the Software has been licensed on an Enterprise License basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on an Enterprise License basis, the duration, scope and pricing of such Enterprise License will be determined on a case-by-case basis. An Enterprise License is granted

upon Customer's receipt of a written authorization for such Enterprise License, which must be signed by AVEVA and also countersigned by Customer. Among other things, the signed written authorization will describe the duration, scope and license fees for the Enterprise License and Customer's Software support commitments under the Enterprise License.

- 5.11 **Site License.** If the Software has been licensed on a Site License basis, then the following additional terms and conditions shall apply:
- (a) If the Software is licensed on a Site License basis, the duration, scope and pricing of such Site License will be determined on a case-by-case basis. A Site License is granted upon Customer's receipt of a written authorization for such Site License, which must be signed by AVEVA and also countersigned by Customer. Among other things, the signed written authorization will describe the duration, scope and license fees for the Site License and Customer's Software support commitments under the Site License.
- 5.12 **Facility License.** If the Software has been licensed to a specified Facility, then the following additional terms and conditions shall apply:
- (a) If Customer's license of the Software is restricted to a specified Facility, then the Software may only be installed at the Facility specified in the applicable Transaction Document.
- 5.13 **Educational license.** If Customer wishes to acquire the Software for educational purpose only, please contact AVEVA's organization or its authorized reseller serving Customer country. In case the Software is identified as an academic or educational software, Customer must be a qualified educational user to be entitled to use said Software; if Customer is not a qualified educational user, Customer has no rights under this Agreement with respect to said academic or educational software. To determine whether Customer is a qualified educational user, please contact AVEVA's organization or its authorized reseller serving Customer country. Once licensed to use said academic or educational Software, Customer may not sell or transfer any such Software or sub-license Customer license right to use the same to anyone except to another person who is qualified by AVEVA as a qualified educational user. As used in this Agreement, the term 'person' shall be broadly interpreted to include without limitation any individual, any corporation, company or other legal entity.
- 5.14 **License for Field-Test / Beta Version.** If Customer has acquired a license for field-test / beta version purpose, Customer acknowledges and agrees that the Software licensed to Customer under such license is a pre-release software only. As such, said Software may not be fully functional and Customer assumes the entire risk as to the results and performance of the Software. Customer may install and use the Software licensed to Customer under a field-test / beta version license on computers in Customer's workplace for the only purpose of testing said Software before it is commercialized by AVEVA and potentially identifying any errors, bugs or defects in said Software. Customer also agrees to use reasonable efforts to provide feedback to AVEVA regarding Customer use of the Software, including a prompt report to AVEVA of errors, bugs or defects that Customer might find. Therefore, notwithstanding anything in this Agreement to the contrary, Customer may not distribute or transfer any applications Customer creates with the Software licensed to Customer under a field-test/beta version license. AVEVA will not update the Software licensed to Customer under a field-test/beta version license, nor will AVEVA provide support in relation thereto. The Software licensed to Customer under a field-test/beta version license may contain code that will, after a certain time period, deactivate the Software and render it unusable. Although said Software may attempt to warn Customer of the time frame in which it will be disabled, Customer acknowledges and agrees that said Software may be deactivated or rendered unusable with or without warning. Upon such deactivation, this Agreement will be considered terminated. Prior to deactivation of the Software Product, Customer may contact AVEVA to convert Customer field-test/beta version license on the Software to a standard license governed by this Agreement on the final release of said Software if and when available from AVEVA by paying to AVEVA the applicable license fee (if any) and obtaining from AVEVA the relevant activation code(s).

6. TOOLKIT SOFTWARE.

- 6.1 If the Software includes any Toolkit Software, such Toolkit Software may include limited portions in source code (human-readable) form for which modifications are not supported by AVEVA.

Multiplexing and Pooling. Use of software or hardware that reduces the number of users or Seats directly or indirectly accessing or utilizing Server Software (sometimes called “multiplexing” or “pooling” software or hardware) does not reduce the number of CALs or Seats required. The required number of CALs or Seats would equal the number of distinct inputs to the multiplexing or pooling software or hardware “front end”.

9. ADDITIONAL SOFTWARE SPECIFIC TERMS AND CONDITIONS.

The below terms and conditions shall apply to the below listed Software in addition to (and not in lieu of) any other terms and conditions set forth in the Agreement. The maximum amount of Equipment that Customer may capture information about according to established functional requirements is limited to the number of Equipment specified for the Software licensed hereunder as specified in the License File, Transaction Document, or License Certificate.

(b) License Restrictions.

- (i) Remote Desktop Server Edition Technology. If Customer uses Remote Desktop Server Edition or other technology to run two or more instances (copies) of the same Software on a single Server or Device then a separate license must be purchased for each instance (copy) of the Software being run.
- (ii) Runtime Restriction. If the Software licensed under the Agreement is for “Runtime” use, then it may only be used to run a specific application, and may not be used either (a) to develop, and/or (b) in conjunction with, new applications, databases, or tables other than those contained in the specific application to which the “Runtime” license relates. This provision does not prohibit Customer from using a tool to run queries or reports from existing tables, or from using a separately licensed development environment to configure or extend such specific application.

9.3 AVEVA System Platform, formerly Wonderware.

(a) License Restrictions.

- (i) AVEVA System Platform, formerly Wonderware. An AVEVA System Platform, formerly Wonderware Software license is limited by (i) the size of the Application Name Space, which in turn is limited by the I/O Count, as defined in the License File, License Certificate or Transaction Document, and (ii) the number of separate Devices which the AVEVA System Platform, formerly Wonderware can be physically distributed across, which in turn is limited by the Platform Count as defined in the License File, License Certificate or Transaction Document, and (iii) the number of TS Sessions which the AVEVA System Platform, formerly Wonderware can be physically distributed across, which in turn is limited by the TS Session Count as defined in the License Certificate or Transaction Document. - (ii) Remote Desktop Server Edition Technology. If Customer uses Remote Desktop Server Edition or other technology to run two or more instances (copies) of the same Software on a single

Server or Device then a separate license must be purchased for each instance (copy) of the Software being run.

- (iii) Runtime Restriction. If the Software licensed hereunder is for “Runtime” use, then it may only be used to run a specific application, and may not be used either (a) to develop, and/or (b) in conjunction with, new applications, databases, or tables other than those contained in the specific application to which the “Runtime” license relates. This provision does not prohibit Customer from using a tool to run queries or reports from existing tables, or from using a separately licensed development environment to configure or extend such specific application.
- (iv) AVEVA Development Studio, formerly Wonderware and AVEVA Advanced Development Studio Use and Restrictions. AVEVA Development Studio, formerly Wonderware includes application development tools that are used to develop applications for deployment of the AVEVA System Platform, formerly Wonderware Software, AVEVA InTouch HMI, formerly Wonderware and other AVEVA runtime applications as well as tools to configure AVEVA Historian, formerly Wonderware. 9.6 AVEVA BI Gateway.

(a) License Restrictions.

- (i) AVEVA BI Gateway Server. If the Software licensed by Customer hereunder includes a license for Software known as AVEVA BI Gateway Server, then the Customer’s access to AVEVA BI Gateway Server is limited by Per Server Use. Under Per Server Use, the Customer must purchase an AVEVA BI Gateway Server CAL which limits the number of Devices and/or Users accessing or utilizing the services of AVEVA BI Gateway Server. If Customer’s use of AVEVA BI Gateway Server requires the access of any database, Customer must purchase the required access license for each database accessed.
- (ii) OEM Version of Tableau Software. AVEVA BI Gateway_Clients are provided using an OEM version of Tableau software. AVEVA BI Gateway Clients allow connecting to a set of data sources as enabled in the AVEVA BI Gateway Analytics Client only if those data sources are configured in the AVEVA BI Gateway Server software. Standalone use of this OEM version of Tableau software to connect data sources that are not configured in AVEVA BI Gateway Server is strictly prohibited and is a breach of the Agreement.
- (iii) Licensing Modes. Customer cannot mix the licensing modes for Dashboard Users on the same License Certificate. Access to the Server may either be “Per Named User”, or “Per Server Use”, or “Per Core Use”.

9.10 AVEVA Plant SCADA.

(a) Software License.

- (i) License. For the purposes of the license of AVEVA Plant SCADA Software all references to AVEVA will refer to Schneider Electric Software Australia Pty Limited ACN 113 112 744.
- (ii) Device and Server Software Grant. Server Software is licensed on a Per Server/Concurrent Use basis, and may be installed on a single Server that will be the designated Device hereunder, and the maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is limited by the number of concurrent sessions specified in the License Key. The services of the Server Software are considered to be accessed or utilized when there is a direct or indirect connection between a Device and the Server Software running on the Server (regardless whether the Server Software is accessed or utilized using the Device Software, Third-Party Products or an application developed by the Customer). One CAL is provided with a single Server license, which must be dedicated to a single Device. Additional CALs must be purchased for each specific Device that accesses or utilizes Server Software (which may access or utilize the services of the Server Software on any number of Servers running the Server Software) and each Per Device CAL must be dedicated to a single Device. Server Software is licensed on a Per Server Use basis. The maximum number of Devices that may access or utilize the services of the Server Software at a given point in time is equal to the number of Device CALs that have been purchased and designated for use for each Device with that Server. CALs authorize access or use of only the specific Server Software associated with such Client license. If any Software is licensed on a Per Server Use basis, and accesses any database or data source, then Customer may be required to purchase the required access license for each database or data source accessed. Failure of Customer to purchase a required database or data source license is a material breach of the Agreement.
- (iii) Software Update Utility. This Software includes a utility called the Schneider Electric Software Update (the "Utility"), which is licensed to AVEVA by Schneider Electric SA. The main function of this Utility is to notify the user when an update for the Software is available, and, the Utility also allows the Customer to participate in the AVEVA program to improve the user experience of its software products. Participating in this improvement program means that the Utility informs AVEVA about: the hardware and software configuration of the user's PC; which features and options of the software product and the Utility are used; and any error reports relating to the software product and the Utility. AVEVA uses this information to speed up improvements to the products and features customers use most often.

Customer may elect to receive automatic notifications of updates to the Software by selecting the Schneider Electric Software Update utility as one of the Core Components at installation of the Software. Furthermore, Customer may opt out of the Utility at any time after it has been installed by revoking participation in the Utility settings. The technical documentation for the Software provides information about the presence of the Utility in the Software, and specifically, what information is being collected; this documentation is available to Customer upon request to AVEVA.

The personal data, if any, collected by Schneider Electric through the Utility is subject to Schneider Electric's Privacy Policy (located here: <https://www.schneider-electric.com/en/about-us/legal/data-privacy.jsp>); any personal data received by AVEVA through the Utility is subject to AVEVA's Privacy Policy (located here: https://www.aveva.com/en/Privacy_Policy/).

(b) Authorized Applications.

- (i) For the purpose of the Agreement, 'Authorized Applications' shall mean those applications that Customer creates, develops or generates by using the Software (including its programming tool if any) or by loading in such applications, with or without modification, a library of the Software, provided that Customer has validly licensed said Software from AVEVA or its authorized resellers. Authorized Applications include, without this being limitative, applicable runtime engines for the Software and applicable driver interface that Customer may provide to

- Customer's own customers as part of or together with Customer's Authorized Applications.
- (ii) Notwithstanding the foregoing, any application created with a Pre-Production Release or for demonstration, test or evaluation purposes, is not an Authorized Application.
 - (iii) Customer may distribute or otherwise make available Authorized Applications provided Customer complies with each of the requirements set forth below:
 - a. Customer includes Customer's own valid copyright notice on Customer's Authorized Applications;
 - b. Customer does not remove or obscure any notice of copyright, trademark, patent or other industrial or intellectual property rights that appear on the Software Product as delivered to Customer or as may appear concerning the Software in the Authorized Application's About Box and in any applicable written documentation distributed with each copy of Customer's Authorized Applications;
 - c. Customer does not use AVEVA's name, logo or trademarks to market or identify Customer's Authorized Applications unless Customer is party to a separate agreement with AVEVA giving Customer such rights or AVEVA has given Customer its express prior written consent to do so;
