- Additionally, if you do not follow the Councilmember on social media, I highly encourage you to do so. We frequently post construction notices, community events, and other important updates for District 7. You can find the councilmember by searching @CMRaulCampillo
- We also have a monthly newsletter called the District 7 Dispatch that highlights major events, accomplishments, and community issues each month. If you'd like to sign-up, please let me know or head to our website: sandiego.gov/citycouncil/cd7

○ FY2024 Budget

- Economic Development:
 - One of the top goals of the Councilmember is to ensure the City of San Diego is a competitive employer in the region to attract and retain talented public servants. Thus, in line with our commitment to fair compensation, the Councilmember helped to negotiate pay increases for City employees to align with the market median compensation for public employees in similar positions.
 - Furthermore, we have allocated \$3 million to support the San Diego/Tijuana World Design Capital designation, which will highlight our region for its investments in its unique binational geography and character. This project will not only bring jobs to San Diego, but have impacts for years to come.
 - We have also increased funding for Arts & Culture to \$15.3 million, marking a \$1 million increase from FY23.
 - And to further drive economic growth, \$200,000 has been allocated for the implementation of an Economic Development Strategy.
- Public Safety:
 - Councilmember Campillo's top priority is to keep all of you safe in your homes and protected from danger. Thanks to the Councilmember's advocacy, we are working to bridge the staffing shortage in SDPD and have allocated \$225,000 for SDPD Recruitment.

- The implementation of Smart Streetlights, subject to surveillance ordinance, has been allocated at \$3.5 million.
- To strengthen our Fire Rescue and Lifeguard Division, we have added 21.88 positions.
- Additionally, 23.00 positions have been added to the SDPD (12.00 sworn, 11.00 civilian).
- Furthermore, we are utilizing \$5.5 million in opioid settlement funds for training, equipment, diversion programs, education, and prevention.
- We have also increased security measures at libraries by increasing the current contracted services by \$864,000.
- Neighborhood Services:
 - In our commitment to community resources, we have allocated \$250,000 to increase the Library materials budget.
 - And to ensure we are clearing as much brush as possible, we will continue to provide funding for the maintenance of 509 acres of brush annually.
- Homelessness:
 - To address the issue of homelessness, we have allocated \$85 million for homeless shelters and programs. This will ensure that we are meeting folks where they are at, and providing options to get folks off the street and connected with the services they may need.
- Climate Action Plan:
 - We are actively taking steps toward a sustainable future by implementing building decarbonization and fleet electrification, with the addition of 3.00 positions.
 - Additionally, we have hired additional staff to support tree planting in historically underserved communities across the City.
- Infrastructure/Vision Zero:
 - To ensure our City is repairing the roads, the City has allocated \$140 million for street resurfacing, with a focus on repairing 53 miles of District 7 streets
 - This is a total of 16% of all D7 streets, compared to an average of 4% annually
 - And as we have seen traffic accidents continue to escalate, the Councilmember has advocated for increased road safety measures and was able to help allocate \$1.5 million has been to fix the City's most dangerous intersections.
 - And to address the major backlog issues with the City streetlights, the City has allocated \$2.9 Million for streetlight repair and maintenance.
 - Other allocations include \$500,000 for traffic calming measures, \$2.2 million for bike facilities, \$2.6 million for sidewalk repairs, \$4 million for traffic signal upgrades, and \$1.5 million for the ADA Remediation

Plan.

- Tierrasanta Update:
 - Removed Improperly Placed Tree
 - Recently our office was made aware of an improperly planted tree at the corner of Tambor/Tierrasanta Blvd. that was causing a line of sight issue and preventing drivers/cyclists from seeing oncoming traffic. _
 - After multiple residents contacted our office, we were able to work with Parks and Recreation staff to have the tree replanted in a local park to ensure proper line of sight for oncoming traffic. _
 - If you have any other issues like this, please feel free to contact our office directly.
 - Fire Safety:
 - Fire-safety and brush maintenance across District 7 are a frequent topic of discussion our office
 - Councilmember Campillo agrees that brush maintenance must occur prior to the upcoming fire-season due to the excess rains.
 - Recently, he sent a memo to Mayor Gloria requesting additional inspectors and staff to clear brush near canyons. Unfortunately, the City does not have enough staff to return to every open space maintained by the City until next year. You can read the full memo here: <https://www.sandiego.gov/sites/default/files/cd7memo230411.pdf>
 - In addition, Councilmember Campillo held a town hall on May 24, 2023 at the Tierrasanta recreation center to inform the community on issues related to fire safety. That requires property owners to clear their defensible space up to the property line. If you have additional concerns, please work with the Parks and Recreation Department to see if the property line on your home was maintained, or you may apply for a permit to enter the area that has not been yet maintained: <https://www.sandiego.gov/park-and-recreation/parks/osp/brush>
 - The City continues to work with Parks and Rec staff to maintain open space, and Councilmember Campillo will continue to advocate to Mayor Gloria's office to request that additional clearing occur, especially following the recent fire along Clairemont Mesa Blvd/I-15 that grew from one to four acres quickly.
 - If you have any additional questions regarding your community, please do not hesitate to reach out.
