 - D. Action: **Complete Communities: Housing Solutions and Mobility Choices.** Description: proposes amendments to the San Diego Municipal Code (SDMC) to provide incentives to increase housing production and expand the mobility network around transit hubs and existing development. The initiative removes regulatory barriers to housing at all income levels, especially low, very low, and moderate-income households, while investing in neighborhood and mobility amenities, such as recreational opportunities, street trees, linear parks, bicycle facilities, urban plazas, and promenades. These types of investments increase the quality of neighborhoods where new housing is proposed, and helps the City meet its Climate Action Plan goals.
