The same prohibition against delegation of the legislative power which is imposed on the State Legislature by Article XI, Section 11a of the Constitution of the State of California shall apply to the City Council of The City of San Diego, so that its members shall not delegate legislative power or responsibility which they were elected to exercise in the adoption of any ordinance or resolution which raises or spends public monies, including but not limited to the City's annual budget ordinance or any part thereof, and the annual ordinance setting compensation for City employees, or any ordinance or resolution setting public policy.

The City Council shall annually adopt an ordinance establishing salaries for all City employees. The Directors, or heads of the administrative Departments under the Manager shall be immediately responsible to him for the efficient administration of their respective Departments. The Manager may set aside any action taken by a Director or Department subordinate responsible to him, and may supersede him in authority in the functions of his office or employment. Where no provision has been made by ordinance authorizing a subordinate official to act as departmental head in case of a vacancy, the Manager may designate an interim acting head or perform personally the functions of the office. The Manager, as Chief Budget Officer of the City, shall be responsible for planning the activities of the City government and for adjusting such activities to the finances available. To this end he shall prepare annually a complete financial plan for the ensuing year and shall be responsible for the administration of such a plan when adopted by the Council. INTRODUCTION

THE MERIT SYSTEM

In 1915, the City Charter was amended by the voters to provide for Civil Service Commission which would have supervision over the selection, promotion, and removal of all classified City employees. The primary purpose of the Civil Service Commission was to safeguard against a “spoils” system, in which influence rather than merit determined who gained City employment. Over the years, the Civil Service Commission has developed and refined the “Merit” System to meet the City’s changing personnel needs while maintaining the integrity of our employment practices.

THE COMMISSION

The Commission consists of five members, not more than three of whom may be of the same sex. Each Commissioner is appointed by the Mayor and approved by the City Council to serve a five-year term. The Commission is responsible for establishing personnel policy and conducting day-to-day personnel activities through its staff in the Personnel Department. This includes establishing new classifications, setting minimum selection and promotion requirements, recruiting, conducting examinations, and hearing disciplinary and termination appeals. In addition, the Commission may conduct special studies or investigations into the City’s personnel practices at the request of the Council, the Mayor, or on its own authority.

THE MEETINGS

The Commission holds monthly business meetings where major policy decisions are made. These meetings are open to the public and are also attended by representatives of the Mayor, City Attorney, and the various employee organizations. The purpose of these meetings is to provide an open, public discussion of all matters which affect the personnel policy of the City. During these meetings, interested persons have the opportunity to make their views known concerning policy decisions being made by the Commission. The time and date for these meetings may be obtained from the City Personnel Department.

PERSONNEL REGULATIONS BOOK

This document is an official publication of the City of San Diego Civil Service Commission. It has been written in collaboration, when appropriate, with the Mayor, mayoral and-non-mayoral department heads, the City Auditor and Comptroller, and the City Attorney, and has been approved by the Civil Service Commission.

CIVIL SERVICE RULES

INTRODUCTION

This Book contains:

- Relevant City Charter Sections which provide the legal authority for the establishment of a Civil Service Commission and which defines the Commission's authority and responsibility.
- Rules of the Civil Service Commission which are recommended by the Commission and adopted by the City Council. Rules are incorporated in the municipal code and have the force and effect of law.
- The annual Salary Ordinance which is adopted by the City Council and provides authority for personnel policies on salary administration.
- Personnel Manual which provides the policy interpretations and procedural instructions necessary to implement the Civil Service Rules. These are intended to provide solutions to practical problems in personnel administration and labor relations, to ensure equal employment opportunities, and to foster uniform understanding and support necessary for an equitable and consistent administration of personnel policies.

All department and major division heads, supervisors, and payroll specialists should have access to the Personnel Regulations Book in order to be effective in administering personnel policy. Regulations contained in this manual shall be observed by all employees and appointing authorities to ensure City-wide equity and efficiency.

- (1) Eligibility: Hourly employees, regardless of classification, who receive no paid Annual Leave or other paid leave under this Rule, are entitled to a paid sick leave benefit, consistent with that provided by State of California Assembly Bill 1522 (A.B. 1522), which enacted the Healthy Workplaces, Healthy Families Act of 2014, set forth at California Labor Code, Division 2, Part 1, Chapter 1, Article 1.5, sections 245 through 249. These employees are referred to as Eligible Employees in this Section. The

CIVIL SERVICE RULES

LEAVES OF ABSENCE

benefit they receive is referred to as Hourly Sick Leave (A.B. 1522), under the conditions set forth in this Section. Hourly Sick Leave (A.B. 1522) is a different benefit, subject to different conditions, than Sick Leave, which accrued prior to September 4, 1981, and Annual Leave.

- (2) Accrual: Effective July 1, 2015, Eligible Employees will accrue Hourly Sick Leave (A.B. 1522) at a rate of one hour for every 30 hours worked, up to a maximum accrual of 48 hours. Eligible Employees begin accruing Hourly Sick Leave (A.B. 1522) at the commencement of employment, but may not use the accrued leave until the 90th day of employment, which is measured by 90 actual days worked. Any amount of time spent working on a day counts as one day toward the 90-day employment period. Any unused, accrued Hourly Sick Leave (A.B. 1522) will carry over to the following fiscal year, up to a maximum accrual of 48 hours. After an Eligible Employee has worked 90 actual days, he or she may use accrued Hourly Sick Leave (A.B. 1522) up to the maximum accrual.
- (3) Permitted Use: Eligible Employees may use up to 24 hours of Hourly Sick Leave (A.B. 1522) in any fiscal year for:
 - (a) Diagnosis, care, or treatment of an existing health condition of, or preventative care for, the Eligible Employee or family member; or
 - (b) If the Eligible Employee is a victim of domestic violence, sexual assault, or stalking, to take time off from work to appear in court to comply with a subpoena or other court order as a witness in any judicial proceeding; obtain or attempt to obtain any relief, including a temporary restraining order, restraining order, or other injunctive relief to help ensure the health, safety, or welfare of the employee or his or her child; seek medical attention for injuries caused by domestic violence, sexual assault, or stalking; obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence, sexual assault, or stalking; obtain psychological counseling services related to an experience of domestic violence, sexual assault, or stalking; or participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.

CIVIL SERVICE RULES

- (c) For purposes of this subsection, family member means:
- (1) the Eligible Employee's biological, adopted, or foster child, stepchild, legal ward, or a child to whom the Eligible Employee stands in loco parentis regardless of age or dependency status of the child;
 - (2) the Eligible Employee's biological, adoptive, or foster parent, stepparent, or legal guardian of an Eligible Employee or the Eligible Employee's spouse or registered domestic partner, or a person who stood in loco parentis when the Eligible Employee was a minor child;
 - (3) the Eligible Employee's spouse;
 - (4) the Eligible Employee's registered domestic partner;
 - (5) the Eligible Employee's grandparent;
 - (6) the Eligible Employee's grandchild; or
 - (7) the Eligible Employee's sibling.
- (d) The City may require Eligible Employees to provide documentation substantiating the facts justifying the use of Hourly Sick Leave (A.B. 1522), to the extent permitted by California law. This requirement does not limit or affect any laws guaranteeing the privacy of health information or information related to domestic violence, sexual assault, or stalking, regarding an Eligible Employee or an Eligible Employee's family member. That information will be treated as confidential and not disclosed to any person except to the affected Eligible Employee, or as required by law.
- (4) Pay Rate: Eligible Employees will be compensated for use of Hourly Sick Leave (A.B. 1522) at the Eligible Employee's current hourly pay rate for regular work hours. If an Eligible Employee, in the 90 days of employment before using accrued Hourly Sick Leave (A.B. 1522), had different hourly pay rates, then the Eligible Employee will be compensated at the highest hourly pay rate, not including overtime premium pay, earned during the prior 90 actual days of employment.

- (5) Notice: If the need for Hourly Sick Leave (A.B. 1522) is foreseeable, Eligible Employees must provide reasonable advance notice to their supervisors, in writing or verbally. If the need for Hourly Sick Leave (A.B. 1522) is unforeseeable, Eligible Employees must provide notice of the need for Hourly Sick Leave (A.B. 1522) as soon as practicable.
- (6) No Cash Value: Eligible Employees may not cash out Hourly Sick Leave (A.B. 1522) while employed or upon termination, resignation, retirement, or other separation from City employment. However, if an Eligible Employee separates from City employment and is rehired within one year from the date of separation, the City will reinstate previously accrued and unused Hourly Sick Leave (A.B. 1522). Eligible Employees may immediately use any previously accrued and unused Hourly Sick Leave (A.B. 1522), and accrue additional Hourly Sick Leave (A.B. 1522) upon rehire, up to the maximum accrual of 48 hours. If an Eligible Employee does not return to City service within one year from the date of separation, all accrued and unused Hourly Sick Leave (A.B. 1522) will be forfeited.
- (7) Change of Employment Status: If an Eligible Employee moves into a position or status, which entitles him or her to paid Annual Leave, then the employee will no longer be an Eligible Employee under this section, and any accrued, unused Hourly Sick Leave (A.B. 1522) will be held during employment, but not available for use, unless the employee returns to a position or status in which the employee is no longer eligible for paid Annual Leave.
- (8) Records: The City will maintain records for three years documenting the hours worked and Hourly Sick Leave (A.B. 1522) accrued and used by an Eligible Employee, and will make these records available to an Eligible Employee or the State of California Labor Commission as required or permitted by California law.
- (9) Enforcement: Retaliation or discrimination against an Eligible Employee for requesting or using Hourly Sick Leave (A.B. 1522), consistent with this Section, is prohibited. An Eligible Employee has the right to enforce the provisions of this Section, in a manner consistent with California law.

- (10) The Hourly Sick Leave (A.B. 1522) benefit under this Section accrues concurrently with any additional sick leave benefit authorized by the City or approved by voters in the future, meaning the accumulated leave amounts under this Section and any future ordinance will not be added together to create a more generous benefit, unless a future ordinance specifies otherwise .

Civil Service Commission Policy Statement

EQUAL EMPLOYMENT OPPORTUNITY

The Civil Service Commission hereby declares and reaffirms its policy of equal employment opportunity and nondiscrimination in all activities of the City and its agencies, including employment of individuals and firms which contract with the City. This Commission is committed to ensuring that all decisions regarding recruitment, hiring, promotions, special assignments, training, and other terms and conditions of employment will be made without discrimination on grounds of race, color, national origin, sex, sexual orientation, religion, creed, age, disability, marital status, or any other factor which cannot be lawfully used as the basis for an employment decision.

The Civil Service Commission recognizes the need to take positive action in these endeavors through the City's Equal Opportunity Program. This Program has had as its interim goal that the representation of qualified women and minorities in its work force mirror the representation of women and minorities with requisite skills, based on job-related criteria, in the labor force of the County of San Diego. The Civil Service Commission recognizes that significant progress has been made towards realizing this goal. The Commission therefore further extends its commitment to recognize as the City's goal that the representation of qualified women and minorities in the City's work force achieve parity with the ethnic and sex composition of the population of the City of San Diego. To achieve this end, the Commission encourages the City Council, Mayor, and all non-mayoral department and agency heads to assist in recruitment efforts and to continue to employ and retain qualified women and minorities in occupational categories where they appear to be under-represented. Further, the Commission supports the City's commitment to eliminate architectural barriers to the employment of the disabled and to provide equal opportunity in City employment to the disabled community. The Commission supports the City Council policy to provide equal commissions, boards, committees and panels.

This statement is further intended to assure that management and employees endeavor to meet the requirements of both the spirit and intent of federal, state, and City of San Diego legislation with respect to equal opportunity employment.

Civil Service Commission Policy Statement

LIFE THREATENING OR CONTAGIOUS MEDICAL CONDITIONS

The Civil Service Commission recognizes that applicants and employees with life threatening or contagious medical conditions including, but not limited to, cancer, heart disease, and Acquired Immune Deficiency Syndrome (AIDS) may want to continue their normal life activities, including work, as their medical conditions allow. The Commission also recognizes the need to ensure that an applicant's or an employee's medical condition would not present a health and/or safety threat to other employees or the public.

It is the Commission's policy to treat the above medical conditions like any other health problem, disability, or handicap for employment purposes. As a result, it is the Commission's policy that reasonable accommodation be made for applicants with such medical conditions providing they can satisfactorily perform their job duties without harm or danger to themselves, co-workers, or the public. Such accommodation might include altering the work environment, providing special equipment, altering work schedules, providing rest breaks, and restructuring some of the duties of the position.

An employee with life threatening or contagious medical conditions may be required to provide a written statement from the treating physician indicating the employee is able to perform the duties of his/her job and will not be a danger to himself/herself or others.

It is also the Commission's policy that reasonable accommodation consistent with the business needs of the City will be made for employees who develop such medical conditions, provided they are able to meet acceptable performance standards and their condition is not a threat to themselves, co-workers, or the public.

Of particular concern to the Commission is the medical condition of AIDS. According to materials provided by a number of authorities, including the Centers for Disease Control, the Public Health Service and the American Hospital Association, there is no evidence to support that the AIDS virus is transmitted by occupational, casual, or social contact even in family settings. Nor is there evidence of airborne and foodborne transmission of the illness. There is no evidence that the disease is transmitted through objects handled by individuals with AIDS or by contaminated environmental surfaces. Although the AIDS virus has been found in saliva and tears, there is no evidence that the disease is transmitted through these fluids.

The Civil Service Commission further recognizes that applicants' and employees' health conditions are personal and confidential. The Commission declares as its policy that reasonable precautions should be taken to protect information regarding health conditions consistent with the business needs of the City.

Employees with specific medical conditions, including AIDS, will be excluded only from those

assignments which may expose them to excessive risk of infections or subject others to undue risk of exposure to the AIDS virus.

The Commission also encourages employees with such conditions and disabilities to make use of the benefits and other resources available to them to maintain or improve their well being.

IMPROPER USE OF CITY RESOURCES

The Civil Service Commission hereby declares its policy that City labor, equipment, materials, and supplies may not be used by any employee for private purposes, or for the personal benefit of other employees or other persons, unless specifically authorized by the City Council.

Employees violating this policy, or employees who direct other employees or other persons to take actions in violation of this policy, are subject to disciplinary action up to and including termination and/or criminal prosecution.

Any City employee who believes that he/she is directed to perform duties in violation of this policy may file a grievance in accordance with the appropriate grievance procedure. Any employee who feels that he/she has been retaliated against as a result of filing such a grievance may file a complaint in writing with the Personnel Director.

Upon receipt of such a complaint, the Personnel Director shall determine if there is reasonable evidence that supports the complaint. If the Personnel Director determines that the complaint appears to be valid, he/she shall promptly conduct an investigation. If, following the investigation, the Personnel Director finds sufficient evidence supporting the complaint of reprisal, he/she shall initiate corrective action with the Mayor, non-mayoral department head, and/or the Civil Service Commission.

- I. **AUTHORITY:** Civil Service Rule XIV. REPORTS TO THE COMMISSION.
- II. **POLICY:**
 - A. In order to assist the City Manager to analyze staffing changes requested in preliminary budget documents, and to allow the Personnel Director to anticipate future classification and recruitment problems, all City departments shall be required to include as part of their Annual Budget Request a preliminary organization chart. All preliminary charts shall accurately reflect the organization and staffing as requested in the proposed budget.
 - B. Functions and classifications shall be charted in sufficient detail to show clearly the actual supervisory responsibilities of each section and unit leader down to first-line supervisors who rate the performance of subordinates.
 - C. If a major reorganization is approved during the fiscal year, the department head may be requested to submit revised charts in accordance with these policies and procedures.
- III. **FORMAT:**
 - A. Follow Sheets for Large Organizations:
 - 1. In large departments, where a single 8-1/2 by 11 inch sheet will not provide sufficient space to include all the functions and supervisory patterns, follow sheet will be necessary to extend major divisions and sections on succeeding pages.
 - 2. When follow sheets are used, page reference numbers shall be shown on the preceding chart, thus:

4. Each box with budgeted positions listed should be numbered in the upper right hand corner. (See the above example for correct placement.) As shown in the example, the number should be enclosed in brackets. Starting with the first page and the upper most left hand box, the numerical sequence goes from left to right and from top to bottom down through successive levels and continues in the same manner on succeeding pages. (See a recent Personnel Department organization chart for examples.) Boxes for commissions and other appointive functions should not be numbered. This bracketed number is part of the organization chart code number which should be included on all "Position Classification Questionnaire" - PC-1 and "Request for Certification" - CS-490 forms in order to expedite their processing. This organization chart code number is composed of three parts: the first part is the departmental number, the second is the last two digits of the year of issue for the referenced chart, and the last part is the bracketed box number. Thus a complete organization chart code number for the assistant Personnel Director, according to the July 1, 1975, organization charts, would be 13.00 - 75 - [4].

3. Position unit boxes and lines of supervision so as to achieve an artistic balance and avoid the need for extensive layout work by the City Print Shop.

IV. ADMINISTRATIVE REVIEW AND FINAL APPROVAL PROCEDURE:

- A. Draft charts shall be submitted to the Financial Management Director with the Annual Budget Request. Draft charts shall be reviewed by the assigned Financial Management Analyst in cooperation with the Personnel Department. These charts shall be maintained by Financial Management Analysts who will make appropriate changes to the chart as adjustments to proposed budgets are made during the review process and in the July Appropriation Ordinance. After obtaining clearance for these modifications from the appropriate Department Head, the Financial Management Analyst shall forward the draft charts to the Personnel Department.

Minor changes, if any, shall be made by the Financial Management Analyst to reflect the August Appropriation Ordinance. If major changes are required, the revised chart shall again be reviewed by the Personnel Department and Department Head for approval. Thus, as the final appropriation ordinance is adopted, the preliminary chart shall reflect department organization and staffing as approved in the final budget.

 - 2. re-allocation of existing positions to existing classes (jobs), or
 - 3. changes in class (job) specifications.

4. creation or abolition of classes (jobs), or
5. changes in class (job) titles.

III. POLICY:

- A. Purpose of Classification Plan: The position classification plan, with its supplementary salary plan, is essentially a management tool. It assists administrators in clarifying issues and making decisions in the vital functions of planning, organizing, staffing, directing, coordinating, and budgeting.
- B. Management Responsibility: All levels of management are responsible for daily maintenance of the classification plan, so that the program will continue to meet its basic objectives. Foremost of these is the objective of “uniform compensation for like service,” as stated in City Charter Section 130. The following classification policies are designed to aid management in fulfilling this requirement, and in preventing improper expectations of promotion among employees not properly qualified through Civil Service procedures.
 1. Classification advice shall be sought from the Personnel Department whenever changes affecting this classification plan are foreseen. Typically, these are changes such as:
 - a. reassignment of functions or duties,
 - b. acquisition of new, substantially different, equipment,
 - c. reorganization of lines of authority,
 - d. installation or deletion of programs.
 2. Temporary assignments to higher positions for vacation and sick-leave relief should be made on a rotating basis among all employees qualified to compete for the higher-level position, in accordance with Personnel Manual Index Code H-3, Out-of-Class Assignments.
 3. Opportunities to train on equipment or to gain new skills or experience should be offered under equal conditions to all qualified employees.

CLASSIFICATION STUDIES

- C. Civil Service Responsibility: The Civil Service Commission and staff are responsible for providing a classification plan which helps in reaching organizational goals, reflects work assignments and methods, and is self-consistent. The Commission and staff are also responsible for providing authoritative advice and action, when the classification plan needs to be modified to reflect changes in organization and work assignment. The following policies are designed to maintain the integrity and usefulness of the classification plan:
1. Out-of-class assignments in excess of 30 days will be approved by the Personnel Director under the conditions outlined in Index Code H-3, Out-of-Class Assignments.
 2. Provisional promotional appointments will not be approved by the Personnel Director.
 3. Tenure and pay status will be granted only when the employee has successfully competed in the examination for the class (job) and is appointed, following his/her certification from the eligible list.
- D. Communication of Classification Information: Each level of management has the right and responsibility to be informed of both pending and completed classification action. The procedures established in this Manual Section are designed to ensure that this information is properly routed.
- E. Conditions for Restudy of Existing Positions: In 1961 the firm of Griffenhagen-Kroeger, Inc. reviewed and allocated every position in the Classified Service. The Civil Service staff has analyzed and allocated positions added to the Service since that time. These classification actions have been subject to review and appeal by management and employees, and the final actions must be regarded as correct. Therefore, no further request for a classification study of existing positions will be recognized until a substantial change in the duties of the position have been authorized by the appointing authority. This policy was re-affirmed by the Civil Service Commission at its meeting of October 19, 1961. Once a position has been allocated to a classification in accordance with the procedure outlined in Section IV below, the allocation will be considered final and no further requests for classification studies will be approved until a substantial change in the duties of the position have been authorized by the appointing authority.

CLASSIFICATION STUDIES

- F. Responsibility for Initiation of Classification Studies: The party first recognizing a need for classification plan revision is responsible for requesting or initiating the necessary study.
1. Management: Members of management will most frequently initiate classification studies, as they are responsible for the conditions which usually create a need for position reclassification, such as reassignment of functions, acquisition of new equipment, reorganization of lines of authority, or installation or deletion of programs. To avoid a sense of job ownership on the part of unqualified employees who have not been qualified through civil service procedures for the classified position, classification studies should be initiated and requested in time to be completed before incumbents are assigned to new or substantially changed positions.
 2. Employees: Either an employee or a formally recognized employee organization on behalf of the employee may initiate classification studies. In accordance with Section 37 of the City Charter, the Personnel Director “shall be accessible to any employee who shall desire to complain of any matter incident to his employment.” Therefore, direct requests for classification study may be made to the Personnel Director, if the request through channels has been rejected or unduly delayed at any point.
 3. Civil Service Staff: Under authority of Section 128 of the City Charter, the Personnel Director may initiate classification studies.

IV. PROCEDURE:

- A. Initiation:
1. Preparatory Action:
 - a. Parties planning to initiate a classification study should first discuss the feasibility of the study with their immediate superiors, and then contact the appropriate assigned Personnel Department Liaison Analyst. The assigned Liaison Analyst will assist by
 - (1) suggesting the information and materials needed for presentation of the study,

- (2) cooperating in giving advice on the preparation of the materials, and

- b. The following documents should be prepared as the basis for the study:
- (1) Position Classification Questionnaire, Form CS-PC-1, for each position under study, and for as many related other affected positions, if any.
 - (2) An organization chart. (A rough draft functional organization chart, with staffing patterns showing the position to be studied and interrelated positions, must be prepared if official organization charts do not show the present functions and staff relationships.)
 - (3) A short memorandum describing the changes in duties and responsibilities which justify the restudy of the position. Also includes the dates on which the new duties became effective.
2. Submitting the Request:
- a. The materials described in A-1-b should be forwarded to the Personnel Department as follows:
 - (1) Managerial requests for classification studies shall be routed through supervisory channels to the department head, who will then send the request directly to the Personnel Director.
 - (2) Employees initiating classification studies on their own behalf should send requests through supervisory channels as outlined above. However, requests may be made directly to the Personnel Director, if they have been rejected or unduly delayed at any point.

- P. Civil Service Rule II, Section 6. CAUSES FOR DISQUALIFICATION.
- Q. Civil Service Rule III, Section 6. NOTICE OF RESULTS OF EXAMINATIONS.

II. POLICY:

The City of San Diego (City)'s policy is to evaluate an applicant's or candidate's criminal offender record information (as defined by state law) based on its relationship to potential job performance and public safety, considering the nature of the position sought and the nature, gravity, and recency, of the offense or offenses involved. The purpose of this policy is to exclude only those individuals whose criminal offender record information indicates that job performance in the position sought or public safety could be adversely affected. The processes set forth in this policy apply to candidates for compensated positions in the City's classified and unclassified service. They also apply to criminal history background reviews for City volunteers, defined as persons who provide City services without pay, when criminal history background reviews are required by law or by operational needs of the appointing authority. Volunteers include members of City boards and commissions who serve without compensation and who are appointed by the Mayor or the City Council, in accordance with provisions of the City Charter or ordinance of the City Council. The Civil Service Commission has authority to enforce this regulation.

- A. Individualized Determination: In accordance with City policy and applicable laws, the City, acting through the Personnel Director or other applicable appointing authority, will afford all applicants and candidates an individualized determination regarding whether the person's criminal offender record information has a direct and adverse relationship to the specific duties of the position sought, justifying rejection or disqualification of the applicant or candidate for the position. In making the determination, the City will consider all of the following factors: (i) the nature and gravity of the offense or conduct; (ii) the time that has passed since the offense or conduct and completion of any sentence; (iii) the nature of the position sought; and (iv) legal standards related to the position sought, including state law standards and those established by the City Council. Arrests or detentions not resulting in a conviction may only be considered if the applicant or candidate is seeking a position working within a criminal justice agency, as defined by law, such as the Police Department.

- B. Legal Requirements: In the case of a position for which state or federal laws have established standards prohibiting employment in a position with disqualifying circumstances, the Personnel Director, or applicable appointing authority, as set forth in this regulation, may determine that the legal standards are sufficient cause for rejection or disqualification of an applicant or candidate. The Personnel Director, or applicable appointing authority, must not consider any conviction later dismissed or subject to other post-conviction relief unless expressly required or authorized to consider it under applicable federal or state laws.
- C. Grounds for Rejection or Disqualification: An applicant or candidate with a misdemeanor or felony conviction or convictions may be rejected or disqualified at the discretion of the Personnel Director, or applicable appointing authority, as set forth in this regulation and in accordance with applicable laws, if it appears that job performance or public safety could be adversely affected because of the nature, gravity, or recency of the conviction or convictions.
- D. Sex Offenses: An applicant or candidate with a criminal conviction requiring the person to register as a sex offender may be rejected or disqualified at the discretion of the Personnel Director, or applicable appointing authority, as set forth in this regulation, based upon the same criteria stated for misdemeanors and felonies.
- E. Undesirable, Dishonorable, or Bad Conduct Military Discharges: An applicant or candidate who has received an undesirable, dishonorable, or bad conduct military discharge may be rejected or disqualified at the discretion of the Personnel Director, or other applicable appointing authority, based upon the same criteria stated for misdemeanors and felonies.

III. PROCEDURE:

- A. Criminal offender record information of applicants or candidates may be accessed and reviewed by the Personnel Department, Police Department, or Office of the City Attorney, and information shared with applicable appointing authorities, *only in* accordance with federal and state laws and the City's agreements with and regulations and policies established by the California Department of Justice and Federal Bureau of Investigation.
- B. Except as provided in Paragraph F below, all new and reinstated candidates for City employment who have received a conditional job offer will be required to complete and submit to the Personnel Department, a conviction record form, and participate in a fingerprinting process for a California Department of Justice and

Federal Bureau of Investigation background review. The City will photograph candidates at the time of fingerprinting for use in a City-issued photo identification card if the candidate becomes employed.

- C. Except as provided in Paragraph F below, the Personnel Director will obtain the criminal offender record information of all candidates for City employment only after a conditional offer of employment. The Personnel Director will review the conviction history of candidates for positions in the classified service. The applicable appointing authority will review the conviction history of candidates for positions in the unclassified service. When the Personnel Director or applicable appointing authority, reviews a candidate's conviction history record, the Personnel Director or applicable appointing authority will make a determination related to suitability for employment based on the specific duties and requirements of the position sought.
- D. If the candidate's conviction history record discloses information making the candidate subject to disqualification, the Personnel Director or appointing authority as set forth in this regulation will either disqualify the candidate for all City positions or for only certain positions or departments. The Personnel Director or applicable appointing authority may seek information as to extenuating circumstances surrounding convictions, character references, or any other information relative to the candidate's suitability for employment.
- E. Candidates for positions in the classified service who are disqualified for employment by the Personnel Director because of their criminal offender record information will be advised of and afforded their rights under state law and the Civil Service Rules. Candidates for positions in the unclassified service will be advised of and afforded applicable rights under state law but will have no right to appeal a disqualification to the Civil Service Commission. The Personnel Director or applicable appointing authority must afford candidates for employment in both the classified and unclassified service with the state law rights to engage in an interactive process, generally described as follows:
 - 1. If the Personnel Director or applicable appointing authority makes a preliminary decision that the candidate's conviction history disqualifies the candidate from the employment conditionally offered, the Personnel Director or applicable appointing authority must notify the candidate of the preliminary decision in writing. The written notice may, but is not required to, justify or explain the reasoning for making the decision. However, the notice to the candidate must include all of the following:

PERSONNEL MANUAL

Standards for Recruitment

 - c. An explanation of the candidate's right to respond to the notice before the preliminary decision rescinding the offer of employment becomes final and the deadline by which to respond (which can be no less than five business days from the date of receipt of the notice). The notice must comply with all state law requirements.
2. If, within five business days of receipt of the notice (or any later deadline set by the City), the candidate notifies the City in writing that the candidate disputes the accuracy of the conviction history being relied upon and that the candidate is taking specific steps to obtain evidence supporting the candidate's assertion, then the City must provide the candidate with no less than five additional business days to respond to the notice before the City's decision to rescind the employment offer becomes final.
 3. The City must consider any information submitted by the candidate before making a final decision regarding whether to rescind the conditional offer of employment. If the City makes a final decision to rescind the conditional offer and deny an application based solely or in part on the candidate's conviction history, the City must notify the candidate in writing and include the following:
 - a. The final denial or disqualification decision reached. The City may also include, but is not required to include, the justification or an explanation of the City's reasoning for reaching the decision that it did;

 - d. Applicants or candidates rejected or disqualified for law enforcement positions in the Fire-Rescue Department based on criminal offender record information may be considered for employment in non-law enforcement positions in the Fire-Rescue Department or other City departments at the discretion of the Personnel Director.

EXAMINATION ADMINISTRATION

When evaluating the appropriateness of accepting an application after the final filing date, consideration of various factors may include but not be limited to:

- a. A testing process has already occurred or would be unduly delayed.
- b. The final examination promulgation has occurred.
- c. Other circumstances exist that would make acceptance of the late application impractical.

- C. Recruitment And Examination Procedures: The procedures described below may be used, under specified conditions, to reopen examination filing periods, or to increase or limit the size of an applicant pool or to implement alternative examination processes when determined to be in the best interests of the City, in order to: a) ensure the cost effective and efficient administration of an examination and/or b) provide candidates with realistic employment expectations based on the results of recruiting efforts and resource availability.
1. Reopening an examination filing period after the closing date. When the Personnel Director determines that the announced examination filing period is no longer appropriate, effective or administratively practical, the application period may be reopened to accept additional applications.
 - a. In determining whether or not to reopen the application period, the Personnel Director may consider the number of qualified applicants to adequately fill anticipated vacancies, the recruitment program and strategy, the likelihood of attracting additional qualified applicants, the hardship resulting to City operations if recruitment opportunities have not been maximized, the impact and hardship to City operations resulting from additional time delays, and any other relevant test administration factors.
 2. Reducing an excessive number of applicants on open or open series examinations. When the Personnel Director determines that processing large numbers of applicants would not be administratively practical, or in the best interests of the City because of the amount of time or expense required to administer the examination, or other relevant test administration factors,

random screening may be used as an applicant reduction technique with the prior approval of the Civil Service Commission.

- a. Random screening will only be used on open or open series examinations which meet all of the following criteria:
 - (1) The examination is for classifications for which there are minimal employment qualifications.
 - (2) The number of qualified applicants will greatly exceed the number required to fill the vacancies anticipated during the life of the eligible list.
 - (3) a competitive examination process for the purpose of reducing the number of applicants could not be justified by job-related reasons.
 - (4) The time and expense of administering a complete application and examination process to every applicant clearly outweighs any benefit to the City.
- b. When random screening is to be used, the Personnel Director shall determine the number of qualified applicants necessary to effectively meet City needs. This determination will be based on the number of anticipated vacancies and consideration of typical certification procedures and hiring history for the classification. The number of participants to be accepted into the applicant pool will be included on the employment announcement for the position or will be provided by written notice to all participants.
- c. The method of random screening to be used will be determined by the Personnel Director and may include such methods as a table of random numbers, lottery, computerized random selection or other appropriate random screening method. The specific method to be used will be announced when the number of applicants to be accepted is noticed, as specified above. Regardless of the method used, no random screening will be final if it results in adverse impact on any race, sex, or ethnic group. Adverse impact will be determined by using the "Four-Fifths

Rule” as described in the Federal Uniform Guidelines On Employee Selection. If such adverse impact occurs, the results of the random screening will be thrown out and the random screening process repeated until no adverse impact is obtained.

- d. For examinations where random screening is to be used, the following categories of individuals who file an application within the filing period and meet the employment standards shall be exempt from the random screening process and will have their names added to the applicant pool after the maximum number determined by the Personnel Director have been randomly selected.
 - (1) All current City employees in the Classified Service.
 - (2) All individuals on any City reemployment list.
 - (3) All additional eligibles (including reinstatements) on an eligible list for the classification.
 - (4) Other categories of individuals may be exempted as determined by the Personnel Director, with prior approval from the Civil Service Commission.
 - e. Upon completion of the random screening process, all participants will be notified in writing regarding their status. Qualified applicants accepted after random screening will additionally be provided information regarding any subsequent examination components or their status on the eligible list.
3. Revising an announced examination. When the Personnel Director determines that the announced examination should be modified, an alternative process may be used.
 - a. An announced examination may be modified if it meets one of the following criteria:
 - (1) The number of qualified applicants is so small that the announced examination process would be ineffective in screening or ranking candidates and would be an ineffective

- (2) The number of qualified applicants is so large that the announced examination process would result in significant delays in processing and/or would be excessively costly to administer.
 - (3) The announced process is determined by the Personnel Director to be no longer appropriate, effective or administratively practical.
- b. Public notice shall be given of all modifications to an announced examination. Additionally, all individuals submitting applications prior to an examination modification shall be provided written notice of any changes.
- c. In determining whether to modify an examination of use an alternative process, the Personnel Director may consider the minimum requirements for the job, the number of current and anticipated vacancies, the number and complexity of tests in the original announced examination process, the ability to effectively and efficiently administer such tests to the applicant pool, the time and expense to administer the examination process, the availability of test materials and facilities, and other relevant test administration factors.
- D. Examination Content: The examination subject content, test methods to be used, and specific test weights shall be determined by the Personnel Director and indicated in the examination announcement or in writing to applicants. When deemed appropriate by the Personnel Director, measures of on-the-job performance may be included in the examination for a classification. The performance criteria, methods of evaluation, and conduct of the evaluation shall be developed and coordinated by the Personnel Department staff in consultation with the individual departments.

CAREER ADVANCEMENT

I. AUTHORITY:

A. City Charter Section 124. PROMOTIONS.

B. Civil Service Rule VIII. PROMOTIONS.

II. POLICY:

A. As noted in the above Charter Section, the City has historically been committed to promoting a career service which provides for the advancement and retention of capable employees. An integral part of such a service is a system to provide for those lacking career experience to enter the service and to provide for their advancement in conjunction with a well defined training program. It shall be the policy of the Civil Service Commission to provide for appropriate classifications to implement "career advancement" training programs.

B. A career advancement position is one which has been classified by the Personnel Department at or below the journey level in a classification series and may be underfilled at any of the lower level classes (jobs) in that same series. Incumbents receive training and are assigned progressively more responsible and complex duties. Upon gaining the experience and skills required for advancement, they are eligible for promotions to the higher levels in the series until they reach the classified level of the position. For example; a position classified as a journey level Associate Management Analyst could be filled at the Management Trainee level. The incumbent, upon gaining experience; developing more advanced knowledge, skills and abilities; and performing satisfactorily in his/her present class (job) could be promoted to Assistant Management Analyst and finally to Associate Management Analyst in the same position. This system rewards employees with promotions which reflect the increasing value of their training and experience to the City.

C. Positions properly classified by the Personnel Department above the journey level are not part of the career advancement program. They must be filled at the level at which the position is classified. For example, a position classified as a Supervising Management Analyst could not be underfilled by an Assistant or Associate Management Analyst; it must be filled by a Supervising Management Analyst.

PERSONNEL MANUAL

CAREER ADVANCEMENT

D. Appointments to Career Advancement Positions

1. When an employee underfills a career advancement position, no vacancy exists for the higher level class(es) (jobs) in that series for that specific position.
2. When an employee underfills a career advancement position, advancement to higher levels in the career series (up to the position's classified level) shall be based on his/her development of knowledge, skills, and abilities required for the higher class (job) and job performance in the current class (job).
3. Vacant positions in a career advancement series will be filled through the competitive examination process or other means.

E. The Personnel Director shall establish and maintain a list of recognized career advancement classes (jobs) for the guidance and direction of departments and employees.

F. Appointing authorities, in filling vacancies where a career advancement system exists, are encouraged to fill the positions at the entry level.

G. Appointments made in accordance with career advancement provisions, as outlined above, are not out-of-class assignments and employees are not eligible for extra compensation.

III. PROCEDURES FOR PROMOTION IN CAREER ADVANCEMENT POSITIONS:

A. Eligibility for Career Advancement Promotion

An employee underfilling a career advancement position may be eligible for promotion to a higher level class (job) in the same series upon meeting the following conditions:

1. Present employment in a position which is properly classified at a higher level in the career advancement series and in a class (job) of that series.
2. At least six months of continuous City service immediately preceding the application date.

PERSONNEL MANUAL

Examinations

3. Completion of the minimum qualifications for the class (job), as indicated in the job announcement
4. Satisfactory (or higher) performance in the currently held classification.
5. Recommendation by the appropriate Department Head indicating the incumbent's job performance reflects the development of the knowledge, skills, and abilities needed for advancement to the more difficult and complex duties of the higher class (job).

B. Career Advancement Examinations

1. Career advancement examinations will be conducted on a promotional series basis to allow departments to consider incumbents for advancement as soon as they meet the requirements for the higher class.
2. Career advancement examinations will be open only to those employees working in properly classified career advancement positions.
3. Eligible lists established by career advancement examinations will only be used to promote incumbents within a career advancement series. No positions which are vacant will be filled from a career advancement eligible list.

C. Application Procedure

1. The employee shall complete a Career Advancement Application (form CS-4). Copies of licenses, certificates, etc. required for the higher class should be attached.
2. The completed application must be submitted directly to the employee's Department Head, or designated alternate.
3. The Department Head, or designated alternate, shall review the incumbent's job performance, development, and readiness for promotion to the higher class.

REQUISITION AND CERTIFICATION

D. Original Certification:

1. Following approval of the request for certification, the Certification Officer will certify eligibles in accordance with the Civil Service Rules by completing a Personnel Certification List. The listing of eligibles may be either alphabetized or in random order, at the discretion of the Personnel Director. Factors considered in determining the listing order include the number of eligibles to be certified, the type of list (i.e. open, promotional series), whether all candidates are to be given an interview opportunity, and the anticipated frequency of vacancies for the classification (job).
2. When more than one request for certification for a class (job) or option is pending, each will be certified as if it were the only request pending.

3. Additional Eligibles:
 - a. Except as noted in Paragraph (b) below, eligibles on an eligible list as the result of an approved leave of absence, transfer request, or reinstatement request, shall be certified in addition to or in the absence of eligibles certified from the appropriate eligible list. The Appointing Authority may contact and interview any number of additional eligibles as may be necessary to satisfactorily fill each vacancy. The contact of additional eligibles who are certified shall be conducted by the Appointing Authority, unless the Personnel Department is requested to send notices to all persons certified as a result of an approved leave of absence, or transfer request, or reinstatement request, or any combination thereof.
 - b.  - b. Eligibles removed from lists as the result of their excessive use of certification waivers shall be notified of the action by the Personnel Director.
2. Eligibles who wish to waive a certification should immediately notify the appropriate appointing authority and, if notified by mail, complete the waiver form on the back of the Certification Notice and return it promptly to the Personnel Department.

1. The appointing authority shall promptly select appointees from the eligibles certified and notify the Certification Officer as soon as a selection decision has been made.
 2. Prospective selections from a promotional or transfer eligible list must first be referred to the Certification Officer to verify current City employment and continued eligibility for selection from the eligible list prior to making any offer of employment.
 3. In no case shall an individual begin to work prior to passing the medical examination, unless approved by the Personnel Director. Appointing authorities should make only tentative selections until the required medical is successfully completed.
 - a. The appointing authority shall contact the Certification Office with the name of the person tentatively selected to determine if a medical examination is required. If so, the appointing authority should ask the person to call the Medical Clerk for an appointment.
 - b. The Medical Clerk shall notify the department as soon as the medical examination results are received.
 4. If requested by the Appointing Authority, the Certification Officer will supplementally certify the names of any eligibles who have subsequently been placed on the list of additional eligibles.

II. DEFINITIONS:

- A. Interdepartmental Transfer: The term “interdepartmental transfer” shall mean the transfer of an employee to a position in the same class or subdivision of a class in another department.
- B. Class Transfer: A transfer to a different class or subdivision of a class for which the top pay step is the same as the top pay step of the employee’s current class shall be called a “class transfer.”
- C. Status Change: Employment status refers to the number of hours an employee is scheduled to work and/or to the degree of permanency of the position. The number of hours may be described as hourly, half-time, three quarter-time, or full-time; the degree of permanency, as limited, provisional, seasonal, or permanent. A change in any of these factors shall be called a “status change.”
- D. Demotion: The reduction in class of an employee to a different class or subdivision of a class for which the top pay step is less than the top pay step of the employee’s current class shall be called a “demotion.” The voluntary or involuntary return of a probationary employee to a previous class which the employee held with permanent status, including the failure to meet the performance standards of the new probationary position, is not a demotion but rather a portion of the testing process and is governed by Rule VII and Index Code G-2.

- A. It is the policy of the Civil Service Commission to provide a transfer procedure which allows both management and employees reasonable flexibility in work assignments.
1. The transfer procedure shall not be used to evade supervisory responsibility for disciplining an unsatisfactory worker. (See Index Code L-2.)
 2. The maintenance of merit system principles and the City's classification plan are important to management, employees, and the taxpayers. Improper assignment or transfer of personnel in violation of these principles cannot be tolerated.
 3. No interdepartmental transfer, class transfer, demotion, or status change shall become effective without the approval of the Personnel Director or the Civil Service Commission and, if necessary for budgetary control, the City Manager or non- managerial department head.
- B. General Requirements:
1. Requests for a class transfer will be approved only if the top pay step for the requested class is the same as the top pay step of the employee's current class. The salary range for the employee's class as listed in the current Salary Ordinance shall be used for this comparison exclusive of any additional compensation (such as bilingual pay, shift differential, standby, educational incentive, etc.). The employee's current salary step does not determine eligibility for a class transfer. Any movement of an employee to a class whose top pay step is higher than the top pay step of the employee's current class constitutes a promotion and therefore is not governed by the transfer policy.
 2. Requests for class transfer and demotion will be approved only if the employee meets the current minimum employment requirements of the class or subdivision of the class to which a transfer or demotion is desired. Out-of-class assignments may be considered in determining qualification for transfer. However, verification of assigned duties and time spent in the out-of-class assignment must be provided by the applicant.

3. Transfers of employees who have been designated as Rehabilitation Program candidates are subject to the same personnel procedures and eligibility requirements that govern regular transfers except as noted in a. below. For additional information, refer to Administrative Regulation 70.50.
 - a. Employees who demote to a position as part of the Rehabilitation Program may have their names placed on transfer eligible lists for all classes for which they are eligible and qualified at the time of demotion. Such eligibility will expire two years from the date of the demotion. In addition, if they are selected for a position, their names will be removed from lower ranking transfer lists provided the position is at the same or better employment status as the position held at time of demotion.
4. To be eligible for a class transfer or to request a status change which would increase an employee's rights or benefits, employees must have been either employed with the City in his/her present class for at least six months, or would be one of the persons certified from the current or most recent eligible list to fill a single vacancy according to certification procedures.
5. Except for class transfers or a change in status which increases an employee's rights or benefits, no minimum employment time is required for an employee to be eligible for the above personnel actions. However, requests received from employees with less than six months service in their present class will be closely reviewed to avoid circumvention of normal certification procedures.
6. To ensure that the integrity of the Classified Service is maintained, requests for transfer from the Unclassified Service to the Classified Service will be considered only if: the employee is on leave of absence from the Classified Service and is qualified for the requested class or subdivision of the class and the top pay step of the requested class or subdivision of the class is the same or lower than the top pay step of the class or subdivision of the class from which the employee is on leave of absence.
7. Only current City employees who have continuous City service between the time of the approval of their Personnel Action Request and the time of their proposed selection as a transfer candidate will be eligible for appointment from the transfer list.

C. Rights and Responsibilities of Appointing Authorities and Employees:

1. When the Personnel Director certifies that a permanent employee must be transferred to a vacancy in the employee's permanent class or subdivision thereof to avoid a layoff, the appointing authority with the vacancy must appoint the employee.
2. For a period not to exceed 30 calendar days, an appointing authority may transfer an employee to any position in the same class of employment to perform emergency work without a Personnel Action Request.
3. Involuntary demotion of an employee (even if acceptable to the employee) shall not be used by appointing authorities unless it is clearly evident that the employee is able and willing to perform the duties of the lower position in a thoroughly satisfactory manner. Demotions which do not have the consent of the employee are almost invariably unsatisfactory and, for this reason, termination is usually the best solution. (See Index Code L-2.)
 - a. An employee who is involuntarily demoted from a class in which he/she has attained permanent status may appeal to the Civil Service Commission. (See Rule XI.)
 - b. An employee who is to be demoted or transferred for medical reasons or due to a temporary loss of a required license or certificate, may, in accordance with Civil Service Rule X, Section 8, request a leave of absence from the present class for the time to be served in the new class, but not to exceed one year without pay. (See Index Code I-7, Special Leave Without Pay.)

Before and during a period of leave and demotion for medical reasons, the appointing authority and the Personnel Director will cooperate in attempting to transfer the employee to the best available position for which the employee is eligible and qualified.

IV. PROCEDURE:

A. Processing of Personnel Action Request:

1. Employee Action:

- a. The employee may discuss the desire to transfer with the immediate supervisor to discover if an agreeable solution can be found within the present class, employment status, and department; if so, no Personnel Action Request is necessary.
- b. If the employee desires a transfer to another class or department, Personnel Action Request forms (CS-3) may be obtained from payroll clerks or the Personnel Department Certification Section. When completed, the form must be submitted to the Personnel Department.
- c. Employees who wish to transfer or demote to other positions are encouraged to personally seek out appropriate vacancies.

2. Personnel Department and Appointing Authority Action:

- a. Upon determining the eligibility of the requestor for each request, the Personnel Department will return a copy to the employee indicating approval or denial of the request.
 - (1) If the request receives the approval of the Personnel Department, the employee's name is placed on the appropriate transfer eligible list(s) for one year.
 - (2) The employee's name shall be removed from the transfer list(s) when he/she changes any employment status as requested on his/her transfer request or any action occurs which makes the employee ineligible for the transfer.

- b. With the exception of a pending layoff, when an appropriate vacancy occurs, the appointing authority will receive the transfer list for that class. It is important that both employee and appointing authority realize that; except when a layoff is pending: authority prior to certification from a Promotional or Open list does not constitute a certification of eligibles.
- (2) The Appointing Authority will establish an initial screening
 - (1) Providing the list of transfer eligibles to the appointing process which may include:
 - (a) request that employee submit a resume
 - (b) over the phone inquiry of the employee's experience
 - (c) review of the employee's personnel file, driving record, etc.
 - (3) The appointing authority may interview any employees requesting transfer to the class or position, may select one of them, or may request certification from the regular eligible list in which case all transfer eligibles shall be certified along with other additional eligibles.
 - (4) If the appointing authority decides to select a particular transferee, the Personnel Department Certification Officer shall be notified to certify the specified transferee to fill the position.

In all cases, the employee certified shall be fully informed by the appointing authority of the conditions of employment, including whether the position is permanent or limited, full or part-time, and the salary rate and step and length of any trial or probationary period. - I. AUTHORITY:
 - A. Charter Section 120. LIMITATIONS AND CREDITS.
 - B. Charter Section 122. APPOINTMENTS.
 - C. Civil Service Rule II, Section 3. NONDISCRIMINATION.
 - D. Civil Service Rule VII, Section 1. SELECTION OF APPOINTEES.
- II. POLICY:
 - A. It is the policy of the Civil Service Commission to ensure that all interviews and selections are conducted in a fair, practical, and professional manner that allows equal opportunity to all applicants.
 - B. In addition to the objectives of the Commission, there are laws regulating fair employment which must be considered during all phases of dealing with prospective and current employees. For example, the Federal Equal Opportunity Act of 1972 prohibits discrimination in employment on the basis of race, color, religion, sex, or national origin. The Federal Age Discrimination in Employment Act prohibits age discrimination against applicants over forty years old. The Federal Americans with Disabilities Act prohibits discrimination on the basis of disability, including AIDS/HIV. The California Fair Employment and Housing Act prohibits discrimination on the basis of race, color, ancestry, religious creed, national origin, sex, pregnancy, age, physical handicap, medical condition (history of cancer), sexual orientation, or marital status. The penalties for violating these State and Federal laws are severe, including back pay awards, wage adjustments, withdrawal of Federal funds from City programs, and other financial penalties. In addition, many of these prohibitions are also contained in City ordinances, such as the Human Dignity ordinance.
 - C. Each Appointing Authority is responsible for conducting job-related interviews and making selections in a nondiscriminatory manner, and may be held personally responsible for any violations of equal employment laws. The practices that constitute employment discrimination are broadly defined and discrimination does not have to be intentional or blatant for charges to be upheld. In fact, the employer will most often bear the burden of proving that hiring practices used are not discriminatory.

APPOINTING AUTHORITY INTERVIEWS AND SELECTIONS

- D. In addition to the responsibility for conducting interviews and making selections in a non-discriminatory manner, each appointing authority is responsible for ensuring that the selection process is done in a manner which reflects the City's commitment to the Norms and Values developed through the Diversity Program and the prohibition of favoritism required by the City Charter.

Methods to accomplish this include, but are not limited to :

1. Ensure that the selection criteria are based on the specific requirements of the position to be filled.
 2. Create an interview board which is itself diverse.
 3. Announce and post openings within the Department.
 4. Provide selection criteria and standards to all interviewees when interviews are scheduled.
 5. Provide opportunity for constructive feedback to candidates regarding interview performance which includes how the candidate's experience and training compares to the announced criteria.
- E. In order to document fair employment procedures, complete records of all facts surrounding selection decisions must be made and retained for seven years.
- F. The City requires that all Appointing Authorities as defined below must complete the Personnel Department's Interview Training Class, or a refresher class, within the last five years. This class must also be completed by anyone an Appointing Authority delegates to chair an interview board. Training in the proper techniques of conducting job-related interviews and making selections in a nondiscriminatory manner may be scheduled by contacting the Personnel Department.
- G. Appointing Authorities are expected to use all of the methods available to them to meet the City's goals. The Personnel Department staff will be available for assistance, if requested.

 - 2. Review and approve the screening criteria to be used at each stage of the process.
 - 3. Review and approve the job analysis, interview package, and make-up of the interview panel.

 - B. The Personnel Director will ask Department Directors to review and confirm their Appointing Authorities on an annual basis. Only currently designated Appointing Authorities will have the authority to request certification of eligibles or authorize the hiring, promotion, or transfer of an employee. AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY**I. INTRODUCTION:**

This guide is designed to assist the appointing authority in conducting fair and valid interviews and in avoiding problems relating to discrimination in employment selection. The guide contains information on how to prepare for and conduct the interview, notify candidates, and keep appropriate records. Appointing authorities should also familiarize themselves with the other aspects of the selection process described in the Personnel Manual.

II. HOW TO CONDUCT THE SELECTION INTERVIEW:**A. Objectives:**

All of the candidates certified to a department have been screened for minimum requirements and, depending upon the position, may have been given written, performance, and/or oral tests. The candidates certified are those who have scored high enough on these tests to qualify and are all relatively equal in terms of overall qualifications for the general job classification. The task of the appointing authority is to interview candidates as provided in Personnel Manual Index Code E-5, Requisition and Certification, and to decide which of the interviewed candidates is best suited for the specific vacancy. The final selection interview gives you the opportunity to evaluate the candidates' experience, training, and personal qualifications which allow you to evaluate appropriate knowledges, skills, and abilities in relation to the specific position. These factors might include specialized experience relating to the job, advanced knowledge in a particular area, or a personal quality or ability relating directly to your vacancy. (This is not to imply that it would be appropriate to administer any type of written test or quiz to candidates.) Another very important objective of the interview is to deal with the candidate in such a manner as to maintain and create good will whether the candidate is selected or not.

B. Preparation and Job Analysis:

Considerable thought and preparation are required prior to conducting a fair and valid selection interview. Federal law prohibits asking questions or evaluating personal qualities which do not relate to the job for which a person is being considered. In order to determine the requirements of the job, the specific duties of the position should be listed and analyzed. The requirements of the job should be based on those duties that are important to the position and cannot be learned on the job within a relatively short period. These requirements should be in writing for reference purposes during the interview and must be retained for your records. The Job Analysis worksheet form found on page 13 should be used for this purpose.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY

All personnel involved in the interview process must know the job for which they are interviewing, including the specific skills, knowledges, abilities, and personal qualities that are necessary for successful job performance. If there is more than one interview board, special efforts should be made to ensure that the interview standards are consistent and that the interviews are conducted in the same manner.

From the analysis of the position, the factors to be evaluated are determined and a list of questions should be formulated to be used as the basis for evaluating each candidate. A recommended interview guide for listing questions to be asked, and typical responses can be found on pages 14, 15, 16 and 17. Each person interviewed should be asked the same basic questions in the same order, although follow-up questions may vary, depending on each individual's answers. Each candidate should be allotted about the same amount of time. Only in this way will each candidate be evaluated equally.

C. Subject Areas to be Avoided in the Interview:

In order to avoid any interview questions that might be interpreted as discriminatory, there are several subject areas that should not be discussed during the selection interview. Following is a discussion of some of these areas and examples of questions to be avoided.

1. Marital Status and Other Personal Information:

Personal questions relating to a candidate's marital status, number of dependents, or number and occupation of relatives, are not questions appropriately included in an employment interview

Examples of inappropriate questions:

- a. What does your husband do?
- b. Does your family live in San Diego?
- c. Are there any other Fire Fighters in your family?
- d. What are the ages of your children?

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY**2. Race, National Origin, Religion, and Politics:**

You may ask about a candidate's participation in professional organizations, if appropriate to the position, but should avoid questions that would elicit information regarding race, political affiliation, religion, or national origin. Where a candidate was born, citizenship, native language, origin of surname, or what type of accent an individual has should not be discussed. For those positions requiring bilingual skills, the Appointing Authority may submit a request to designate the positions as bilingual (refer to Index Code H-1). Once approved, the employees in the positions will need to pass the Personnel Department's bilingual exam.

Example of inappropriate questions:

- a. Is Spanish spoken in your home?
- b. What clubs or organizations do you belong to?
- c. That's an interesting name. Is it an Indian name?
- d. Were you born in the United States?

3. Sex or Pregnancy:

Candidates should not be asked questions relating to child care, their spouse's attitude towards their working, or how they feel about working with or supervising those of the opposite sex. When interviewing women candidates, undue emphasis should not be placed on the physical or strenuous duties of the job. All candidates should be made aware of the requirements of the position and allowed to make their own decision regarding their ability to perform them satisfactorily. Neither women nor men should be asked any questions that would reflect preconceived ideas regarding women's or men's occupational roles. Questions must be job related, addressed to men and women in the same terms, and evaluated equally.

Pregnancy must not be considered to be a disqualifying physical or medical condition and should not be the basis for any evaluation. Ability to perform duties of a specific job before and after childbirth will be determined by the Personnel Department, based on written recommendation of the individual's physician and, under some circumstances, the report of the City's examining physician.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY

Examples of inappropriate questions:

- a. How would your husband feel about you working overtime?
- b. Do you have arrangements for a babysitter?
- c. Do you think you would have any problems working as a Laborer on an all male crew?
- d. Do you think you would have any problems working in an all female office?
- e. Don't you feel it strange that a man should be applying for work as a secretary? Why are you interested in this kind of work?

4. Age:

Candidates should not be asked questions regarding their age. All those certified to your department have been screened according to age requirements established by the Commission.

Older candidates should not be asked more specific questions than other candidates relating to their physical or mental capacity to perform a job. Age does not in itself indicate less physical or mental ability, and such stereotypes and preconceived notions about older persons are discriminatory and not relevant to a selection decision.

Examples of inappropriate questions:

- a. Do you feel you could keep up with the young workers in this division?
- b. Would you resent taking orders from a supervisor much younger than yourself?
- c. Has your memory deteriorated as you have gotten older?
- d. How many years do you plan to continue working?

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY5. Educational Level:

Many inexperienced interviewers place undue value on education in selecting for jobs where it has no bearing on work performance. Discussion of educational achievement should be restricted to those positions in which education is directly related to job performance; for example, positions requiring a specific degree, a certain number of college credits, or completion of a specific study course. The type and extent of college education would be an appropriate interview topic for most entry level professional positions. However, questions relating to college education are not relevant for positions such as Laborer, Grounds Maintenance Worker, and Custodian. It would, however, be acceptable to evaluate specific job-related training courses which could logically contribute to job success in the vacant position.

Examples of inappropriate questions:

- a. You want to work for us as a Dispatcher. Have you ever had any courses in police administration?
- b. The typist position currently open is in our Engineering Division. Have you ever had any training in drafting or trigonometry?

6. Financial Status:

Although a discussion of salary is often necessary during selection interviews, inquiries regarding personal financial matters should be avoided. For example, questions regarding a candidate's indebtedness or financial status should not be asked. If it is necessary to successful job performance, all candidates may be asked if they will be able to arrange transportation, but questions regarding car ownership are not appropriate.

Examples of inappropriate questions:

- a. Do you think you could pay your bills on this salary?
- b. Have you ever had any declared bankruptcy?
- c. Do you and your wife both have a car?
- d. Do you own your own home?

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY7. Physical Attributes, Disabilities, or Medical Condition:

Candidates should not be asked questions relating to physical stature, height, weight, physical disability, medical condition or history of cancer. With the passage of the Americans with Disabilities Act (ADA) employers are expected to make reasonable accommodations. A medical evaluation will be made under discretion of the Personnel Department and all job offers should be made contingent upon the candidate passing the selection requirements for the job.

Examples of inappropriate questions:

- a. Do you feel a person of your size can do the heavy lifting required in this position?
- b. Has your weight ever slowed you down on the job?
- c. Do you have good eyesight?
- d. Do you feel your disability will interfere with your job performance?

8. Arrests, Convictions, and Military Discipline Record:

Questions regarding arrests, criminal convictions, military discipline, or type of military discharge should not be covered in the selection interview. Conviction record and military discharge information will be screened by the Personnel Department on the basis of their relation to the position in question, under policies established by the Commission.

Examples of inappropriate questions:

- a. Have you ever had any trouble with the law?
- b. Have you ever been arrested or court-martialed?
- c. Did you get an honorable discharge from the Service?
- d. Have you ever been charged with a serious crime?

If in doubt about questions to be asked in an interview, remember ask only those questions which help you objectively evaluate a candidate's ability to perform the job, based on a job analysis to determine what job-related factors you can identify.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY**D. Various Forms of Interview Questions:**

The quality and usefulness of the answers obtained in an interview vary with the manner in which they are asked. Following is a discussion of various types of questions and their uses in interviewing.

1. Leading Questions:

This type of question is best used to verify or confirm some idea or information already provided by the candidate. Leading questions can usually be answered “yes” or “no” and may be useful at the beginning of an interview. They are usually understood clearly and are easy to answer, so they may be helpful in getting the interview off to a good start. As the interview progresses, they may be used to clarify answers provided by the candidate.

One disadvantage of a leading question is that the desired answer is indicated in the way the question is phrased, and some candidates simply give the answer they feel the questioner wants. Also, leading questions seldom provide clues or information leading to other questions.

Examples:

- a. You were a supervisor at the time?
- b. Did you become interested in recreation during your college work study experience?
- c. Have you had extensive experience dealing with the public?

2. Direct Questions:

Direct questions often begin with when, why, or what. They are easy to understand, can be answered concisely, and usually gain specific information. Direct questions may also be useful to begin the interview and to help clarify information during the interview process. Direct questions, however, allow little freedom for the candidate to reply and may seem abrupt.

Examples:

- a. When did you first act as a supervisor?
- b. Why did you leave your last job?
- c. How often have you acted as supervisor when your boss has been on vacation?

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY3. Situational or Hypothetical Questions:

These questions may begin, “What do you think you would do if ...?” The interviewer describes a situation and asks the candidate how the problem or situation should be resolved. The question usually involves a critical incident or situation developed through job analysis.

One advantage of these questions is that they require the candidate to analyze a situation. They may help the interviewer to determine how extensive the candidate’s experience is or how well a candidate understands problems which may arise on the job.

However, these types of questions require a great deal of time to answer freely, and some candidates feel that the questions are not realistic.

Candidates may answer this type of question the way they feel it should be answered, and it may not reflect a candidate’s true feelings or future actions.

Examples:

- a. If you were a supervisor in an office and your best worker began coming in late, what would you do? Why?
- b. If you were working as a cashier at a public counter and a citizen accused you of shortchanging her, what would you do? Why?
- c. What would you do if one of your employees frequently sustained minor injuries on the job, due to carelessness? Why?

4. Open-Ended Questions:

Open-ended questions allow candidates to respond freely and select the type of information to be included in the answer. This type of question may bring out valuable information about candidates and indicates how well they organize their thoughts. The answers to open-ended questions sometimes reveal attitudes and feelings critical to effective job performance, especially in more sensitive positions.

Use of open-ended questions may create problems if responses are rambling, trivial, or if candidates get bogged down in too much detail. Answers may be time-consuming and restrict the areas covered by the interview. However, this result may also reveal something about the candidate in an interview for a type of job where conciseness and organized thought are essential.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY

Examples:

- a. Would you tell us about your experience as a Building Inspector?
- b. What do you think are your qualifications for this position?
- c. How do you feel about working with children?

5. Complex Questions:

Questions involving detailed or complicated answers may be asked of candidates for positions that require the ability to respond to complex questions and problems. Complex questions should be avoided for lower level positions, because they may confuse the candidates and would not be relevant to the position. Use of jargon should also be avoided, unless necessary to the accurate expression of a question and you are sure it will be understood by the candidate.

Examples:

- a. What effect will the installation of our new computer have on your ability to respond to the needs of the department as a data systems coordinator?
- b. What do you feel are some of a police administrator's most difficult public relations problems today, as opposed to 10 years ago?
- c. Describe any work you have had in a financial environment, as a management analyst.

6. Antagonistic Questions:

Care should be taken to state questions in such a way as to avoid putting the candidate on the defensive or arousing antagonism. The interview should be structured to put the candidate at ease and allow a free flow of information. Making the candidate feel defensive will block information flow and prevent an accurate evaluation of the individual.

Examples:

- a. You didn't do very well in that department, did you?
- b. Why do you feel you were passed over for promotion so often?
- c. You were fired from your first job, weren't you?

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY**E. Conducting the Interview:****1. Beginning the Interview:**

The interview should be held in as private and comfortable an atmosphere as possible. Arrangements should be made to avoid distractions and interruptions.

The first step should be the introduction of the candidate to the interviewer(s) by name and title. Opening remarks or questions should be designed to put the candidate at ease and establish a bridge of communication for a free flow of information.

2. Obtaining Information:

Many people are nervous and anxious in an interview, and it causes them difficulty in expressing themselves effectively. Try to ease this situation by covering only one subject at a time, stating questions clearly, and adjusting the language level to suit the candidate and the position.

Avoid controversy in the interview. Don't interrupt a candidate and avoid putting a person on the defensive by arguing or displaying authority.

In every case, the interviewer should be a listener. Too much talking on the part of the interviewer defeats the purpose of the interview, which is to learn about the candidate. Brief comments should be made to convey the idea you are listening, are attentive, and are interested in what the candidate is saying. Ask questions that require some explanation and elaboration on the part of the candidate.

Follow up on key thoughts or ideas expressed by the candidate that appear to have important bearing on the individual's qualifications for the position. Ask questions or ask for explanation if you are not sure what a candidate said or meant by any statement.

3. Giving Information:

During the interview, the candidate should be given information about the requirements, duties, and responsibilities of the job and any special conditions which might help the candidate make a decision about whether or not to accept the position, if selected. The interviewer should be honest about the requirements of the job and be certain each candidate is given the same information. For example, it would be inappropriate to explain the desirable promotional opportunities of a position to one candidate while stressing the fact that the position requires working a split shift to another.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY4. Avoiding Errors in the interview:

Try to avoid common rater errors, such as making snap judgments about a candidate. Wait until the conclusion of the interview to make evaluations and judgments. Avoid evaluating a candidate on only one trait. For example, if a candidate is well-groomed, friendly, and polite, these may be positive factors if you are interviewing for a receptionist position. But, be sure not to let those favorable characteristics distort your objective evaluation of the candidate's other qualifications. This candidate may not measure up to the other candidates in terms of telephone experience, tact, etc.

Don't let yourself judge a person on the basis of your personal likes, dislikes, or background. For example, be sure you are not favoring a candidate because he or she has the same educational background as you, worked where you once worked, or dresses the way you do.

5. Summary and Closing:

When all your questions have been asked, the candidate should always be asked for any questions or comments he/she may have. Often, candidates have information about their past experience or personal qualification that were not touched upon in the interview. A brief period should be set aside after each session for such exchange, or for any questions about the job the candidate wishes to ask. All candidates should be thanked for their interest and when they leave, should have the feeling that the interview has been conducted fairly and courteously.

Candidates should be told what to expect after the interview such as how many others are being considered for the position and when the results of the interview will be final.

F. Notes and Records Keeping:

The following interview planning package will help you organize and structure your interview. The Job Analysis worksheet should be used to identify and record the significant duties of the position and the knowledges, skills, and abilities required to perform each duty (page 13). The Interview Questions/Candidates Responses sheets (pages 14, 15, 16 and 17) should be used during the interview and will have the position title, candidate's name, questions, some typical responses and lines to record the candidate's responses. Additionally, the board member's name and date of interview should be on these sheets.

ADDENDUM TO PERSONNEL MANUAL - INDEX CODE F-1

AN INTERVIEW GUIDE FOR THE APPOINTING AUTHORITY

The Interview Rating sheet (page 18) should have the position title, the individual factors, the candidate's name, the board member's name, number of the questions that apply to the factor, criteria for responses, scoring boxes and lined space for the board member's written comments. The interview rating sheet has been designed to record and document your final evaluation and decision. These comments should clearly and completely summarize your evaluation of each candidate, based on all predetermined job-related factors. These forms should be retained in your files, along with all other documentation for each position for at least seven years to comply with state and federal law, as well as for your own use when a vacancy again occurs in that job classification.

G. Notification of Selection Decision:

Notifying candidates of the results of their interviews is a sensitive task, and should be handled as fairly and tactfully as possible. All candidates should be notified of the results as soon as possible. No job assignments or announcements of any kind should be made until all candidates have been notified. A member of the interview board should be the principal contact and should briefly explain the selection decision. If the candidate requests, the appointing authority should meet with the person to discuss further the basis for the selection. This should be limited to discussing the selection standards and how the individual compared to those standards. It would not require, nor should it focus on comparing specific individuals.

These regulations were established and adopted in compliance with Sections 13506 and 13510 of the Penal Code of California, and have been codified in Title 11, Chapter 2, of the Administrative Code of California.
- E. California Administrative Code, Title 11, Chapter 2:

Every officer employed by a department shall be required to serve in a probationary status for not less than 12 months.

- A. The probationary period should properly be viewed as a significant portion of the testing process. It is important for each appointing authority to provide a new employee with training necessary to succeed. It is equally important to limit the evaluation of a new employee to those skills, abilities, and knowledge which are critical to performance. Probationary employees shall normally receive at least five (5) working days notice of failure of probation in writing.
- B. Duration of Probationary Periods. Only employees appointed to permanent positions serve a probationary period. Only those employees who have satisfactorily completed their probationary period obtain permanent status. The duration of probationary periods shall be as follows:

Probationary Periods and Standards of Performance

PERMANENT APPOINTMENT PROBATIONARY PERIODS

1. The original probationary period shall be a total of one year of continuous City service in any class or classes served as a permanent appointee. An appointment, promotion, class transfer or demotion to another position as a permanent appointee during the original one year probationary period qualifies toward meeting the one year continuous City service requirement. Upon completion of the one year total of continuous City service as a permanent appointee, an employee gains permanent status only in the class or classes in which at least six months of continuous service have been served. (If an employee does not complete six months of continuous service in a class during the original one year probationary period, the employee continues on probation until such time as six months of continuous service have been served in a single class.) These provisions apply also to an employee reinstating to a permanent position (after a break in service) and to an employee who improves status to permanent from limited or seasonal, not qualified under Section 2 below.

EXCEPTION #1: Completion of one year of continuous active duty as a permanent appointee is required to gain permanent status in the classes of Fire Recruit, Fire Fighter I, Police Service Officer I, Police Recruit, Police Officer I, Police Agent, Police Officer III, Police Detective, Community Relations Assistant to Police Chief, or Police Sergeant. This applies to employees appointed, promoted, class transferred, demoted, reinstated or improved in status from limited to permanent, to these positions.

EXCEPTION #2: Three complete consecutive seasons as a seasonal employee in the same classification will be considered equal to one year of active duty for the purpose of determining a seasonal employee's probationary period.

2. Six months of active duty in the case of:
 - a. a permanent employee appointed to a position from an open or promotional eligible list (except appointment to the classes listed in Exception #1 above);
 - b. a permanent Apprentice advanced to the journey-level classification in which he/she had served the apprenticeship;
 - c. a permanent employee demoted or class transferred to a class in which

the employee has never served with permanent status (except appointment to the classes listed in Exception #1 above);

- d. a probationary employee who is serving the original one year probationary period and who is appointed, promoted, demoted or class transferred to a different class as a permanent appointee (except appointment to the classes listed in Exception #1 above). (In this case, the six month probationary period will overlap with part of the original one year probationary period);
 - e. a permanent employee reinstating to a class where there has been no break in service (except appointment to the classes listed in Exception #1 above).
3. That remaining portion of the original probationary period in the case of a probationary employee who transfers to another department, retaining the same classification. (In addition, such transfers will also be subject to the 60 calendar day trial period provided for in Section F below.)
 4. Sixty days of active duty in the case of an appointment from a re-employment list of an eligible with permanent status in the class or subdivision thereof, to a department in which the eligible has never worked as a permanent employee for more than 60 calendar days.
 5. Employees demoted as the result of a layoff, to a department in which they have worked with permanent status in that class or subdivision thereof, do not serve a probationary period.
 6. An employee who achieves permanent status in a class who subsequently changes to limited status in the same class and later returns to permanent status in the same class (without a break in service) does not restart a probationary period.
- C. Waiver of Probation: The Personnel Director may approve, upon recommendation of the department head, the waiver of all or an appropriate portion of the probationary period of an employee based on an evaluation of the employee's length of satisfactory City service performing essentially the same duties. If the Personnel Director does not approve the recommended waiver, the department head may appeal directly to the Civil Service Commission, whose decision shall be final.

Examples of situations for which the waiver of probation would generally be approved are:

- 1) The employee has served in a position which has been reclassified to another class and the employee has performed essentially the same duties in the same department.
 - 2) The employee has served in an equal or higher level class and has performed essentially the same duties in the same department.
 - 3) The employee is changing status from limited to permanent with no change in duties.
- D. Failure of Probation: The Personnel Director may approve, upon recommendation of the department head, a demotion of an employee serving an original probationary period to an appropriate class. A permanent employee serving a probationary period (because of a promotion, class transfer, demotion, reinstatement (no break in service), or improvement of status), shall have the right to a position in the former classification and department in which he/she achieved permanent status if he/she should fail such probationary period.
- E. Employee Representation: Employees shall have representation and appeal rights as provided in the Employee Representation section of Index Code: L-2.
- F. Transferred Employees:
1. A permanent employee transferred to a different department who retains the same class, or either class transfers or demotes to another class in which he/she has served with permanent status, shall be governed by the following rules:
 - a. The transfer trial period shall be 60 calendar days of active duty in the position from the date of transfer.

- b. The transferred employee may be returned to a position in his/her former department and class at any time during this period without right of appeal.
 - c. The Appointing Authority should review the performance of a transferred employee 30 calendar days after the effective date of the transfer. This performance review should consist of a verbal face-to-face meeting between the transferred employee and the supervisor.
 - d. If the Appointing Authority decides to return an employee to the prior department, the employee will be given a performance evaluation in accordance with the provisions of Index Code G-7, Employee Performance Review Program. This evaluation and notice of the return to the prior department should be given to the employee at least five working days prior to the expiration of the 60 calendar day trial period.
2. Original transfers shall be made in accordance with the regulations of Index Code E-7.
 3. The return of a transferred employee to his/her previous department or position shall be effected by Payroll Change Notice.
- G. Clarification of "Active Duty":
1. In determining the length of a probationary period, extended periods of absence such as sick leave, industrial leave, leave without pay, military leave for Reserve or National Guard training, or limited assignments outside an employee's classification necessitated by injury or health conditions need not be considered as "active duty." Active duty military leave (as used in Index Code I-10, Military Leave) shall not be considered as "active duty" with the City for probationary purposes.
 2. "Extended periods" of such absence are defined as follows:
 - a. Leave(s) of absence aggregating more than 21 calendar days in a six-month probationary period.

- b. Leave(s) of absence aggregating more than 42 calendar days in a one-year probationary period.
3. The probationary period of an employee on a Special Leave Without Pay (as approved by the Civil Service Commission) or on extended military leave will automatically be extended by the Personnel Department.
4. If a probationary employee has been absent for an extended period, as defined in G, 1 and 2 above, the appointing authority may request that the length of the employee's probationary period be extended to reflect only "active duty" time. This request shall be in writing to the Personnel Director at least two weeks prior to the end of the original probationary period. Upon approval of the request by the Personnel Director, the Personnel Department will notify the appointing authority and the employee of the adjusted ending date of the employee's probationary period.

FINGERPRINT, RECORD CHECKS, AND IDENTITY VERIFICATION PROGRAM

On November 1, 2001 the Civil Service Commission approved a program to fingerprint current employees in certain classifications (jobs) and all new employees hired by the City. The program was approved by the Civil Service Commission with the direction that the appropriate issues be referred to a meet and confer process. Staff met with the labor organizations on several occasions and substantive changes were suggested by both AFSME Local 127 and the Municipal Employees Association (MEA). That process has resulted in a revised and expanded program which MEA and Local 127 support as fair and reasonable in the current situation.

The most fundamental change is to expand the program to where all current City employees go through the fingerprint record check process rather than just those employees in selected classifications (jobs). This proposed expanded program is based upon several factors. First, selecting certain classifications (jobs) seemed to be a negative focus on those employees. So it was suggested that all employees should all be treated the same. This was a general consensus and a foundation to other aspects of the program.

A second issue leading to the expanded fingerprinting and record checking was the practical problem of identifying classifications (jobs) that were significantly more security sensitive than other classifications (jobs). City operations routinely have employees from non sensitive work locations assigned to very sensitive locations due to temporary assignments, training programs, business meetings, deliveries, equipment installation and other reasons. As a practical matter, if these employees were not fingerprinted and record checked it could limit their ability to get certain assignments and training as security measures are expanded at City facilities. At a minimum, they would be searched every time they entered certain operating stations and buildings.

A third consideration was the security planning for City facilities which includes issuing identification cards for all personnel accessing many City facilities. As proposed, these security cards will be issued only to those employees with completed fingerprint and record checks. The pictures for these cards and the computer data base for employee names and security information would be generated from the information obtained in the proposed fingerprint process.

The primary reasons not to include all employees in the program are time and money. It is labor intensive to have employees fingerprinted and the City must pay for record checks from the Department of Justice (DOJ), Federal Bureau of Investigation (FBI) and other agencies. However, it seems reasonable to approach security as a permanent issue and not including all

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

ADDENDUM TO PERSONNEL MANUAL INDEX CODE G-3

**FINGERPRINT, RECORD CHECKS,
AND IDENTITY VERIFICATION PROGRAM**

employees would certainly limit the effectiveness of the program for many years. Weighing all of the issues, staff recommends that all City employees go through the process described below.

All current and future employees, along with contractors and consultants, will be fingerprinted on a computerized machine installed in the Personnel Department and those prints along with name, social security number, date of birth, place of birth, and other information would be transmitted to the DOJ and FBI. The DOJ and FBI computers will analyze the prints and information then send a report back generally within 48 hours via a secure dedicated computer cable. Additionally, at the time of the fingerprinting digital photographs will be taken and stored electronically.

The DOJ and FBI reports will be reviewed by authorized Personnel Department staff and several scenarios will develop. These situations were discussed with the labor organizations and the review process and consequences were conceptually agreed to. It is understood that while these procedures have been conceptually agreed to by the labor organizations, individual employees may have concerns and disagree with the protocol. Those employees will have to address their concerns on an individual basis.

There are five probable scenarios that will develop as identity and criminal record information is received and evaluated. The resolution of these scenarios will focus on the safety and security concerns of the City as the primary consideration. The first situation is an employee whose conviction record shows a conviction that occurred prior to hiring that had not been disclosed at the time of hiring. It is staff's recommendation that these convictions be evaluated in terms of these standards: Would the conviction have been disqualifying at the time of hiring had it been known? If so, has sufficient time elapsed with no other negative record, together with a good employment record, that the employee should be allowed to continue normal employment?

To address this situation, it was requested in meet and confer that employees be offered an opportunity to fully disclose their conviction record prior to fingerprinting and running the criminal record check. This would allow an employee an opportunity to demonstrate a good faith effort to resolve discrepancies that they may have themselves created. While this disclosure would not resolve the situation, it would certainly be a positive action in comparison to an employee who would still not disclose a conviction record in this situation. In response, staff has agreed that all employees will be offered an opportunity to complete a conviction record form prior to fingerprinting. This program will offer a unique one time opportunity for employees

with undisclosed convictions to have them evaluated under the above interim standard. This opportunity will never be offered again.

The second situation is an employee whose conviction record check shows a conviction that occurred after hiring that was not known to City management. It is staff's recommendation that these convictions be evaluated in terms of the standard: Is the nature of the conviction such that the behavior that occurred while the person was employed incompatible with the position that they hold in the City?

The third situation is an employee whose conviction record check shows that he/she has outstanding warrants, violated parole, skipped bail, or in some other way are in current violation of a legal order or jurisdiction's legal process. It is staff's recommendation that these situations be evaluated in terms of these standards: Is the nature of the violation such that the behavior is incompatible with the position that they hold in the City? Is the employee now cooperating fully with the jurisdiction to resolve the matter?

The fourth situation is an employee whose conviction record check leads to a conclusion that he/she has an identity that has not been accurately disclosed, a false or assumed social security number, an improper immigration status related to employment, or other citizenship issues that must be resolved. It is staff's recommendation that these situations be evaluated in terms of these standards: Can the City legally have the employee on the City payroll under State, Federal, and City laws and regulations? If the employee can legally be on payroll, are they willing to fully cooperate to resolve discrepancies in identity, social security, and related areas and is it a security problem to allow them to continue employment during the interim?

The fifth situation is an employee who is unwilling to participate in the fingerprint and criminal conviction record check process for specific or undisclosed reasons. It is staff's recommendation that these situations be evaluated in terms of the standard: If an employee has refused reasonable opportunities to participate, it will be deemed, on its face, to be a security issue requiring appropriate remedial action which could include discipline, including termination.

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

ADDENDUM TO PERSONNEL MANUAL INDEX CODE G-3

**FINGERPRINT, RECORD CHECKS,
AND IDENTITY VERIFICATION PROGRAM**

There will be situations in these five areas in which staff comes to a conclusion that discipline, up to and including termination, could be initiated by the Personnel Department or other authority. At the point discipline is contemplated, it is staff's recommendation that a review board be convened to consider the facts of the situation and recommend appropriate action. This review board will be composed of the employee's representative, Labor Relations staff and Personnel Department staff.

This review board would consider the facts of the situation and hear the explanation of the employee. After considering the facts presented, the review board would make a recommendation for appropriate action. The board will determine the extent of evidence and testimony to be received. This would be a non-binding recommendation and would not be a part of the record for any subsequent appeal or hearing. The Personnel Department or other City authority will consider the recommendation and then make a decision. The Review Board provides an opportunity, but only at the request of the employee, for an additional hearing due to the unique circumstances and in no way limits existing appeal rights.

It is staff's recommendation that the fingerprint criminal record check program be adopted for all current City employees and all future employees hired into any position. Additionally, it is recommended that the Civil Service Commission establish, as a condition of continued employment, that employees participate in the program at the time they are scheduled and that failure to participate, in and of itself, can be the basis for remedial measures inclusive of discipline, up to and including termination. If the Commission approves these general policies and procedures, the program will be effective immediately and staff will add language to the appropriate Personnel Manual sections to memorialize the changes.

This will be a challenging program and will require that all parties continue to focus on the objective to increase security and safety in the workplace. This program will be an integral part of planned security measures throughout the City. Therefore, it is essential to the effectiveness of the overall City security program being implemented that this fingerprint, conviction record check and identity verification program proceed. The labor organizations affected by this program were extremely cooperative not in just meeting and conferring, but in offering procedures to make the program more effective. They were equally aggressive in ensuring that the procedures had safeguards for employees affected by the program.

REGULATION OF OUTSIDE EMPLOYMENT OR ENTERPRISE

(c) The local agency shall adopt rules governing the application of this section. The rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee...

(d) The application of this section to determine what outside activities of employees are inconsistent with, incompatible with, or in conflict with their duties as local agency officers or employees may not be used as part of the determination of compensation in a collective bargaining agreement with public employees.

II. POLICY:

- A. It is the policy of the Civil Service Commission not to impose unnecessary restraints on the personal lives of City employees. However, the Commission recognizes that some standards should be provided in order to prevent conflicts that may occur between employees' outside employment activities and their City work. Existing rules and procedures provide for appropriate disciplinary action in the event outside employment activities begin to impact on a City employee's efficiency, sick leave usage, or other performance criteria. In addition, it is the Commission's policy that City employees shall not accept employment outside City service or participate actively in the management or operation of any business or enterprise that:
 - 1. Is incompatible with their City employment or would result in a conflict of interest with their responsibilities and obligations to the City; or
 - 2. Could result in criticism or discredit to the City.
- B. Employees whose outside employment may prolong recovery while on injury, industrial, or sick leave, or while on light duty assignments for the City, are in violation of this policy.
- C. The Mayor or other department head may formulate and adopt reasonable standards and procedures to ensure conformance to this policy.
- D. Violators of this policy are subject to appropriate disciplinary action.

2. The documentation and discussion of essential job functions and required performance standards facilitates the evaluation process for employees and supervisors.

B. Procedure

1. It is the supervisor's responsibility to ensure that a Performance Plan is developed for each position under his or her supervision.

- b. Record the major functions on the Performance Plan pages.
3. For each function listed on the Performance Plan, the supervisor should determine what standards are required for proper and satisfactory performance.

4. Once the Performance Plan has been developed, the supervisor shall discuss it with the reviewer. The reviewer should verify that the Plan accurately reflects the duties of the position to be rated.
5. The supervisor shall then discuss the Plan with the employee. This discussion and introduction of the Performance Plan to the employee is to take place when the employee first begins a job, or when the duties of a job change and it is necessary to revise an existing plan. This early discussion informs the employee of the job requirements before the formal evaluation takes place.
6. The supervisor, reviewer, and employee shall sign the first page of the Employee Performance Report to verify the preparation, review, and discussion of the Performance Plan when it is first introduced to an employee starting a new job or when an existing plan is revised. - C. Employees should receive regular and on going feedback from their supervisors so that nothing in the formal Employee Performance Evaluation comes as a surprise.
- D. The Performance Review Program is a tool used by supervisors to:
 - 1. Formally inform employees about their functions and the standards by which they will be evaluated,
 - 2. Evaluate employees' actual performance in relation to the functions and performance standards outlined in the employee's Performance Plan in a fair, consistent, and objective manner,
 - 3. Provide a basis for discussion with employees about their performance.
- E. The Performance Review Program shall be used to evaluate the performance of all classified employees (permanent, probationary, seasonal, and limited).
- F. Employee Performance Evaluations shall be completed:
 - 1. At three-month intervals for probationary employees and for limited employees during the first year of employment in a classification.
 - 2. Prior to the completion of 60 days of active duty in the case of an appointment from a re-employment list of an eligible with permanent status in the class (job) or subdivision thereof, to a department or major division in which the eligible has never worked as a permanent employee for more than 60 days.
 - 3. At one-year intervals for permanent employees and for limited employees following the first year of employment in a classification.
 - 4. At the end of the season for seasonal employees.

5. Exception: If an employee is on a Supplemental Performance Report (Section VI, D) when the Employee Performance Evaluation becomes due, it will be postponed until the employee is taken off supplemental performance.
 - G. Performance evaluations will normally be given to the employee within 14 calendar days after the close of the evaluation period.
 - H. Employees will be informed when approval has been granted to give a performance report later than 30 working days after the close of the evaluation period.
 - I. The evaluation period for an Employee Performance Evaluation shall not exceed twelve months.
 - J. An employee approaching the end of the probationary period should not be retained if there is doubt as to the employee's ability and/or willingness to perform satisfactorily.
- III. THE PERFORMANCE PLAN:
- A. Purpose
 1. The Employee Performance Plan describes the job and defines the performance requirements of that job so that employees know what they are supposed to do and how they are supposed to do it. (See the Employee Performance Plan, attached)
 2. The documentation and discussion of essential job functions and required performance standards facilitates the evaluation process for employees and supervisors.
 3. The discussion of the plan provides employees information on how to maximize their performance.

B. Procedure

1. It is the supervisor's responsibility to ensure that a Performance Plan is developed for each position under his or her supervision.
2. The development of the Performance Plan should begin with a thorough analysis of the major functions (responsibilities) of the position.
 - a. Each function should describe a major part of the job.
 - b. Record the major functions at the top of the Performance Plan pages, one per page.
3. For each function listed on the Performance Plan, the supervisor should determine what standards are required for proper and satisfactory performance.
 - a. Performance standards should describe the major activities required to perform the function and indicate how much, in what time, how well, and/or in what manner the particular activities are to be done.
 - b. Record the appropriate performance standards below each function on the Performance Plan pages.
4. Once the Performance Plan has been developed, the supervisor shall discuss it with the reviewer, a next level or higher supervisor. The reviewer should verify that the Plan accurately reflects the duties of the position to be rated.
5. The supervisor shall then discuss the Plan with the employee. This discussion and introduction of the Performance Plan to the employee is to take place when the employee first begins a job, or when the duties of a job change and it is necessary to revise an existing plan.

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

EMPLOYEE PERFORMANCE REVIEW PROGRAM
AFSCME Local 127, Police Officers Association, Municipal Employees Association and
Teamsters Local 911

A discussion of the Performance Plan should also take place when the employee is assigned a new, permanent supervisor. These early discussions inform the employee of the job requirements before the formal evaluation takes place.

6. The supervisor, reviewer, and employee shall sign the first page of the Employee Performance Plan to verify the preparation, review, and discussion of the Performance Plan when it is first introduced to an employee starting a new job or when an existing plan is revised. The employee shall also sign each of the Performance Plan pages in the lower left-hand corner to verify discussion of each function and its standards.
7. The employee shall receive a completed copy of the Performance Plan.
8. The supervisor and employee should regard the Performance Plan as a changeable and flexible record.
 - a. If the performance standards are inappropriate or significant changes in job functions occur, the supervisor should reevaluate and modify the Performance Plan to reflect this information. Changes made to the Performance Plan should be discussed with the employee, and the employee should be given a copy of the modified Plan. The employee should also sign any changed or new pages of the Performance Plan in the lower left-hand corner.
 - b. The supervisor should review the Performance Plan with the employee after each evaluation period and update it as necessary. This systematic review ensures that the employee's functions and performance standards reflect current job requirements.

IV. PERFORMANCE EVALUATIONS

- A. The employee's Performance Evaluation will take place as a discussion between the employee and the immediate supervisor. This meeting is informal and is designed to foster dialogue between both parties. (See the Supervisor-Employee Conference form, attached).

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

Teamsters Local 911

- B. Employee performance shall be evaluated in relation to the job-related criteria indicated on the Performance Plan.
- C. Employee performance shall be rated by the employee's immediate supervisor.
 - 1. If the immediate supervisor is new, the Appointing Authority may delegate the evaluation to the former supervisor or the next level supervisor if they are more familiar with the employee's performance.
 - 2. If the immediate supervisor is unavailable to give the performance evaluation when it is due, it will be given by the next level supervisor, not an OCA supervisor.
- D. Supervisors should continually monitor and document employee performance throughout the evaluation period to provide a proper basis for the subsequent evaluations made.
- E. Employees on light duty assignments shall still be evaluated. Light duty assignments will not interrupt or suspend the normal evaluation period for Employee Performance Evaluations. The usual performance standards shall be utilized for the time period that the employee was performing the full range of duties. For the period of time during which the employee is on light duty, the evaluation will cover the performance of the employee while on light duty.
- F. Supervisor-Reviewer Conference
 - 1. The supervisor shall discuss the evaluation with the reviewer, a next level or higher supervisor, prior to meeting with the employee. Suggestions from the reviewer should be considered by the supervisor.
 - 2. Unresolved differences between the judgments of the supervisor and the reviewer shall be decided by the Appointing Authority.

- G. Supervisor-Employee Conference
1. The supervisor and the employee shall review and discuss the Employee Performance Evaluation in private. In appropriate circumstances, this conference may also be attended by employee and/or management representatives, unless objected to by either party.
 2. The supervisor and the employee should constructively discuss all evaluations of the functions, standards, overall job performance.
 3. The supervisor should point out the employee's general progress in performing job functions and meeting performance standards; outstanding achievements; areas in which improvement is necessary; as well as any other performance information considered to be important.
 4. The Supervisor will complete an Overall Job Performance form, documenting the employee's performance (e.g., exceptional performance, achievements, improved performance, needed improvements) during the evaluation rating period. (See Overall Performance form).
 5. The employee should be given an opportunity to discuss the evaluation and present information which might change it.
 6. The supervisor and the employee should also discuss the content of the performance plan and performance expectations for the next evaluation period.
- H. Processing Completed Evaluations
1. After the conference, the supervisor and the employee shall sign the Supervisor-Employee Conference form and the Overall Job Performance form. These signatures indicate only that they have discussed the evaluation, not that the employee agrees with it. If the employee chooses not to sign, the supervisor shall initial and make a note to that effect in the spaces provided for the employee's signature.

2. The Supervisor-Employee Conference form and Overall Job Performance form will then be routed to the reviewer and the appointing authority to confirm that the discussion took place.
 3. The supervisor shall give the employee a copy of the completed forms signed by the supervisor, employee, reviewer, and appointing authority.
 4. The original Supervisor-Employee Conference form and the Overall Job Performance form shall be retained in the files of the department or major division.
 5. A copy of the Supervisor-Employee Conference form and the Overall Job Performance form shall be sent to the Personnel Department no later than 15 days after the end of the rating period.
- I. An Employee Performance Evaluation shall not be given to an employee later than 30 working days after the close of the evaluation period without the prior approval of the Mayor's Office or non-mayoral Department Head. Approval is required for the presentation of the performance report more than 30 working days after the due date, not for the content of the report. Failure to obtain such prior approval gives rise to a grievance which MEA, POA, AFSCME Local 127, or Teamsters Local 911 may present directly to the Mayor's Office or to the non-mayoral Department Head.
- J. Employees will be informed when approval has been granted to give a performance report later than 30 working days after the close of the evaluation period. The evaluation period for the Employee Performance Evaluation shall not exceed twelve (12) months. Employees will not be retroactively evaluated beyond a 12 month period.

V. CAREER ENHANCEMENT PLAN

A. The Career Enhancement Plan is an optional tool available to supervisors to guide, train and develop employees. It may be used to assist employees meeting performance standards, to improve their performance even more and to enhance their career opportunities. Use of this plan is recommended when the employee is seeking guidance on how to improve his or her opportunities and should be developed as a cooperative effort to best achieve the employee's goals. (See Career Enhancement form, attached).

B. Procedure

1. The supervisor should consider the overall level of development and progress of an employee in his or her job or career ladder.
2. The supervisor should discuss the employee's interests and goals for growth and development with him or her.
3. Suggested areas for an employee's development should be recorded in the Performance Description section of the Career Enhancement Plan.
4. Suggested activities and actions that may be taken by the supervisor and/or employee to assist in his or her growth and development should be recorded in the Career Development Plan section of the form.

VI. DOCUMENTING EXCEPTIONALLY GOOD OR POOR PERFORMANCE

A. In cases of exceptionally good or poor performance, it may be necessary or desirable to document the employee's actual performance level in order to support a reward or disciplinary action. Such documentation should be made and given to the employee at the time of occurrence, not saved up until the employee's evaluation is due.

- B. Exceptionally good performance may be recognized in variety of ways. These include, letters of commendation, discretionary days off, Extra Merit increases, bonuses, certificates, and other forms of employee recognition that may be established either city-wide or in each department. In addition, the Commendation form (attached) may also be used.
- C. Exceptionally poor performance should be brought to the attention of the employee as soon as it is discovered so that the employee can immediately work on improving. The supervisor should provide guidance and assistance on how to improve so as to allow the employee an opportunity to raise his or her performance level. Appropriate methods of addressing poor performance include, oral counseling, written counseling, supplemental performance reports, reduction in compensation, demotion, and termination. The Performance Development Plan is discussed below. Additional information on each of these is available from the City's Dimensions in Discipline program or your assigned Personnel Liaison Analyst.
- D. Supplemental Performance Reports (See the Supplemental Performance Report form, attached).
 - 1. Purpose
 - a. Supplemental Performance Reports provide supervisors with a tool to notify employees about poor performance and to make an official record of such poor performance. Employees put on a Supplemental Performance Report are expected to improve to an acceptable level of performance within a reasonable period of time (generally 90 days or less).

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

EMPLOYEE PERFORMANCE REVIEW PROGRAM
AFSCME Local 127, Police Officers Association, Municipal Employees Association and
Teamsters Local 911

- b. A Supplemental Performance Report may also be completed by supervisors as a follow-up review of a previous Supplemental Performance Report.
 - (1) If the employee's performance has improved to an acceptable level, a final Supplemental Performance Report and Overall Job Performance form should be used to document the improvement and take the employee off supplemental performance.

Note: If the employee's regular Employee Performance Evaluation was postponed as a result of being on the Supplemental Performance Report, the Supervisor-Employee Conference should be held in conjunction with the discussion taking the employee off the supplemental. The purpose of this conference is to give the employee feedback on all of the functions in the Performance Plan, not just those that were the subject of the supplemental. As with the regular Supervisor-Employee Conference the employee's performance on these other functions is not documented and the regular review date is not changed.

- (2) If the employee's performance has not improved to an acceptable level within the time allotted in the original Supplemental Performance Report, additional Supplemental Performance Reports may be issued if the supervisor has reason to believe the performance will improve with additional time.

2. Procedure

- a. The procedures to complete and process a Supplemental Performance Report are the same as for a regular Employee Performance Evaluation, except that the Supplemental Employee Performance Report form is used instead of the Supervisor-Employee Conference form to document the report.

PERSONNEL MANUAL

- b. Supplemental Employee Performance Reports shall include written comments which explain fully the reasons for the poor performance evaluation.
3. Performance Development Plan (See the Performance Development Plan form, attached.)
 - a. The Performance Development Plan is a tool which must be used by supervisors to assist employees who have received a Supplemental Employee Performance Report to improve their performance to an acceptable level.
 - b. Procedure - The supervisor should:
 - (1) Review the employee's Performance Plan to identify specific areas requiring improvement.
 - (2) Attempt to determine the causes of performance problems in order to develop appropriate Development Plans.
 - (3) Record plans to improve performance in the Performance Development Plan section. Typical activities that might be recommended include special assignments and remedial training; job-related college or training classes; and counseling to improve attitude and/or interpersonal skills.
 - (4) When discussing the Performance Development Plan with the employee, the supervisor should inform the employee that performance will be reviewed within an established time period which is indicated in writing on the Plan.

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

EMPLOYEE PERFORMANCE REVIEW PROGRAM
AFSCME Local 127, Police Officers Association, Municipal Employees Association and
Teamsters Local 911

- (5) At the end of the designated time period, the supervisor should complete the Follow-up Review section of the Performance Development Plan by recording what actions have been taken to improve performance and how performance has changed, where applicable. If the supervisor used a Supplemental Performance Report to document a follow-up review, this section of the Performance Development Plan should reference the Supplemental Performance Report.
- (6) The supervisor should first discuss the Follow-up Review with the reviewer and then with the employee.
- (7) The supervisor, reviewer, and employee shall sign the Follow-up Review to verify discussion of the evaluation.
- (8) The original signed copy of the Performance Development Plan should be retained in the files of the department or division, and the employee should be given a copy of the complete form.

VII. REPRESENTATION AND APPEAL RIGHTS

A. Representation Rights

1. In the case of a Supplemental Performance Report, the employee may request representation as outlined below.
 - a. Employees in classes (jobs) in representation units which are covered by a current ratified memorandum of understanding shall be entitled to notice, representation, and appeal rights and procedures as provided therein.

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

EMPLOYEE PERFORMANCE REVIEW PROGRAM**AFSCME Local 127, Police Officers Association, Municipal Employees Association and
Teamsters Local 911**

- b. If it is determined that an employee will be issued a Supplemental Performance Report, the employee shall be provided reasonable advance notice for the purpose of obtaining representation. However, this shall not be construed so as to require management to delay issuance of a Supplemental Performance Report past an employee's probation period or transfer trial period end date.
 - c. The provisions of the following employee representation policy apply to employees in all classes (jobs) which are not in a representation unit and all classes (jobs) in representation units which are not covered by a current ratified memorandum of understanding.
 - (1) An employee may request representation, not to exceed one City employee and one non-City employee to be present during the discussion of a Supplemental Performance Report which is to be made part of the employee's permanent record and/or which may be used as a basis for subsequent discipline.
 - (2) The "City employee representative" may not be an employee subject to the same investigation or fact finding.
 - 2. In all other instances, supervisors have the right to counsel employees as they deem appropriate without employee representation being present.
- B. Appeal Rights
- 1. Employees may appeal Supplemental Performance Reports. In such cases the supervisor shall explain the employee's appeal rights.
 - a. The employee may appeal the evaluation, for cause, to the Department Head, by submitting an appeal letter, within 10 working days of receipt of any such evaluation.
 - b. The appeal letter must contain pertinent details of the basis for the appeal.

PERSONNEL MANUAL

Probationary Periods and Standards of Performance

EMPLOYEE PERFORMANCE REVIEW PROGRAM**AFSCME Local 127, Police Officers Association, Municipal Employees Association and
Teamsters Local 911**

- c. As soon as possible after receiving the appeal letter, which becomes an attachment to the Supplemental Performance Report in question, the Department Head or designee will schedule a hearing on the matter.
 - d. The employee is entitled to representation rights at such a hearing as specified.
 - e. After the hearing, the Department Head or designee will make a final decision as to whether the Supplemental Performance Report will be retained in, modified, or removed from the employee's record. This decision must be provided in writing within 10 working days.
 - f. Current Memorandums of Understanding may provide additional or different appeal rights.
2. Employees may not appeal evaluations received during Supervisor-Employee Conferences. When employees have concerns about evaluations other than Supplemental Performance Reports, the Department Head should designate someone, other than the rater or reviewer, to meet with the employee and his or her representative in an attempt to resolve any differences or dissatisfaction. These reviews may result in changes being made to the evaluation, but are not to be considered an appeal of the evaluation. In addition, employees may attach rebuttal information to the evaluation if they disagree with any part of the evaluation.
3. Appeals which are not resolved by the department may be appealed by the employee to the Personnel Director only when the employee alleges that:
 - a. the Performance Plan was not discussed with the employee when the employee first began a job or when the Plan was revised due to changes in the job, or
 - b. the employee was not rated by the first-line (immediate) supervisor, or

ADDENDUM B: DESCRIBING JOB FUNCTIONS

Describing functions is an effective way to clearly and concisely indicate what is done in a job. Functions refer to a group of interrelated or similar work activities that must be performed to fulfill the basic responsibilities of the job. A complete list of these functions should describe the total job. The following instructions will assist supervisors in describing job functions:

RECORD ONLY THE MAJOR/CRITICAL JOB FUNCTIONS

Record only those functions which have a meaningful importance relative to the job. The following factors should be considered:

What is the consequence of poor performance or complete failure to perform this function?

How much time is spent performing the function (minutes, hours, days)?

How often is the function performed on the job (daily, weekly, monthly)?

If the function is a major part of the total job and/or has a high consequence of error, it is important.

USE FAMILIAR WORDS INSTEAD OF JOB “JARGON”

The function should be described in a way that is understandable to others in the job, as well as those unfamiliar with the job.

Poor example: Process MC/ST letters.

Better example: Use form letter to answer routine correspondence.

INCLUDE DESCRIPTIONS OF EQUIPMENT OR OTHER WORK AIDS USED TO PERFORM FUNCTION

The standards required to perform a function may depend upon the equipment and other work aids that are used. Whenever possible, they should be described.

Poor example: Make copies of reports.

Better example: Operate Xerox copier (Model 9200) to reproduce a wide variety of printed materials requiring the full use of all equipment features.

ADDENDUM C: DEVELOPING PERFORMANCE STANDARDS

Performance standards describe the major activities required to perform a function. The standards should include, whenever possible, “measures of accountability.”

Measures of accountability involve such things as work output, timeliness, quality, and/or manner of work method. The following questions will assist supervisors in determining appropriate measures of accountability for each activity listed as a performance standard.

- How much?
- How many?
- How often?
- How accurate?
- What result is desired?
- What should it look like?
- How does one know when the activity is completed?
- What specific methods, procedures, rules, and/or policies are to be followed?
- What are the requirements for completing the activity correctly?

The following are examples of functions with standards that describe some of the major activities involved in performing the functions. The words or phrases which are underlined indicate the measure of accountability for each standard.

FUNCTION: PROVIDE ALL PERSONS AND AGENCIES WITH INFORMATION CONCERNING THE DEPARTMENT BY PHONE, MAIL, AND IN PERSON.

Standards: Provide complete and accurate information to public on the first request whenever feasible.

Display tact, courtesy, good judgment, and professionalism when dealing with the public.

Provide timely written responses to requests for information using appropriate letter formats.

Standards: Make clean and legible copies.
Organize material in proper sequence.
Make correct number of copies.
Deliver finished product by date requested.

FUNCTION: RECORDKEEPING AND SCHEDULING FOR PROPER FUNCTIONING OF DIVISION

Standards: Keep accurate attendance records.

Schedule staff work hours and vacation to minimize impact on work output.

Maintain adequate stock levels of materials used by division by notifying stock clerk of needs before running out of supply.

The factors listed on the following pages are examples of major areas that should be covered by performance standards. The sample performance standards listed below each factor may be appropriate to use as written, or supervisors may wish to modify the sample standards to relate more directly to the specific functions for which they are being developed.

BILINGUAL PAY

I. AUTHORITY:

- A. Annual Salary Ordinance.
- B. Civil Service Rule VI, Section 4 (2). SELECTIVE CERTIFICATION.

II. POLICY:

A. Intent:

The intent of this Personnel Manual section is to provide additional compensation as provided for in the Salary Ordinance for employees in approved job assignments which require demonstrated knowledge and ability to communicate orally in specified non-English languages and English (as determined by the Mayor's office and/or M.O.U. as may be applicable). Such assignments must require the fluent use of non-English and English languages by the employee on a continuing and frequent basis in order to meet the public service responsibility of the department.

B. Duration:

The additional bilingual compensation will remain in effect as long as the facts upon which approval was granted continue to exist. Appointing authorities are responsible for withdrawing bilingual pay when the employee is no longer performing in a position approved for bilingual pay. Bilingual pay will continue on holidays, compensatory time off, and during periods of compensated leave such as sick leave, annual leave, and industrial leave.

C. Out-of-Class Assignments:

1. Individuals receiving bilingual pay who fill out-of-class assignments in positions which have not been designated as bilingual shall not receive bilingual pay during the assignment.
2. Individuals filling out-of-class assignments in designated bilingual positions shall receive bilingual pay for the duration of the out-of-class assignments provided their bilingual skills have been verified by the Personnel Department.

PERSONNEL MANUAL

Compensation and Salary Administration

BILINGUAL PAY

- D. All designated bilingual positions must be filled with bilingual individuals who have passed the Personnel Department non-English and English language fluency examinations. If a department is unable to do this, it shall notify the Personnel Director by memorandum outlining the reasons the position is not filled by a bilingual.

III. PROCEDURE:

A. Establishing the Plan:

1. Each department shall first review its needs to identify on a department-wide basis positions which require oral non-English and English skills on a frequent and continuing basis in order to meet the public service responsibility of the department.
2. Appointing authorities shall then submit a comprehensive list identifying the bilingual positions and incumbents, if any, to the Assistant Chief Operating Officer (for mayoral departments) for approval along with a statement justifying the bilingual need for each position. For non mayoral departments, the list shall be submitted to the Personnel Director with the accompanying justification.
3. The Assistant Chief Operating Officer shall review the plans to assure the need for bilingual skills and shall forward the approved plans to the Personnel Director.
4. The Personnel Director shall review all approved positions to identify those incumbents who have previously passed an oral examination for non-English and English language fluency administered by the Personnel Department.
 - a. Departments will be notified of those incumbents who have previously demonstrated their bilingual ability. The incumbents will be eligible for bilingual pay upon submittal of a Personnel Change Request.

PERSONNEL MANUAL

Compensation and Salary Administration

BILINGUAL PAY

- b. Those incumbents who have not previously passed the City administered bilingual examination shall be immediately scheduled for such a test with the Personnel Department. Upon passing the examination, the incumbent will be eligible for bilingual pay. Submittal of a Personnel Change Request by the department will effect the appropriate compensation.

B. Maintaining the Plan:

1. Annual review — each year, upon request of the Personnel Director, each department shall reevaluate its bilingual needs and submit a comprehensive list of all bilingual positions and incumbents to the Personnel Director via the Assistant Chief Operating Officer (for mayoral departments) along with accompanying justification. No mayoral departments shall submit the information directly to the Personnel Director.
2. Midyear changes — if a department wishes to alter its plan midyear, it shall outline the changes in a memorandum to the Personnel Director via the Assistant Chief Operating Officer (for mayoral departments). The memorandum shall clearly identify all positions affected by the change, the reason for the change, and incumbents, if any.

C. Filling Vacancies:

1. All vacancies for positions approved for bilingual pay may be filled by inter or intradepartmental transfer of bilingual persons (as verified by the Personnel Department) or by certification of bilingual personnel from an eligibility list. All such transfers and certification shall follow the rules and procedures governing these personnel actions.
2. All requisitions for bilingual personnel shall clearly identify the position as approved in the departmental bilingual pay plan in the comments section of the Request for Certification Form (CS-490).

- C. Full-time employees in classifications in Group E (see Addendum):
- 1. Are eligible for premium rate overtime:
 - a. When the employee's shift is extended beyond its normal ending time,
 - b. When an employee is mandated to attend training sessions on non-regularly assigned shifts,
 - c. When an employee, whose normal work schedule is 40 hours per week, works more than eight hours per day or 40 hours per week, or over 9 hours per day on a 44/36 schedule.

OVERTIME COMPENSATION

- d. For all hours actually worked beyond 212 in any 28-day work period in accordance with the 7k exemption of the FLSA. For purposes of this provision, compensated leave (excluding Industrial Leave) and compensatory time off taken during the work period do not count as hours actually worked.
 2. May receive equivalent compensatory time credits in lieu of pay for overtime, at the discretion of the appointing authority, in accordance with City and departmental accrual limits as outlined in Administrative Regulation 95.01. However, under no circumstances may an employee's accumulated compensatory time credits exceed 480 hours as provided by the Fair Labor Standards Act. Such compensatory time shall be credited at the premium rate if earned in accordance with the above provisions.
 3. May not count compensatory time credits in the overtime calculation;
 4. May count compensated leave as hours worked (except as noted in C.1.d. above) in the overtime calculation.
- D. Unclassified employees and employees in classifications in Group F (see Addendum):
1. Are not eligible for overtime if paid on a 1/2 time, 3/4 time or full-time salaried basis;
 2. Are compensated for overtime in accordance with provisions contained in III E below if paid on an hourly basis.
- E. Part-time employees:
1. Employees in Groups A, B, and C, (see Addendum) who are regularly scheduled to work 20 or 30 hours per workweek (1/2 and 3/4 time):
 - a. Are eligible for regular rate compensation in the form of pay or compensatory time credits for all time worked in excess of their scheduled workweek up to 40 hours per week,
 - b. Such employees are eligible for premium rate overtime for all time worked in excess of 40 hours in their workweek and must receive pay for such overtime.

PERSONNEL MANUAL

Compensation and Salary Administration

OVERTIME COMPENSATION

2. All hourly status employees (except those in classifications listed in Group E), are eligible for premium rate overtime pay for all time worked in excess of 40 hours in their workweek and may not receive compensatory time credits in lieu of pay.
3. Such employees may not count compensatory time or compensated leave as hours worked in the overtime calculation.

F. Call Back Pay

1. An employee (except as noted under Exceptions below) who has been released from work and has left the work premises shall, if called back to duty, be paid for the reasonable estimate of the time required for said employee to travel from and to his or her residence and the work area and for the time the employee actually works. The total time of call-back pay, including travel time, shall not be less than four (4) hours. Call Back Pay is paid regardless of whether compensatory time or compensated leave time off is taken. If the employee's class is in a group eligible for premium overtime, such call-back pay shall be at the premium rate.
2. Exceptions to the above are as follows:
 - a. An employee in classifications listed in Group D (Police classes eligible for premium rate overtime under specific conditions), shall receive premium pay for a minimum of four (4) hours for each such instance, notwithstanding the usual starting time of the work shift.

An employee's work shift refers to the hours of work during the normally scheduled work day, and may be adjusted with at least 72 hours notice, without the necessity of paying premium pay as described above, provided that the employee does not work a total number of hours greater than the normally scheduled hours.

- b. Employees in classifications listed in Group E (Fire classes eligible for premium rate overtime under specific conditions) shall receive premium pay for a minimum of four (4) hours for each such instance. When an employee's shift is extended beyond its normal ending time, he/she shall receive premium pay for the time of the shift extension but shall not be eligible for the four (4) hour call-back minimum.

PERSONNEL MANUAL

Compensation and Salary Administration

OVERTIME COMPENSATION

- c. The minimum call back provisions in a and b, above shall not apply in the following situations:
- 1) When an employee is already present at the work station and is required by a supervisor to start work early or to continue work following the end of their work shift; or
 - 2) When an employee is required to attend a meeting scheduled before or after the employee's shift, and which is contiguous with the shift. For employees in classifications in Group D (Police classes eligible for premium rate overtime under specific conditions), this shall only apply to a meeting scheduled after the employee's shift.

Note: In these instances, and any other not specifically identified as entitling an employee to the four-hour minimum, the employee shall receive overtime compensation only for the time actually worked, or spent in meetings before or after his/her shift.

G. Court Pay

Unless otherwise provided in a current ratified memorandum of understanding, the following provisions shall apply for Court Pay:

1. When an employee in Group D (Police classes eligible for premium rate overtime under specific conditions), is required under subpoena to appear in court during non-duty hours, he/she shall receive premium pay for all time actually spent in court, excluding court recess time, with a four (4) hour minimum of compensation in each such instance.

If an employee is scheduled to appear in court up to two (2) hours prior to the beginning of his/her shift, the employee's schedule may be adjusted to correspond with the court appearance. If the employee is ordered to work beyond the end of an adjusted shift, the employee shall receive a four (4) hour minimum of compensation at premium rate, plus overtime pay for all hours worked beyond the end of the adjusted shift. However, the four hour minimum would not apply if the employee works beyond the end of the adjusted shift as a result of self initiated action (i.e. a vehicular stop or a person stopped and detained or arrested, etc.).

PERSONNEL MANUAL

Compensation and Salary Administration

OVERTIME COMPENSATION

When an employee is under subpoena to appear in court during his/her nonduty hours, the employee shall go to the court and stand by until called by the court and shall receive pay at a premium rate of one and one-half times the basic rate for such stand-by time, or, with the concurrence of the subpoenaing party, remain standing by at another location where he/she may be reached by the court by telephone. If an employee stands by at another location, no pay shall be received for such stand-by time. No employee shall be required to stand-by without compensation without his/her consent.

2. When an employee in Group E (Fire classes eligible for premium rate overtime under specific conditions), as a result of his/her employment responsibilities, is required under subpoena to appear in court or at a Civil Service Commission hearing during non-duty hours, he/she shall receive premium pay for all such court time with a four (4) hour minimum of compensation in each such instance.

3. Employees in the classifications of Criminalist I, Criminalist II, Crime Scene Specialist, Latent Print Examiner II, Document Examiner II, Police Property and Evidence Clerk, Interview and Interrogation Specialist III, Supervising Crime Scene Specialist, Supervising Latent Print Examiner, Supervising Criminalist, Senior Property and Evidence Supervisor, Dispatcher II (Tape Researcher), Cal-ID Technician, Police Service Officer I, Police Service Officer II, and Forensic Alcohol Analyst who work shifts other than the day shift, and are required as a result of their employment responsibilities to make court appearances during otherwise off-duty hours shall receive compensation at their normal overtime rate for all time actually spent in court, excluding court recess time, with a four (4) hour minimum of compensation in each such instance.

If the employee makes a court appearance during the morning session and at least part of the afternoon session, after he/she has just completed working a night shift, and if the employee is scheduled to work the next succeeding night shift, the employee shall have the option of receiving compensation at their normal overtime rate for the actual court appearance time or having the succeeding scheduled night shift off as compensatory time. If an employee is scheduled off on his/her next shift following such court appearance, he/she may not exercise the second option.

PERSONNEL MANUAL

Compensation and Salary Administration

OVERTIME COMPENSATION

4. The above described provisions in 2) and 3) for Court Pay shall not apply in the following situations:
 - a. When an employee is required by subpoena to appear in court prior to his/her scheduled shift, and the appearance is contiguous with the shift; or when an employee attends court then reports to work an hour later;
 - b. When an employee is required to appear in court during a session which begins during the employee's regularly scheduled shift, but which continues past the end of shift.

Note: In these instances, and any other not specifically identified as entitling an employee to the four-hour minimum, the employee should receive overtime compensation only for the time actually worked, or spent in court or meetings before or after his/her shift.

- H. Full time, 1/2 time, and 3/4 time Unclassified employees and such employees in Group F (not eligible for overtime) are salaried exempt employees under the FLSA. These employees will be paid for all absences of less than a day. No deduction from the employee's pay, leave credits, or other monetary accounts will be made to recover the cost of the absence.
- I. Overtime worked while in an out-of-class assignment shall be paid in accordance with provisions applying to the classification occupied when the overtime is actually worked. However, if an employee works the majority of his/her hours during a workweek/work period in a classification eligible for premium rate overtime then all overtime worked during the workweek/work period (including OCA overtime) should be paid at premium rate.

IV. DEPARTMENT HEAD RESPONSIBILITY:

Department heads shall be responsible for:

- A. Reviewing departmental work programs and adjusting employee work and vacation schedules in a manner that will minimize the effect of work load peaks, thereby eliminating the need for recurring overtime.

PERSONNEL MANUAL

Compensation and Salary Administration

OVERTIME COMPENSATION

- B. Controlling overtime work and compensation in accordance with Council and Managerial policy. No overtime shall be authorized which does not meet the requirements of this section.
 - 1. As far as practical, overtime should be rotated among eligible employees on a voluntary basis;
 - 2. No overtime shall be authorized and accumulated as a device for lengthening annual leave or for any purpose designed primarily for the convenience of the employee rather than the furtherance of the work program of the department;
 - 3. Departmental policy on pay or compensatory time off for overtime should be announced to all employees and administered uniformly throughout the department.

- II. POLICY:
 - A. General Shift Differential: Extra compensation of approximately five percent shall be provided whenever an eligible employee is required, for a significant period, to work:
 - 1. A night shift in which the majority of the hours or work scheduled for said employee throughout any pay period are before 8:00 a.m. or after 6:00 p.m.; or
 - 2. On a long-term schedule, a split-shift (a shift regularly split by more than two consecutive hours) or a split weekend (disallowance of two consecutive days of rest).
 - B. Special Shift Differentials: Extra compensation of approximately ten percent shall be provided whenever an employee is assigned to a position which has been determined by the Personnel Director and the Mayor or non-mayoral appointing authority to be one for which there are severe recruiting and retention problems as a result of an unusual work schedule for the class (job).
 - C. Intent: The intent of the Salary Ordinance and of this regulation is to compensate for night shifts, split shifts, split weekends, or substantially unusual working schedules of such a significant duration as to constitute a considerable and prolonged inconvenience to the employee, and to exclude from consideration all occasional or short-time assignments to unusual shifts.
 - 1. Night shifts scheduled for less than a full pay period will not be considered “significant”; unusual shifts such as split shifts, split weekends, or six-day weeks scheduled for less than three months will not ordinarily be considered “significant.”
 - 2. An eligible employee assigned to an approved long-term schedule of regular rotation through all three shifts (or the two night shifts) shall receive a shift differential of approximately 5% until reassigned to a fixed day shift.

SHIFT DIFFERENTIALS

- D. Eligibility for Shift Differential: Except as excluded below, an employee whose work schedule, as established by the Appointing Authority, has the endorsement of the Mayor or non-mayoral appointing authority and Personnel Director (as required) and conforms to the policy, procedure, and definitions contained in this regulation, shall be eligible for a shift differential.
- E. Classes (Jobs) Excluded from Shift Differential: Certain classes (jobs) of employment are commonly required to work nights, split shifts, split weekends, and/or other unusual schedules. When this is true of a class (job), these working conditions are taken into consideration in establishing the Standard Rate for the class (job) in the Salary Ordinance. In general, occupations peculiar to the fields of recreation and public safety illustrate this point. For specific classes (jobs), refer to the addendum to this section. The addendum list is not an exhaustive list of excluded classes (jobs); however, all employees in those classes (jobs) are ineligible for night-shift, split-shift, or split weekend differentials, except under extraordinary circumstances.
- Examples of extraordinary circumstances would include: (a) a long-term schedule required of an employee which is substantially unusual when compared with the schedules of virtually all other employees in the same class (job), or (b) exceptionally inconvenient frequent changes of work hours and/or to work locations to which employees must furnish their own transportation.
- F. Assignments of Employees to Work Schedules: Among other factors, seniority should be considered by management when assigning employees to various work schedules.
- G. Certification: When a Shift Differential is granted, the department head shall certify to the Personnel Director and the City Comptroller, on each official Time Sheet Payroll Certification Report, Personnel Change Request, and all records pertaining to the employee's compensation, that the employee is eligible for a Shift Differential.
- H. Controls:
1. The department head is responsible for scheduling work so that the need for pay differentials will be held to a minimum, and for periodically reviewing differentials in effect to determine if they are still required.

SHIFT DIFFERENTIALS

2. The Financial Management Director periodically will review the shift differentials granted, to assure consistent application of this policy.
3. Annually, the Personnel Director will request appointing authorities to review all current shift differentials and to recertify those which continue to be in the City's best interest. This annual recertification shall (for mayoral departments) be routed to the Personnel Director via the Financial Management Director.
4. If, at any time, it is determined by the Mayor, non-mayoral appointing authority, or Personnel Director that a shift differential no longer meets the criteria contained in this regulation, the employee receiving such shift differential shall no longer be eligible and the shift differential shall be discontinued. This determination shall be final.

III. PROCEDURE:

- A. Departmental Request and Certification: For each employee (or group of employees) eligible for shift differential, the department head shall send a memorandum, via the Mayor for mayoral departments, to the Personnel Director certifying that the request meets the requirements of this regulation, specifying the duration of the scheduled shift, and providing the exact work schedule of the employee(s) concerned.
 1. For Special Shift Differentials, information supporting the claim of recruiting and retention problems shall be included.
 2. For split shift differentials, the exact time and duration of scheduled time off for meals (not less than one-half hour) is required. (Eating on the job should be avoided and shall not be considered "working" unless the employee's continuous presence on the job is necessary.)
- B. Personnel Change Requests: With the above memorandum, the department head shall submit for each eligible employee a Form CS-1522, Personnel Change Request indicating the appropriate shift pay which shall be completed in the usual manner, except that on all copies:

SHIFT DIFFERENTIALS

1. When, through a change of work schedule, change of position or change of classification (job), an employee's eligibility for a shift differential ends, the appointing authority shall immediately initiate a Personnel Change Request reversing the shift pay.
- C. Personnel Department Action: The Personnel Director will grant or deny the request based on a review to determine that it meets the criteria outlined in this regulation.
1. If granted, Personnel Change Requests will be processed as usual.
 2. If denied, all concerned will be notified.
 3. The Personnel Director will annually provide the Civil Service Commission with a list of all positions which have been designated as eligible for Special Shift Differential.
- D. Time Sheets and Personnel Records: All officers and employees concerned with payrolls of the Classified Service shall maintain appropriate records of shift differentials granted individual employees under this regulation.
1. Appointing authorities, in signing the payroll, are certifying to the Personnel Director and City Comptroller that the employee continues to be eligible for the shift differential under this policy. Appointing authorities are responsible for removing the shift differential from the Time Sheet Payroll Certification Report when the employee ceases to be eligible.

I. AUTHORITY:

- A. Annual Salary Ordinance.
- B. City Charter Section 130. COMPENSATION ESTABLISHED.
- C. Neither the City Charter nor the Salary Ordinance interferes with the right of the appointing authority to postpone or deny granting a normal merit step increase if the employee's performance so warrants.

II. POLICY:

A. Normal Merit Increases:

1. Working Conditions Leading to Considerations for Normal Merit Increases:

- a. Except as otherwise provided in current Management policies or current ratified memoranda of understanding, Permanent, Probationary, and Limited employees with satisfactory performance records are eligible for normal merit increases. This shall not be construed to mean that an employee whose official Performance Report or Supplemental Performance Report is "Improvement Needed" or "Below Standard" is ineligible for an increase; decisions in these cases should be based on all available relevant facts.

- (1) Initiation of salary increase forms by the Personnel Department is merely a clerical service and reminder that basic time requirements have been met; it is in no way an endorsement.
- (2) Merit step increases are not an automatic process or right, but are granted only as an award for competent and meritorious performance of the full range of duties assigned to an employee.
- (3) Supervisors should consult current Management policies and appropriate current ratified memoranda of understanding regarding the required performance level of employees before granting normal merit increases.

PERSONNEL MANUAL

Compensation and Salary Administration

STEP INCREASES

- b. Provisional employees are not eligible for merit increases; however, if they become Permanent or Limited in the same classification without a break in service, time spent in Provisional employment will be counted toward service requirements for merit increases.
- c. Restricted Appointment employees may be eligible for merit increases if so designated by the Commission.
- d. Except as otherwise provided in current Management policies or current ratified memoranda of understanding, full-time salaried employees are considered for normal one-step increases upon completion of the following:
 - (1) 26 weeks of continuous service at Step A,
 - (2) 26 weeks of continuous service at Step B.
 - (3) 52 weeks of continuous service at Step C, and
 - (4) 52 weeks of continuous service at Step D.
- e. Except as otherwise provided in current Management policies or current ratified memoranda of understanding, employees paid on an hourly or daily basis and not in full charge of a regularly scheduled activity are considered for step increases as follows:
 - (1) Step B after a minimum of both 26 weeks of continuous service and 400 hours at Step A.
 - (2) Step C after a minimum of both 26 weeks of continuous service and 400 hours at Step B.
 - (3) Step D after a minimum of both 52 weeks of continuous service and 400 hours at Step C.
 - (4) Step E after a minimum of both 52 weeks of continuous service and 400 hours at Step D.

f. Exceptions:

(1) Effective July 1, 1994, Step B will be eliminated for all new hires. Employees hired on or after July 1, 1994 will move from Step A directly to Step C as follows:

(a) for full-time salaried employees, 52 weeks of continuous service at Step A;

(b) for employees paid on an hourly or daily basis and not in full charge of a regularly scheduled activity, 52 weeks of continuous service and 800 hours at Step A.

This salary schedule will remain in place for the duration of the employee's tenure with the City.

(2) Employees paid on an hourly or daily basis who are in full charge of a regularly scheduled activity are considered for normal merit increases in the regular manner as in (d) above.

(3) One-half and three-quarter time employees paid on a monthly basis are considered for normal merit increases in the regular manner as in (d) above.

(4) Apprentices with satisfactory job performance are eligible for normal merit increases as they successfully complete all the requirements for each six-month period of apprenticeship advancement. (See Index Code M-1, Apprenticeship Training.)

(5) Employees in the Fire Fighter Representation Unit may be eligible for reduction in the required service time between normal merit increases in accordance with the provisions of the current ratified Memorandum of Understanding.

(6) Employees whose compensation has been reduced within the salary range of their class for disciplinary reasons, as provided for in Index Code L-2, DISCIPLINE, shall retain the same normal merit increase date as if the reduction in

compensation had not occurred. The employee's performance shall be reviewed by the appointing authority to determine whether the increase shall be granted on the normal merit increase date or be postponed in accordance with 2a(3) below.

2. Determination of Normal Merit Increase Dates:

a. An employee's merit increase date is determined from the following occurrences.

- (1) The date a new employee is hired as a Permanent, Limited, or Provisional appointee.
- (2) The date an employee is promoted.
- (3) The date set by action of the appointing authority in postponing a step increase for disciplinary or other reasons.
- (4) The effective date of the most recent merit increase.

b. Exceptions:

- (1) If an employee is absent more than 30 calendar days on suspension or leave without pay, the appointing authority shall consider extending the employee's merit increase date by the number of calendar days of absence. If the increase is approved by the appointing authority, without extending the merit increase date, the appointing authority must attach a memo of justification to the approved Merit Increase Notice.
- (2) If an employee who:
 - (a) is promoted and fails the probationary period,
 - (b) accepts a limited promotion and subsequently returns to the former class, or,
 - (c) voluntarily demotes to a formerly held classification,

would have been eligible for a step increase if not promoted, the employee is eligible for this increase upon return to the former class, and subsequent normal merit increase dates will be determined as if the employee had been in the former class during the time spent in the higher class.

- (3) If a permanent employee is laid off and subsequently appointed to the same class from a reemployment list, future normal merit increase dates will be determined by total length of service in the class, excluding periods of nonemployment due to layoff.
- (4) If an employee voluntarily demotes to a class in which the employee has not had prior service, the merit increase date will be determined from the date service began in the lower class. For purposes of this section, a demotion in lieu of layoff is not a voluntary demotion.
- (5) Time spent on “active duty” Military Leave shall not be counted for normal merit increase purposes, except as follows:
 - (a) Military Leave for which the employee is paid shall be counted in merit increase time.
 - (b) If the normal merit increase eligibility date falls within the period of paid Military Leave, the employee is eligible for consideration for a step increase; if granted, the effective date of the increase is the first day of the period and the employee receives pay for the full period at the advanced step.

- B. Exceptional Merit Increases: The Civil Service Commission advocates the granting of exceptional merit increases to encourage and reward employees whose work can be shown to be outstanding in relation to other employees in the same class. (See III-B-4.)

PERSONNEL MANUAL

STEP INCREASES

1. All properly recommended normal and exceptional merit increases which are in keeping with Civil Service Commission Policy will be approved. No request will be denied by the Commission unless the employee's Performance Report or Supplemental Performance Report is unsatisfactory, and only after the appointing authority has been consulted.
2. Requests for exceptional merit increases are considered by the Civil Service Commission at regular Commission meetings.
3. Employees in the Administrative Support and Field Service, Professional, Supervisory, and Technical Units may be granted an Exceptional Merit Increase for a maximum of a one step increase to the next consecutive step within the salary range, unless in conjunction with a normal merit increase, in which case a maximum two step increase would be permitted.

III. PROCEDURE:

A. Normal Merit Increases:

1. Based upon the anniversary dates previously explained, the Personnel Department keeps records of the "due dates" for normal merit increases for each eligible employee.
2. Every two weeks the Personnel Department Records Section will distribute Merit Increase Notices in duplicate to appointing authorities. (A third copy is retained by the Personnel Department as a tickler file.)
 - a. Each employee eligible for consideration for a normal merit increase will be listed on the Merit Increase Notice.
 - b. Notices will be forwarded to the appointing authorities concerned three weeks prior to the beginning of the effective pay period.
 - c. Appointing authorities shall study Performance Reports, absentee records, and the general progress of the employee. For each employee, the appointing authority shall complete the form by indicating a recommendation as follows:

(1) For normal merit increases, the appointing authority must certify recommendation by dating and signing the Merit Increase Notice.

(2) For exceptional merit increases:

(a) line out all "To" data of each rate column;

(b) directly above the "To" data enter the rate for the recommended step.

(NOTE: If there is more than one name on the Merit Increase Notice and a delay develops in processing the exceptional merit increase write in "exceptional merit increase in process." Process the Merit Increase Notice and follow the procedure outlined in Section III-B below for the employee recommended for an exceptional merit increase.)

(3) If no increase is recommended:

(a) (full pay period increase) - line through only the rate column by the employee's name;

(c) the appointing authority must initial the line on which the employee's name appears, and

(d) write "No" in the margin and give date and month for a future review. Indicate the number of days for the follow up review.

3. Prior to transmittal of the Merit Increase Notice to the Personnel Department, the appointing authority shall inform each employee whether a normal increase is to be recommended or denied and the facts on which the decision has been made. For employees

represented by the Municipal Employees Association, notification of merit increase denials shall be in writing. Exceptional merit increases for mayoral departments shall be cleared with the Office of the Mayor before the recommendation is discussed with the employee.

4. One copy of the completed Merit Increase Notice should be returned to the Personnel Department not less than nine calendar days before the effective date.
5. The Personnel Department will review recommended requests for normal merit increases. When approved, payroll and personnel records will be entered into the SAP system. One signed copy of the Merit Increase Notice will be placed in the Personnel Department files.

B. Exceptional Merit Increases:

1. The effective date for exceptional merit increases should be the beginning of a pay period, unless recommended along with a normal merit increase. For employees represented by the Municipal Employees Association, exceptional merit increases not done in conjunction with a normal merit increase shall be effective no earlier than the pay period in which the supervisor delegated the responsibility by the Appointing Authority signs the document.
2. For each exceptional merit increase granted before the normal merit increase date, the appointing authority shall complete a Personnel Change Request (Form CS-1522).
3. For an exceptional merit increase recommended in addition to a normal merit increase, line through all "To" rate columns and, directly above, enter the rate for the recommended step.

4. All requests for exceptional merit increases initiated by a mayoral appointing authority shall be forwarded with a memorandum of justification to the Mayor at least five calendar days before the requested effective date. The appointing authority's memorandum of justification for an exceptional merit increase shall:
 - a. refer to specific accomplishments of the employee,
 - b. describe in what way the employee has been outstanding in relation to others in the same class.
 - c. list any work-simplification or safety ideas proposed by the employee with an estimate of money saved, and
 - d. show (with dates and amounts) any previous exceptional merit increases the employee may have received while in the present classification.

5. Exceptional merit increases will be processed as follows:
 - a. If denied by the Mayor, the request will be returned to the appointing authority with reasons for disapproval.
 - b. If recommended by the Mayor, the request will be forwarded to the Civil Service Commission for approval.
 - c. When approved by the Civil Service Commission, copies of the request will be distributed as for normal step increases.

A. Annual Leave Credits:

1. Full-time employees: Full-time permanent and limited employees shall earn hours of annual leave credits, equivalent to eight-hour workdays, as provided in Rule X, Section 3. Each biweekly pay period, prorated annual leave credits are posted to the account of each eligible employee based on the hours worked during each pay period. Employees shall earn no more than full-time credits. Posting shall occur at the following rates:

 - b. Starting at the beginning of the 6th year through 15th year of service: 6.77 hours for each biweekly pay period (equivalent to 22 eight-hour days each 52 weeks), cumulative to 600 hours.
 - c. For those classifications designated by the Commission and the Council as eligible for the Management Benefits Plan, 1st through 15th years of service: 6.77 hours for each biweekly pay period (equivalent to 22 eight-hour days each 52 weeks), cumulative to 700 hours.
 - d. Starting at the beginning of the 16th year of service: 8.31 hours for each biweekly pay period (equivalent to 27 eight-hour days each 52 weeks), cumulative to 700 hours.

ANNUAL LEAVE

- e. For employees represented by the Municipal Employees Association, AFSCME Local 127, and all Unrepresented and Unclassified employees hired after July 1, 1993, the maximum accumulation of annual leave is 350 hours.
 - f. For all employees hired after July 1, 1994, the maximum accumulation of annual leave is 350 hours.
2. One-half and three-quarter time employees: Permanent and limited employees, otherwise eligible, who are regularly paid one-half or three-quarter time, shall earn prorated hours of annual leave credits based on hours worked each pay period, but shall earn no more than one-half or three-quarter credits, respectively.
 3. Provisional employees: Provisional employees, otherwise eligible, earn annual leave credits during a provisional appointment only if they become permanent or limited without break in service.
 4. Hourly employees: Hourly employees are not eligible to earn annual leave credits.
 5. Credits accumulated during leave: Total annual leave granted may not exceed the amount posted to an employee's account as of the last day worked preceding leave. Annual leave credits will continue to be added to the employee's account while the employee is on paid leave, but these additional credits may only be used after the employee returns to active duty. For accrual purposes, time off without pay taken as part of a work furlough program authorized by the City Manager will be counted as though it was paid leave.
 6. Unpaid leave: Annual leave credits are not earned during periods of unpaid leave, unless specifically authorized in paragraph 5 above.
 7. Annual leave during first year: Employees employed less than one full year shall accrue and may use annual leave earned on a prorated basis if approved by the employee's appointing authority.

8. Maximum accumulation: Annual leave credits may be accumulated over the 600 hours (or 700 hours for eligible employees) shown above until an employee's annual "accrual date" (which is normally the day and month when originally hired). For employees who go beyond the maximum accrual limit, refer to the provisions of current management policies or ratified memoranda of understanding for each employee representation unit.
 - a. For unclassified employees and employees in classes in the Administrative Support and Field Service Unit, Professional Unit, Supervisory Unit, Technical Unit, and the No Representation Unit, if a department should approve a scheduled leave request and subsequently deny it, resulting in the employee losing leave credits because of going beyond the accrual limit, credits lost would be reinstated for a period of three months during which time the department would mandate a leave for the employee.

B. Annual Leave Usage:

1. Appointing authorities are responsible for arranging leave schedules so that adequate personnel are available to carry on necessary City work.
2. Insofar as practicable, employees should be permitted to schedule annual leave at times most acceptable to the employee. In large departments or divisions the choice of vacation times should be arranged according to seniority, some other equitable method, or in accordance with the provisions of a current ratified Memorandum of Understanding.
3. Employees desiring to use annual leave time, which has not been previously scheduled, for illness or family emergency, shall report to their Department to obtain authorization for the absence. The appointing authority may require the employee to furnish satisfactory evidence justifying any such request.

4. If, in the opinion of the department head, an employee is physically unable to safely perform his or her duties the employee should be encouraged to use leave credits in order to seek medical attention to fit himself or herself for the proper performance of assigned duties. If the employee declines the use of leave credits and does not take corrective action the department head should consider the options presented under Compulsory Leave. (See Index Code I-6, Compulsory Leave.)
5. Medical examination by the City's examining physician may be requested by the appointing authority, with the approval of the Personnel Director, after prolonged, serious, or repetitious illness, injury, or major surgery.
 - a. An employee's return to duty following illness or injury is subject to the approval of the Personnel Director based upon medical information supplied by the employee's physician and/or the City's examining physician. (See Index Code C-4, Medical Examinations.)
6. Cases of leave abuse should be discussed with the Office of the City Manager and/or the assigned Personnel Liaison Analyst so that appropriate disciplinary action may be taken in accordance with Index Code L-2, Discipline.
7. Annual leave credits may not be used to supplement industrial leave or long-term disability payments.

C. Annual Leave - Workers' Compensation:

1. An employee who is absent from duty because of a temporary disability which is defined as industrial under the Workers' Compensation Act, but who is not granted industrial leave (or has exhausted the full year of industrial leave) may use accumulated leave credits.
2. An employee who is using leave credits to cover such an absence, and who is granted a temporary disability allowance under the provisions of the Workers' Compensation Act, shall not receive compensation in excess of his or her regular full salary for this period.

D. Holidays During Annual Leave:

1. Eligible employees shall be entitled, without loss of pay, to the holidays defined in Section 21.04 of the Municipal Code, or to compensatory time off. All eligible employees shall be entitled to the same number of holidays. (See Index Code H-2, Holidays.)
2. If a City holiday falls on a scheduled day of annual leave, it shall be counted only as a holiday observed, not as a leave day used, except for uniformed police and fire classes, in which case the holiday will be counted as a leave day and the employee will be credited with eight hours of compensatory time.
 - a. Full-time, three-quarter time, and one-half time employees are entitled to eight, six, and four hours holiday credit, respectively.
 - b. When a holiday causes a one-half time or three-quarter time employee to receive less than his or her normal paycheck, the employee may use either compensatory time or annual leave credits to make up the difference.

E. Pay in Lieu of Annual Leave:

1. The following pay-in-lieu policy applies unless otherwise provided in a current ratified memorandum of understanding or administrative policy.
2. Yearly:

Employees may make up to two requests for payment in lieu of annual leave each fiscal year. The total of both requests cannot exceed 125 hours each fiscal year. Requests for payment in lieu of annual leave may be made if the employee has sufficient hours of earned leave credits unless pay-in-lieu payments are superseded by restrictions in current ratified memoranda of understanding.

In addition, employees in the Fire Representation Unit must meet the

4. Military Leave: Employees going on extended Military Leave who are otherwise eligible, may be paid for accumulated annual leave credits. (See Index Code I-10, Military Leave.)

SICK LEAVE

I. **AUTHORITY:**

A. Civil Service Rule X, Section 4. SICK AND EMERGENCY LEAVES.

II. **POLICY:**

A. Intent:

1. The intent of this Policy is to allow continued use of sick leave credits accrued prior to September 4, 1981, for those employees who are unable on account of illness or injury to perform the duties of their positions or who would expose fellow workers or the public to contagious disease and are thereby forced to be absent from employment, and to provide necessary time off from work for medical and dental care, subject to administrative regulations designed to prevent malingering or abuse of these privileges.

B. Sick Leave Usage:

1. Accumulated sick leave credits should be regarded by all supervisors and employees as valuable, free health and welfare insurance which, in the best interests of all employees, should not be dissipated or abused. Sick leave is not a "right." Sick leave is a privilege, to be used carefully.
2. Sick leave credits may not be used to supplement industrial leave or long-term disability payments.

C. Departmental Control:

1. Each department head is responsible for controlling the use of sick and emergency leave within his/her department. Records of individual sick leave usage should be maintained so that corrective measures may be taken when improper, repetitious, or inappropriately prolonged uses of sick or emergency leave are discovered. Excessive sick leave for personal illness which interferes with the employee's proper performance of duties should be reflected on the employee's Performance Reports, with appropriate explanation and comment.

PERSONNEL MANUAL

Leaves of Absence

SICK LEAVE

2. The appointing authority may require the employee to furnish satisfactory evidence substantiating the facts justifying any sick or emergency leave request.
 3. If, in the opinion of the department head, an employee is unable to safely perform his or her duties the employee should be encouraged to use sick leave credits in order to seek medical attention to fit himself or herself for the proper performance of assigned duties. If the employee declines the use of sick leave credits and does not take corrective action, the department head should consider the options presented under Compulsory Leave. (See Index Code I-6, Compulsory Leave.)
 4. Medical examination by the City's examining physician may be requested by the Appointing Authority, with the approval of the Personnel Director, after prolonged, serious, or repetitious illness, injury, or major surgery.
 - a. An employee's return to duty following sick leave is subject to the approval of the Personnel Director based upon medical information supplied by the employee's physician and/or the City's examining physician. (See Index Code C-4, Medical Examinations.)
 5. Cases of sick leave abuse should be discussed with the Office of the Mayor and/or the assigned Personnel Liaison Analyst so that appropriate disciplinary action may be taken in accordance with Index Code L-2, Discipline.
- D. Sick Leave - Workers' Compensation:
1. An employee who is absent from duty because of a temporary disability which is defined as industrial under the Workers' Compensation Act, but who is not granted industrial leave (or has exhausted the full year of industrial leave) may use accumulated sick leave credits.
 2. An employee who is using sick leave credits to cover such an absence, and who is granted a temporary disability allowance under the provisions of the Workers' Compensation Act, shall not receive compensation in excess of his or her regular full salary for this period.

PERSONNEL MANUAL

Leaves of Absence

SICK LEAVE

- a. The absence shall be charged against the employee's accumulated sick leave credits.
 - b. However, sick leave credits equal to the amount of the temporary disability allowance shall be reimbursed to the employee's sick leave account.
- E. Changing Scheduled Annual Leave to Sick Leave: An eligible employee who, while on scheduled annual leave, has suffered a serious disability due to injury or illness requiring professional medical treatment, and who by order of an attending physician has been confined to bed, or been seriously restricted in mobility for five or more consecutive days may request use of sick leave credits in substitution for scheduled annual leave during each full day of said serious disability and/or serious restriction. Such substitution of sick leave for annual leave shall not be made for periods of recuperation, during which time the employee has a reasonable degree of mobility and freedom from pain, or because of illness or death in the immediate family.
1. The appointing authority shall be notified by the employee of any request to change scheduled annual leave to sick leave as soon as possible and no later than the first day after return to work.
 2. The appointing authority shall provide the employee a copy of Form CS-14-25A, Request for Leave of Absence, and request full written information to include a medical report signed by the treating physician.
 3. The employee shall submit the completed Form CS-14-25A and a written statement giving the dates and full details of the disability and restriction to the appointing authority.
 4. The appointing authority shall review the request to assure it is in compliance with this policy. In questionable cases, the appointing authority should consult with the assigned Personnel Department liaison analyst.
 5. Upon endorsing a request, the appointing authority shall send all appropriate information to the Personnel Director for approval or denial. If the request is denied by either the appointing authority or the Personnel Director, the employee shall be informed of the reason(s) for denial.

SICK LEAVE

F. Terminal Sick Leave:

1. An employee who is totally unable to work, because of illness or injury, and who has made application and is being considered for disability retirement or termination, due to the medical prognosis as to length or permanency of his/her total inability to work, may be granted the terminal use of sick leave credits.
2. An employee who is able to return to light duty immediately prior to retirement or termination shall not be granted the terminal use of sick leave credits.
3. An employee who has applied for normal retirement, and who subsequently becomes totally unable to work because of illness or injury, may be granted the terminal use of sick leave credits upon transfer to the class of Terminal Employee.
4. Annual leave credits accrued during terminal sick leave may not be used or reimbursed unless the employee subsequently returns to active duty.

G. Sick Leave Reimbursement: See Administrative Regulation 95.90.

H. Emergency Leave: The term “emergency leave” as used in Rule X, Section 4, was devised to make a clear differentiation between sick leave credits used by the employee for personal illness and sick leave credits used for family emergency.

1. An eligible employee may be granted emergency leave with pay, chargeable to accumulated sick leave credits, not to exceed a total of 40 work hours (30 hours and 20 hours respectively for three-quarter and half-time employees) for each instance of emergency or critical illness or death of an immediate family member. In the case of illness immediately followed by death, an employee may be granted a maximum of 80 consecutive work hours (60 hours and 40 hours respectively for three-quarter and half-time employees) of emergency leave.
 - a. A brief explanation of the circumstances and family relationship in each case of emergency leave shall be shown on the Request for Leave of Absence, Form CS-14-25A.

PERSONNEL MANUAL

Leaves of Absence

SICK LEAVE

- b. Substantiation of the necessity for emergency leave may be required at the discretion of the appointing authority.
- 2. It is Civil Service Commission policy to construe “attendance of the employee” to include passive presence with a critically ill family member when justified by humanitarian considerations.
- 3. The term “immediate family” as used in this section shall mean:

The employee’s spouse; children (including stepchildren and foster children); grandchildren; grandparents; parents (including stepparents and foster parents); brothers; sisters; domestic partners and any member of the employee’s household.

III. PROCEDURE:

- A. See Index Code I-1, Leaves of Absence, for information on processing routine sick leave requests.
 - 1. Appointing authorities and payroll clerks must be extremely careful not to report injuries - particularly potentially controversial cases such as back and knee injuries - as off the job, unless all facts are carefully checked and the injury is definitely not compensable under Workers’ Compensation rules. For on-the-job injuries see Administrative Regulation 63.00.
 - a. The employee’s sick leave credits will not be charged for the amount of temporary disability payments under Workers’ Compensation Act provisions.
 - 2. Pregnancy:
 - a. As soon as pregnancy is certain, the employee shall notify her supervisor of the expected date of delivery, and her preliminary plans, so that arrangements may be made to train a replacement.
 - b. The beginning date of sick leave usage shall be at the employee’s discretion, with the concurring written advice of her personal physician.

- c. If the employee exhausts her sick leave credits, or chooses not to use them, and will be absent without pay for more than 30 days, she must submit a request for Special Leave Without Pay. (See Index Code I-7.)

COMPULSORY LEAVE

- I. AUTHORITY: Civil Service Rule X, Section 8 . COMPULSORY LEAVE.
- II. POLICY:
 - A. This policy applies only to non-service-connected disability. (For service-connected disability, see Administrative Regulation 63.00.)
 - B. Compulsory leave shall be used only if the employee can reasonably be expected to recover the fitness necessary to perform the duties of the position, but cannot be persuaded to request a leave of absence.
 - C. In most instances, full performance of regular duties assigned to the class should be a basic requirement.
 1. Assignment to limited or light duty should be of short duration, generally not more than three or four weeks.
 2. Limited or light duty assignments should be approved only when it is clearly evident that such duty would not aggravate the employee's disability.
 3. If limited or light duty assignments extend beyond three or four weeks, and the possibility of complete recovery within an additional short period of time is not readily predictable, the appointing authority shall request the Personnel Director to study the employee's limited duties so as to assign proper classification and compensation to the work. If this action results in demotion, the employee may request a Special Leave Without Pay from the higher class (see Index Code I-7).
 - D. The employee's return to duty shall be determined by the appointing authority, based upon reliable medical information and the advice of the Personnel Director.
 - E. Compulsory leave without pay shall not exceed one year.

COMPULSORY LEAVE

III. PROCEDURE:

A. Appointing Authority Action:

1. When it is clearly evident that the employee cannot perform the regular or approved limited duties with safety (to the employee, co-workers, and/or the public), the appointing authority should persuade the employee to request appropriate leave and seek proper medical attention.
2. If the employee refuses to request appropriate leave and to seek proper medical attention, the appointing authority should immediately contact the Assistant Personnel Director to discuss scheduling the employee for a Fitness for Duty examination. The appointing authority will provide a written statement describing the employee's regular duties and the facts that cause the appointing authority to be concerned about the employee's ability to safely perform them. This will be provided to the examining physician by the Assistant Personnel Director.
3. The appointing authority will receive a report giving the employee's medical limitations and an estimated date when the employee can be expected to recover.
4. If the appointing authority determines that the employee's limitations cannot be accommodated and preclude the employee from working, and the employee still cannot be persuaded to request proper leave, the appointing authority, subject to approval of the Commission, may compel the employee to take Compulsory Leave pending recovery of the fitness necessary to perform the duties of the position.

B. Assistant Personnel Director:

1. The Assistant Personnel Director will review the request for consistency with applicable City policy and State and Federal law.
2. If approved, the Assistant Personnel Director will schedule the examination with an examining physician in the appropriate specialty.

3. Once the examining physician's report is received, the Assistant Personnel Director will advise the appointing authority and the employee regarding their respective rights and responsibilities.

C. Examining Physician:

1. The City's examining physician will perform an appropriate medical examination, with or without laboratory tests, as determined by the facts in each case.
2. The examining physician will promptly report the results of the examination, by telephone, to the Assistant Personnel Director or the assigned alternate, followed by a written report.
 - a. The examining physician will report only medical limitations, not a diagnosis.
 - b. This report will either include a medical opinion as to the date the employee may safely return to regular duty, or the examining physician will request that the Assistant Personnel Director schedule the employee for a medical recheck at a later date, before a final decision is reached.
 - c. The employee will be instructed to contact the appointing authority to obtain the administrative decision as to return to duty.

7. The employee must return to work prior to the expiration date of the leave, unless the leave is extended by the Commission.

B. Extension or Termination of Special Leave:

1. Approximately one month prior to the expiration date of a leave of absence, the Personnel Department will send a reminder to the employee, with a copy to the appropriate department head, that the leave will soon expire and that the employee must either apply for and be granted an extension, resign from leave, apply for and be granted retirement, or be discharged. Appropriate forms will be forwarded to assist the employee in implementing his/her decision.
2. Upon receipt of this written notice and forms, and prior to expiration of the leave, the employee must determine whether or not to request an extension. Requests for extension shall be processed as outlined in III. A. above.
3. An employee who desires to resign shall complete the Resignation Form and submit it directly to his/her department.
4. An employee who desires to retire shall apply directly to the City Retirement Board.

 - b. Certification shall be made in accordance with Civil Service Rule VI.

C. Attorney's Opinions:

1. The City is required to approve the use of leave for non-active duty, such as weekend or week-night duty but is not obliged to grant paid military leave for such drills.
2. The City may not require that an employee's work schedule be adjusted so that days off coincide with weekend military obligations.
3. An employee injured or exposed to disease in the course of military duty is not eligible for paid military leave to visit a military or non-military doctor or to recuperate unless ordered to active duty.
4. The City is not required to schedule or re-schedule examinations for employees on military leave.

II. **POLICY:**

- A. **Paid Military Leave Entitlement:** Any employee who has been in the service of a public agency for a period of not less than one year immediately prior to the date on which the prolonged active military duty or annual extended reserve duty starts shall be entitled to paid military leave. Service with the City and in the military constitute service in a public agency, and may be combined for the one-year requirement. The maximum paid military leave entitlement during any one fiscal year shall be no more than the pay for a period of 30 calendar days, unless otherwise provided in a current ratified Memorandum of Understanding or unless additional benefits are authorized by specific action of the City Council. Paid military leave shall not be granted for attendance at non-active duty such as weeknight or weekend training drills.
- B. For purposes of this benefit, Calendar days will be counted by identifying the first and last work days missed for a "set of military orders" and counting those days and all of the intervening days. If the employee has two or more "sets of military orders" (with less than a 24-hour gap between sets of orders) which represent one continuous period of time, then they shall be treated as one "set of military orders" for purposes of counting the length of Military Leave used.

3. If the employee does not request adjustment of the work schedule or the appointing authority does not adjust the work schedule and the employee's inactive drill training conflicts with the work schedule, the employee shall be granted leave without pay, or if requested and approved, use of accrued annual leave or overtime compensation credits.
 - a. Prior to the unpaid leave or annual leave, the employee shall submit a Request for Leave of Absence, Form CS-14-25C, showing "Inactive Drill Training" as reason for the request.

Paid military leave for part-time employees will be based on the average number of hours worked by the employee during the six pay periods immediately prior to the beginning of such leave and/or such average the employee was scheduled to work (as certified by the appointing authority and approved by the Commission) during the six pay periods immediately following such leave.
2. The employee will be given a Verification of Active Military Service, Form CS-ML-1, which must be completed by the commanding officer of the employee's military unit, following the employee's 30 days of active duty in the armed service, in order for the employee to receive separation pay as provided in the California Military and Veterans' Code.
3. An employee may elect to receive pay in lieu for unused annual leave credits if eligible as defined below, or these benefits may be left intact.
 - a. An employee who has completed one year of continuous service during which the employee was eligible to earn annual leave credits, shall be entitled to pay in lieu for unused annual leave credits. (See Index Code I-2)
 - b. An employee hired prior to July 1, 1975, shall be reimbursed for unused sick leave credits subject to the provisions in Administrative Regulation 95.90.
4. The City Attorney has opined that, upon return within the allowable time parameters of the Military and Veterans' Code, an employee who received pay in lieu for unused sick and/or annual leave credits has the right to reimburse the City that amount received via payoff and have those credits which were accrued prior to departure for military leave reinstated to the account.

 2. Eligible Employees may use Hourly Sick Leave (A.B. 1522) upon the 90th day of employment, which is measured by 90 actual days worked. The City will track each hour worked by an Eligible Employee using the attendance type input on the time card in SAP Employee Self Service (ESS) Time Management.
 3. Eligible Employees will be paid for use of Hourly Sick Leave (A.B. 1522) at the same hourly rate of pay as the Eligible Employee normally earns during regular work hours at the time the Hourly Sick Leave is taken, not including overtime pay. If an Eligible Employee in the 90 days of employment before taking accrued Hourly Sick Leave (A.B. 1522) had a different rate of pay, the City will pay the benefit at the highest pay rate earned in the prior 90 days of employment, as documented in the City's electronic payroll system.
 4. The City will maintain records, specifically written leave slips and electronic payroll records, for three years documenting the hours worked and Hourly Sick Leave (A.B. 1522) accrued and used by an Eligible Employee, and will make these records available to the Eligible Employee or the State of California Labor Commission as required or permitted by California law.

Grievances, Hearings and Investigations

GRIEVANCE PROCEDURES

I. AUTHORITY:

Council Policy 300-6, Employer-Employee Relations Policy.

II. POLICY:

The provisions of the following grievance procedure apply to employees in all classes which are not in a representation unit and all classes in representation units which are not covered by a ratified memorandum of understanding.

Employees in classes in representation units which are covered by a ratified memorandum of understanding shall have access to the grievance procedure provision contained therein.

- A. Employees have the right to file grievances without jeopardizing their positions.
- B. Employees may represent themselves or select whomever they wish to represent them at any or all steps in the grievance procedure as outlined below.
 - 1. The employee has the right to the assistance of a representative of his/her choosing in the investigation, preparation, and presentation of a written grievance with the exception that supervisory, management, or confidential employees as determined under the City's Employer-Employee Relations Policy may not represent non-supervisory, non-management or non-confidential employees.
 - 2. Employees may have no more than one City employee and one non-City employee as representatives for grievance hearings.
- C. The employee's first contact regarding job and working conditions is with the immediate supervisor and supervisors shall attempt to settle grievances informally at this level.
- D. A grievance will normally be presented and processed on City time, and a grievant attending a grievance meeting in his/her own behalf on City time will not lose pay. In scheduling the time, place and duration of any grievance meeting, the employee, his/her representative and management will give due consideration to all participants' responsibilities in the essential operations of the department. Management has the unequivocal right to schedule grievance hearings as convenient. Hearings may or may not be held during an employee's normal shift. No overtime pay will be given to the grievant. Representatives, witnesses, or

other participants will receive overtime pay if ordered to be present by the appointing authority.

E. Waivers and Time Limits:

1. Failure by management to reply to the employee's grievance within the time limits specified automatically processes the grievance to the next level.
2. Any level of review, or any time limits established in this procedure, may be waived or extended by mutual agreement confirmed in writing.
3. If an employee fails to appeal from one level to the next level within the time limits established in this grievance procedure, the grievance shall be considered settled on the basis of the last decision and the grievance shall not be subject to further appeal or reconsideration.
4. By mutual agreement, the grievance may revert to a prior level for reconsideration.
5. If a grievant fails to appear for a scheduled grievance meeting, such failure without an excuse approved by the appointing authority shall entitle management to decide on the grievance without the presence of the grievant, or to schedule another meeting at that level (in which case the time requirements for hearing and decision are automatically waived). Failure to appear at two meetings on the same grievance without an approved excuse automatically terminates that grievance and it is deemed denied. The grievance shall then not be subject to further appeal or reconsideration.
6. When a grievant is on approved leave the time limits established in this procedure shall be suspended for the period of the leave.
7. No grievance shall be finally dismissed for an unexcused failure to appear at a scheduled hearing unless the grievant had been given 24 hours notice of the hearing.

GRIEVANCE PROCEDURES

III. DEFINITIONS:

- A. A grievance is a claim or charge of misunderstanding, or difference in interpretation, or violation of provisions of the Civil Service Rules, the Personnel Manual, or management policy or regulations including but not limited to Administrative and Departmental Regulations which affect wages, hours, or other terms and conditions of employment.
- B. Whenever applicable, the term “working days” means the actual work days of the individual on whom the time limits are imposed.
- C. City Rights as expressed in the City’s Employer-Employee Relations Policy and actions covered by another appeals process as described in the Civil Service Rules or Personnel Manual are not grievable and shall not be processed through this grievance procedure.

IV. PROCEDURES:

A. General.

- 1. Management of the department has the responsibility to inform an employee of any limitation of a given level of management’s authority to fully resolve the grievance. In this regard, management shall:
 - a. Supply the employee with the necessary information to process the grievance to the proper agency or authority.
 - b. Advise an employee when any matter under submission is determined by Management as not grievable according to the definitions in Section III above. The “grievance” paperwork submitted by the employee shall be returned to the employee along with a memorandum explaining why the matter is not grievable and what alternative procedures, if any, the employee may follow to process his/her complaint. If a grievance is determined to be non-grievable, that decision may be grieved. A decision favorable to the employee in this latter grievance shall serve to reinstate the original grievance in whole.
- 2. When a group of identical grievances develops, only one grievance form shall be submitted. The grievants may select not more than two (2)

spokespersons who thereafter will be their representative “grievants.” The acceptance of the decision by the spokespersons at any step (or final decision if the grievance moves to the fifth step) will be binding on all parties.

3. A grievance shall be recognized if it is brought to the attention of the immediate supervisor either informally or formally within ten (10) working days of the incident’s occurrence.
4. If the grievance is between the employee and the immediate supervisor, the initial step may be to the next higher level or second level supervisor.
5. If the grievance system is abused by an unreasonable number of submittals by one individual or group obviously designed to thwart orderly processing, or if the grievances are patently irrelevant, or incomprehensible, they shall be rejected as “nongrievable” and returned to the grievant.
6. To be recognized, a grievance must state which policy, rule, regulation, etc., is involved in the matter and the nature of the remedy sought by the employee or employee’s representative.

B. Steps.

- Step 1: At the employee’s or his/her representative’s sole option, grievances may be presented to the supervisor either orally or in writing. If the complaint is presented orally, the procedure is informal and may be settled by an oral answer given within five (5) working days. If the grievance is presented in writing, the procedure is formal and the answer must be given in writing within five (5) working days after submission.
- Step 2: If the problem cannot be solved at Step 1, the employee or his/her representative may present the complaint in writing to the second level supervisor (if not done as Step 1) within five (5) working days. Within ten (10) working days of the receipt of the grievance, a hearing shall be held and the management representative shall give a written decision to the employee and/or to the employee’s representative.

GRIEVANCE PROCEDURES

- Step 3: If the problem is not resolved at Step 2, the employee or his/her representative may submit the grievance to the division head within five (5) working days. Within ten (10) working days of the receipt of the grievance, a hearing shall be held and the division head shall give a written decision to the employee and/or to the employee's representative. In smaller departments, this step is deleted.
- Step 4: If the dispute is not solved in Step 3, the employee or his/her representative may present the grievance to the Department Head within five (5) working days. Within ten (10) working days of the receipt of the grievance, a hearing shall be held and the Department Head or his/her designee shall give a written decision to the employee or to the employee's representative. In non-mayoral departments this shall constitute the final resolution of a grievance involving management policy or regulations.
- Step 5: Final Resolution of Grievance: If the grievance is still in dispute after Step 4, the employee or his/her representative may request a further hearing, which at the discretion of the Management Team will take place before the Civil Service Commission, on matters over which the Commission has authority, or before the Mayor or his/her designee, by submitting the grievance within five (5) working days. (If it is determined that the hearing should be held before the Civil Service Commission, a fact-finding hearing to define the issues in the grievance will be held by the Personnel Director with the employee and/or employee's representative prior to the date set for the Commission hearing. The grievance may be settled during such fact-finding hearing, if a mutually acceptable solution is developed.) A time shall be set for the hearing. The decision of the Commission or the Mayor shall be issued after the hearing. The employee or employee's representative may only request a hearing before the Civil Service Commission in matters solely involving Civil Service Rules or the Personnel Manual.

A. EQUAL TREATMENT

All employees shall be treated equally without regard to race, color, sex, creed religion, national origin, age, marital status, ancestry, medical condition (i.e., AIDS/HIV, history of cancer), pregnancy, disability, or sexual orientation in all employment matters, including, but not limited to, promotions, transfers, job rotation, training, work assignments, hiring, merit increases, overtime, awards and discipline. It is the expectation that every employee will support the principles of equal opportunity and equal treatment and that every City employee is provided a discrimination-free environment.

B. HARRASSMENT-FREE WORK ENVIRONMENT

All employees shall be provided a work environment free from harassment. Harassment creates a negative atmosphere that reduces work productivity and morale, undermines the integrity of the workplace, and destroys professionalism. Harassment includes any unwelcome, unsolicited and/or unwanted behavior towards coworker, subordinates, supervisors, or volunteers, that offends, humiliates, embarrasses, intimidates, or otherwise causes distress because of a person's race, color, sex creed, religion, national origin, age, marital status, ancestry, medical condition (i.e., AIDS/HIV, history of cancer), disability, or sexual orientation. Examples include the use of derogatory comments, slurs,

The City has a Zero Tolerance Policy on harassment. This means the City will not condone, permit, or tolerate harassment of employees in any manner whatsoever. It is the intention of the City to ensure that this policy is fully enforced and that every City employee is provided a harassment-free environment.

III. PROCEDURE:

A. Filing Complaints:

1. A complaint of discrimination on the basis of race, color, religion, sex, national origin, ancestry, age, medical condition (history of cancer only), marital status, sexual orientation, or physical or mental disability may be initiated by an employee, former employee, or applicant for employment concerning an employment practice of the City.
 - a. Employees may choose to file a complaint with the Department Equal Opportunity Liaison who serves as an initial point of contact for employees and management regarding the early resolution of issues pertaining to sexual harassment, biases, or discrimination in the workplace.
 - b. Complainants may represent themselves or be represented by another person at the presentation of their complaint and/or throughout the investigative and resolution process.
 - c. An employee may meet with the Personnel Department's Equal Employment Investigative Officer (E.E.I.O.) regarding a complaint during regularly scheduled work hours. For the purposes of coordination between the work schedule or duties of the complainant and the operational demands of that department, requests to meet with the E.E.I.O. during working hours must be approved by the employee's supervisor. An employee who requests it shall be granted reasonable time off for this purpose.
2. Complaints should always be filed within the time frame established by

C. Acceptance or Rejection of Complaints:

1. Upon receipt of a complaint, the E.E.I.O. shall make whatever inquiries are necessary to establish:

The E.E.I.O. shall also advise the complainant of rights to pursue the complaint through the appropriate State or Federal agencies.

2. If a complaint is rejected, the E.E.I.O. shall so notify the complainant and shall inform the complainant of rights to pursue the complaint through the appropriate State or Federal agencies.
3. If the E.E.I.O. determines that the complaint falls within the authority of the E.E.I.O. and reasonable grounds exist to establish the possible validity of the complaint, the E.E.I.O. must accept the complaint.

D. Investigation:

 - (1) If the Hearing Officer concurs with the AcauseA finding, the E.E.I.O. shall notify the appellant of his or her rights to pursue the complaint through the appropriate State or Federal agencies.
 - (2) If the Hearing Officer does not occur with the Acause@ finding, he or she may order any remedy provided in the Civil Service Commission Rules.
 - (3) In all cases the Hearing Officer’s decision will exhaust the employee=s administrative remedies within the City of San Diego=s Discrimination Complaint Procedure.

The findings of the Hearing Officer will be considered administratively final. No further Civil Service Commission review will be permitted.

EMPLOYEE COUNSELING

I. POLICY:

- A. On the job counseling is an important part of a supervisor's duties. Supervisors should be aware of any personal or job-related problems that interfere with an employee's work performance. The supervisor should only be concerned with the employee's job performance and should limit advice to ways the employee may improve performance on the current job or eligibility for advancement.
- B. Supervisors should not involve themselves in an employee's life outside of work, unless asked by the employee. A supervisor may effectively assist in solving the employee's non-job related problem by referring the employee to the City's Employee Assistance Program or other outside program. Personal counseling, adjustment, evaluation, treatment and other such services will be the responsibility of the program the employee selects.
- C. In no case should a supervisor attempt to make a personal decision for someone else. Whether the employee uses the services of any program is entirely the employee's responsibility.
- D. Payment for any services related to this program will be the responsibility of the employee.

II. PROCEDURE:

A. Job Counseling:

- 1. Routine job-related difficulties should be answered by the immediate supervisor, or, if necessary or requested, should be referred to a higher level supervisor.
- 2. For specific advice on educational and training opportunities, an employee should be referred to:
 - a. the departmental training program for training that is directly related to the current job or advancement in the current job family, and/or;
 - b. the City's Career Development Program for information on career opportunities throughout the city.

3. Employees who are interested in promotional opportunities or transfers, or who have questions on personnel matters under the purvue of the Civil Service Commission should be referred to the Personnel Analyst assigned to their department. (See also Personnel Manual Index Code E-7, Transfers and Demotions.)

B. Personal Counseling:

1. When an employee's job performance has deteriorated due to an apparent personal problem, the supervisor should suggest the employee contact the Employee Assistance Program or other program for assistance.
2. In any case, the supervisor shall inform the employee that utilization of any program is purely voluntary on the employee's part and that costs, if any, for such service are borne by the employee.
3. If no improvement occurs as a result of assistance, or if the employee rejects assistance and job performance continues to be unacceptable, the supervisor shall follow appropriate disciplinary procedures to address the issue of poor job performance. (See Personnel Manual Index Code L-2, Discipline, and Index Code I-6, Compulsory Leave.) Mere refusal by the employee to seek assistance is not a valid reason for disciplinary action.

C. Financial Counseling:

If an employee's supervisor receives notification from a firm, collection agency, or other source that a debt is owed by the employee, the information should be immediately turned over to the employee. The supervisor should not attempt to ascertain the validity of the debt, collect the money, or determine the method of payment. This is a personal matter between the employee and the creditor. The supervisor may suggest that the employee seek financial counseling, if necessary, and refer the employee to the Employee Assistance Program for appropriate community resources for financial counseling.

D. Retirement Counseling:

An employee who is planning retirement, or who is leaving the City employment, should consult the Retirement Department to discuss available retirement benefits.

“The rights of the City include but are not limited to the exclusive right to...determine the procedures and standards of selection for employment and promotion; direct its employees, take disciplinary action for just cause; relieve its employees from duty because of lack of work or for other legitimate reasons;....”

II. POLICY:

- A. Policy Statements: Departmental policy on discipline should be published and made known to all employees.
 - 1. Such a policy declaration should state the conditions under which corrective actions will be taken, what they consist of, and the City’s position regarding fairness, consistency, adequate investigation, and review or appeal rights.
 - 2. There must be a clear-cut definition of the responsibilities of all who are concerned with disciplinary matters. Special emphasis must be given the role of the supervisor at each level of the hierarchy, the limits within which each must operate, the sphere of interest of top management, and the role of the Personnel Department and the Civil Service Commission.
- B. Records: Complete records of corrective actions are necessary. Records must include identification of the employee, the nature of each offense, a description of the investigation, the facts discovered by investigation, the action taken, and the results of the action.
- C. Employee Representation: The provisions of the following employee representation policy apply to employees in all classes which are not in a representation unit and all classes in representation units which are not covered by a current ratified memorandum of understanding. as provided therein, with the stipulation that a nonsupervisory employee may not select a supervisory employee as his/her City employee representative unless specifically granted this right by a current ratified Memorandum of Understanding. An employee may request representation, not to exceed one City employee and one non-City employee, to be present:

1. at any investigatory or fact-finding meeting which may directly result in reduction in compensation, suspension, discharge or demotion, except in cases requiring immediate removal or suspension as defined in Civil Service Rule XI, Sections 4 and 6 and Personnel Manual Section L-2, III, E.;
2. during the required discussion of any document, including an "Unsatisfactory", "Improvement Needed", or "Below Standard" Performance Evaluation, written warning, or reprimand which is to be made part of the employee's permanent record and/or which may be used as a basis for subsequent discipline, provided, however, that the "City employee representative" shall not be an employee subject to the same investigation or fact finding. The employee may appeal for cause the placement of such document in his/her permanent record by submitting an appeal letter, within 10 working days of the employee being notified that any such document is to be placed in his or her file, containing pertinent details of the basis for the appeal, to the Department Head. As soon as possible after receiving the appeal letter, which becomes an attachment to the document in question, the Department Head or designee will schedule a hearing on the matter. The employee is entitled to representation at such hearing. After the hearing the Department Head or designee will make a final decision as to whether the written document will be retained in or removed from the employee's record.

In all other instances, Management has the right to counsel employees as it deems appropriate without employee representation being present.

III. TAKING CORRECTIVE ACTION:

- A. Supplemental Performance Report: A supplemental performance report should be used to notify an employee that his or her overall performance is below standard. This form should be filled out in accordance with Personnel Manual Section G-7.

NOTE: For departments that have not yet been provided training on the use of the new Employee Performance Review Program, Supplemental Performance Reports should be completed in accordance with Personnel Manual Section G-5.

- B. Warning: As opposed to a supplemental performance report, the use of a warning should be limited to a specific incident or aspect of the employee's performance. It is less serious than a reprimand in that it may be issued by an immediate supervisor. A warning must be in writing and inform the employee that there must be improvement or more serious disciplinary action will be taken. Because there is this possibility of further disciplinary action, the employee does have the right to have a representative present.
1. If appropriate, the supervisor should specify a date on which the employee's performance will again be reviewed.
 2. If at the time the warning is being issued the employee requests representation, the meeting should be terminated and rescheduled at the earliest possible date.
 3. Sufficient copies of the record of warning should be prepared for the files. The employee and the supervisor should sign and date the official record copy to indicate receipt of the warning. If the employee refuses to sign, this should be noted by the supervisor on the record.
- C. Reprimand: A reprimand is a more serious disciplinary action than a warning and can only be issued by a division head or higher authority. It must be in writing and must notify the employee that unless there is immediate improvement suspension, reduction in compensation, or termination will result.
1. If appropriate, a date should be specified on which the employee's performance will again be reviewed.

The employee and the authority issuing the reprimand should sign and date the official record copy to indicate receipt of the report. If the employee refuses to sign, this should be noted on the record by the issuing authority.

(NOTE: The Memoranda of Understanding covering represented employees contain provisions limiting the consideration of reprimands and written warnings for purposes of promotion, transfer, special assignments and disciplinary actions. The Memorandum of Understanding for each unit should be consulted to determine the appropriate retention and use of such documents.)

D. Reduction in Compensation: The compensation of an employee may be reduced within the salary range of the employee's classification whenever the employee's performance is below the standards established for the employee's position. Such reduction in compensation can only be ordered by a division head or higher authority.

1. The procedures and appeal rights provided below apply to all City employees unless provided otherwise in a current ratified Memorandum of Understanding. The compensation of such employees may be reduced a maximum of 2 steps within the salary range of the employee's current classification.
 - a. Procedure for Reduction in Compensation: An employee's compensation shall be reduced only upon the completion of the following steps:

- E. Suspension: An employee may be suspended only by the department head or higher authority. Suspensions are appealable pursuant to Civil Service Rule XI.
- 1. A department head and all those supervisors he or she may designate, shall have the power to immediately suspend an employee if it is deemed necessary in order to maintain the safety of the community or the reputation, morale and harmony of the organization. Such suspensions may be made for purposes of:

DISCIPLINE

- a. Immediate removal when the employee's continued presence at the work site could have detrimental consequences. Such suspensions shall be limited to the remainder of the regularly scheduled work day. Employee representation is not required when immediate removal is effected.
 - b. Nondisciplinary removal pending investigation into charges of misconduct against the employee. Investigation shall be made as quickly and as thoroughly as possible. In no case shall such suspension exceed thirty (30) calendar days.
 - (1) Suspensions pending investigation are not subject to appeal before the Civil Service Commission.
 - (2) If the charges against the employee are substantiated by the investigation, appropriate disciplinary action may be taken in accordance with the remaining provisions of this Manual Section; including the requirements of notices and opportunity to respond granted to the employee. The term of suspension pending investigation shall be considered by the appointing authority when taking disciplinary action.
 - (3) If the charges are not proved by the investigation or if the investigation is not completed within 30 days, the employee will be returned to work with back pay and all rights and benefits restored.
2. Any suspension order made under the above authority shall be in writing and shall be handed to the employee immediately. If applicable, the order shall specify the exact number of unworked hours remaining in the workday after said suspension. A general reference to Civil Service Rule XI shall be made and copies of said suspension order shall be promptly forwarded through channels to the department head and the Personnel Director.
 3. The concurrence of the City Manager (for managerial departments) must be obtained for any suspension, whether for purposes of discipline or investigation, which is for six or more work days.

4. Suspensions may be made for “one or more periods aggregating not more than 90 days in a calendar year.” (Quoted from Rule XI.)
5. Prior to making a decision to suspend an employee for disciplinary purposes, the department head or designee shall first conduct a complete investigation and gather all of the facts and materials upon which the proposed charges are to be based.
6. The employee shall then be interviewed by the department head or designated alternate and shall have the right to be accompanied by a representative. The purpose of the interview is to:
 - a. discuss the proposed charges and any action that may reasonably be anticipated;
 - b. provide the employee with a written copy of all charges and, if possible, copies of any materials to be used to support the charges;
 - c. provide an opportunity for the employee to respond to the charges. The employee may respond either orally or in writing and must be given time to repair the response. The amount of time given should be commensurate with the complexity of the charge, the severity of the proposed action, and the urgency of the situation.
7. The department head shall advise the employee that all facts and information will be evaluated and, if necessary, investigated further prior to a determination being reached on action, if any, to be taken.
8. The employee shall be notified in writing of the final decision. This notice shall put any disciplinary action into effect and will include: a statement of charges upon which the action is based, and notice of the employee’s right to appeal to the Civil Service Commission.
 - a. Notice of suspension must be signed by the department head, prepared in sufficient copies for immediate and direct distribution without delay to the Personnel Director and (for managerial departments) to the City Manager.

 - (1) “This notice of disciplinary action was handed to (employee’s name) in the presence of (witness) on (date).”
 - (2) “Receipt of this memorandum is acknowledged.” (To be signed on all copies by the employee.)

NOTE: If the employee should refuse to sign such receipt, a signed notation to that effect on official copies of the notice shall suffice.

- c. Notice of suspension should be handed to the employee, whenever feasible, before the employee has left the work premises. In any event, proof of delivery and the date of delivery is mandatory so there will be no doubt as to the beginning of the appeal period in the event that the employee wishes to appeal to the Commission. If the notice cannot be given to the employee before leaving the work premises or cannot be delivered by the supervisor at the employee’s home, a postal return receipt for certified mail must be used.

- 9. If the employee wishes to enter a formal appeal to the Civil Service Commission, it must be done within five working days after receipt of written notice of suspension.

- a. Demand for formal hearing shall be in writing and must be delivered to the Personnel Director, or designated alternate, within the five-day appeal period.
- b. The Personnel Director will arrange for any feasible informal discussion, or a public hearing whenever the employee wishes to carry the appeal to the Commission.

- F. Demotion or Discharge: The City Manager (for managerial departments) or the department head (for nonmanagerial departments) is the only authority who may discharge or force the demotion of a permanent employee.

3. The employee considered for demotion or discharge shall be given full explanation as to the employee's appeal rights, with instructions on how to proceed.

It is important, however, that the appointing authority take a judicious approach to any of these actions which affect other employees. The reputation of the City can be jeopardized seriously by careless personnel action.
 - b. The specific procedures necessary to support a discharge or demotion are the same as those outlined above for suspension; they must be followed even more meticulously in these more serious actions.

HEARINGS

III. PROCEDURE:

- A. The Personnel Director shall acknowledge all appeals by certified mail and inform the appellant whether the appeal meets the requirements prescribed by Rule XI.
- B. A public hearing shall be scheduled before the Civil Service Commission as follows:
 - 1. The appellant shall be notified of the date by certified mail not less than 30 days prior to the scheduled date. Upon agreement by both parties, the notice hereunder can be reduced from 30 days to that which is agreeable by the parties. Copies of the notice of hearing date shall be sent to the appropriate representatives of the appellant and the appointing authority.
 - 2. A public notice shall be posted on the Personnel Department bulletin board at least 72 hours before the hearing is to take place.
 - 3. The Commission strongly disfavors requests for continuances less than 30 calendar days prior to the hearing date for reasons other than exigent, unforeseen circumstances such as illness or accident.
- C. Hearings of appeals of terminations, demotions, suspensions and compensation reductions will be assigned to individual Civil Service Commissioners on a rotating basis at the time of the pre-hearing conference with the appellant, his/her representative, the appointing authority, and the Civil Service Commission's staff. Based upon the order of rotation, the next two Commissioners available for hearings will be identified. The appellant will be allowed to select one of the two identified Commissioners as the Hearing Officer.
- D. If the appellant or the appointing authority has an objection for cause to a specific Commissioner acting as the Hearing Officer that objection is to be made prior to the identification of the next two Commissioners in the rotation. The objection must be based on a conflict of interest or other legally recognizable good cause. If the individual Commissioner agrees to being removed, the next Commissioner in rotation will be identified and may be selected. If the individual Commissioner does not agree to being removed, the objecting party may request that the Civil Service Commission remove the individual Commissioner from the rotation. The

decision of the Civil Service Commission in this matter is the final administrative resolution.

- E. If the appellant or the appointing authority requests that an appeal be heard by a quorum, the Commission will consider the request and based on good and sufficient cause, assign additional Commissioners to hear the appeal. Such request shall be made prior to the two potential Hearing Officers being identified.
- F. Notwithstanding the provisions of the foregoing, and with or without requests or objections by the appellant or the appointing authority, the Civil Service Commission retains at its discretion, the authority to assign additional Commissioners to a hearing, or replace in rotation any Hearing Officer based upon good factual cause. The timing and procedures for this will be at the discretion of the Commission and will be done at a noticed public hearing.
- G. The Commission will provide an opportunity to schedule and complete appeal hearings within ninety days of the Commission's receipt of the appeal request. The decision of the Commission will be released within the same time period. If ninety days is exceeded in the completion of a hearing, the appellant or the appointing authority may request a written explanation for the delay. A delay in scheduling may also be requested by either the appellant or the appointing authority and will be considered by the Commission. The provision relating to the 90-day period for a decision may be waived by the employee, but if not so waived, a failure to render a timely decision is an exhaustion of all available administrative remedies.
- H. When an objection arises as to the admissibility of peace officer personnel records during the conduct of a disciplinary appeal hearing, it is the policy of the Commission to conduct an in camera review of such records to determine the relevancy of the records offered for admission prior to ruling on the objection. The Commissioner(s) hearing the appeal shall determine the specific method and timing of the in camera review and the manner in which the records, if any, shall be admitted into the record of the hearing.
- I. The final written report on the findings and conclusions of the hearing will be released within forty five days of the announced decision.
- J. The Commission shall make its findings of fact and final decision in closed session.

LAYOFF

I. AUTHORITY:

- A. Charter Section 129. REMOVALS SUSPENSION AND LAYOFFS.
- B. Civil Service Rule V. LAYOFF AND RE-EMPLOYMENT.

II. DEFINITIONS:

- A. Continuous Service is the length of time an individual has been employed with the City without a break in service.
- B. Equal or Higher Ranking Class is the relative position of a class based on its maximum salary level as determined by the current Salary Ordinance.

III. PROCEDURE:

- A. Preliminary Action: When it becomes necessary to effect a reduction in the number of employees, a coordinated effort between the Personnel Department, Mayor and appropriate department and division heads is required in order to avoid disruption of morale, loss of employment and unproductive compilation of layoff lists.
 - 1. Before requesting a layoff list the necessity for and the timing of the layoff should be determined with certainty.
 - 2. Depending on the scope of the reduction in force, a survey of possible future vacancies in the same or related classes should be conducted within the affected department, division and/or on a City-wide basis.
 - 3. For possible use in voluntary transfers or demotions in lieu of layoff, vacancies in similar and lower classifications should be held unfilled until final layoff actions have been concluded.

B. Request for Layoff List:

1. The department head shall prepare, in memorandum form addressed to the Personnel Director via the Mayor, a request for an official layoff list specifying:
 - a. the authority and reason for the layoff,
 - b. the program, classifications and the number of positions in each class affected,
 - c. the effective date of the layoff.
2. When a function is transferred from one department to another department, the incumbents of all positions transferred shall remain in the original classifications, for purposes of seniority determination, until final layoff actions have been concluded.
3. The Mayor will record a final decision on the need for and the effective date of the layoff and will approve, disapprove, or amend the request accordingly, with appropriate notice to the departments concerned.

C. Promulgation of Layoff List: Upon receipt of an approved layoff list request, the Personnel Director shall compile a list of all regular City employees in the affected class in the appropriate order of layoff.

1. The order of layoff for a class is Provisional, Limited, Probationary, and Permanent. All employees in each category of the class are to be laid off before progressing to the next category.
2. Within each Provisional, Limited, and Probationary category, the order of layoff is determined by the appointing authority.
3. The order of layoff for permanent employees in a class or subdivision thereof is determined by City-wide seniority. Seniority shall be computed according to the length of last continuous service in the class or subdivision thereof or an equal or higher ranking class; except that for classifications in the Fire representation unit, seniority shall be computed according to the length of last continuous service in the class or

subdivision thereof, or an equal or higher ranking class in the same occupational group. However, for the employees in the Fire Fighter III classification, seniority for the purpose of layoff shall be computed according to the length of the last continuous service in the classes of Fire Fighter III, Fire Fighter II and Fire Fighter I. Ties shall be broken by first considering the length of total City service, and then at the discretion of the appointing authority, who shall take into consideration documented employee performance, special qualifications and other job-related factors.

4. A reduction in force in a class designated by the Civil Service Commission as part of a Career Advancement training system shall be effected in the lowest class possible in the career series.
5. The effect of a layoff on employees employed by grant or federally funded programs will be subject to terms of the appropriate contract.
6. The layoff list will be sent to the requesting department head, via the Mayor's office, with copies to the heads of any other departments affected.
7. The appropriate appointing authority shall inform all personnel affected by the layoff and, if appropriate, shall post the official layoff list.
8. Whenever possible, affected employees should be counseled individually and/or collectively as to the possibility of transfer or demotion, and as to their re-employment rights.

D. Transfer/Demotion in Lieu of Layoff:

1. The Personnel Director shall survey all departments to determine whether there are vacancies in the affected class or classes of equal or lower rank to which employees may transfer or demote.
2. When the Personnel Director certifies such a transfer is necessary to avoid layoff, the appointing authority with such a vacancy must appoint the employee(s).

- E. Bump Rights: If employees affected by the layoff have bump rights, it may be necessary for an employee to “bump” an employee with less seniority in the class. An employee exercising bump rights replaces the employee with the least seniority in the class.
1. A permanent employee who is bumped may in turn exercise bump rights and compete for a position in classes of equal and successively lower rank in which he or she has served satisfactorily.
 2. A probationary employee who has previously attained permanent status without a break in service, may exercise bump rights and compete for a position in the class in which permanent status was attained or equal and successively lower classes in which he or she has served satisfactorily.
 3. A limited employee who has previously obtained permanent status without a break in service, may exercise bump rights and compete for a position in the class in which permanent status was attained or equal and successively lower classes in which he or she has served satisfactorily. A limited employee, who has served satisfactorily at least six months in limited status, and who, without fault or delinquency on his or her part, resigns, is demoted, or is terminated due to lack of funds or work, may request reinstatement to the eligible list. (See Index Code E-3, Reinstatement.)
- F. Individual Notice of Layoff: If transfer or demotion is not possible and a final decision is reached to lay off one or more employees, the following action shall be taken:
1. Each affected employee shall receive written notice from the appointing authority specifying the exact date termination is to be effective; when possible, at least one week’s notice should be given.
 2. A copy of the termination notice showing effective date shall be sent immediately to the Personnel Department so as to establish the beginning date of the rights of the employee.

UNEMPLOYMENT COMPENSATION PROCEDURES

- I. **AUTHORITY:** California Unemployment Insurance Code
- II. **DISCUSSION:** The California unemployment security system, based on the Unemployment Insurance Code, is designed to assist the prompt reemployment of persons seeking work and to reduce the hardship of the involuntarily unemployed. The City is required to fund the cost of unemployment compensation benefits for qualified claimants. Every separating employee may be eligible for up to several thousand dollars in benefits payments. Consequently, supervisors, department heads and the Personnel Department must implement and diligently maintain procedures which will assure the successful challenge of improper claims and thereby minimize the City's liability.
- III. **POLICY:**
 - A. The Personnel Department is responsible for administering the City's participation in the Unemployment Compensation Program, including processing benefit claims and presenting appeals to the California Unemployment Insurance Appeals Board.
 - B. Department Heads are responsible for establishing and maintaining staffing patterns and personnel practices which minimize the City's exposure to benefit payment liability. This responsibility should be performed consistent with the need to provide necessary service to the public. The Personnel Department will assist in providing counsel concerning potential liability.
 - C. Department Heads or their designees on request of the Personnel Department or on their own initiative are responsible for providing claimant information to the Personnel Department unemployment insurance representative which may be used to minimize the City's liability.
 - D. Department Heads or their designees are responsible for originating and maintaining limited availability forms, CS-40(LAF), for all hourly and other part-time employees.
 - E. Individual supervisors are responsible for investigating the reasons for all separations from City service and reporting that information to the Personnel Department in an expeditious manner on the Supervisor's Employee Separation Reporting Form, CS-40(UI).
 - F. Hourly employees who refuse work are not eligible for unemployment compensation benefits. Individual supervisors are responsible for keeping records of all work refusals made by hourly employees in order to avoid unwarranted payments to employees who have refused work. See "Supervisor's Instructions," Limited Availability Form, CS-40 (LAF).

- G. Occasionally, the State Employment Development Department may verbally request claimant information directly from City supervisors. In responding to these oral requests, supervisors shall first consult with a Personnel Department's unemployment insurance representative for authorization and shall then fully provide the State with information needed. Written claimant information shall be provided to the Employment Development Department only by the Personnel Department's unemployment insurance representative.

IV. SUPERVISOR'S EMPLOYEE SEPARATION REPORTING PROGRAM: (Form CS-40-(UI))

- A. In order to successfully administer this program, considerable information is required about all separating employees, classified and unclassified. Supervisors or others designated by their Department Head shall:
1. Complete a Supervisor's Employee Separation Reporting Form on all separating employees. For purposes of this program, separation means:
 - (a) Quit - When an employee has resigned voluntarily, or when an individual resigns in lieu of being discharged.
 - (b) Discharge - When an employee has been fired or terminated from City employment, including failing the initial probationary period.
 - (c) End of Limited Appointment - When an employee is separated at the time a job of specific duration comes to an end. This should not be used in the case when an employee is discharged before the job ends.
 - (d) Layoff - When an employee is separated from City employment because of lack of work or funds. This should not be used in the case when an employee is discharged.
 - (e) Failed Probation (Involuntary) - When an employee is involuntarily returned to a prior City job. (see discharge).
 - (f) Failed Probation (Voluntary) - When an employee voluntarily chooses to return to a prior City job.
 - (g) Disability Retirement - When an employee retires on a disability pension as approved by the City's Retirement Board.

- (h) Service Retirement - When an employee separates from the City on a pension, but has not reached the mandatory retirement age and is not on a disability pension. (For unemployment compensation purposes, this type of retirement is considered a voluntary quit.)
- (i) Other Absence of More Than 5 Workdays - When an employee is on unauthorized leave or suspension.
- (k) Deceased - Self-explanatory.

- 2. Compile all data which may be useful in constructing a complete story leading up to the separation. See suggested areas of inquiry in the Addendum to this section.
- 3. Make available to separating employees Form CS-40(UI-1), which gives information concerning unemployment compensation and the City's official address.
- 4. Forward all reports immediately to the Personnel Department, Records Section.

- B. If appropriate, a blue resignation form (CS-P-2) shall be completed by all resigning employees. This form should be attached to the Supervisor's Employee Separation Reporting form, CS-40(UI).

V. RECEIPT OF UNEMPLOYMENT COMPENSATION CLAIMS AND RELATED FORMS:

- A. All correspondence from the State of California or any other State to the City of San Diego related to the Unemployment Compensation Program is to be addressed to the Personnel Department's unemployment insurance representative.
- B. When any correspondence is sent to any other department, it shall be forwarded immediately to the Personnel Department's unemployment insurance representative. Call your assigned Personnel Department Liaison Analyst for assistance. (The State has a 10-day response deadline from time of mailing; late response can automatically cause unemployment compensation costs to be assessed against the City.) Special Programs

PARTICIPATION IN FEDERAL OR STATE FUNDED PROGRAMS

- I. **AUTHORITY:** City Charter Section 115. CIVIL SERVICE COMMISSION.
- II. **POLICY:** Frequently, the City is a participant in manpower, training, or similar human resource programs which are funded all or in part by the Federal or State government. These agencies may impose, as a stipulation for participation, certain requirements or guidelines on the selection of program participants. Since the Civil Service Commission is responsible for establishing the personnel rules, policies, and practices governing City employment, it is important that the Commission review these programs to determine their compatibility with the City's merit system, and to establish guidelines for the selection, promotion, and removal of employees in such programs.
- III. **PROCEDURE:**
 - A. Upon notice from the Mayor or other appropriate authority of the City's intent to participate in federal or State funded programs which involves the employment of program staff and participants within the City's Classified Service, the Personnel Director shall review the program and report to the Commission on the compatibility of the program with the City's merit system.
 - B. The Commission shall establish the policies and guidelines it deems necessary for the implementation of the program. The Commission may delegate to the Personnel Director the responsibility for implementing such guidelines and policies in the selection of program participants.
 - C. The Personnel Director shall periodically report to the Commission on all Classified Service positions filled under these programs, and on any other matters deemed appropriate.

PERSONNEL MANUAL

CLERICAL POOL

I. POLICY:

A. Intent:

The Clerical Pool is a temporary clerical support service intended to provide assistance to departments on an as-needed basis. The Personnel Department maintains this service as a source of on-call clerical personnel available for short-term needs. The Clerical Pool is staffed by limited, hourly clerical employees including Clerical Assistants and Stenographers. The purpose of the pool is to assist departments in maintaining a continued level of service and production when regular employees are absent and/or during periods of extra-heavy work loads.

It is not the intent of the City to utilize pool employees essentially as “regular” employees, yet deny them the fringe benefits of regular employees. Therefore, departments will not use clerical pool employees to avoid budgeting for adequate staffing or to fill vacant budgeted positions for the long term.

B. Duration:

1. Clerical Pool assignments may be approved by the Personnel Department for a variety of short-term needs, such as replacement of regular employees on vacation or sick leave, special help during brief periods of extra heavy work load, and temporary filling of vacant budgeted positions pending certification and selection from the eligible list.

For the purpose of this section, “short-term” shall mean for a period not to exceed 30 calendar days.

2. The use of Clerical Pool employees for long-term appointments (those over 30 days in duration) will not be approved except as listed below.
 - a. Pool assignments to fill vacancies in budgeted positions may be made as long as necessary to fill the position from the eligible list. A Requisition for Certification (Form CS-490) must be filed with the Personnel Department before these assignments will be approved.
 - b. Under special circumstances, the Personnel Director may approve assignments longer than 30 days.

CLERICAL POOL

- C. Generally, pool employees are paid by the using department from salary savings. If salary savings are not available, the request for pool help will require prior approval by the Mayor or non-mayoral department head. Each department is responsible for monitoring available salary savings and acquiring necessary approval when salary savings are not available.
- D. Although pool employees do not earn vacation and sick leave while in an hourly status, they may be allowed to use previously earned credits.

If the department to which the employee is assigned approves, the pool employee may use previously earned credits for paid leave which falls within the pool assignment period.

II. PROCEDURE:

- A. The Personnel Department Records Section should be contacted as soon as emergency needs are known. In the case of vacation relief and other anticipated needs, the Records Section should be given as much advance notice as possible.
 - 1. The using department must provide the following information with the request:
 - a. Classification requested
 - b. Dates, work hours, and location of assignment
 - c. type of work to be performed
 - d. reason for request
- B. Requests for assignment of pool personnel pending certification and selection from an eligible list must be accompanied by a Request for Certification (Form CS-490).
- C. Initial assignments or extensions (for reasons other than a vacant position) beyond 30 calendar days must be approved in advance by the Personnel Director. Requests for approval are to be submitted by memorandum and must include the following information:
 - 1. Nature of the work to be performed (work load, special project, etc.); and if the request is for sick or vacation relief, the name of the incumbent.
 - 2. Description of the special circumstances which warrant a long term assignment.

3. The reason a limited appointment from the regular eligible list is not appropriate.

III. CLERICAL POOL EMPLOYEE EVALUATION REPORT:

Upon assignment of pool personnel, the Personnel Department will send a Clerical Pool Employee Evaluation form to the using department. This should be completed and returned at the end of the assignment or after 30 calendar days, whichever comes first. The information obtained from this report is used to evaluate the quality of service the Pool is providing and to assist in evaluating the performance of pool employees. The same care should be taken with these evaluations as is taken with regular Employee Performance Reports.
