**Appendix A (cont.)  
MASTER PROGRAM STORM WATER FACILITIES**

Map No. <sup>1</sup>	Hydrologic Unit	Facility Description	Total Length (feet)	Facility Type (length in feet)		Coastal Zone?	Multiple Habitat Designation?	Estimated Disturbance Width <sup>2</sup> (feet)
				Concrete Bottom	Earthen Bottom			
147	San Diego	First San Diego River Improvement Project	3,370	--	3,370	N	N	250

<sup>1</sup> The Storm Water Division assigns a map number to each of the facilities which are within its jurisdiction. However, not all of these facilities are included in the Master Program. Thus, the map numbers in this table are not all sequential.

<sup>2</sup> Disturbance width for channels wider than 20 feet (top of bank to top of bank) is assumed to be the width of the bottom of the channel plus two feet up each side slope. Disturbance width for channels less than 20 feet includes bottom and all of the side slopes.
