- Project description:

Selectively demolish portions the 3,963 square foot existing two-story single-family residence. Remodel & Addition for the addition of 1,995 square feet to the home for a total of 5,447 square feet. A portion of the new two-story addition will be a new 1,191 square foot Accessory Dwelling Unit (ADU) on the second floor. The project will include new second floor terraces, and a new roof deck. The building will include new roof mounted photovoltaic panels for electrical power for the property. The existing two-car garage will be demolished and the attached work area, bathroom and laundry area. The garage area will be part of the new addition with an area of 627 square feet. The ground floor will be also a part of the new addition to the existing home with a new area of 847 square feet. The existing Historically designated home will be left intact and not part of the remodel & addition. The proposed remodeled residence will have a new total area of 5,447 square feet. The exterior entry trellis will be newly constructed and two new off-street parking spaces will be added to the two parking spaces in the garage. The proposed remodeled home will consist of 4 bedrooms and 4 baths, with a two-car garage. The ADU will be a one-bedroom unit. Provide new exterior decks, new landscaping and other site improvements of the features as shown on the site plans

- Project aspect(s) that the applicant team is seeking Advisory Board direction on. (community character, aesthetics, design features, etc.):

Coastal Permit & ADU

Exhibits and other materials to provide:

Exhibits and other project-related presentation materials (e.g. site plan, elevations, exhibits showing addition/remodel areas, etc.) although not required, are extremely helpful in informing the Advisory Board’s review and understanding of a project. The following exhibits and materials are recommended and if provided by the applicant, will be attached to the agenda and posted to the City’s website:

<https://www.sandiego.gov/planning/community/profiles/lajolla/pddoab>

for view by the public:

- All exhibits should be sized to 8 ½" X 11" format
- Exhibits, which can contain the following:
 - A. A site plan showing the street, the property line on all sides, the setbacks on all sides, and the setbacks from the property lines to the neighboring building.
 - B. Elevations for all sides.
 - C. If the proposal is for a remodel, a clear delineation of what part of the proposed structure is new construction
 - D. If the proposal is for a building with more than one story, show:
 - how the upper story sits on the story beneath it (setback of the upper story from the lower story);
 - the distance from the proposed upper story to comparable stories of the neighboring buildings; and
 - the height of neighboring buildings compared to the proposed structure’s height.
- Any surveys that indicate similarities in floor area or architectural style in the surrounding neighborhood
- Any communications such as letter and emails from adjacent neighbors, local neighborhood groups, and/or the Homeowners’ Association

Meeting Presentation – updated 8/31/20

Due to COVID-19, the La Jolla Shores Planned District Advisory Group meetings will be conducted as online virtual meetings utilizing the Zoom application. Staff will provide all applicants, as well as the public instructions for logging in and participating in the meeting.

For the meeting, the applicant should provide a concise powerpoint presentation on their project or simply present the exhibits provided for the agenda distribution as their presentation. During the meeting, staff will allow the applicant to become the presenter, so that they may share their screen and run their presentation.

PLEASE DO NOT PROVIDE THE FOLLOWING:

- The complete plan set of the project. Complete plan sets take up a lot of memory to distribute and most of the information is not necessary for the Advisory Board’s review.
- Plans or exhibits of the interior of the project. Interiors are not reviewed by the Advisory Board.
- Personal contact information of the property owners of the project should not be included, unless they are the “owner/applicant” and they are the designated point of contact

The Advisory Board members are very keen to know that the neighbors in the immediate vicinity have been noticed and their views noted. Community conformity, setbacks, FAR, parking, view corridors, bulk & scale, and articulation are key discussion points on all projects. Action Items will be heard first.

Thank you,

Please return the information requested to no later than a week before the scheduled meeting date:
