

Did you know?

State Law [AB 1826](#) requires **businesses that generate at least 2 cubic yards of waste per week** to divert organic material from landfills.

Pre-approved businesses in the City of San Diego can now compost food scraps at the Miramar Greenery to **meet state law requirements** and help the environment.

How to Participate

- Contact Environmental Services at sdrecyclingworks@sandiego.gov or 858-694-7000 to schedule a meeting at your site
- We will provide free staff training, technical support and signage templates

Benefits of Composting

- Extends the life of the landfill
- Reduces greenhouse gases that contribute to climate change
- Improves soil health, prevents erosion and conserves water

Compost is available for pick up at the Miramar Greenery
5180 Convoy Street, San Diego, 92111

Pre-approved commercial compost participants will collect food scraps on-site and arrange transport of the material to the Miramar Greenery by a franchised hauler.
