

# DEPARTMENT BUDGETS PUBLIC WORKS

# **Public Works**

#### Public Works Summary:

The Public Works business center consists of the following departments: Engineering and Capital Projects, Environmental Services, General Services, Metropolitan Wastewater, Public Works, and Water.

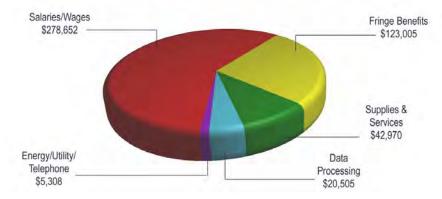

#### Public Works Business Center Highlights

- A \$52,220,126 adjustment includes 12.00 positions and related support for departmental enhancements throughout the business center including an increase in the Water Department for water purchases and an adjustment to their Capital Improvements Program Budget for municipal and reclaimed water projects.
- A \$51,248,918 adjustment including 317.49 positions reflects the restructuring of the Street Division from a Non-General Fund back into the General Fund to properly reflect it as a core General Fund function.
- A \$10,547,204 Non-General Fund adjustment reflects 64.65 positions and related support which were supplemental in Fiscal Year 2006.
- A \$6,910,003 General Fund adjustment includes 70.45 positions and related support which were supplemental in Fiscal Year 2006.
- A \$4,846,981 increase funds the Water Departments bond debt payments.
- A \$1,895,873 General Fund adjustment increases non-discretionary funding throughout the business center.
- An \$870,837 addition enhances storm water programs in the Metropolitan Wastewater Department.
- A \$300,000 restoration to the Environmental Services Department supports the median streets program which provides help to homeless people.

# Engineering and Capital Projects - Administration - General Fund

The Administration Division provides the overall planning, direction and coordination of the operating divisions within the Department. The Fiscal Support Services section maintains fiscal control; coordinates preparation of the Department's operating budget; conducts special studies and analyses of administrative and fiscal practices; develops, coordinates and carries out Department-wide programs; and provides personnel coordination for the Department.

## Metropolitan Wastewater - Environmental Monitoring and Technical Services - Muni - Enterprise Funds

## Metropolitan Wastewater - Metro Construction - CIP - Enterprise Funds

The Metropolitan Wastewater Department's Capital Improvements Program provides design and construction for treatment plants, pump stations, system upgrades, plant expansions, pipelines and other facilities, and conducts special studies designed to maintain the efficiency of the Metropolitan and Municipal Sewerage Systems. Design work is accomplished in-house or is contracted to private engineering firms. This Program provides for the rehabilitation, replacement and expansion of all wastewater collection system components by City forces and contractors.

# General Services - Equipment - Replacement - Internal Service Funds

The General Services Department is primarily comprised of five divisions. Four of the divisions support other City departments and the public by maintaining the City's building infrastructure, vehicles, equipment, and providing publishing services. The Department also maintains and operates the City's transportation infrastructure and enforces parking statutes. The fifth, the Airports Division provides safety, security, and emergency response for aviation activities; coordinates special events; and maintains buildings, grounds, and other airport related facilities.
