Subject: City of San Diego Housing Element Annual Report 2010

I am pleased to submit the City of San Diego's Housing Element Annual Report for the calendar year 2010 in compliance with Government Code Section 65400. In order to demonstrate compliance with the Housing Element, the City must report on annual building activity of affordable units (Table A), the annual activity of housing which was rehabilitated, preserved and acquired (Table A2), the annual activity of above-moderate units (Table A3), the City progress in meeting its regional housing needs allocation (Table B), and the City's progress in its implementation of the Housing Element programs during the year 2010 (Table C).

Income restricted residential building activity is based upon units that contain recorded covenants or deed restrictions that limit rents or sale prices over a period of time. Covenants and deed restrictions are not recorded until projects are completed and ready for occupancy. Therefore, issuance of a building permit does not necessarily reflect conveyance of an affordable unit.

If you have questions about this report please contact Brian Schoenfisch, at (619) 533-6457 (bschoenfisch@sandiego.gov).

Sincerely,

William Anderson, FAICP

GOAL #3					
Minimize governmental constraints in the development, improvement and maintenance of housing without compromising the quality of governmental review or the adequacy of consumer protection.					
Quantitative Objective: Progress Towards Reduction of Government Constraints					
1	Project Management (HE-76)	DSD	Consolidate review functions, speed project review, assign a single point of contact for each project, create a project tracking system, and focus on better customer service overall.	100% citywide implementation through this plan period	Ongoing.
2	Project Tracking System (HE-76)	DSD	Efficient development review and customer service, organizes customer flow, maps project information, supports development review, project management, fee invoice, and permit and inspection activities.	Ongoing	Ongoing.
3	Affordable / In-fill Housing and Sustainable Building Expedite Program (HE-77)	DSD	Reduced processing times for projects meeting criteria to be considered Affordable/Infill projects or sustainable buildings.	Ongoing effort to reduce processing time by 50%	Ongoing. As of January 2011, over 225 projects have been processed, producing 2,448 affordable units and 1,517 sustainable units.
4	Accessible Expedite Procedure (HE-77)	DSD	Consider adding accessibility as a qualified development consideration for addition to City's current Expedite Program.	Implement by 2007 reducing processing time by 50%	On May 11, 2010, the City Council adopted the Voluntary Accessibility Program, which is an incentive program to encourage accessible design in new residential development. The goal is to increase the number of accessible housing units in the local housing supply by offering a variety of development incentives to

					facilitate accessible design. The program is most applicable to single dwelling unit and duplex development, but other types of residential development exempt from California Building Code Chapter 11A accessibility requirements may also qualify. In exchange for incentives, participating projects would be required to meet a specified level of accessible design per the approved ordinance. Beginning June 18, 2010, residential development outside of the coastal zone may voluntarily participate in this program. The Voluntary Accessibility Program will be available to projects citywide when the Coastal Commission unconditionally certifies the ordinance.
5	Land Development Code Changes for Housing Affordability (HE-77)	DSD	Continue to study and implement zoning and permit processing changes to further reduce housing costs and average permitting times.	See below:	The Department is working with stakeholder groups on numerous process and regulatory changes that save time and expense in the development review and permitting process. 7 th update to the Land Development Code in process now includes proposed changes that address this goal.
	- Planned District Ordinances (PDO)	DSD	Review all of the PDO's toward the goal of: replacing with citywide regulations where appropriate; create new regulations when needed; and implement overlay zones to protect unique community assets.	Implement Changes by 2010	Ongoing. PDOs are evaluated along with applicable community plan updates.
	- Parking Regulations	DSD/CPCI	Consider changes to the parking regulations to facilitate housing production and affordability.	Implement Changes by 2010	In 2009, San Diego City Council approved and initiated a contract to commence a study to examine parking needs for transit oriented, rent restricted affordable housing. The study will provide a basis for future recommendations on affordable housing parking requirements. Contract now underway.

6	Companion Unit Ordinance (HE-78)	DSD	Adopted in 2003 to be more streamlined and efficient by allowing ministerial processing.	Ongoing	Currently being processed as part of the 7 th update scheduled for Planning Commission in April 2011 with City Council in summer 2011.
7	Re-examination of Public Facility Standards (HE-78)	CPCI	Realistic standards that allow for provision of public facilities in all communities.	Update General Plan to include flexible public facility standards	Ongoing implementation of General Plan policies which provides provisions for public facilities. More flexible park standards through "equivalencies" are being considered in community plan updates.
8	Impact Fee Reevaluation (HE-79)	Housing Commission; DSD	Review current fees and explore additional sources.	Implementation of revised fee system	Ongoing. Study of Housing Impact Fee was conducted. Recommendations from the study are being reviewed.
9	Master Environmental Impact Reports (HE-79)	DSD	Use Master EIR's for redevelopment and specific plans.	Ongoing	Part of the community plan update process. Master EIRs are being used by the Redevelopment Agency and the City when feasible and appropriate.
10	Exemptions of Affordable Housing from Environmental Review (HE-79)	DSD	Utilize CEQA exemption for affordable housing to help manage processing time and costs.	Ongoing	The City continues to aggressively implement Section 21080.14 of the Public Resource Code which exempts certain affordable housing projects of 100 units or less from CEQA if certain criteria are met.
11	Community Planning Group Training (HE-79)	CPCI	Educate participants in the community planning process on how to implement community and affordable housing objectives.	One training program annually	Ongoing. Training is offered annually.
12	Reasonable Accommodations Requirement (HE-79)	DSD	Evaluate and revise its Land Development Code procedures as appropriate including eliminating all discretionary requirements for processing Reasonable Accommodations requests.	Revise procedures by FY 2008	Completed.
13	Residential Care Facilities	DSD	Evaluate, and revise as	Reevaluate	Currently being processed as part of the 7 th

	Locational Requirements (HE-79)		appropriate, locational requirements for residential care facilities including the quarter mile separation requirement.	locational requirements by 2010	update scheduled for Planning Commission in April 2011 with City Council in summer 2011.
GOAL #4					
Provide Affordable Housing Opportunities, Both for Low-Income Renters and Low- to Moderate-Income Homebuyers					
Quantitative Objective: Progress Towards Housing Affordability					
1	Section 8 Certificate / Vouchers (HE-87)	Housing Commission	Take maximum advantage of federal resources available to provide financial assistance to extremely low-income households. The goal is to assist 500 households by 2010.	100 units per year	Added 389 units in calendar year 2010.
