Mr Wm. Thorpe,
930 C. St.,
San Diego, Cal.

Dear Sir:

Your request for a lease on park property at Torrey Pines Park has, in common with many similar requests, been denied. It is the intention of this department to construct a suitable building at that location and to conduct a tea room or other similar business under municipal jurisdiction. It is hoped that this work can be undertaken within the next year, and there will then be an opening for a manager or caretaker. It is suggested that you file application with the Civil Service Commission, in order that you may be eligible when the position shall be created.

Very truly yours,

Board of Park Commissioners,
