

April 4, 1922.

Messrs. Requa & Jackson,
Sixth and B Streets,
San Diego, Cal.

Gentlemen:

The Board of Park Commissioners now has available the sum of Ten Thousand Dollars (\$10,000.00) for the construction of the proposed Torrey Pines Lodge at Torrey Pines Park, this amount to include garage and all appurtenances.

It is requested that you advise this office what your charges will be for furnishing plans and specifications for such building, including garage &c., also what your charges will be for supervising construction of the lodge under your plans and specifications.

Please bear in mind that the total amount available for all expenses incident to this project will be just \$10,000.00; -- it is the wish of the Park Commission that the final plans be as nearly like the original plans sketched by your firm as the price, and topography of the changed location will permit.

Very truly yours,

Board of Park Commissioners,

Exec. Secy.
