TO THE BOARD OF PARK COMMISSIONERS,

San Diego, California.

Gentlemen:

In connection with the proposed Hopi house to be erected at Torrey Pines, permit me to bring to your attention a small collection of Indian relics which I have in my possession and which I would be glad to sell. The trophies from the Hopi reservation were gathered during my ten-years residence in their largest village, - Oraibi. It occurs to me that these things may be exceptionally appropriate for the furnishings of the lodge you propose to build, and, if you are interested, I would respectfully request that some member of your board, or your representative, call at the above address and examine the collection.

My telephone number is Hillcrest 1296-J.

Very truly,

(Miss) Elizabeth C. Stanley
