

July 12th, 1924.

Board of Park Commissioners,
San Diego, Calif.

Gentlemen:

I would like to know if it would be possible to have two awnings, 16 by 16, constructed and installed at Torrey Pines Lodge.

These awnings would be of an attractive design and would add rather than detract from the natural beauty of the place. These are an absolute necessity as we need more dining room space and also as a protection from the sun on the present dining terrace.

The maximum cost of this work I believe would be sixty dollars, probably less.

Respectfully yours,

J. C. Burkholder
J.C. Burkholder.
