Mr. A. Sidney Hill,
Balboa Park,
San Diego, Calif.

Dear Sir:

Mr. Burkholder, manager of the Torrey Pines Lodge, has suggested that an article be written for the newspapers as news in reference to the Lodge and the Park. He states that some cuts can be secured at Mr. Sykes', 1365 Fifth St.

I agree with him entirely on this because I find in talking to my friends, that many of them still do not understand the exact status of the Torrey Pines Lodge *park*.

Please make it clear in your article that this Lodge, while leased to a private party is under the direct supervision of the Park Commission, and that it is located on park land. It should be made clear that not only are lunches and dinner served there, but that refreshments of all kinds, and curios, particularly those made from pine needles, are on sale.

It should also be made clear to the public that picnics are permitted and encouraged in the vicinity of the lodge or on the beach, that comfort stations and other conveniences are provided for their recreation, and that they are at all times welcome in the park, provided care is taken not to destroy any of the native plants.

I think Mr. Burkholder is entitled to this publicity as he has given us splendid service, and the lodge is paying us at present a splendid return.

Yours very truly,

Hugo Klauber

H. Klauber.
