San Diego Safety Commission,
San Diego, California.
(Attention Mr. Hal Hobson, Secy.)
Gentlemen:

Enclosed is copy of letter from the city council to the Board of Park Commissioners in regard to re-opening the view point at top of Torrey Pines grade to automobiles.

This point was closed on account of danger from the heavy traffic on Torrey Pines grade, as a matter of public safety.

The city council, and many other citizens desire the view point re-opened, and we deemed it advisable to have your recommendations thereto. If, upon investigation, you think it advisable to do so, we will be guided by your advice, as it is our desire to have the parks utilized as much as possible for the benefit of the public.

Yours very truly,

Board of Park Commissioners,
By

J. G. Morley
Superintendent of Parks.
