Board of Park Commissioners

ADMINISTRATION BUILDING
BALBOA PARK

July 13th, 1925.

SAN DIEGO, CALIFORNIA,

Mr. J. C. Harper,
La Jolla, Calif.
Dear Mr. Harper:

Replying to your letter of July 6th, 1925, which was laid before the Board of Park Commissioners at its meeting of July 10th, I am directed by the board to say that whenever any requests for lease or permit affecting Torrey Pines Park come before that body, you will be given due notice thereof, as you request.

With reference to the lease of Pueblo Lot 1340 to Mr. E. D. Williams for a camping ground, it was understood, at the time the matter was informally approved, that permission had been obtained from Miss Scripps to take dirt from her property.

The board fully appreciates all that Miss Scripps has done for the city in the development of Torrey Pines Park, and desires always to co-operate with her in every way in the care and future development of the park.

Yours very Sincerely,

A. S. Hill
Executive Secretary.
