1115

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

FOOT PAINS

Fallen or weak arches, bunions, callouses, leg pains, flat feet, swollen ankles, etc., quickly and permanently relieved by our superior system of foot correction. Without obligation a thorough examination is made by a specialist who will tell you the exact cause of your trouble and how to correct it. When needed we make strong, durable, flexible, lightweight arch supports from a plaster cast of the foot which are guaranteed to fit ALL the arches, insuring foot comfort for life. The arches of the feet vary greatly in size and shape, some are flat, others an inch or more in height. Arch Support Shoes or ready made Arch Supports which are a standard height, do not meet these varied conditions. The impression method is the only one that guarantees a perfect fit in each case. Our supports are not made by a shoe or harness maker, but by one skilled in the anatomy of the foot, who makes these (patented) Arch Supports exclusively. No larger or special shoes necessary. Early attention will save suffering and expense.

CHULA VISTA DIRECTORY (1928) 1269

CHULA VISTA

(See preceding two-page illustrations)

By S. A. Searight, Secretary

"THE CITY OF BEAUTIFUL VIEW"—"THE BEVERLY HILLS OF SAN DIEGO"

At the very threshold of Western civilization which was begun by the pioneering Spaniards under the leadership of Father Junipero Serra was christened this now modern city—CHULA VISTA.

Little did this vanguard of Western civilization anticipate that their appellation for a "place from which one may obtain a beautiful view" would be developed and transformed into a "beautiful view itself."

CHULA VISTA, today, is the perfect picture of beautiful flower gardens, tropical plants, shrubbery and charming homes, which are now everywhere in evidence. The visitor or home-seeker is greatly impressed with the residential charm of this southland city, the finer type of its citizenry and the seeming lack of garish and ostentatious wealth.

CHULA VISTA was incorporated as a city October 17, 1911, covers an area of nine square miles, has a population in excess of 5,000, owns two and one-half miles of tidewater frontage on San Diego Bay, has miles of paved streets, sidewalks and curbing, has an efficient city government consisting of a Mayor, four city councilmen, city attorney, engineer, clerk and assessor, treasurer, street superintendent, building, sewer, plumbing, electrical inspector, city judge, police and fire departments; the equal or better than any city of its size. The city planning commission is a well organized body and is conscientiously applying itself to the present and future needs of the city, having in mind one of the most beautiful cities to be found anywhere.

CHULA VISTA is located on two concrete ribbons of highway, eight miles south of metropolitan San Diego and eight miles north of the port of entry, Tijuana, Baja (Lower) California, Mexico. It is located on the "Broadway of the Pacific" paved highway, and has direct connection with the ALL-YEAR National highway: "Broadway, New York, to Broadway, San Diego"—6,000,000 people annually pass through Chula Vista and over the international border, eight miles to the south, according to United States Immigration and customs officers.

SCHOOLS: Chula Vista's high school (Sweetwater Union High School) is located on a 20-acre tract of land with a campus and athletic field, that is the envy of schools in cities many times the size of Chula Vista. The buildings are of Spanish architecture, their beauty and arrangement unsurpassed anywhere in California. The athletic field contains a turf football field and bleachers that will accommodate 3,000.

The grammar school (Chula Vista Union) is housed in a modern school plant, which is also of Spanish architecture and the faculty of both the high school and the grammar school, in training and experience, is the equal of any similar staffs anywhere in California or elsewhere. The grammar school district has just voted bonds for the purchase of additional land for grade school expansion. In March, 1928, the voters of the high school district voted favorably for the organization of a Junior High School district.

CHURCHES: The religious and moral welfare of our citizenry is well provided for by the Baptist, Catholic, Christian Science, Congregational, Episcopal and Methodist, housed in well appointed church edifices. The slogan in Chula Vista is "Attend the church of your choice, but at least attend one."

CITIZENRY: Chula Vista is very proud of its citizens and while many national celebrities and many men and women of wealth have chosen this beautiful spot as their permanent home, all citizens put forth their best efforts, one with the other, for the common good of the community, under the banner "Teamwork for Prosperity." No city or community can show a greater preponderance of American White population than Chula Vista; in fact other racial or foreign born population is so small as to be almost negligible.

RECREATION: It is only about a mile and a half to the beautiful San Diego Country Club, building and golf course. At the approach to the golf course, in a picturesque setting, is the well appointed club building, its wide and shaded veranda overlooking the 180-acre, eighteen hole, grass greens, regulation golf course, San Diego Bay and the wide expanse of blue waters of the broad Pacific. From the club building and golf course, surrounded and intermingled with the all-year-round verdant eucalyptus and pepper trees, tropical plants and shrubbery, one can also see the blue mountains of Old Mexico, and the islands in the Pacific off the Mexican coast line.

Chula Vista has a city park, that is being equipped with a baseball diamond, bleachers and

athletic field. The American Legion and Boy Scouts are soon to have a club house in the park, and it is being developed under the supervision of the City Planning Commission for civic and family gatherings. The Chula Vista Municipal Band has a personnel of over thirty musicians under competent direction and management, and is financed by the City of Chula Vista.

There is a well equipped riding academy here, baseball fields, tennis and horseshoe pitching courts.

Horse racing, "The King of Sports," is conducted by the Tijuana Jockey Club, eight miles to the south of us, over a racing season of 100 to 125 days beginning on Thanksgiving Day of each year. There is dog racing by the Tijuana Kennel Club through the summer months, ending about a week prior to the beginning of the horse racing season.

OCEAN AND BEACH SPORTS of every imaginable kind and to satisfy the most exacting are easy of access at Imperial Beach, along the Silver Strand, dividing San Diego Bay and the Pacific Ocean, and at Coronado, a few miles over concrete highways from Chula Vista.

MOUNTAIN RESORTS: May be reached readily over wonderful scenic highways taking you to your favored elevation where the smell of the pine, the crisp mountain air and the beautiful mountain lakes and reservoirs are jotted here and there, a part of Southern California's vacation playground, where a day's outing or a long vacation will yield unlimited enjoyment, recreation and inspiration.

Your favorite outdoor recreation and amusement, of whatever trend it may take, whether among the pine-scented peaks, beach, bay or ocean, is virtually at our doors.

FISHING AND HUNTING: Salt water fishing adjacent to Chula Vista, the most southerly incorporated city on the Western Coast of the United States, is in a class all by itself. Here you may have your choice of the kind of tackle and your favorite method of fishing for the Jew Fish which reach a weight of 300 to 400 pounds, the Sword Fish, Tuna, Yellow Tail, Barracuda, Halibut, Sea Bass, Sea Trout, Corvina, Croaker, Albacore, Mackerel, Sea Perch, Sea Turtle and many other kinds of fish, also Lobsters, Shrimp, Clams, and Abalone. Fishing along San Diego County's 75 miles of coast line and for 100 miles south, off the coast of Baja (Lower) California, Mexico, is a fisherman's paradise; at its best during the summer months, but where good catches are made every day in the year. If you have never done any salt water fishing, you still have something to live for.

For those who prefer fresh water fishing, the many lakes and reservoirs in San Diego County, one of the most famous, Sweetwater, is only six miles from Chula Vista, Upper and Lower Otay just eleven miles away, abound with Black Bass, some trout, perch, sunfish, and catfish, for the thrill and enjoyment of the man or woman with rod and reel, or the family boat whose occupants desire to still fish with cane pole, line and bait. There are many other lakes and reservoirs higher up in the Cuyamacas and Laguna mountains that can be reached in a two to three hours' drive.

Hunting, for quail, duck, geese, rabbits, is a great pastime in San Diego County. There are some deer and predatory animals, but with Chula Vista's close proximity to Baja (Lower) California, Mexico, and the friendly relations existing between the people of Mexico and those on this side of the International Border, places the virgin hunting and fishing territory of that country easy of access to all true sportsmen.

WATER SUPPLY: Chula Vista and tributary territory is served with domestic, agricultural and industrial water, from Sweetwater Reservoir, at present impounding 10,000,000,000 gallons of clear mountain water from the high mountain ranges to the east. The Sweetwater Water Corporation plans are completed for the raising of the dam, the extension of water mains, and development of the underground water supply in Sweetwater River Valley that will increase the storage capacity of Sweetwater Reservoir to 20,000,000,000 gallons, a water supply sufficient to supply the domestic and industrial needs as well as amply irrigate 7500 acres of agricultural lands, 5500 acres of which are already under the irrigation system. This enlarged water storage system and reservoir will impound a seven year's water supply.

INDUSTRIAL: Chula Vista's industrial future is fully assured. The city owns two and one-half miles of tidewater frontage on San Diego Bay, adjoining which is the industrial land, and industries are being encouraged to locate here, under the solicitation of both the San Diego and Chula Vista Chambers of Commerce. Already are located here the Western Salt Company, Marine Chemicals, Inc., Imperial Linen Products Corp., The Tycrete Company, Pacific Marine Chemical Co., and the Pacific Cottonseed Products Corporation. All of these plants are served by the San Diego and Arizona Railroad, and with the development of the southern portion of San Diego Bay harbor, by its dredging and the cutting of a channel through the Silver Strand, making possible easy and quick entry and departure of ocean-going passenger and freight carrying vessels to and from all ports of the globe, with the building of docks in the Chula Vista channel, industries already here will develop further, and others will take advantage of "The Harbor of the Sun."

AGRICULTURAL: While the balminess of Chula Vista's year-round summer climate, and the invigorating breezes of the snow-capped Cuyamacas, the tang of the salt air from the Pacific, makes Chula Vista the ideal residential city; it also has an agricultural and floriculture character that impresses all visitors. Here the poultry and rabbit industry produces an annual income of \$500,000.00; Celery growing, \$750,000.00; Citrus Fruit, Avocados and Walnuts, \$750,000.00; cauliflower and winter vegetables, \$400,000.00; wheat, beans, barley, hay and feedstuff, \$400,000.00; bulbs and flowers (just in its infancy here), \$50,000.00.

CHULA VISTA IS CALIFORNIA AT ITS BEST—We bid you welcome.

CORONADO CITY DIRECTORY (1928)

1289

**Coronado City Directory
 1928**

Coronado Beach, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools. The present population is about 7,000.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay and ocean is the summer resort of over 600 palm tent houses and palm cottages, Coronado Tent City. This resort is open from June to September. Entertainment features include bay and surf bathing, dancing, free daily concerts, aqua-planing and all other beach sports, including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month with or without housekeeping privileges.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

NATIONAL CITY DIRECTORY (1928)

1335

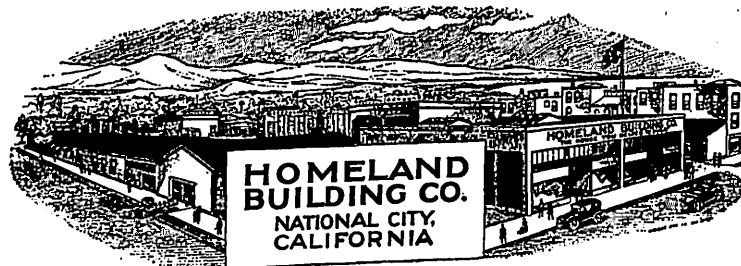

National City Directory

1928

Located adjoining San Diego on the south along the eastern shore of the bay of San Diego, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer. The present population of National City is 8500.

National City is only twenty minutes ride from the business center of San Diego on the San Diego electric line. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a \$10,000 building; churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found.

Construction merchants since 1910.

Completed homes at a moderate cost and on monthly payments if desired.

Building material, tools and home equipment at market prices, with a personal interest, called service, that costs you nothing and makes you feel "At Home" with us.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Are You Looking for....

The street address of a person or a firm?
An initial of a name or a concern's style of name?

Names and titles of City, County or State Officials in some other part of the country?

The names of banks, real estate men, professional men or business men in another city?

Or do you want to know more about the industrial, residential, educational or business possibilities of some other cities?

You will find the information you are seeking in the Directory Library maintained by the San Diego Directory Company at the Merchants Association, 608 Electric Building, San Diego, Cal.
