

COPY OF RESOLUTION OF BOARD OF PARK COMMISSIONERS

In a discussion of the resolution adopted at meeting of February 24th, relative to Torrey Pines Highways, the board felt that the resolution needed clarifying; and Mr. Olmstead offered the following resolution:

"In view of the fact that the road proposed by Col. Crosby, crosses a certain portion of park lands, which fact was overlooked by the members of the Board of Park Commissioners, who voted against other highways crossing said park at the time said vote was taken, we hereby adopt the following resolution:

WHEREAS, the laws of the State and City do not grant the right to the Board of Park Commissioners to permit any through streets or arterial highways through any lands set aside and dedicated for park purposes; and

WHEREAS, if permission were granted to cross Torrey Pines Park, as per attached resolution, it would be in direct opposition to the powers vested in said Board of Park Commissioners; now, therefore,

BE IT RESOLVED, that said Board of park Commissioners of the City of San Diego does hereby deny permission to build a new highway which will cross said Torrey Pines Park, as requested in said attached resolution, or in any other place, without submitting the question to a vote of the people."
