Mr. E. T. Olmstead,
San Diego, California.

My dear Mr. Olmstead:

As the above letterhead indicates I am interested in the preservation of the natural beauties of California - and certainly among these are the Torrey Pines. From the newspaper reports these trees seem in very great danger of being destroyed. Is there anything that those not in San Diego can do to help the Park Board in their efforts to preserve the pines?

Very truly,
(Mrs. George L.) Daisy Series Wing.
