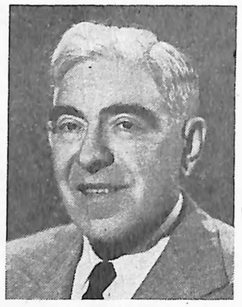
THE SAN DIEGO HEAVEN ON EARTH CLUB

SAN DIEGO boasts of an organization that is really unique—the San Diego Heaven on Earth Club. It was founded by a local citizen, Joseph E. Dryer, who was so proud of his city and county that he decided to tell the world about the advantages and attractions of this favored area.



Joseph E. Dryer

Its origin is quite interesting. In the spring of 1936 Mr. Dryer was walking through the enchanting grounds of the California Pacific International Exposition. As vice-president of San Diego's second world's fair, he admired its superb site in beautiful Balboa Park, a 1400-acre subtropical garden in the heart of the city. No exposition elsewhere had ever been blessed with so lovely a setting.

He meditated: "In a few months the exposition will be just a treasured memory—but the park will endure; the equable climate will remain, cool in summer and warm in winter; and the sparkling city, framed by sea and mountains, will never fail to attract the visitor and homeseeker, provided we continue to bring its charms to the world's attention." Passing the California Tower, he strolled across the stately Cabrillo Bridge, spanning a wide canyon. It was the twilight hour. To the west and south he beheld a gorgeous sunset painting Point Loma with lavish colors. "Truly," he mused, "this is Heaven on Earth!"

And that gave Joe Dryer an inspiration. He conceived the idea of forming an association to be known as The San Diego Heaven on Earth Club. Calling together a group of civic leaders, the club was organized May 26, 1936—the birthday anniversary of Balboa Park. Thus was born a club unique, which today has a membership of more than 100,000, living in all parts of the world. Its efforts are devoted primarily to the dissemination of information concerning this area's matchless climate, diversified scenery, and other attractions; to the beautification and cultural development of the city and county; and to the spreading of good will and hospitality.

From its inception the San Diego Heaven on Earth Club has served the community. It participates in many public events and projects. Following is a brief review of some of its activities:

Elaborately designed Certificates of Honorary Life Membership in the Club are presented to distinguished citizens and visitors, and sent to prominent persons all over the globe. Presidents and kings are numbered among its members.

The Club publishes and makes free distribution of much literature on the city and county. The first outstanding publicity medium was the famous Million Dollar Sunshine Bond, which includes a Climatic Perfection Insurance Policy. Another popular favorite is an illustrated booklet called the Blue Ribbon Record of San Diego County, which features items of leadership in this area.

Each year the Club publishes an attractive Information Calendar. This calendar, issued free to the public, lists many national, state and local holidays, anniversaries, and important events.

One of the songs published by the Club—"Lovely San Diego, Heaven on Earth" is often called our community's theme song.

As President of the Club, Mr. Dryer writes weekly columns for the newspapers and periodicals on topics of general civic interest.

Each week, for the past sixteen years, the Club has presented a community radio program over Station KFSD, featuring prominent guest speakers and organizations from every section of the city and county. This broadcast has had a longer continuous run than any other local program.

Each spring, in the interest of civic beautification, the Club makes free public distribution of many thousands of poinsettia cuttings. This brilliant red plant, which grows here so profusely during the holiday season, is looked upon as San Diego's floral emblem and is known as "America's Christmas Flower."

Joe Dryer is recognized as San Diego's No. 1 Booster and is often called "San Diego's Ambassador of Good Will." He was recently named "Mr. San Diego." He has taken a leading part in civic life for the past 25 years, and is past president of the San Diego Chamber of Commerce and of the San Diego Council of the Navy League of the United States.

He takes much pride in the fact that to him belongs the honor of having named and founded the Heaven on Earth Club, of having caused San Diego to become known far and wide as "Heaven on Earth," and of having coined San Diego's slogan of "America's Natural Air-Conditioned Area." Mr. Dryer claims—and backs it up with facts and figures—that San Diego's climate is 98 per cent perfect and only 2 per cent "unusual." And that, he says, makes it a Super-climate.

Anyone interested in the Club and willing to boost for this area is eligible for membership. There are no fees or dues. Requests for membership cards will be accepted from any place in the world. Residents of San Diego and vicinity, however, should call in person at Club headquarters. The address is: The San Diego Heaven on Earth Club, Dryer's Furniture Co. Building, 2400 Kettner Boulevard, San Diego 1, California.

INTRODUCTION

R. L. POLK & CO. of California, present to subscribers and the general public, this, the 1952 edition of the San Diego City Directory, which also includes Chula Vista, Coronado, La Jolla, La Mesa and National City. Two new features mark this edition. They are the Numerical Telephone Directory and the listing of telephone numbers. San Diego's steady, consistent growth has reached the point where, with this edition, it has been necessary to change the style of the Directory to the metropolitan type, which will greatly facilitate reference use.

Confidence in the continued growth of San Diego's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting San Diego to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the San Diego Directory will fulfill its mission as a source of authentic information pertaining to the city and vicinity.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of San Diego is included in pages 21 to 718, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of San Diego, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Chula Vista is contained in pages 1419 to 1456; for Coronado, in pages 1479 to 1503; for La Jolla, in pages 1521 to 1555; for La Mesa, in pages 1559 to 1590; and for National City, in pages 1607 to 1650.

THE POSTAL ZONE GUIDE, covering San Diego, on pink paper, extends from page 721 to page 724. This section is reproduced verbatim from copy supplied by the postal authorities.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for San Diego and La Jolla, on pink paper, covers pages 725 to 1051. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature is the listing of telephone numbers. A similar guide for Chula Vista appears in pages 1457 to 1474; for Coronado, in pages 1505 to 1518; for La Mesa, in pages 1593 to 1604; and for National City, in pages 1653 to 1675.

THE NUMERICAL TELEPHONE DIRECTORY, a new feature, on blue paper, follows the San Diego Directory of Householders and is separately paged from 1 to 163.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 120, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of San Diego and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial center and port city like San Diego, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 1337 to 1415, on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of San Diego and vicinity.

The San Diego Directory Library

Through the courtesy of the publishers of the San Diego City Directory, a Directory Library is maintained in the offices of the San Diego Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO. of California,
Publishers.

Statistical Review

Form of Government—Council-manager.

Population—434,929 (1952).

Area—99.4 square miles.

Altitude—Sea level to 822 feet above (Mount Soledad).

Climate—Mean annual temperature, 61.5 degrees F.; average annual rainfall, 10.2 inches.

Parks—46, with total of 2,513 acres.

Assessed Valuation—City, $339,519,585 (1951-52); County, $544,045,805 (1951-52). Combined City, County and School District tax rate, $6.61 per $100 (1951-52), based on an assessed value of 30% of market.

Financial Data—6 banks, with total deposits of $240,708,202 (Dec. 31, 1951), and total resources of $262,537,274 (Dec. 31, 1951).

Postal Receipts—$4,926,231.76 (1951).

Churches—200.

Hospitals—9, with total of 1,517 beds.

Building and Construction—13,194 permits, with total value of $63,923,555 (1951).

Industry—320 manufacturing plants. Civilians employed in county, 203,200. Principal manufactured products: Aircraft and aircraft parts, processed tuna, boats and ships (tuna clippers), printing and publishing, lumber products, canned olives, kelp products, beverages, salt, confectionery products, marble products, cement products, brick and tile, soaps, dairy products, citrus products, macaroni, clothing, sports equipment, jewelry, furniture, stainless steel products, toys and frozen foods.

Trade Area—Retail trading area has population of 859,320. Wholesale trading area includes the Imperial Valley and parts of Baja California (Mexico) and Arizona.

Newspapers—2 dailies: The San Diego Union, morning and Sunday, and The Evening Tribune.

Hotels—165, with total of 10,437 rooms. Also 110 motels, with total of 1,811 rooms.

Transportation—Santa Fe Railroad; Greyhound, American and Santa Fe Trailways bus lines; American, United, Western, California Central and Southwestern air lines. Several truck and steamship lines.

Airports—Lindbergh Field.

Amusements—35 theatres. Professional baseball team—"The Padres"—in Pacific Coast League. The equable climate permits outdoor sports and recreation throughout the year. Nearby beaches, lakes, mountains and desert offer wide variety of appeal.

Education—74 public schools. Number of pupils enrolled in public schools, 63,280, including adult and vocational school pupils. Total value of public school property, over $32,000,000. Several notable private schools, and Balboa College (also private). A Catholic university, high schools and elementary schools. San Diego State College is the third largest institution of higher learning in southern California.

Public Libraries—Main library and annex, 11 branches, 4 stations, and a bookmobile which makes 13 stops in outlying districts of the city. These contain a total of 280,054 volumes.

City Statistics—Total street mileage, 1,570; miles of bus routes, 180. Capacity of water reservoirs, 130,200,000,000 gallons; daily average consumption, 49,000,000 gallons; value of plant, $45,-200,000. Fire department has 352 men, with 23 stations housing 23 engine companies, 2 truck companies, 1 fire-boat and 1 fire-police patrol boat. Police department has 380 men (regular officers), and 98 civilian employees, and is housed in a modern headquarters building and a substation.

San Diego Literature—Booklets, maps and other material regarding San Diego County may be obtained by writing or visiting the San Diego Chamber of Commerce Information Department, 499 W. Broadway, San Diego 1, Calif.; telephone, Main 0124.

General Review

AREA: San Diego County comprises 4,258 square miles, or 2,725,120 acres—approximately the size of the State of Connecticut. The county extends 70 miles along the Pacific Coast northward from the Mexican border, and 80 miles eastward to Imperial Valley.

TOPOGRAPHY: Rising gradually from the ocean beaches on the west, the coastal plain meets the most westerly of the coast foothill ranges at an average distance of ten miles. Inland from this range lie beautiful and fertile valleys, then higher ranges and higher valleys, until the crest of some 6,500 feet is reached in the Cuyamaca Mountains, 40 air-line miles from the coast.

The 1950 Federal Census showed that 999,417 acres (over 35% of total area) in the county are devoted to farming and ranching. The number of farms was 6,696, of which 70% contained less than 50 acres each. Only 175,000 acres in the county are irrigable, other areas being dependent on rainfall.

San Diego is in the southwest corner of the U. S., located on the shores of a great natural harbor, and is bordered on the west by the Pacific Ocean. To the south, but fourteen miles away, is Old Mexico. Toward the east, and plainly visible from the city streets, are mountain ranges that tower more than a mile above sea level. It is an ideal setting for a great city.

HISTORY: San Diego, "where California began," is the birthplace of civilization on the American Pacific Coast. More than 400 years ago—on Sept. 28, 1542—Juan Rodriguez Cabrillo, Portuguese navigator in the service of Spain, entered the landlocked bay and thus discovered what is now the State of California. In 1602, Don Sebastian Vizcaino surveyed the port and bestowed upon it the name "San Diego."

The first white settlement was established in 1769 by a military expedition from Lower California, attended by Franciscan missionaries under the leadership of Father Junipero Serra. On the present site of Presidio Hill he founded the first of the California missions, the beginning of a chain of 21 that extended up the coast, a day's journey apart, from San Diego to Sonoma. This mission trail became El Camino Real—or "The King's Highway." In 1774, Mission San Diego de Alcala—the mother of the missions—was moved about six miles inland to its present location in Mission Valley. Under Mexican government, San Diego was constituted a pueblo in 1834. The first U. S. flag to fly over southern California was raised at Old San Diego in 1846, by Lieut. Stephen C. Rowan, U. S. N. San Diego was incorporated as an American city in 1850.

Modern San Diego had its beginning in 1867, when Alonzo E. Horton arrived in San Diego with a vision of building a great city on the shore of San Diego Bay. He wisely chose a location a few miles south of Old San Diego and subdivided an area which today is the central business district of the city.

The city has made remarkable strides in population and importance. The Panama-California Exposition of 1915-16 and the California Pacific International Exposition of 1935-36, both held in beautiful Balboa Park, attracted the attention of the world. And, because of the climate and other natural advantages, San Diego has become one of the nation's greatest all-year playground and vacation resorts, as well as a naval, military and aviation center. It also has become one of America's leading cities in the manufacture of aircraft and airplane parts.

THE NAVY: No description of San Diego would be adequate which failed to recount the importance of naval activities.

The U. S. Navy has recognized the strategic situation of San Diego on the Pacific Coast, its unrivaled climate and its port facilities, by establishment here of the headquarters of the 11th Naval District.

Climate

The climate and the splendid harbor are unquestionably the city's two greatest assets. Climatologists say that this area's year-around equable climate is unsurpassed. Dean Blake, meteorologist, in charge of the U. S. Weather Bureau office at San Diego, states that it is questionable whether there is another region of like area where the variety of climate comes so close to filling all demands as in this section of California.

The average rainfall near the ocean during a normal year is only a little over ten inches, but there are places in the mountains where the fall is well over 40 inches, enough to insure adequate water for irrigation and domestic uses. To carry through the long dry summers, when no rain of consequence occurs, an extensive system of reservoirs has been established. These scenic mountain lakes also offer excellent recreation facilities.

The long dry summers are a prominent feature of the climate. Except for an occasional thunderstorm over the higher elevations, the period from June to the end of September is virtually without rain. Contrary to expectations, however, summer temperatures are mild and are rarely high; and the hot, humid weather of the Central and Eastern states is unknown. Thunder and lightning occur so seldom in the coastal belt that they are considered a novelty.

In short, it's a comfortable climate—healthful, balmy and inspiring. From a strictly climatological standpoint, however, the outstanding feature is its equability. The official bulletins of the Weather Bureau describe this region as having the most equable climate in the U. S.

Industry

San Diego offers exceptional advantages for a variety of industries. These include an ample and technical labor supply; excellent transportation facilities by rail, water and air; low-cost factory sites and buildings; comparatively low cost of power, light, fuel, water and taxes; proximity to rapidly-growing markets of the Pacific Coast, and a climate in which labor reaches its maximum efficiency.

San Diego has approximately 320 manufacturing plants.

The products, highly diversified, include airplanes and parts, light metal parts, shipbuilding, printing, canned fish, fish meal, fertilizers, citrus by-products, citrus soap, furniture, food kelp products, salt, olives, olive oil, macaroni, pimientos, jams, confectionery, uniforms, caps and aprons, onyx, marble, granite, cement pipe, brick and tile, and numerous other items.

San Diego possesses approximately 300 wholesale distribution firms, and has always been regarded as a jobbing point.

Newspapers

The city is served by two dailies and one Sunday newspaper, and by two daily legal papers, and several weekly newspapers. The daily newspapers are: San Diego Union (mornings and Sundays) and Evening Tribune (afternoons).

The cities of Escondido and Oceanside have daily newspapers, and other newspapers, generally weekly, are published in Carlsbad, Chula Vista, Coronado, El Cajon, Encinitas, Fallbrook, La Mesa, Lemon Grove, National City, Ramona, San Ysidro, Vista, Lakeside and Solana Beach.

Water Supply

Ample water for the San Diego metropolitan area is derived from a group of reservoirs built by the city in the mountainous

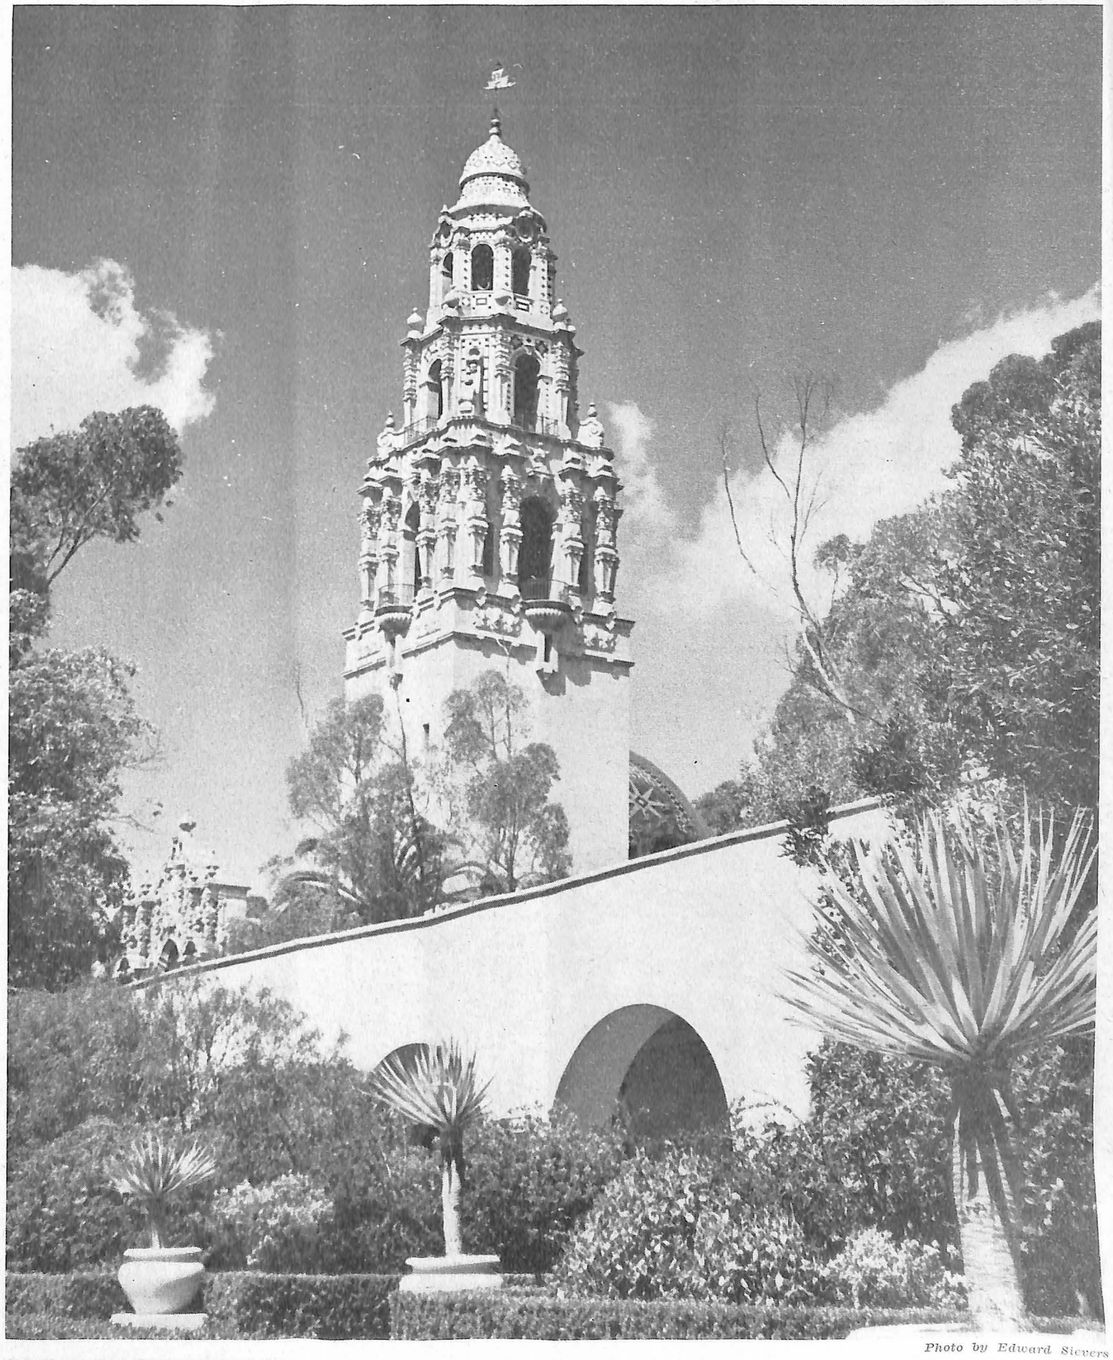

Photo by Edward Sievers

STATELY CALIFORNIA TOWER, with its rich, ornate architecture, is a familiar landmark in San Diego's famed Balboa Park. The park area, comprising 1,400 acres, is filled with lush, colorful gardens, Spanish Renaissance buildings that have served two international expositions, the world-renowned San Diego Zoo, and many other recreational and cultural activities.

area of the county, plus a supply of 60,000,000 gallons daily brought by aqueduct from the Colorado River. Recently the electorate authorized doubling this capacity, and the new project will be completed within the next two years. Average daily consumption of water in the city is 100 gallons per capita.

Points of Interest

PALOMAR OBSERVATORY, Palomar Mountain. Observatory houses $6,000,000, 200-inch mirror. Visitors' gallery open daily.

RAMONA'S MARRIAGE PLACE, Old San Diego, formerly known as the "Old Estudillo House," referred to in Helen Hunt Jackson's novel "Ramona." Open daily. Take Transit System Bus "A" to end of line.

LA JOLLA CAVES, La Jolla, made by the wash of waves against the rugged shore line over a period of many centuries. A tunnel dug to the coves permits tourists to view the interesting formations. Open daily. Take Transit System Bus "R" to Girard Ave. and Wall St.

SAN DIEGO ZOO, Balboa Park, ranks among the best in the country, both as to size and variety of rare specimens. Open daily. Take Transit System Bus 7 to Balboa Park stop.

TIJUANA, Baja California, Mexico, 16 miles south of San Diego—Horse racing, greyhound racing and jai alai, "world's fastest sport." International border always open. No passport required for American citizens. Convenient transportation—Pacific Greyhound Lines and Tanner Tours.

FINE ARTS GALLERY: The collection here, the equal of any on the West Coast, features "Old Masters," Chinese arts, Medieval Hall and contemporary painting. Special exhibitions monthly. Gallery open daily except Monday.

BALBOA PARK, with many beautiful buildings housing famous exhibits. Take Transit System Bus 7 to Balboa Park stop.

STAR OF INDIA, South Harbor Drive, a survivor of the old square-rigged windjammers. Open daily.

ART CENTER, La Jolla, features exhibits of local artists. Frequent circuit displays. Open daily except Monday. Take Transit System Bus "R" to Silverado St.

SCRIPPS INSTITUTION OF OCEANOGRAPHY, La Jolla, branch of the University of California. Small museum and aquarium with displays of local fishes. Open daily.

HARBOR DRIVE: Along this drive may be seen San Diego's impressive skyline and many harbor activities.

TORREY PINES PARK, north of La Jolla, only habitat on the mainland of the U. S. of a beautiful species of windblown pines. Picnic facilities available.

MISSION SAN DIEGO DE ALCALA was the first of the famous California missions. Founded in 1769 by Father Junipero Serra in Mission Valley near San Diego, it stands today as one of the outstanding landmarks in the country.

SERRA PALM, Old San Diego, 75½ feet tall, oldest living palm planted in California, marks the site of the first permanent Spanish camp established by Captain Rivera.

MILITARY SERVICES: Parades weekly at Naval Training Center and Marine Corps Recruit Depot. Take Transit System Bus "L" to the Naval Training Center and either Bus "L" or "O" to the Marine Corps Depot.

CABRILLO NATIONAL MONUMENT AND OLD SPANISH LIGHTHOUSE, atop Point Loma, offer one of the world's greatest panoramic views.

HARBOR EXCURSIONS, at foot of Broadway, twice daily.

TANNER MOTOR TOURS, U. S. Grant Hotel, twice daily.

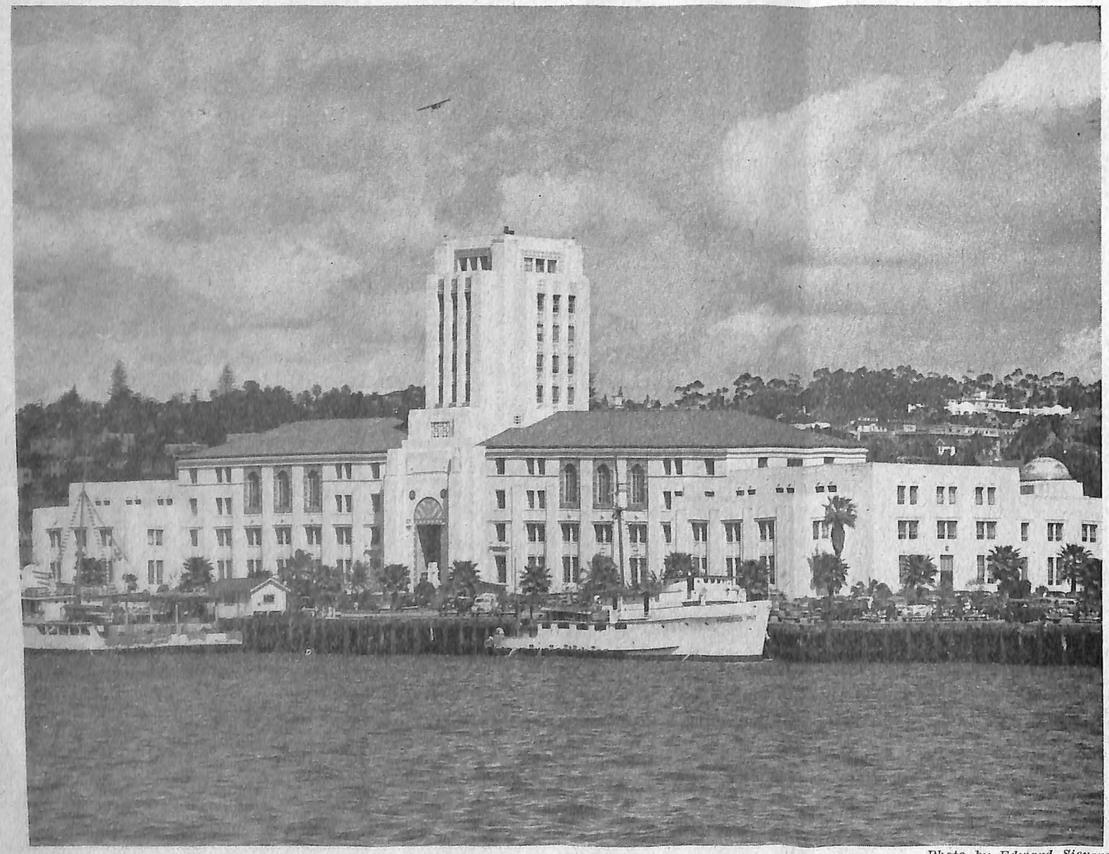

Photo by Edward Sievers

AN ARCHITECTURAL MASTERPIECE, SAN DIEGO'S WORLD-FAMED CIVIC CENTER is ideally situated on the Embarcadero of a busy harbor and houses administrative offices of the City and County.

Recreational Sports

San Diego offers excellent opportunity for spectator participation in—

Pacific Coast League baseball (The Padres)
Horse racing at Del Mar and Tijuana
Football (inter-collegiate)
Jai alai (Tijuana)
Yachting at four yacht clubs in the area.

There is unlimited opportunity for participant sports which are almost limitless in number. Some of the most popular are—

Aquaplaning	Horseback riding
Archery	Hunting
Badminton	Lawn bowling
Boating	Roque
Bowling	Rowing
Cricket	Softball
Croquet	Shuffleboard
Fishing (fresh and salt water)	Swimming
Flycasting	Tennis
Golf (seven clubs)	Trapshooting
Handball	Volleyball
Hiking	

Schools

San Diego's public school system ranks among the best in America, in staff, curriculum and buildings. The city has three senior high schools, one vocational high school, one junior college, two junior-senior high schools, one continuation high school, six junior high schools, one evening junior college, four adult education centers, and 55 elementary or grammar schools. These schools make no charge for non-resident children and no charge for textbooks.

The city has numerous private and parochial schools and schools for art, business, beauty culture, and nurse training.

San Diego State College, co-educational, offers B. A. and B. S. degrees; Balboa College, Co-educational, offers A. B., B. B. A. and Bachelor of Music degrees; San Diego College for Women (Catholic) offers Bachelor degree in Arts and Science.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check operators."

CORBETT & EDELEN

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
