# Out of Sight--Out of Mind

## ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.**

# INTRODUCTION AND GENERAL INDEX

-----

R. L. POLK & CO., publishers of the San Diego City Directory, as well as more than 1,000 other City, County, State and National Directories, present to subscribers and the general public, this the 1960 edition of the San Diego Suburban Directory, which includes Chula Vista, Coronado, El Cajon, La Mesa, Lemon Grove and National City.

Confidence in the continued growth of the San Diego Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the San Diego Suburban Cities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the San Diego Suburban Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like those in the San Diego suburban area, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the San Diego Suburban Cities is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the San Diego Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for the San Diego Suburban Cities, Chula Vista, Coronado, El Cajon, La Mesa, Lemon Grove and National City, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers, as supplied to us on the canvass, opposite the names.

IV. THE NUMERICAL TELEPHONE DIRECTORY for the San Diego Suburban Cities, is the fourth major department, printed on blue paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the community,

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of San Diego Suburban Cities.

**The San Diego Directory Library**

Through the courtesy of the publishers of the San Diego City and Suburban Directories, a Directory Library is maintained at the San Diego Public Library, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## Statistical Review

Chula Vista, second largest city in San Diego County, is located eight miles south of San Diego, within whispering distance of Mexico. Translated from the Spanish, Chula Vista means "Beautiful View", and truly the city upholds its name.

Modern family dwellings line the well-lighted and paved streets of Chula Vista. Building of new housing continues at a pace to fill the needs of the rapidly increasing population, and there is opportunity for expansion as the citrus groves of yesterday provide the comfortable subdivisions of the future.

From nursery rhymes to graduation, Chula Vista offers complete educational facilities, including 16 elementary schools, three junior high schools, two high schools, one parochial school and one parish day school. Requirements of the children of Chula Vista are continuously being studied and surveyed to make certain that the highest standards are maintained. Higher educational facilities are situated within commuting distance at several colleges, as well as a boy's college preparatory school.

Chula Vista is a city of 30 churches, one of which will have a parish day school for children; kindergarten through sixth grade.

All-Year-Round recreational facilities abound within the city. Chula Vistans are proud of their recreation center and picturesque parks. Golf, another year-around sport in this mild climate, is amply provided for by two courses in the area, one public and one private. Not forgetting its senior citizens, shuffleboard courts are maintained in Memorial Park, and they are well used throughout the entire year. Lake, mountain, desert and ocean resorts can be reached within minutes from Chula Vista.

Two well-planned shopping districts serve the needs of the residents of the entire South Bay area. For the convenience of shoppers, there are four municipally-owned parking lots and ample on-street parking.

Chula Vista is the center of the area which produces the finest quality celery and tomatoes available, and in addition the crops from hundreds of acres of beans, cucumbers, lettuce and peppers are shipped via railroad and trucks every year.

"THE COMMUNITY THAT TOPS THE WORLD FOR SUNSHINE AND SOCIABILITY"

THIS MODERN 14,000 SQUARE FOOT, TILE ROOFED LIBRARY, COMPLETE WITH OWN OFFSTREET PARKING LOT, AND ENCLOSED, OPEN-AIR PATIO-READING ROOM IS LOCATED IN THE CIVIC CENTER.

Industrial growth in Chula Vista has been rapid and diversified. It is the home of Rohr Aircraft, the world's largest producer of Pow-R-Pax, as well as several medium-sized manufacturers of aircraft components.

The Chamber of Commerce, organized in 1927, heads a list of more than one hundred service clubs and civic organizations.

Chula Vista is growing—

## Statistical Review

Coronado, approximately one mile square, population 18,000, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants, but a city of wonderfully attractive homes, five fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. On the north and connected by a narrow strip of sand is the great Naval Base, North Island.

Miles of ocean beaches, glorious in their seaward sweep, stretch across the southern boundary of the city and beside the Silver Strand of Mexico. Sparkling Glorietta Bay, yachtsmen's delight, presents a year 'round answer to your desire for boating. In Coronado there is amazing opportunity for recreation in accord with the inclinations of every member of your family—fishing in the surf or out at sea, swimming, bathing, picnicking, golfing, tennis, lawn bowling, riding—all these are but hints of the limitless facilities for relaxation and for play, and Coronado's hotels, motels, apartments, residence accommodations, its modern shops, schools, churches, all assure a superb comfort in a friendly community.

That life in Coronado is delightful is apparent, for geography and climate have been kind to this "island-at-the-tip-of-the-Silver-Strand." It's easy to play in Coronado, and its entirely pleasant to live here, so closely in touch with the mainland, yet so free from its hurry and stress. Whether you come to Coronado for a few weeks or as another of its permanent residents, you will find a new adventure in happy living awaiting you.

# EL CAJON

(Courtesy of Chamber of Commerce)

## Statistical Review

El Cajon is the thriving city located in the center of beautiful El Cajon Valley, 15 miles east to downtown San Diego, on transcontinental Highway 80. Most rapidly-growing city in the county (from 5,600 to 40,000 in 9 years), El Cajon approaches being the ideally-balanced community, with retail trade flowing into a well-located trading center, plus a fast-developing industrial section, against a background of agriculture, the traditional economy of the valley.

Located between the mountains and the seashore, the Valley has been selected as the perfect spot for family living by more than 100,000 persons.

Awareness of the human values is seen in the completely non-commercial MOTHER GOOSE PARADE, presented each year on the Sunday before Thanksgiving as a "GIFT TO THE CHILDREN OF SOUTHERN CALIFORNIA" estimated attendance for the annual Parade is nearing 350,000.

As the leading rural-suburban shopping center of the county, El Cajon has for several years chalked up the highest retail sales-per-capita of any city in the county. Its modern business district offers complete selections, with friendly, personalized service as the "extra value" which makes it "PLEASANT" to shop in El Cajon.

Over 100 industrial concerns, each relatively small, but representing a huge investment and payroll in the aggregate, have selected El Cajon Valley as their location within the past few years. Products vary from fishing tackle, through scientific instruments, to window sash and airplane parts.

Recreation is coming in for increasing attention with an 18 hole golf course completed three years ago at the Gillespie Airport area, Club House facilities and dining room are recent additions to "Flying Hills" Golf Course. Another beautiful recreation spot is "SINGING HILLS GOLF COURSE AND COUNTRY CLUB", located less than 10 minutes from down-town El Cajon. Two 18 hole golf courses, are available to the public, plus a large swimming pool and good food, in one of the southwest's most attractive and well planned Country Clubs.

An Olympic-size swimming pool is located at Gillespie Field, and every year an A.A.U. Championship Swim meet is held here in September.

El Cajon has two bowling alleys, with another one under construction, scheduled to open September, 1960.

El Cajon's Wells Park offers a full sized base-ball field, where Colt League District play-offs are set for this year.

Clubs, lodges, schools, churches, riding clubs, square dance groups—all of these and many more elements important to real LIVING in the true American tradition—are present in large measure in El Cajon Valley—the "Valley of Opportunity" for all.

# LA MESA

(Courtesy of Chamber of Commerce)

## Statistical Review

La Mesa, a city of some 30,000 people and steadily growing, is a city of charming homes that dot the gently sloping hills surrounding La Mesa, taking full advantage of the many superb views. From the higher hills the blue Pacific is seen to the west; to the east loom rugged mountain ranges and to the south lies Mexico. City Manager form of Government.

Architectural styles range from the Spanish, with red tile roofs and white walls, to the functional modern house; but the ranch-type house, with its long, low lines and large windows, predominates. Recent large-scale housing developments have made attractive homes available to moderate-income families.

From the most modest cottage to the most palatial residence, La Mesa's homes are characterized by beautiful gardens, with subtropical plants and colorful flowers, and the majority of them have been built to take advantage of the gracious outdoor living which is possible here during the greater part of the year. Hundreds of pools dot the hills.

Educational facilities are well geared to meet the requirements of continued community growth. Two school districts cover the City of La Mesa and the surrounding areas: La Mesa-Spring Valley School District, known generally as the Elementary School District, and the Grossmont Union High School District.

Eight of the eleven elementary schools are within the city limits. La Mesa Junior High is in the City limits and Spring Valley Junior High is adjacent to the city. Grossmont High School is located midway between La Mesa and the City of El Cajon, four miles to the east; Helix High School is in the City of La Mesa, the Agricultural High School is located in the City of El Cajon and San Miguel High School is in Spring Valley adjacent to La Mesa.

Schools in both districts are rated high in scholastic standing. And the school bus system in the elementary school district is one of the most efficiently operated in the entire county.

Religious life in the community is symbolized by Mount Helix and its 35 foot cross, lighted every night, which rises impressively on the eastern outskirts of La Mesa. This is an inspiring sight, particularly on Sunday nights and nights preceding days of religious significance. Just below the cross on the east side of the mountain is a large stone and concrete amphitheatre, where sunrise services are held each Easter for all who wish to attend. Within the City of La Mesa there are 24 churches representing many denominations including Baptist, Presbyterian, Catholic, Christian Science, Congregational, Episcopal, Latter Day Saints, Lutheran and Methodist.

Cultural life in La Mesa offers expression and recreation for everyone in music, art, drama, literature, dancing, and a choice of many hobbies. The La Mesa Women's Club is the hub of cultural life here. Organized in 1902 its members find stimulus in various sections: drama, gardening, chorus, arts and crafts, welfare, books and card games. The community Concert Association brings to La Mesa many of the nation's top-ranking artists each season. Membership in the association is open to all.

Those who aspire to become artists and those who make art their hobby belong to La Mesa Foothills Art Association. Organized in 1949, membership approximates 100. The program includes field trips in scheduled buses, an annual exhibit with awards, annual art marts, and regular rotating exhibits of member artists in public places.

Youth Organizations: Boy Scouts, Cub Scouts, Camp Fire Girls, Girl Scouts, Catholic Youth Organization, Little League Baseball, Pony League Baseball, Colt League Baseball "COLT LEAGUE WORLD CHAMPIONS 1957", Connie Mack League Baseball. La Mesa Youth Center has organized recreational facilities of extremely high quality, also free play areas; a large pool with full facilities, and a brand new 9 hole, par 3 golf course.

Recreation is available for all ages and inclinations. Within the city limits shuffleboard courts are well patronized; there is a ball park for softball games, and Collier Park makes a delightful setting for picnics—with fireplaces, tables, benches, tennis courts and a fresh water spring.

Excellent golf courses, riding stables and fine trails are nearby. Two reservoirs—San Vicente and Lake Murray—are convenient for fishermen.

Industry of the light type—for which La Mesa is ideally suited—has made rapid gains since World War II. The city has zoned a total of 65 acres for this purpose, the bulk of it being in one unit known as the Industrial Center. Located just north of Highway 80, the site is close to the business district as well as good residential areas, schools and churches.

This conveniently located Industrial Center has several small manufacturers, with products ranging from baby teething rings to brass and copper fittings, racing car specialties, sprinkling systems, caskets and building specialties. A large planing mill and cabinet factory occupies other industrially-zoned property.

The commercial activity in La Mesa has grown increasingly brisk as the population of the city and its environs has expanded. More than 450 business establishments are equipped to supply a normal consumer demand for almost every type of merchandise. Completion of the new \$15,000,000 Grossmont Shopping Center is scheduled for the fall of 1961. A healthy trend has been the modernization of older buildings and the construction of many new buildings along modern lines, giving the entire area a clean, inviting appearance. Many businesses provide their own parking facilities, and the city maintains municipal parking lots. As for the merchants themselves—they are as friendly as they are progressive and public spirited!

La Mesa is a growing city of the sixth class and has a paid fire department with the very latest equipment and a very effective police department with radio equipped patrol cars; and, also, has a very active Chamber of Commerce located at Allison and Spring Avenues which extends a cordial invitation to all newcomers, and has maps and directories of the city. The office is open daily, 9:00 a.m. to 5:00 p.m. Tel HOpkins 6-0519.

Lemon Grove is located in San Diego County, 8 miles east of the City of San Diego on the Lemon Grove Freeway. We are, by virtue of this beautiful new six lane freeway, less than 15 minutes from downtown San Diego. The population is about 30,000 and it is estimated that we have a trade area of approximately 175,000, within a five mile radius of Lemon Grove.

Two bus lines serve Lemon Grove to San Diego and outlying districts, and there is bus service to and from both public and parochial schools. The Lemon Grove School District consists of seven Elementary Schools and a Junior High. We are in the Grossmont High School District, with Mt. Miguel High and Helix High serving this area.

There are 13 churches located in Lemon Grove, including St. John of the Cross Catholic Church, which maintains its own school.

Lemon Grove is in the El Cajon Judicial District, is supplied with Police protection by the County Sheriff's office, and has a well manned, adequately equipped Fire Department for the protection of its citizens.

The business district has been planned to give safe and adequate parking; the three banks and Post Office are centrally located; and there are no parking meters.

The Chamber of Commerce, Junior Chamber of Commerce, and many other civic organizations enjoy active memberships; social life is abundant, and sportsmen delight in the proximity of golfing, riding, hunting, deep sea, lake and stream fishing.

From the smaller homes to the beautiful haciendas, with their acres of orchards and plantings, the homes of Lemon Grove are about 95 per cent individually owned. Mail is delivered to the residential districts.

The average rainfall is about 10 to 12 inches annually and average temperature variation between summer and winter is 11 degrees. Lemon Grove is located 450 feet above sea level. The delightfully mild climate and good soil produce an abundance of shrubs, flowers and trees, including orange, avocado, fig and other semi-tropical fruits.

From the above information, one can easily agree that Lemon Grove not only enjoys a wonderful residential type of living, but also the "Best Climate on Earth" for double enjoyment.

## Statistical Review

San Diego County's second oldest city, with current population 32,329 (1960 Census) on San Diego Bay, and sharing the City of San Diego's southern boundary, National City is a shopping center for San Diegans and for the whole South Bay suburban area—serving a retail market of over 225,000.

Its smart, modern stores are distributed among one square mile of business district, including a large drive-in shopping center—the largest south of Los Angeles. National City business areas were planned to eliminate parking problems and it is one of America's few metropolitan cities with no parking meters.

City of pleasant homes on rolling terrain, with views of bay and mountains, National City is also an industrial center. Machine shops, metal treating, furniture manufacturing and food processing are among its bayfront industries. It is served by the Santa Fe and Southern Pacific railroads. One of its newer firms is both San Diego's largest shipper and the nation's largest manufacturer of outdoor redwood furniture. Only seven of National City's manufacturers are defense-connected. All National City industry is zoned to the west side of the City.

Fifteen minutes from either downtown San Diego or the Mexican border, the City is home for the United States Naval Station with its Pacific Reserve Fleet (the famed \$2-billion mothball fleet) and ship repair facilities. National City also is the site of the famed Paradise Valley Hospital and nurses school, and home of the Maytime Band Review—largest annual musical event in Southern California.

National City's community and recreation facilities are unsurpassed. They include a beautiful library, large community hall, and three parks with memorial bowl, shuffleboard, tennis courts, and beautiful new year-round outdoor swimming pool.

The Chamber of Commerce, with membership of 500, heads a list of 130 civic organizations, service, fraternal and veteran groups. The city boasts 30 churches and 15 public and private schools.

## Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

## Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE— OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY, THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

**WHY A  
YELLOW  
PAGE  
SECTION?**

\*It is customary to include  
a Yellow Page Section in  
the City Directory because:

It gives business firms the  
opportunity to elaborate upon  
a description of their products  
and services impossible in  
the limited space of regular  
Alphabetical and Classified  
listings.

\*

The Yellow Page Section is a necessary supplement  
to the regular listings; it is good City Directory in-  
formation . . . EXTENDED.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

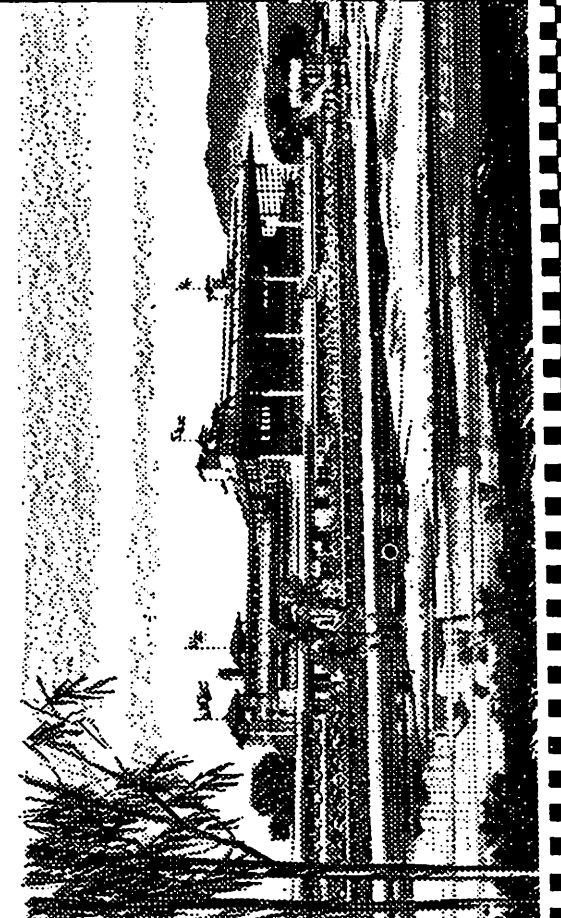

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

*Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# A STATEMENT OF ADVERTISING PRINCIPLES

- 1. GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
- 2. GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight maritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business. The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

**Out of Sight — Out of Mind — Out of Business**  
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however prestigious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages.

Out of Sight - Out of Mind - Out of Business. The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however insignificant, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however successful, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however successful, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however small, can slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

**Out of Sight - Out of Mind - Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however important, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however important, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight - Out of Mind - Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however important, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. **Insist on Being Well Represented in Its Pages**

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Out of Sight — Out of Mind — Out of Business  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however notorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

# Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however The City Directory is the natural medium for keeping a business or product name in the spotlight meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Insist on Being Well Represented in Its Pages
