

SUBJECT:

United States Engineer Office,

~~516 LAUGHLIN~~ BUILDING,
518 Bradbury

LOS ANGELES, CAL., January 27, 1903.

The City Council,
San Diego, Cal.

Gentlemen:

The Coronado Beach Company has made application through this office, requesting the necessary permission under River and Harbor laws, for the improvements made and to be made in the vicinity of the Tent City at Coronado.

So far as I can learn, these constructions will not be unreasonable obstructions to navigation.

If you have any objections to them, will you please present them to this office on or before February 27.

A blueprint showing these proposed improvements can be seen at the Chamber of Commerce, San Diego.

Very respectfully,

Rogan Jordan
Captain, Corps of Engineers, U.S.A.

Document No. 2866
