### General Project Information

Project Name: PQPS Oxygenation System

Project Address: 10150 Cara Way, San Diego, CA 92123

Contract No: K-23-2080-DBB-3

Contract Award Amount: \$4,391,787.00

Estimated Start Date: May 2024

Estimated End Date: May 2025

Project Description:

The Penasquitos Pump Station (PQPS) is among the larger wastewater pump stations in the City's collection system. It is located at 10150 Cara Way, just east of Interstate 15 at Mercy Road. Septic Wastewater from the PQPS has been linked to the poor performance of the processes at the North City Water Reclamation Plant (NCWRP). The addition of high-purity oxygen can effectively prevent septicity by increasing the dissolved oxygen concentration in the wastewater and maintaining an aerobic environment during conveyance of wastewater from the PQPS to the NCWRP.
