January 2024

[View All Information Bulletins](#)

IN THIS BULLETIN:

- [Submittal Requirements](#)
- [Processing Time](#)
- [Fees](#)
- [Submittal Process](#)

This Information Bulletin outlines the application and submittal requirements necessary for processing an Alternate Materials, Design or Construction Methods or a proposed Code Modification as authorized in Land Development Code [Section 129.0104 \(a\) 6](#) and [Section 129.0109](#).

I. Submittal Requirements

The following plans and documents shall be provided along with the appropriate fees.

A. Application

1. Application - Alternate Materials, Design or Construction Methods or Code Modification, Form [DS-104](#).
2. The justification portion of the application must state the basis for the request and substantiate the claim of equivalency to code requirements for the proposed material, design, or construction method or code modification.

B. Plans and Other Substantiating Documents

Plans and documents submitted in support of the request must clearly indicate the location, nature, extent, and details relevant to the subject of the request. Provide the following, as applicable.

1. Reports and plans shall be prepared by a licensed architect or engineer authorized by the State of California to sign reports and construction documents relevant to the deviation requested.
2. Where the issue in question relates to the means of egress provisions, a complete means of egress plan shall be included.
3. As applicable, a plan exhibit shall be included to graphically depict the alternatives offered and identify the additional features offered to mitigate deviations from the relevant building standard.
4. Additional information substantiating claims of equivalence such as code or engineering analyses, test reports, and other background information shall be compiled in a report used as a part of the justification. Copies of documents referenced in the report not commonly available may need to be provided.

When submitted, reports shall include an executive summary listing and describing all items offered as alternatives to mitigate the requested deviations from the relevant building standard.

II. Processing Time

First review comments will be provided within 20 business days or sooner, based upon the information provided, the processing method and the complexity of the request. Incomplete packages may result in extended review periods.

III. Fees

A. Alternate Materials, Design or Construction Methods or Code Modification Requests

The following fees are required to be paid prior to review unless otherwise indicated below. If, during review, it is determined that additional reviews are required, additional fees may be charged based upon an hourly rate. If it is determined that the complexity of the project requires significant research, a deposit account may be required.

Records Fee (per application).....	\$97.68
Alternate Materials, Design or Construction Methods or Code Modification Requests.....	\$2,965.72

B. Tall Building Peer Review Process

A deposit account is required to pay for a Peer review, Inspection and/or Project Management Services. The initial deposit is drawn against to pay for these services. The Financially Responsible Party will receive a monthly statement reflecting the charges made against the account, and an invoice when additional deposits are necessary to maintain a minimum balance. The payment of the invoice will be required in order to continue processing the [project](#). At the end of the project, any remaining funds will be returned to the Financially Responsible Party.

Deposit Account (Initial Deposit \$8,000.00).....Minimum Balance Required \$4,000.00

IV. Submittal Process

When available, a reduced review period can be accomplished by paying an express fee, which is 1.5 times the standard fee (or 1.5 times the hourly rate).

For your convenience, DSD offers online payments. Please note that the application/review fees and other administrative fees are non-refundable. See the Refund Policy noted within Refund Application Form [DS-721](#) for additional refund information.

All requests for alternates and code modifications must be submitted electronically through the online [portal](#). Select **Other** under **Miscellaneous Applications**.

Upload the application, any necessary construction plans and, where applicable, a report as separate documents identified by the document types available in the DSD web portal.
