Two adult males who were present at the residence were detained and Detectives are currently evaluating their roles in this incident. At this time, Detectives are still in the process of examining physical evidence from the scene, attempting to locate and interview witnesses and canvassing the area for surveillance footage that might provide more insight into the events leading up to the female's death.

The female has not been identified. She is described as Chinese or Asian in her 20's or early 30's. The two detained males are described as Chinese or Asian and are in their early 30's.
