PUBLIC NOTICE

Date: July 26, 2024

Subject: DSD Opening Interest List for Future Discretionary Project Professional Certification Training

The Development Services Department (DSD) is now compiling an interest list for Discretionary Project Professional Certification (Pro-Cert) training that educates industry professionals about discretionary development project application submittal requirements. The forthcoming training will provide a comprehensive review of discretionary permit application requirements, demonstrate how to use the online permitting portal and explain the customer bill of rights.

Attendees who complete the future, in-person session will be deemed “Discretionary Pro-Cert Applicants” and allowed to bypass the initial completeness check for a discretionary project application. Their project submittals will be moved immediately into review upon payment of applicable fees and deposits.

As of Nov. 1, 2023, DSD only accepts an applicant’s self-certification request with verified completion of this training.

If you are interested in putting your name on the interest list and being notified as soon as training registration is available, [please complete this brief form](#).
