

Brian Maienschein
Assembly Representative/Attorney

"Most experienced and qualified"

As an Assembly Representative, I wrote landmark laws to help people with disabilities and mental health challenges. I co-authored Proposition 1 to protect abortion rights in our State Constitution.

I am the only candidate for City Attorney endorsed by Planned Parenthood.

I've won tougher prison sentences for sex trafficking crimes against children and fentanyl dealers. San Diego's Police Officers Association and Firefighters endorse me for City Attorney.

I strengthened the law to prosecute companies who commit wage theft. I supported Sierra Club's work for environmental protection. This year, I was a leader in putting marriage equality on the ballot and getting guns off the street.

I'm running for City Attorney because that office needs change.

As City Attorney, I will never sign off on shady, multimillion dollar real estate deals that line people's pockets at taxpayer expense. I was named a "Clean Money Champion" by one of America's leading anti-public corruption organizations.

I've been an attorney for 30 years and am endorsed by San Diego's Deputy District Attorneys. I have practiced law, taught the law, and made the law. I have the experience and skills needed.

It's time for change.
