

# City of San Diego Bicycle Master Plan Update

Funding for this study provided by Caltrans' Sustainable Transportation Planning Grant Program

## Project Vision

**Improve and grow a safe, connected, and convenient network for people on bicycles and micromobility users of all ages and abilities.**

## Project Goals

### Safety

Prioritize separated bikeways, protected intersections, and other safety improvements to reduce severe injuries.

### Equity

Outline investments in structurally excluded communities and accommodate users of all ages and abilities.

### Connectivity

Close existing gaps, improve access, and provide convenient connections within the City and beyond.

### Best Practices

Maximize alignment with complete streets best practices and bicycle facility design guidelines.

### Innovation

Foster innovation to optimize opportunities for implementation and increase cycling.

### Mode Shift

Increase the number of biking and multimodal trips.

## Why Is The City Updating Its Bicycle Master Plan?

The Bicycle Master Plan was last updated a decade ago, and bicycle facility planning and design has evolved since then. The new Plan will focus on safety, equity, and connectivity in our citywide bicycle facility network. A main goal is to support the City's Climate Action Plan, which aims for 10% of all daily trips in the City to be made by bike by 2035. To achieve this, we'll need to implement a bike network that's convenient and provides access for all ages and abilities.

## With this in mind, the updated Bike Master Plan will:

- **Engage** with community-based organizations to develop an inclusive Plan
- **Refresh** the proposed bicycle network based on safety needs, equity areas, facility gaps, and density of population and destinations
- **Develop** design concepts for priority projects
- **Set** targets for implementation
- **Recommend** supportive strategies related to e-bikes, bike-share and scooter-share, and first mile/last mile connections to transit
- **Promote** and advance the goals of related City Plans listed below

## Relationship to Other Plans

- Advances **Vision Zero**
- Advances **Mobility Master Plan** goals
- Advances **Climate Action Plan** goals
- Advances **General Plan** goals
- Advances **Strategic Plan** goals
