Description

This section is an overview of the department, or fund, which includes its purpose, vision and mission statements, and the services it provides.

Goals and Objectives

This section lists the goals and objectives that make up the action plan for a department. Strategic goals are broad, multi-year areas of focus, while strategic objectives are articulated aims that support the identified goals. Each department page displays their respective goals and objectives. Note: fund pages do not include goals and objectives.

Budget Equity Impact Statement

The Budget Equity Impact Statement (BEIS) is a brief summary of how a department's budget addresses identified disparities. This statement includes examples of equity highlights from the current fiscal year. It also includes a response to Equity Lens questions for both ongoing operations and budget adjustments to provide a holistic overview of how equity is prioritized and addressed within each Department's budget. The summary highlights Equity Opportunities to implement changes, both in the specific goals, objectives, and clear metrics to address disparities.

This short summary will describe how each Department's budget will directly benefit a specific neighborhood or City employee, in addition to identifying operational impacts, potential unintended consequences and/or burdens connected to a specific budget request. The BEIS also captures opportunities to realign ongoing operations/base budgets and budget adjustments to address identified disparities.

Guide to the Budget

Below is the template that departments completed. Each department page displays its respective Budget Equity Impact Statement. Note: fund pages do not include this statement.

Key Performance Indicators

This section lists the Key Performance Indicators (KPIs) identified by the department. All Mayoral departments have KPIs as well as some independent departments. Fund pages do not have KPIs. These indicators show the results or outcomes of the department's performance. They help readers evaluate City services and enable the City to quantify service levels for all departments.

The table displays a performance indicator and definition along with the baseline, prior year performance and the department goal for Fiscal Year 2025. The table below shows how it will be displayed on each department page. Note that the format of the KPIs was modified in Fiscal Year 2025; historical actual data beyond the prior year is now excluded.

Performance Indicator	Definition	Baseline	FY2024 Performance	Goal
Performance Indicator 1	Indicator Definition 1	19	21	28
Performance Indicator 2	Indicator Definition 2	14	18	24
