Capital Budget Introduction

The City of San Diego's Capital Budget document summarizes key features of the City's Capital Improvements Program (CIP), highlights various essential processes, and provides project-to-date information for 284 projects, including both standalone projects and annual allocations, in or across 14 asset-managing sections of the City. Below is a summary of the various sections included in the Capital Budget document.

The **Fiscal Year FY2025 Adopted Budget Summary** (page 5) describes the various fund allocations that support new and ongoing capital projects. The summary includes funding source descriptions, a high-level synopsis of total budget allocations by project type, and brief overviews of developer credits and planned construction contracts.

The **Profile of the City of San Diego's CIP** (page 29) details the City's Budgeting Best Practices, with an overview of the multi-year program in accordance with the City's budget policy. It also explains the CIP prioritization process, available funding options, operating budget impacts, and total project cost estimates. In addition, this section describes the CIP budget development process, which follows the timeline established by the [City Charter \[Section 69\]](#) and is developed in conjunction with the City's operating budget.

The **Fiscal Year 2024 Budget Update** (page 45) details changes made to the CIP since the Fiscal Year 2024 Adopted Budget was published. This includes new projects added to the CIP, closed projects no longer published, a breakdown of expenditures by fiscal year, and a summary of contracts awarded.
