ORAL COMMENTS

Where warranted, the response from staff follows the comment.

SEPTEMBER 4, 2024 – ECONOMIC DEVELOPMENT & INTERGOVERNMENTAL RELATIONS COMMITTEE

Public Comments

Joy Sunyata (*Virtual attendance*)

- Sunyata thanked the Council Plan Advisory Board for the work they do. Sunyata expressed that the CAPER was an imported document to report to HUD how Community Development Block Grant (CDBG) funds were being distributed. In addition, Sunyata shared that in Rancho Bernardo the cost per unit for an affordable housing complex was \$900,000.00. Sunyata encouraged the Economic Development Department to include the cost per unit when presenting a housing project. Sunyata shared that additional information would also be useful such as including demographic information and household income of the families residing in the affordable housing units.

The Original (*Virtual attendance*)

- The Original questioned the funding and accessibility to affordable housing. The Original shared that currently, people on the affordable housing waiting list were being disadvantaged due to programs assisting immigrants and refugees. The Original commented that prioritizing certain groups of individuals over others should be discrimination against housing opportunities.

Councilmember Comments**Councilmember Raul Campillo (Chair), District 7**

- Councilmember Campillo thanked EDD staff, Melissa Villalpando and Nadine Hassoun, for their work and for ensuring that the City's HUD programs are administrated efficiently and in alignment with the needs of the community. Councilmember Campillo acknowledged the hard work of the following nonprofit organizations in District 7; Bayside Community Center, Kitchens for Good, and Home Start. Lastly, Councilmember Campillo commended HUD for their support in providing affordable housing programs for vulnerable communities.

Councilmember Henry Foster III, District 4

- Councilmember Foster thanked EDD staff for their presentation. Councilmember Foster indicated that the tables in the CAPER report addressed the success of the nonprofit organizations by documenting the "individuals served" instead of measuring the economic growth. Councilmember Foster expressed that he would like for the CAPER report to include additional information about the workforce development programs by focusing on how many job placements and retentions were made. Councilmember Foster shared that economic growth, specifically employment, was a main concern for residents of District 4.

Staff Response:

- *Michele Marano, Assistant Deputy Director, clarified that the job creation outcome referenced in the tables measured the total outcomes for Fiscal Year (FY) 2024. Marano reported that during FY 2024, there were no job creation activities funded. Marano shared that community economic development objectives were to fund programs to assist low to moderate-income clientele, assisting businesses, or by job creation. Marano noted that microenterprise activities assisted small businesses of 5 employees or less. The qualified business owners were of low-moderate income and were counted as employees. Marano shared that assisting small business owners also created job opportunities. Marano mentioned that Microenterprise programs are measured by the individuals and businesses served, however, individuals served were also reported in the tables to demonstrate how many individuals attended the technical assistance sessions.*
- Councilmember Foster thanked Michele Marano for the clarification and shared that he would like for programs to measure outcomes and include how many people received job placement, retention, or promotion due to attending program services. Moreover, Councilmember Foster stated that would like to further discuss outcomes by measuring economic growth instead of concentrating on numbers that will be reported to HUD.

SEPTEMBER 11, 2014 – CONSOLIDATED PLAN ADVISORY BOARD MEETING**CPAB member Nick Gulino**

- CPAB member Nick Gulino asked if the shelter individuals served were unduplicated numbers.
- *Staff Response:*
 - Michele Marano, Assistant Deputy Director, clarified that the total number of individuals served by shelter activity were unduplicated numbers.
- Gulino asked if the total amounts of funding for Public Services on the activity tables included leveraged funding and if so, was the leveraged funding matched dollar by dollar.
- *Staff Response:*
 - Melissa Villalpando, Community Development Coordinator, shared that leveraged funding was additional funding that supported the success of a specific program. Villalpando clarified that it was not a match dollar by dollar amount. In addition, Villalpando shared that the activity tables included additional information such as the amount of funding, individuals served, the leveraged amount, and the total project cost.
 - Ashley Gain, Community Development Specialist, shared that the reported funding amount in the activity tables pertained only to CDBG dollars and did not include the leverage funding amount.

CPAB member Dr. Abena Bradford

- CPAB member Abena Bradford asked why individuals served by the Nonprofit Facility Projects were tracked when highlighting a facility improvement project.
- *Staff Response:*
 - Nadine Hassoun, Community Development Specialist, clarified that the number of individuals served represents the number of people positively impacted by the project.

September 17, 2024 – CITY OF SAN DIEGO COUNCIL MEETING**Joy Sunyata (Submitted a speaker's slip)**

- Sunyata thanked EDD staff for their presentation highlighting the work and dedication of the nonprofit organizations that were funded by CDBG. Sunyata commented that she was not happy with the San Diego Housing Commission's affordable housing programs. Sunyata shared that perhaps HUD could provide additional funding to support affordable housing opportunities to meet the community's needs.

Lori Saldana (Submitted a speaker's slip)

- Saldana commented that she appreciated the CAPER report however, the timing was difficult since there was not enough time to review it completely. Saldana shared that the report demonstrated that affordable housing opportunities were disproportionately distributed by assisting mainly, "Black or African American"

households. In addition, Saldana mentioned that the grant contractors hired were white, non-Hispanic owned contractors. Saldana shared that out of the 55 contractors hired, only 1% was a Hispanic contractor owned company. Saldana noted that the funds were also not being distributed equally and the City needed to do a much better job.

Consuelo (Virtual attendance)

- Consuelo shared that she agreed with Saldana. Consuelo commented that the programs funded represented the most urgent needs of the community. Consuelo stated that this was untrue since many needs were not being met, especially in affordable housing.

Nao Kabashima, Executive Director of Karen Organization (Virtual attendance)

- Kabashima shared that the nonprofit organization, Karen Organization of San Diego assists refugee families from Burma. Kabashima reported that more than 2,000 refugee families have participated in the Karen Organization program, 95% of the families reside in the City Heights area, District 9. Kabashima reported that Karen Organization has received CDBG funding for the past 4 years. Kabashima noted that to date Karen Organization has assisted 15 individuals working towards becoming successful microbusiness owners. Kabashima shared that most of these individuals were from very low-income households. Moreover, Kabashima reported that in Fiscal Year (FY) 2024, 700 individuals participated in the program where business owners learned how to make a business plan, budget plan, obtain a permit and business license. Kabashima attributed the success of the program to the CDBG funding received. Kabashima thanked the San Diego City Council for their support.

Catherine Rhoades, (Virtual attendance)

- Rhoades commented that 30 million dollars were remaining from the original 240 million from HUD audited funds for fiscal year 2010 by the Office of Inspector General (OIG). Rhoades indicated that since funds were almost exhausted, future CDBG programs will not be receiving the same amount of funding. Rhoades shared that during FY 2010, Mayor Carl DeMaio shared that the amount allocated by HUD would be receiving a compound interest accumulated from the principal sum of 240 million dollars. Rhoades stated that the ROPs spreadsheet prepared by the Successor Agency did not include the 7% compound interest received. Rims commented that if the interest was to be added to CDBG, an additional \$200,000 - \$300,000 would be allocated. Rhoades stated that the City must follow up on the 7% compound interest that was not accounted for as it was intended.

The Original, (Virtual attendance)

- The Original shared that she agreed with Consuelo's comments. The Original commented that the most urgent needs of the community were not being met since storm victims were still being impacted. In addition, the Original stated that it did not matter how many affordable housing units were being

constructed since the units were unattainable. The Original stated that even though the affordable housing programs have a multi-year waiting list, they were prioritizing immigrants, and refugees over veterans and people who are disabled. The Original shared that landlords were finding loopholes for raising their tenant's rent since rent control regulations were not strictly enforced. Lastly, the Original commented that many nonprofit organizations funded by CDBG were providing public services to illegal immigrants.

Councilmember Comments

Councilmember Stephen Whitburn, District 3

- Councilmember Whitburn thanked the Economic Development Department for their administration and oversight of HUD's funding. Councilmember Whitburn shared that HUD's funding has made a significant impact for residents of District 3 who have expressed concerns about the cost of living and affordable housing in San Diego. Councilmember Whitburn shared that CDBG funding helped build the Harrington Heights affordable housing and the Cortez Hill Apartment complexes. These units will be providing 358 rent-restricted affordable housing assistance. Moreover, Councilmember Whitburn mentioned that HUD provided funding to emergency shelters for people experiencing homelessness. Councilmember Whitburn thanked the supportive services provided to residents by nonprofit organizations such as the LGBTQ Community Center. Councilmember Whitburn expressed his gratitude to EDD staff for their work in assisting the needs of communities and administering HUD programs.

Councilmember Sean Elo-Rivera, District 9

- Councilmember Elo-Rivera shared that he would like to thank Noa Kabashima for calling in and providing information on the Karen Organization of San Diego in District 9. Councilmember Elo-Rivera noted that with the assistance of CDBG funds, funding to organizations such as the Karen Organization is imperative for vulnerable communities. Councilmember Elo-Rivera shared that the Karen Organization did a fantastic job in connecting with the Burma community of District 9 which is a very under-representative community. Councilmember Elo-Rivera thanked EDD staff for their presentation.

The City Clerk noted that the Agenda Comment Form received 2 votes in favor and zero (0) in opposition to this item.
