Malfunctions of, or complaints about, the climate control system should be forwarded directly to the Staff Officer who will coordinate necessary repairs or adjustments.

Bulletin Boards

Other city employees and members of the general public frequently view bulletin boards within the Eastern Division Station. Their appearance and the materials posted are a reflection of our professionalism and the pride we take in our station.

A portion of the bulletin boards in the Employee Lounge are available for use by employees of the Police Department who want to buy, sell, rent, lease, give away, or exchange personal property, pets, real estate, or non-commercial services.

The following guidelines and restrictions shall govern the posting of notices and other materials:

- All materials must have the approval of an Eastern Division Supervisor (indicated by legible initials and date) prior to posting.
- Items being sold, rented, exchanged, etc. should be listed on a card or clean sheet of paper no larger than 8.5" x 11" (exceptions must have the approval of the Staff Officer or above). A photograph (if attached) may accompany the notice.
- All notices must be removed from the bulletin board 30 days after posting (exceptions must be approved by the Staff Officer or above).
- The bulletin board in the Exercise Room may only be used for the posting of notices and materials pertaining to physical fitness, conditioning, or recreation.

Inter-Agency Notification

Background

The nature of undercover investigations and the proliferation of task forces and teams involved in cross jurisdiction surveillance and various types of enforcement emphasize the importance of an accepted protocol for interagency notifications.

Equally important is the need for recognized procedures in the event of field contacts or confrontation between uniformed and plainclothes officers.

This policy shall address these two issues:

- 1) A protocol for the notification of planned events in another agency's jurisdiction; and
- 2) Suggested procedures to follow in situations involving a field contact or confrontation between undercover officers and uniformed personnel.

Definitions

A service agency is the law enforcement agency initiating an investigation or planned event, which enters into another agency's jurisdiction.

A venue agency is that law enforcement agency having primary responsibility for the delivery of police services in a geographical area.

A planned event is a law enforcement activity, which can be/is planned in advance, such as the service of a search or arrest warrant, a money or narcotic show, a protracted surveillance, etc.

Notification

Prior to a planned event, the service agency shall notify the venue agency, in a timely manner, of the proposed event. Notification will normally be to the venue agency's Watch Commander. Such notification should include:

- The time and location of the planned event and the names of involved persons, if applicable.
- The nature of the planned event, i.e., search warrant, etc.
- An assessment of the potential for problems.
- What assistance, if any, is or may be required of the venue agency.
- Description of vehicles involved (suspect and police).

Narcotics-Related Investigations

The following additional steps shall be taken to avoid confrontation between various law enforcement officers involved in narcotics-related cases and reduce the overlap of investigative steps taken:

Inquiry to Western States Information Network (WSIN) through SDLECC (San Diego Law Enforcement Coordination Center) phone number: **(Redacted – record exempt)**

- .
- Inquiry to the specific venue agency Narcotics Division, i.e. Narcotics Section, for San Diego Police Department.
- Inquiry to the San Diego County Integrated Narcotics Task Force.

Once received, the venue agency is responsible for:

- Maintaining the confidentiality of the information. Any intra-departmental notifications, which they deem appropriate, i.e. Communications, Watch Commander, Area Captain, etc.
- Providing reasonable assistance, if requested.

At the conclusion of the event, the service agency shall make an exit notification to advise of the event's termination. If possible, this notification should be to the same individuals or their relief. Should the event result in a noteworthy incident (i.e., a large seizure, arrest of a notable person, etc.), this information shall likewise be conveyed to the venue agency. Press notifications, if appropriate, should be handled by the service agency or jointly.

Field Contacts/Confrontations

Because plainclothes/undercover officers are not readily identifiable as law enforcement officers, contacts between them and uniformed personnel include the potential for confrontation. The primary responsibility for avoiding or defusing this risk lies with the non-uniformed officer(s).

Their actions and demeanor when contacted by a uniformed officer is critically important. The following suggestions are intended to assist in avoiding or alleviating the tension possible in such contacts:

- When officers and/or detectives are participating in enforcement action, the officers involved in the contact will wear clothing (such as a tactical vest with the word **POLICE** clearly printed on it) that clearly identifies the officers.
- When not clearly identified as a police officer, the undercover officer should:

- Carry his/her firearm well-concealed, rather than partially or completely exposed to view.
- When stopped, they will identify themselves verbally and indicate where credentials and weapons are located.
- Follow the instructions of the uniformed officer explicitly.

Avoid any sudden movement, which could be interpreted as suspicious or threatening.
Keep hands in sight and open.

Comply with any requests of the uniformed officer without hesitation.

- Be prepared to provide the phone number and name of a supervisor or other agency member who may be contacted for verification as requested by the uniformed officer.

Unplanned Events

Recognizing the changing nature and direction that investigations may take, service agencies may find it necessary to enter into a venue agency's jurisdiction without prior coordination. In such instances, the venue agency will be notified as soon as possible.

Moral Fund Policy

Purpose

This policy is intended to establish guidelines for the formulation and maintenance of a non-profit morale fund for all divisions and units assigned within the Operational Support Administration.

The fund shall generate monies through the sale of coffee, soft drinks, or food items via vending machines or on-site sales.

Additionally, monies may be generated by the sale of divisional shirts, coffee mugs or any other items proposed by the committee with approval of the division's commanding officer and coffee fund committee.

The Eastern Division Morale Fund is the exclusive property of all personnel permanently assigned to the Eastern Division area command. The sole purpose for the fund's existence is to improve morale and better the physical working conditions for all.

Newly assigned personnel are immediately vested as full shareholders so long as they remain assigned to the command.

Committee

The morale fund shall be administered by the Division staff officer, and two other Eastern employees.

The Fund Manager will oversee the administrative details of the committee, such as scheduling and facilitation of meetings and assignment of issues pertaining to the fund.

The division's commanding officer shall have the overall responsibility for the moral fund. The moral fund routinely disburses monies for the purchase of coffee, cream and sugar, cups, paper plates, and plastic eating utensils.

Extraordinary expenses, such as shift change parties, cooking equipment, weight room equipment or any other expenditure requested by a member, shall be approved by a majority vote of the committee and documented in memoranda detailing the expenditure. The memoranda shall be signed by the approving committee members and retained by the Staff Officer for a minimum of two (2) years from the date of the expenditure.

Accountability Of Funds

The Staff Officer shall maintain a bookkeeping system to document the income and expenses of the Fund. This system shall be in the form of a written journal detailing each transaction and a checkbook register to document deposits and withdrawals.

The Staff Officer shall make the books available to any member upon request.

Detailed receipts shall be presented for all expenditures and be retained for a minimum of two (2) years.

The fund monies shall be kept in a financial institution selected by the committee. This account will have no more than two persons authorized to make withdrawals. An amount over \$150.00 at any one time shall require signature of both parties designated. Otherwise, a single authorized signature is appropriate. Access to coffee fund monies shall be restricted to assigned personnel only.

An annual financial statement will be presented to the commanding officer for review at the end of the fiscal year. The annual statement will be kept for a period of five years. This report will be made available to any member of the command upon request.

Expenditure Of Funds

All requests for the expenditure of funds shall be made to the committee verbally or in writing. The committee will consider and vote on each request. In any case where the committee denies a request, the person making this request shall be notified.

If for any reason, a fund is dissolved, the committee will recommend how to disburse the remaining balance. Final approval for this shall remain with the division commanding officer.

The Fund Does Not Lend Money For Any Purpose

Fund members, while they enjoy a joint "ownership", are not allowed personal access to the assets. The fund will **NOT** LOAN MONEY FOR ANY PURPOSE.

All members, however, are encouraged to propose uses for the Fund assets. Prior expenditures have included a gas barbeque grill for the station lunchroom, shirts with the Eastern Division logo, contributions to charitable organizations, shift change parties, flowers, cards and parties for departing members.

Eastern Division “Top Cop” Award

Eastern Division’s highest award is the “Top Cop” award. This award seeks to honor the well-balanced patrol officer who consistently performs all patrol duties in a competent and satisfactory manner. It seeks to award not an individual event but rather, to honor an officer’s steady and consistent patrol efforts during the month. This award is reserved for officers serving in a uniformed patrol capacity and is separate from the SDPOA Officer of the Shift award.

Awardee selections are fielded from supervisor recommendations, with Command Staff making the final determination of which officer shall be recognized. Officers who are awarded will receive:

- An award citation (equivalent to a Commanding Officer’s Citation);
- one (1) discretionary day off; and
- exclusive access to the use of a pre-designated and marked “Top Cop” patrol vehicle, in which they may leave all gear (excluding firearms) for the entire shift.

When an officer is awarded “Top Cop,” a copy of the award citation and their photograph will be displayed on the award board which is directly outside of the patrol lineup room. Additionally, a copy of the citation shall be sent to Human Resources for placement in their permanent file as well as a copy being placed in their divisional file.
