

Blockwise - Citywide Executive Summary

Perception of Safety - 64% of respondents overall felt mostly or completely safe in their neighborhood. 46% of respondents stated there was a place in their local area they did consider unsafe. The most frequent reason given for this perception (48%) was because they "Personally witnessed or been a victim of crime". 81% of respondents reported not being victims of crime in the past 6 months, indicating expanded community perspective access via the Zencity survey.

The feed provides open text comments identifying general themes and specific issues and locations. Homelessness was identified as a primary concern citywide (**419 Respondents**), Streets and Traffic (**160**) as the next highest concerns, followed by Theft, Burglary and Break Ins (**145**).
