**Subject: Storm Water Quality Management Plan Submittal Checklist – Form DS-564**

---

The City of San Diego Development Services Department (DSD) has created a new form to facilitate the screening and review of Storm Water Quality Management Plan (SWQMP) Submittal Checklists. This checklist, Form DS-564, identifies key project information and page number locations within the SWQMP document. It will provide information on the level of completeness of the SWQMP document at the time of submittal/review while increasing efficiency and minimizing the duration of plan reviews for Priority Development Projects.

The SWQMP Submittal Checklist (Form DS-564) will be available for download and use beginning Wednesday, December 6, 2024.

DSD will provide a presentation of the new form at a virtual public workshop on Wednesday, October 30, 2024, from 10 to 11 a.m.
