§131.0702 Definitions

The following definitions are applicable to this Division. Where not otherwise specified, the definitions found in Chapter 11, Article 3, Division 1 of the Land Development Code shall apply. Each word or phrase that is defined in this Division, or in Chapter 11, Article 3, Division 1 of the Land Development Code, appears in the text in italicized letters.

Secondary use means an allowed use that is less than 50 percent and more than 10 percent of the *gross floor area* of all uses in the *development*.

Paseo [No change in text.]

§131.0703 Purpose of the RMX (Residential Mixed-Use) Zones

The purpose of the RMX zones is to provide a mix of uses with a focus on residential uses. The RMX zones support residential employment through the inclusion of *shopkeeper units*, small-scale artisan or production spaces, live/work units, or amenities for home employment and small businesses. Residential *development* shall be the *primary use*. The *secondary use* can be non-residential or residential *development*. If the *secondary use* is residential *development*, it shall comply with Section 131.0712.

The RMX zones are differentiated in Table 131.07B based on the *floor area ratio* and *structure height*.

§131.0704 Purpose of the EMX (Employment Mixed-Use) Zones

The purpose of the EMX zones is to provide a mix of uses with a focus on non-residential uses with opportunities for residential *development*. The EMX zones allow for a broad mix of uses, including office, research and development,

industrial, and retail sales. Non-residential *development* shall be the *primary use*.

The *secondary use* can be non-residential or residential *development*. If the *secondary use* is non-residential *development*, it must be a different non-residential use than the *primary use*. *Development* that contains a research and development use within Prime Industrial Land and Prime Industrial Land – Flex identified in the *land use plan* does not require a *secondary use*. New residential *development* may be the *primary use* on a *premises* or adjacent to a *premises* where the total *gross floor area* is occupied by at least 500,000 square feet of retail sales or eating and drinking establishment uses, or both.

The EMX zones are differentiated in Table 131-07B based on *floor area ratio* and *structure height*.

§143.0720 Density Bonus in Exchange for Affordable Housing Units

(a) through (h) [No change in text.]

(i) A *density* bonus agreement for a *development* within a *Sustainable Development Area, transit priority area, or Mobility Zone 3* as defined in Section 143.1103(a)(3) providing 100 percent of the total *pre-density* bonus and *post-density* bonus *dwelling units* as affordable to *very low income, low income, and moderate income* households shall utilize the following qualifying criteria:

(1) through (4) [No change in text.]

(j) through (k) [No change in text.]

(l) A *development* proposal requesting an affordable housing *density* bonus is subject to the following:

(1) [No change in text.]

(2) For *development* meeting the criteria for *very low income* households in Sections 143.0720(c)(1) and 143.0720(d)(1), the *density* bonus shall be calculated as set forth in Table 143-07A. The increased *density* shall be in addition to any other increase in *density* allowed in this Division.

(3) For *development* meeting the criteria for *low income* households in Sections 143.0720(c)(2) and 143.0720(d)(2), the *density* bonus

shall be calculated as set forth in Table 143-07B. The increased *density* shall be in addition to any other increase in *density* allowed in this Division.

(4) For *development* meeting the criteria for *moderate income* in Sections 143.0720(c)(5) and 143.0720(d)(3), the *density* bonus shall be calculated as set forth in Table 143-07C. The increased *density* shall be in addition to any other increase in *density* allowed in this Division.

(5) through (6) [No change in text.]

(7) For *development* providing at least 100 percent of the pre-*density* bonus *dwelling units* as affordable to *very low income, low income, and moderate income* households in accordance with Section 143.0720(h); or *development* within a *Sustainable Development Area, transit priority area, or Mobility Zone 3* as defined in Section 143.1103(a)(3) providing at least 100 percent of the total pre-*density* and post-*density* bonus *dwelling units* as affordable to *very low income, low income, and moderate income* households in accordance with Section 143.0720(i), the *density* bonus shall be as follows:

(A) For *development* located outside of a *Sustainable Development Area, transit priority area, or Mobility Zone 3* as defined in Section 143.1103(a)(3) the *density* bonus shall be 80 percent of the number of pre-*density* bonus

dwelling units provided for *low income* or *very low income* households. This bonus does not apply to *development* consistent with Section 143.0720(i).

- (B) For *development* located within a *Sustainable Development Area*, *transit priority area*, or *Mobility Zone 3* as defined in Section 143.1103(a)(3) there shall be no limit on the number of *dwelling units* permitted.
- (8) For *development* meeting the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(c)(5), 143.0720(d)(1), 143.0720(d)(2), 143.0720(d)(3), 143.0720(e), 143.0720(f), 143.0720(g), 143.0720(h), or 143.0720(i), where an *applicant* has not requested an incentive or waiver to exceed the maximum *structure height* or *setbacks* of the base zone, an additional *density* bonus of 10 percent of the pre-*density* bonus *dwelling units* shall be granted, provided that *development* of the additional *density* does not cause the need for an incentive, waiver, or deviation to exceed the maximum *structure height* or *setbacks* of the base zone.
- (9) through (12) [No change in text.]
- (13) If the applicable *land use plan* map identifies an allowable *density* range in *dwelling units* per acre, the maximum allowable *density* in that range shall be used to calculate the *density* bonus as set forth in Table 143-07A, Table 143-07B or Table 143-07C. If using the *land use plan density*, allowed *density* bonus *dwelling units* shall

not be counted towards the maximum allowed *floor area ratio* of the zone; and within the mixed-use base zones the allowed *density bonus dwelling units* shall not be counted towards the percentage of the required *primary use* or secondary use, as that term is defined in Section 131.0702.

(14) through (15) [No change in text.]

(m) through (p) [No change in text.]

BUILDING COLOR GUIDE:

To more accurately define the earthtone and pastel colors noted in this Section, the following specific color ranges are given in three color systems.

Under the Hicketheir 1000 International Color System, colors are specified very precisely by a specific numerical system. Further information is available in the book *Color Mixing by Numbers* by Alfred Hicketheir, Van Nostrand Reinhold Company, New York, available at graphics and art supply stores.

For the convenience of Applicants, equivalent colors are also specified under Ameritone and Frazee color designations because these paints are widely available in the San Diego area.

Equivalent colors by any other manufacturer are also acceptable upon prior approval by the Development Services Director. In addition, colors similar in hue and tone to those designated may be used with the prior approval of the Development Services Director.

The following range of earthtone and pastel colors are acceptable. These numbers are based on 1983 color codes and the numbers may change over time.

Refer to La Jolla Planned District Color Chart in the City Planning Department for acceptable exterior building façade colors.

Section 52. That a full reading of this Ordinance is dispensed with prior to passage, a written copy having been made available to the Council and the public prior to the day of its passage.

Section 53. That prior to becoming effective, this Ordinance shall be submitted to the San Diego County Regional Airport Authority acting as the Airport Land Use Commission (ALUC) for a consistency determination.

That if the ALUC finds this Ordinance consistent with the Airport Land Use Compatibility Plans (ALUCP) for San Diego International Airport, Marine Corps Air Station (MCAS) Miramar, Gillespie Field, Montgomery Field, and Brown Field Airport (collectively, Airports), this Ordinance shall take effect and be in force on the thirtieth day from and after the finding of consistency, or on the sixtieth day from and after its final passage, whichever is later, except that the provisions of this Ordinance inside the Coastal Overlay Zone, which are subject to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, shall not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

That if the ALUC determines that this Ordinance is inconsistent or conditionally consistent, subject to proposed modifications, with the ALUCPs for the Airports, the Ordinance shall be submitted to the Council for reconsideration.

That if the ALUC determines that this Ordinance is conditionally consistent with the ALUCPs for the Airports, but that consistency is subject to proposed modifications, the Council may amend this Ordinance to accept the proposed modifications, and this Ordinance as amended shall take effect and be in force on the sixtieth day from and after its final passage, except that the provisions of this Ordinance as amended inside the Coastal Overlay Zone, which are subject

to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, shall not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

That a proposed decision by the Council to overrule a determination of inconsistency or to reject the proposed modifications for a finding of conditional consistency shall include the findings required pursuant to Public Utilities Code section 21670 and require a two-thirds vote. The proposed decision and findings shall be forwarded to the ALUC, the California Department of Transportation, Division of Aeronautics, and the airport operators for the Airports. The Council shall hold a second hearing not less than 45 days from the date the proposed decision and findings were provided, at which hearing any comments submitted by the public agencies shall be considered and a final decision to overrule a determination of inconsistency shall require a two-thirds vote.

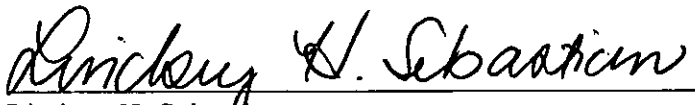

That if the Council makes a final decision to overrule a determination of inconsistency, this Ordinance shall take effect and be in force on the sixtieth day from and after that final decision, except that the provisions of this Ordinance inside the Coastal Overlay Zone, which are subject to California Coastal Commission jurisdiction as a City of San Diego Local Coastal Program amendment, shall not take effect until the date the California Coastal Commission unconditionally certifies those provisions as a local coastal program amendment.

Section 54. That no permits shall be issued for development that is inconsistent with the provisions of this Ordinance unless a deemed complete application for such permits is submitted to the City prior to the date on which the applicable provisions of this Ordinance become effective.

Section 55. That for the amendments associated in Section 131.0422, Table 131-04B, footnote 10; Section 131.0522, Table 131-05B, footnote 21; and Section 131.0707, Table 131-07A, footnote 10, development permitted as visitor accommodations or development with a deemed complete application for visitor accommodations submitted prior to the effective date of this Ordinance shall not be subject to the 30-day length of stay limitation.

Section 56. That San Diego Ordinances O-21432, O-21439, and O-21719 have been recently considered by the Council; and that Ordinances O-2024-124 and O-2024-133 will be considered by the City Council in the near future which amend San Diego Municipal Code sections also amended by this Ordinance; therefore, the City Clerk, with the written approval and concurrence of the City Attorney, is authorized to reconcile the numbering of sections and placement of text within these sections upon the final passage of the Ordinances, without further action by the City Council, pursuant to San Diego Charter section 275.

§131.0443 Setback Requirements in Residential Zones

- (a) *Setbacks* in ~~RE~~ and RS Zones

(1) Front *Setbacks* in ~~RE~~ and RS Zones

For that portion of a *lot* that fronts a cul-de-sac, the minimum front *setback* may be reduced 5 feet below the requirement specified in ~~Tables 131-04C and 131-04D~~; however, in no case shall the *setback* be less than 5 feet.

Each word or phrase that is defined in this Division, or in Chapter 11, Article 3, Division 1 of the Land Development Code, appears in the text in italicized letters.

Secondary use means an allowed use that is less than 50 percent and more than 10 percent of the total ~~*floor area ratio*~~ *gross floor area* of all uses in the *development*.

Paseo [No change in text.]

§131.0703 Purpose of the RMX (Residential Mixed-Use) Zones

The purpose of the RMX zones is to provide a mix of uses with a focus on residential uses. The RMX zones support residential employment through the inclusion of *shopkeeper units*, small-scale artisan or production spaces, live/work units, or amenities for home employment and small businesses. Residential *development* shall be the *primary use*. The *secondary use* can be non-residential or residential *development*. If the *secondary use* is residential *development*, it shall comply with Section 131.0712.

The RMX zones are differentiated in Table 131.07B based on the *floor area ratio* and *structure height*.

§131.0704 Purpose of the EMX (Employment Mixed-Use) Zones

The purpose of the EMX zones is to provide a mix of uses with a focus on non-residential uses with opportunities for residential *development*. The EMX zones allow for a broad mix of uses, including office, research and development, industrial, and retail sales. Non-residential *development* shall be the *primary use*. The *secondary use* can be non-residential or residential *development*. If the *secondary use* is non-residential *development*, it must be a different non-residential use than the *primary use*. *Development* that contains a research and development use within Prime Industrial Land and Prime Industrial Land – Flex identified in the *land use plan* does not require a *secondary use*. *New residential development may be the primary use on a premises or adjacent to a premises where the total gross floor area is occupied by at least 500,000 square feet of retail sales or eating and drinking establishment uses, or both.*

The EMX zones are differentiated in Table 131-07B based on *floor area ratio* and *structure height*.

BUILDING COLOR GUIDE:

To more accurately define the earthtone and pastel colors noted in this Section, the following specific color ranges are given in three color systems.

Under the Hicketheir 1000 International Color System, colors are specified very precisely by a specific numerical system. Further information is available in the book "~~Color Mixing by Numbers~~: Color Mixing by Numbers by Alfred Hicketheir, Van Nostrand Reinhold Company, New York, available at graphics and art supply stores.

For the convenience of Applicants, equivalent colors are also specified under Ameritone and Frazee color designations because these paints are widely available in the San Diego area.

Equivalent colors by any other manufacturer are also acceptable upon prior approval by the

Development Services Director. In addition, colors similar in hue and tone to those designated may be used with the prior approval of the Development Services Director.

The following range of earthtone and pastel colors are acceptable. These numbers are based on 1983 color codes and the numbers may change over time; refer

Refer to La Jolla Planned District Color Chart in the City Planning Department for acceptable exterior building façade colors.
