DIRECTOR'S REPORT

Renee Mezo, Development Services Department – “We have a new online tool known as the ePlanSNAPP. This tool is a PDF sheet numbering application that identifies sheet numbers for submitted plans. It can notify customers of any issues, such as missing or duplicated numbers and will help reduce plan review and permit processing time. So that is up and running.

DSD now has a podcast called *City in Motion*, which dives into various topics including public safety, how DSD is using technology, and an overview of DSD's role within the City.

Both of these topics can be found on the development services webpage under the tile of Media Learning Center. So please check it out if you haven't yet. Thank you.”
