**NON-AGENDA PUBLIC COMMENTS**

Pat	James	11/21/2024			No	<p>My name is Pat James and I'm nearly 50 year resident of Ocean Beach. I heard our local Methodist Church formally known as point Loma Methodist Church will be coming up for historic review. I'm very concerned about this property because I heard there may be some proposed development that would take this beautiful old building from our community. It is situated in an entry corridor in to Ocean Beach on Sunset Cliff known as church Row. Also in that corridor sits several other churches as well as Ocean Beach Elementary and our historic library. I am hoping somehow, someday we could protect this church from being demolished. For years we have been working hard to preserve the small town feel and the sense of place. We have here in Ocean Beach. It would be devastating to myself and many others in my community if we were to lose this building. I would ask for careful consideration when reviewing this property. And appreciate any kind of insight or ideas that help might help us be able retain this important part of our community. Thank you.</p>

Ginger	Weatherford	11/21/2024	2	In Support of Item	No	<p>Donna and Manny Garcia have done such a wonderful job maintaining and restoring their custom ranch house. The Watson family designed and built a spectacular modern resource which contributes to the Heart of Bankers Hill National Register Historic District. Donna and Manny were very invested in researching this property and met with Agnes and Willard Watson's three children and granddaughter. Their enthusiasm is evident in the report which they prepared with some of my assistance.</p>
