## 7. Informational Items

### a) Measure B Cost-of-Service Study, Anna Griffin, Cook + Schmid

Measure B was passed by voters in 2022. It amended the People's Ordinance, which kept the city from charging these fees in the past. In response to the vote, the city is starting a public process to evaluate its trash and recycling services.

#### **The study will review:**

- Options for new or better services
- Costs for the options
- Ways for the City to get paid for its services

New fees would apply to single-family homes and lots with four units or less that are served by the city.

Most apartments and condos already pay for trash services, which are provided by franchise haulers. The cost may be part of their HOA fees, rent, or other charges. The city will not be adding a fee for these residents.
