January 2025

Welcome to Pure News, the latest information and updates about Pure Water San Diego, the City of San Diego's program to provide a safe, reliable and local water supply for the future. This edition includes the **2024 Annual Report, workforce and construction highlights, community outreach and a look back at construction outreach over the past year!**

2024 Annual Report

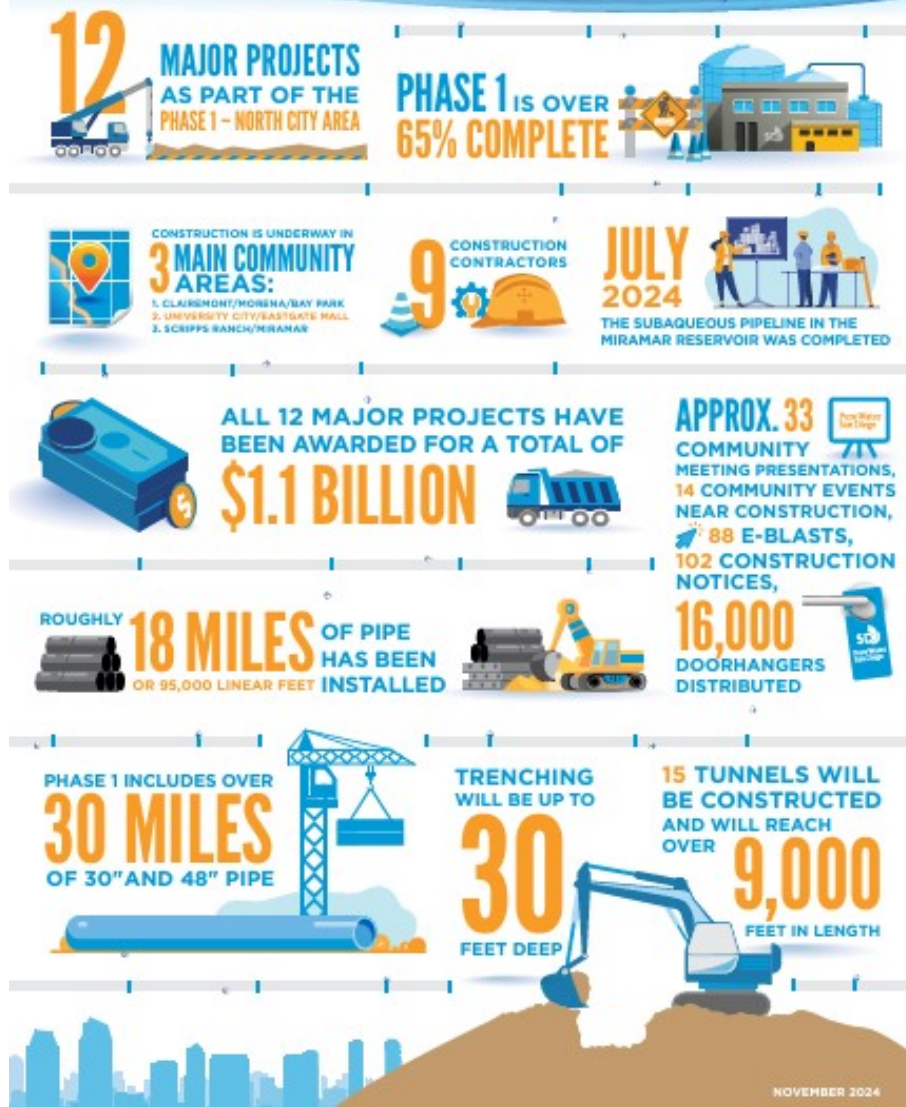

Pure Water San Diego made a splash in 2024! If you haven't already, check out our **2024 Annual Report!** Every year, we provide a comprehensive update on the Pure Water Program and the individual projects that make it possible. 2024 was a significant year for advancing the Phase 1 projects, which are now more than 70% complete! The 2024 report is packed with exciting information including updates on construction, monthly milestones and tons of progress photos!

Phase 1 Construction Spotlight

Phase 1 North City is made up of 12 total major construction projects. Check out pages 7 and 8 of the 2024 Annual Report to find a full summary of 2024 construction activities. Below is a recap of all progress made on Phase 1 so far!

Community Outreach

Our outreach team has been busy sharing information and updates about the Pure Water program! In October, we attended the Mira Mesa Street Fair and Walter Munk Oceans Day event where outreach team members were able to share the environmental benefits of Pure Water San Diego, as well as construction updates. In November, we attended the San Diego Environmental Film Festival Block Party at the University of San Diego, where we provided program updates before the film screenings began. After another successful year of community events, we can't wait to see what 2025 has in store!
