# ANNUAL DEPARTMENT MEETING

## ***Saddle Up To Join the Best In the West!***

The Annual Department Meeting (ADM) is the Parks and Recreation Department’s key event to appreciate and recognize employees of the “best darn department in the City of San Diego”. The 2025 ADM was held on February 19th and 20th in the Balboa Park Club Ballroom. It included guest speaker, Dr. Gale Gorke, group and individual Director’s Awards, the first Heart of Service Award presentation, staff KUDOS and shout outs from colleagues, opportunity drawings, activities, and lunch. The ADM is a time to reflect on achievements, celebrate hard work, and strengthen team spirit. This rodeo-themed celebration brought staff together for a day of camaraderie, interactive activities, employee recognition, and a spaghetti western lunch.

# MISSION BAY/SHORELINE PARKS

## *The Vulcan III, a Parks and Recreation Workboat*

The Vulcan III, a Parks and Recreation workboat, is in Mission Bay this week as part of an ongoing effort to maintain navigational buoys. The repairs ensure safe passage for boaters, kayakers and other watercraft in the busy recreational Mission Bay. The work performed by Parks and Recreation employees is part of a routine maintenance program designed to keep the bay's waterways clearly marked and hazard-free.

# SAFETY AND TRAINING

## *Safety Tip: Office Ergonomics*

Did you know that poor ergonomics can lead to musculoskeletal disorders and long-term injuries? Here are three quick tips to improve workplace ergonomics:

1. Adjust Your Chair & Desk: Maintain a 90-degree angle at your elbows and knees for proper posture.
2. Take Regular Breaks: Stand, stretch, and move around every 30-60 minutes.
3. Position Your Screen Correctly: Keep monitors at eye level to prevent neck strain.
4. By making small ergonomic adjustments, we can improve comfort and productivity!

## *Letter of Appreciation from the Office of the City Clerk*

**Jacqueline Hernandez**

Assistant Center Director

San Ysidro Senior Center

Community Parks II

February 24, 2024

I wanted to take this opportunity to share our wonderful experience in collaborating with Jacqueline Hernandez for a passport pop-up event at the San Ysidro Senior Center. We have done events at libraries and other parks and recreation centers, and this is by far one of the best experiences we have had had. Not only did Jacqueline demonstrate her effective communication to make this event happen on such a short notice, but the customer service we witnessed was world-class.

Jacqueline displayed complete ownership in assisting to make this passport pop-up event meaningful. She helped several of “her seniors” by assisting them with the tedious application forms and gathering their necessary documentation. She assisted us with booking appointments and minimizing the digital divide. The Center was immaculate, clean, and setup for our staff that helped make this community service successful.

As I am sure you are aware, Jacqueline is an asset to the City of San Diego. I highly encourage a reward or other recognition from the department, such as a department leave award, for her spectacular work.

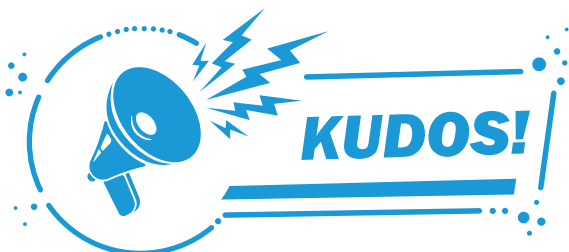

We look forward to future collaborations and aim to host another event at this Center before the calendar year ends.

Sincerely,

Diana Fuentes  
City Clerk

# AROUND THE DEPARTMENT

## *Open Space and the San Diego River Park Foundation*

On January 30, Open Space park staff joined the San Diego River Park Foundation in counting and interviewing individuals experiencing homelessness in and along the San Diego River. The Regional Task Force on Homelessness (RTFH) compiles the data from the federally mandated Point-in-Time count to aid in local decision-making and planning. This annual census is vital to bringing more social services to individuals experiencing homelessness in our community, including the riverbed.

## *Rescue at Black Mountain Trail*

Rangers were paged by the Fire Department for an open space rescue. Rangers secured a landing zone suspending recreational activities and clearing the baseball field for an air to ground extrication. First responders assisted the nonambulatory patient out of the helicopter and loaded them onto an ambulance.

# AROUND THE DEPARTMENT

## *Park Rangers: Large Cleanup at South Shores*

Teamwork makes the dream work! On January 22nd Mission Bay Park Rangers partnered with SDPD, Beach Mechanized who provided loaders and dump trucks and Grounds Maintenance staff to remove over a ton of trash and debris from an open space area near South Shores Park. A drone operator from the Silent Electric Flyers Club, who maintain a model aircraft flight area at South Shores, observed a large dump site via his aircraft camera that was almost undetectable from the ground. The operator provided Rangers with the photos and some directions to the sites and thus we were able to easily locate and remove the debris. Thanks to all of our coworkers for lending a hand!
