DIRECTOR'S REPORT

Michael Prinz, Development Services Department – "I just wanted to say Happy New Year and announce that the Development Services Department has launched a new online application for affordable housing verification requests for applicants seeking local, state, or federal affordable housing funding. These verification requests are available for projects that intend to submit new discretionary review or construction permit applications with the Development Services Department."

"The new application type for the affordable housing verification request provides a more user-friendly, efficient, and faster way for customers to request affordable housing verifications online, track the status in real time, and make online payments. Additional information on the application can be found on the Development Services website homepage."
