## **Civil Division Internship Program Fact And Information Sheet**

The Office of the City Attorney, Civil Division, offers volunteer internships for current law school students and recent law school graduates (post-bar). Volunteers do not receive compensation or benefits. There are three internship sessions each calendar year: spring, summer, and fall.

The City Attorney's Office is the chief legal advisor for the City and all City departments. The Civil Division of the Office has two distinct roles: Advisory (In-House Counsel) and Civil Litigation. The Civil Division has a breadth of legal practice areas that is virtually unparalleled.

The internship program offers an excellent opportunity for students to enhance their education by gaining “hands-on” experience in a variety of practice areas. Interns gain valuable practical experience while completing meaningful and interesting work, and learning about the structure and operation of the City, and the important and challenging work completed by the City Attorney's Office. Interns can explore areas of interest and work with attorneys in different practice areas. Interns are assigned a supervising attorney for mentoring and professional support. In addition, interns attend regularly scheduled informal group meetings where topics of interest and practical value are discussed.

The City Attorney's Office offers internships to students as volunteers or for academic credit. Typical duties of an intern include: legal research and writing, drafting a variety of legal documents, and reviewing, analyzing, and summarizing case facts. When appropriate, interns attend and assist attorneys at client meetings, depositions, hearings, trials, and City Council meetings. Interns are also invited to attend in-house training sessions.

Qualified candidates should have excellent legal research and writing skills. Candidates should be detail oriented, able to prioritize assignments and independently manage a workload, demonstrate good judgment and initiative, and interact effectively with different personalities and work styles.

Certified legal interns may have opportunities to make court appearances during the internship. Students must be certified by the California State Bar as a certified legal intern through the Practical Training of Law Students ([PTLS](#)) program.
