

## COMMUNITY UPDATES

DISTRICT 6 • CONVOY • KEARNY MESA • MIRAMAR • MIRA MESA  
SORRENTO VALLEY • SCRIPPS RANCH • UNIVERSITY CITY

Hello Neighbors,

February was full of vibrant Lunar New Year celebrations across District 6 and the City. My family, staff, and I truly enjoyed joining our community in these festivities. Our office was honored to host a Lunar New Year celebration at San Diego City Hall, welcoming the Year of the Snake. We wish everyone a happy, healthy, and prosperous year from our District 6 team!

We officially broke ground on the Mira Mesa Epicentre last month! Thank you to County Board of Supervisors Vice Chair Lawson–Remer and everyone involved in bringing this project to life. The Epicentre will be revitalized as a community hub benefiting residents of all ages, focusing on youth and teens.

Again, thanks to the community, local groups, and Mira Mesa High School students for their unwavering support. Momentous moments like this are possible when the City, County, and community unite to make a difference. Here's to the next chapter for the Mira Mesa Epicentre!

Mark your calendars! On March 22nd, as part of the [San Diego Unified Aspen Challenge](#), our office will collaborate with District 6 students to host a No-Cost Dumpster Day for residents. For the second year, more than 130 students from 12 San Diego Unified high schools—including three in District 6—are tackling critical community issues with creativity and problem-solving skills. This initiative aligns with the City's commitment to fostering youth leadership and community-driven change. See the event details below, and we hope to see you there!

Warm Regards,

Council President Pro Tem Kent Lee

## Community Resources

The City of San Diego will kick off a third round of community open houses to give San Diegans the opportunity to learn more about proposed costs and service options for waste collection. The proposed fees come as a result of the voter-approved Measure B (2022), which allows the City to charge a cost-recovery fee for trash and recycling collection for the first time since the City began providing these services 100 years ago.
