### Engagement Email (Generated from AI) --- make sure to include links to RAB and Work Plan

Subject: Get Involved with San Diego's Resiliency Advisory Board!

Dear [Recipient's Name],

The San Diego Resiliency Advisory Board (RAB) was established in 2023 to support the City's efforts in building a more resilient, sustainable, and equitable future. We serve as a bridge between the community and local government, providing guidance on policies, programs, and investments that enhance San Diego's ability to adapt and thrive in the face of environmental, social, and economic challenges.

We currently have vacancies and are seeking engaged community members to join us in shaping the city's resiliency efforts. If you or someone you know is passionate about making a difference, we encourage you to get involved!

What is resiliency? In the context of our work, resiliency means ensuring San Diego can withstand, recover from, and adapt to challenges like climate change, natural disasters, economic shifts, and infrastructure demands. Our 2024-2025 Work Plan focuses on:

Climate adaptation and mitigation strategies

Community engagement and equity in resilience planning

Enhancing water and energy security

Strengthening disaster preparedness and emergency response

RAB is a two-way street—we want to both share important resiliency efforts and learn from community members like you. Your input helps shape policies that directly impact San Diego's future.

Please take a moment to review our Work Plan and forward this email to anyone who might be interested in engaging with RAB.

We'd love to hear from you! Feel free to reach out with any questions or interest in participating.

Best,

[Your Name]

San Diego Resiliency Advisory Board
