

Tecolote Canyon Trunk Sewer Improvements & Golf Course Water Connection

This project is rehabilitating and replacing 4.7 miles of trunk sewer pipe. These repairs and upgrades will:

- Help prevent sewer line ruptures
- Provide additional capacity for the sewer system.

Other work includes installing a water main to improve service, constructing stream crossings, improving access paths and revegetation.

To minimize community/visitor impacts, work will be completed in phases:

- Phase 1a/b: Tecolote Nature Center to Golf Course (Spring – Fall 2025).
- Phase 2: Tecolote Golf Course (Fall 2025 – Spring 2026).
- Phase 3: Mt. Acadia to Genesee Avenue (Spring – Summer 2027).

All timeframes are estimates and subject to change.

- STEPS TO STAY INFORMED:**
1. Scan QR code to the right.

Parking closures will be intermittent. Plan ahead when parking at the baseball fields and Nature Center on Tecolote Road. Scan the QR code below for additional parking information.

Certain sections of the trail must be temporarily closed for the safety of the public. This is due to heavy construction vehicle traffic, limited space within the trails, deep excavations and some construction activities needing to operate 24/7.

Trail Operating Hours During Construction

- Phase 1a: CLOSED 24/7 (Spring – Fall 2025). September St. loop OPEN.
- Phase 1b: CLOSED on weekdays and OPEN on weekends (Spring – Fall 2025).
- Phase 2: OPEN (Spring – Fall 2025); CLOSED on weekdays and OPEN on weekends (Fall 2025 – Spring 2026).

All timeframes are estimates and subject to change.
