

**A Notice of Right to Appeal (NORA) the environmental determination was inadvertently posted on April 4, 2025, for the Klauber Development (PRJ-0693289), and was therefore retracted on April 7, 2025.**

**There is no opportunity to appeal decisions made by the City Council because the City Council is the highest land use decision-making authority in the City. This is the case for the Klauber development. The City Council will make decisions on the project and parties will have an opportunity to provide input to the City Council at a noticed public hearing. Therefore, the NORA was not necessary.**

**Interested parties may contact the Development Project Manager, Andrew Murillo, at [jmurillo@saniego.gov](mailto:jmurillo@saniego.gov) or (619) 577-7986 to obtain additional information about the project and to request to be placed on the list to receive notification of the hearing date.**
