PARK POST

STORM RESPONSE CLEANUP

The Citywide Maintenance Services' Division's internal motto, as well as the motto from past management that we still uphold today: 'Leave only footprints.' This means that when our CMS team arrives at a job site, project, or storm-damaged area, we ensure the site is left in better condition than we found it—so the only trace of our presence is our footprints.

-Victor Nava, Deputy Director, CMS

In response to storm damage, several Citywide Maintenance Services work units assist with the storm response cleanups. The Park Forestry, Hardscape/Facility & Playground Repair Units are usually the main responding work units to all types of calls throughout the citywide park system and at times assisting other departments as well.

As it relates to trees specifically, it is usually when there's a been a rain event which saturates the soil and then with high winds or strong wind gusts will topple trees and fall branches. During these rain events and storms, CMS work units are usually on standby and ready to immediately respond to whatever communication is sent via phones calls, emails, text messages or during storm patrol.

“Leave only footprints.”

STORM RESPONSE CLEANUP

Continued

*“We work for
a cause, not
applause.”*

Management assesses the jobs and checks for safety issues or concerns first, then the area is evaluated and environmental conditions determine which equipment and staff is needed to provide the services. When CMS shows up, if not already done, we caution or barricade the area off from pedestrian or vehicular access, notify appropriate area staff, management and emergency services if need be.

- Work units are mobilized to the site(s) with the appropriate staff, vehicles and equipment and begin cutting up the tree.
- Trees are usually cut up beginning at the tip or ends of the trees working our way to the trunk of the tree where the root ball or break out is located.
- The debris and vegetation are usually cut up to a manageable size, dragged and stacked by hand and then we load the piles with a tractor clam/grapple bucket attachment and load it all into dump trucks
- Cut up debris is hauled off to an off-site location to be loaded into 40 yard roll off bins, later taken to the Greenery.
- At times brush is chipped using woodchippers into box dump trucks and chips/mulch are dumped at a local park site for spreading later. This also applies to the larger logs and branches in support and accordance with the reuse, reduce, and recycle initiative to repurpose that material. It is used for various applications such as Nature Exploration Areas, lining trails, erosion control, and water bars.
- Once the tree, vegetation and debris are cleaned up, the site may also be graded with buckets, gannons or box scraper attachments on tractors to smooth out dirt, mulch or turf areas to eliminate ruts, divots, tracks, damage marks on that surface.

COMMUNITY PARKS I

Linda Vista Theater Arts Program

The Linda Vista Recreation Center offers a unique program for the City of San Diego's Parks and Recreation Department. The Linda Vista Theater Arts Program incorporates volunteers, interns, and employees to teach interested youth about theater arts production. Participants learn about marketing, production, stage development, costume production, audio production, and so much more.

This program began in 2012 with a rendition of Disney's *The Lion King* lasting 15 minutes. As interest grew, the program progressed to include a more in-depth instruction of a true theater arts production. Recent productions are multi-weekend showings including matinees, intermissions with snacks, elaborate stages, and often with Parks and Recreation VIPs in the audience. Performances include multiple casting of characters, media production, audio and visual enhancement, and group and individual dance routines and songs.

The most recent production, "Welcome to Wonderland" is showing March 15 to March 29. Kudos to the Linda Vista Theater Arts Program for offering an opportunity for youth to learn more about the theater arts production.

CITYWIDE SPORTS COMMITTEE

Citywide Basketball Championship Tournament

The City of San Diego's Parks and Recreation Department's youth SPORT Programs offer youth ages 6 to 16 an opportunity to learn the fundamentals of team sports including, but not limited to basketball and cheerleading. Participants also learn valuable life skills such as teamwork, respect, and responsibility. Facilities all over the Department compile teams and leagues for seasonal play. All eligible teams are encouraged to participate in post-season play against all areas in the department hosting leagues.

The Citywide Basketball Tournament was held from March 13 through March 16, with games held at Park Del La Cruz, Logan Memorial Educational Campus, Mountain View Community Center, Municipal Gymnasium, and Harry West Gymnasium (San Diego City College). Halftime Cheer performances were hosted on March 15 at Harry West Gymnasium.

In addition to guiding youth participants, members of the SPORTS Committee also host free clinics to youth participants and official training for staff members looking to officiate games hosted by the Department. Kudos to the Citywide SPORTS Committee for providing this opportunity for employees to learn, engage, and mentor.

"I hated every minute of training, but I said, 'Don't quit. Suffer now and live the rest of your life as a champion.'"

-Muhammad Ali

SAFETY AND TRAINING

Safety Tip: Fire Safety Awareness

Did you know that workplace fires can often be prevented with proper precautions? Here are three quick tips to enhance fire safety:

1. Know Your Exits: Familiarize yourself with emergency exit routes and fire extinguisher locations.
2. Keep Flammable Materials Secure: Store chemicals and combustibles properly.
3. Use Electrical Equipment Safely: Do not overload power strips and report damaged cords.
4. By following fire safety protocols, we can protect lives and property!

“Tomorrow: your reward for working safely today.”

-Robert Pelton

Upcoming Trainings

Employee Performance Evaluations

All Supervisors are required to complete timely performance evaluations for all employees. Beginning January 1, 2025, all Classified employee performance evaluations are completed in SuccessFactors. Per the Executive Team's request, the Personnel Department will stop accepting paper forms for prospective employee performance evaluations.

The online employee performance review workflow step-by-step guides can be found on CityNet in the Employee Performance Review program section under Personnel Processes. Upcoming trainings on the Employee Performance Review program can be found on SuccessFactors by searching for "Employee Performance Review Training." All supervisors should take this course before utilizing the online employee performance review workflow in SuccessFactors if they have not done so already. Follow the links below to review the online EPR training PowerPoint and user guides.

-Conrad Hilton

GET IT DONE

Welcome to the March 2025 Get It Done Update! In this issue, we are thrilled to share exciting updates as part of our Go Live Project, including the introduction of at least five new case types that will help streamline issue reporting and enhance park maintenance. You'll find a detailed guide on how to use these new case categories, ensuring quicker resolution and improved service. Additionally, we reflect on recent case submissions that have made a positive impact on our community. Join us as we delve into these developments and celebrate the ongoing contributions of our dedicated park visitors.

Go-Live Update:

As part of our Go Live Project, we are introducing five new case types designed to further reduce misclassification in the "Other" category and streamline routing for faster resolution. Below is a quick guide to how each case type can be used by park visitors:

- **Park Equipment Issues:** Report any damage to playgrounds, benches, exercise equipment, and other park infrastructure.
- **Drinking Fountain Issues:** Let us know about clogs, leaks, or low water pressure—with photos and locations for quicker fixes.
- **Sprinkler/Irrigation Issues:** Tell us if a sprinkler is broken, misaligned, leaking, or has timing problems.
- **Restroom/Comfort Station Issue:** For plumbing, sanitation, or electrical issues in restrooms with additional dropdowns will help with quick categorization.
- **Park Enforcement Issues:** Report non-emergency violations like illegal fires, smoking, unauthorized commercial activity, or after-hours park use.

These new cases will help us keep the parks in top shape by ensuring better categorization, faster routing, and improved service. By creating these case types, we'll be able to ensure the cases are only received if they are reported within a park. We'll also be able to address duplicates more quickly, which will prevent multiples of these cases reaching our field staff, allowing for quicker resolution.

Our goal is to bring these cases public facing in May, with more in the works. Stay tuned!

Recent Case Submissions:

This month, we logged 709 new cases across our parks—and as always, your quick, thoughtful responses made a big difference to our community. Graffiti, illegal dumping, and irrigation issues remained among the top concerns reported by the public.

As spring approaches and parks become even more active community spaces, every resolved case plays a vital role in keeping them safe, clean, and welcoming for all. The continued progress of Get It Done reflects our shared commitment to responsive service and public trust—thank you to everyone contributing to this collective impact.

Survey Shout Outs

The words below acknowledge the dedication and effort you demonstrate each day. Thank you for your commitment to excellence—your work is impactful.

Here's a breakdown of the cases we tackled:

<i>Case Type</i>	<i>Total</i>
Graffiti	245
Other	140
Illegal Dumping	51
Sprinkler/Irrigation	31
Potential Tree Hazard	29
Brush Management/Weeds	25
Trash/Litter	24
Encampment	16
Restroom	13
Dog Off Leash	12

We Value Your Feedback

Your feedback is essential in helping us enhance Get It Done and better support our community. We welcome your thoughts, ideas, and suggestions on how we can improve the platform and assist you in your work.

Please feel free to reach out to Conrad Wear (cbwear@san Diego.gov) or Kartiki Pande (kpande@san Diego.gov) with any feedback. Your voice matters, and our GID Team is here to listen.

Thank you for your dedication and hard work—together, we can continue making a meaningful impact, one case at a time!

ADMINISTRATION

Payroll Updates

Friendly Payroll Reminders:

All DL City Awards, Floating Holiday, and Voluntary Furlough hours are “use it or lose it.” Be sure to schedule the time off by entering a leave request and use the hours, before expiration date of June 30, 2025 (end of fiscal year).

Keep track of Annual Leave balance and make sure not to be over your cap by your anniversary date. This information can be found on top of your timecard under Payroll Information.

With the upcoming holiday, please ensure to log your hours correctly. To review the Holiday Time Entry Process click [here](#).

“The hardest arithmetic to master is that which enables us to count our blessings.”

Volunteer and Intern Office Updates

Employ and Empower Intern Hours Limitation Effective March 15, 2025

Beginning March 15, 2025, interns funded by Employ & Empower are limited to working a maximum of 10 hours/week (or 20 hours/pay period) between March 15 – June 30, 2025. Intern Supervisors have been advised of this new hours limitation and should be working with you to make schedule adjustments accordingly.

It's About to Get Real: Life Skills for Interns

The Employ & Empower Team would like to invite interns to register for one day of "It's About to Get Real: Life Skills for Interns", which will be held April 1 and April 4 at the Nobel Recreation Center and North University Community Library. Employ & Empower Interns may work an additional 6 hours this week* to attend "It's About to Get Real," which will provide workshops focused on personal wellness, time management, goal setting, meal planning, budgeting, and personal finance.

This supportive program was budgeted prior to Employ & Empower's recent budget adjustment. Instead of allowing full participation, we are able to allow interns to attend one day, increasing your weekly maximum hours to 16 for this week only – these available six hours cannot be used for department work.

Park Post Submissions

EMPLOYEE KUDOS

Meet Rhilo Sotto at the Hage Swim Program

Hage Elementary in Mira Mesa has included swim lessons in their physical education program for the past 20 years. The swim lessons take place at the Ned Baumer Aquatic Center, and taught by Parks and Recreation Department Aquatics District staff. The students who participate in the program learn vital water safety skills, and also understand the importance of knowing how to swim before entering the ocean or bay. Rhilo Sotto, serves at a Pool Guard II at the Need Baumer Aquatic Center was a Hage Elementary student who participated in the program while in the 3rd grade in 2014. The very important swim program has not only provided Rhilo skills to be safer around the water. He has also turned his skills into a career opportunity. Now, 11 years later, Rhilo will be teaching students from Hage Elementary School how to swim this year. The Hage program will be hosted March 4th to May 2nd and will serve approximately 250 students from third to fifth grades.

The City of San Diego's continuum of water safety ensures access to swimming lesson programs is essential to keeping our communities safe. Swimming is one of the healthiest forms of exercise in which people of all ages and abilities can participate. The City of San Diego Parks and Recreation Department's Aquatics District is nationally recognized for its success in partnering with schools and nonprofits to implement diversity, equity and inclusion initiatives and has provided thousands of individuals with an opportunity to learn fundamental water safety skills, participate in ongoing, fun aquatic activities, prepare for a future career in Aquatics and contribute to a thriving aquatics culture.

“Try to be a rainbow in someone’s cloud.”

-Maya Angelou

AROUND THE DEPARTMENT

Citywide Recreation Services: Civic Dance Staff Meeting

Civic Dance held the staff meeting to organize the 140 weekly dance classes into 11 unique recital shows. Each show has its own dress rehearsal and recital dates to organize, reserve and plan. Numerous negotiations and calculations are required to successfully accomplish this planning meeting. Kudos to the San Diego Civic Dance team for putting together these shows to allow participants to present the skills learned in class to family and friends.

Shout Outs from Employees

I would like to give a big shout out to my GMW staff: **Maria Corrales**, GMW II; **Miguel Mateo**, GMW III; **Danny Blankevoort**, GMW III; **Alex Velarde**, GMW II; **Walter Heyward**, GMW II; **Brian Perez**, GMW II; **Enrique Williamson**, GMW II.
-Submitted By: Dave Lee, Area Manager II

Shout out to **Marlon Bautista** and **Danny Ruiz** for their help in hauling trash from my volunteer events on countless occasions! Thanks for going above and beyond! I sincerely appreciate your help!
-Submitted By: Tiffany Swiderski, Senior Park Ranger

Cristian Arroyo, Grounds Maintenance Manager /CMS: Cris is a great asset to the Parks and Recreation Department. His thoroughness and willingness to help and direct his staff, always insures a job well done!

Oscar Gomez, Grounds Maintenance Worker II /BP: Oscar is a reliable employee who is always available to help his fellow teammates and can often be found showing new hires the ropes. Oscar always has a smile on his face and has received many kudos from the public for his friendly demeanor.

Michael Serpa, Grounds Maintenance Worker II /BP: Michael is a stellar employee who has a great eye for detail, he takes pride in his work always making sure his assigned areas look perfectly manicured.

Alejandro Reyes Sanchez, Grounds Maintenance Worker III/ BP: The departments first GMVIII and for good reason! Alejandro is a hardworking motivated individual. He has a great leadership personality and is never afraid of a challenge. Alejandro's willingness to support and share his knowledge with his co-workers is greatly valued and appreciated.
