Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Cathy Sciarappa

I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

Given the current drought in California, it is absurd for the Council to consider yet another large, water-using project. Traffic is also a concern--even now, my neighborhood of Torrey Pines is already affected congestively by traffic at lunch and evening hours. I can imagine, unfortunately, how the addition of this project would affect us all during Fair and Race seasons..... Please do not "sell out" our neighborhood, where we already pay inflated taxes for a certain quality of life, for a few low-income housing units. I'm all for low-income housing, but not a project of One Paseo's size. I also recommend you examine the tax and other revenue projections very, very carefully and consider all possible impacts of this project.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Donna Campuzzano

Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

W Michalsky

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods.
