Hollow tile may be used for bearing walls in buildings three stories or less in height, or for enclosure walls or skeleton constructed buildings of any height where the wall is carried on beams at each story, but not in party walls, which must be built solid.

All hollow tile construction must conform to the dimensions and general require-

ments governing brick and other masonry construction as provided for in Section 20 of Ordinance No. 4670.

In case the wall is used as a bearing wall, not less than three courses of brick in height shall be used as a bearing plate on top of the tile, or a concrete plate of the same thickness may be used.

All hollow tile for exterior walls or bearing partitions must be laid in cement mortar. All hollow tile walls must be bonded at every fourth course in height with three courses of brick, or a bond composed of wire mesh of the following dimensions may be used:

20 gauge, 1/4" mesh, or 16 gauge, 1/2" mesh, placed the full width of the wall, every fourth course. The mesh must be of galvanized wire.

Where there is a concentrated load, some approved method of construction must be used to take care of the load at that point.

8. LOCATION OF TRACKS ON STREETS: That all tracks which shall be laid hereunder shall be constructed and laid so that each of them shall be, when practicable, in the center of streets, or as nearly so as the condition or width of the streets will permit.

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

Owing to the necessity for immediately obtaining an additional supply of water for municipal consumption and to supply demands upon the water system of The City of San Diego,

which demands required immediate attention, the indebtedness herein mentioned has been incurred without opportunity of awaiting the effective date of ordinance appropriating money under the thirty day provision of the City Charter; the incurring of said indebtedness being conditioned upon the immediate payment of the water furnished, and payment of which is provided for herein. These facts in the opinion of the Common Council constitute a matter of urgency.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

ORDINANCE NO. 7474.

AN ORDINANCE AMENDING ORDINANCE NO. 5570 OF THE ORDINANCES OF THE CITY OF SAN DIEGO, ENTITLED, "AN ORDINANCE REGULATING TRAVEL AND TRAFFIC UPON THE PUBLIC STREETS," APPROVED ON THE 8th DAY OF MAY, 1914, BY ADDING THERETO TWO NEW SECTIONS, NUMBERED 15a AND 23a.

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. That Ordinance No. 5570 of the ordinances of The City of San Diego, entitled, "An Ordinance regulating travel and traffic upon the public streets," approved on the 8th day of May, 1914, be, and the same is hereby amended by adding thereto two new sections, to be numbered 15a and 23a, which shall read as follows:

"Section 15a. Every person riding, driving, propelling, or having the charge or control of a motor vehicle and desiring to park the same at any point on Broadway, between Atlantic and Harbor Streets, shall cause said vehicle to back up to the curb on said Broadway."

"Section 23a. It shall be unlawful for any person riding, driving, propelling or having the charge or control of any vehicle, to leave such vehicle standing, or to cause or allow or permit such vehicle to be left standing, or to park such vehicle at any point in the intersection of Broadway and Harbor Street in The City of San Diego.

It shall be unlawful for any person riding, driving, propelling, or having the charge or control of any vehicle, to leave such vehicle standing, or to cause or allow or permit such vehicle to be left standing, or to park such vehicle at any point on Broadway, in said City of San Diego, between Fourth Street and Fifth Street, at any time between the

hours of six o'clock A. M. and twelve o'clock midnight, of each and every day of the week."

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The grounds constituting the urgency in this case are as follows: That whereas, the San Diego Electric Railway Company has recently caused a great number of the street cars in operation in the City of San Diego to move upon and along Broadway; and whereas, a considerable number of such cars turn at the intersection of Broadway and Fifth Street, in said City; and whereas, such movement of said street cars has caused very considerable increase in congestion of traffic in the neighborhood of Broadway and Fifth Street; now, therefore, in order that the public safety may the more effectually be preserved with respect especially to conditions of traffic in the neighborhood of said intersection of Broadway and Fifth Street, this ordinance is declared to be one of urgency.

ORDINANCE NO. 7488.

AN ORDINANCE AUTHORIZING AND EMPOWERING THE HYDRAULIC ENGINEER TO PROCEED WITH THE CONSTRUCTION OF THE LOWER OTAY DAM; INDEPENDENT SPILLWAY AND OUTLET TOWER AND TUNNEL, BY DAY LABOR AND FORCE ACCOUNT.

FOR THAT WHEREAS, the work on the Lower Otay Dam, Independent Spillway and Outlet

Tower and Tunnel, as provided for in that certain contract between The City of San Diego and James Kennedy, a copy of which is on file in the office of the City Clerk of said City, Document No. 112102, was suspended by action of the Hydraulic Engineer of The City of San Diego on Friday, the 30th day of August, 1918; and

WHEREAS, it is the desire of the Common Council of The City of San Diego to immediately proceed with the construction of said work with city forces by day labor and force account plan, under the direct supervision and control of said Hydraulic Engineer, NOW, THEREFORE,

BE IT ORDAINED, By the Common Council of The City of San Diego, as follows:

Section 1. That the Hydraulic Engineer of The City of San Diego, on behalf of said City be, and he is hereby authorized, directed and empowered immediately, with city forces, by day labor and force account, to proceed with the construction of the Lower Otay Dam, Independent Spillway and Outlet Tower and Tunnel, and to perform all of said work according to the plans and specifications therefor incorporated in and forming a part of that certain contract for the construction of the Lower Otay Dam, Independent Spillway and Outlet Tower and Tunnel, a copy of which is on file in the office of the City Clerk of said City, marked Document No. 112102; provided always, that any and all materials purchased, work done, or labor performed or contracted for shall be furnished, done, performed and contracted for in compliance with the provisions of the City Charter and the provisions of Ordinance No. 5051 of the ordinances of The City of San Diego.

That any and all expense necessary or incidental to the performance, construction and completion of said work shall be paid in the manner provided by law from the Lower Otay Dam Bond Fund.

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The facts constituting the emergency in this case are as follows: The supply of water on hand in the impounding and distributing system of The City of San Diego is insufficient to supply present demands, and the City is at this time arranging for the purchase of water from the Cuyamaca Water Company to meet existing demands and to conserve the present impoundment of the city system; that the stationing of troops at Camp Kearny will cause increased demands upon the present water supply; that the United States Government will place a large number of troops at Camp Kearny within the immediate future is highly probable, if not morally certain; that the construction work at the Lower Otay Dam has not advanced sufficiently to provide for the catchment of water during the rainy season of the ensuing year, and in order to advance the construction work on said dam to such height as will enable the city to impound the runoff from the Lower Otay watershed and the diversion from the Cottonwood Creek watershed, it is absolutely necessary to begin construction work on said dam immediately; that if construction work is commenced on said dam immediately the present organization and force now at said dam may be retained; that the elapse of a period of thirty days prior to the effective date of this ordinance would in all likelihood prevent the construction work on said dam reaching a point prior to the rainy season where the runoff for the ensuing year could be conserved.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

Section 3. The positions and employments created and established herein shall be in addition to in/positions and employments now existing and created and provided for by ordinances of The City of San Diego heretofore adopted.

Section 4. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The facts constituting the emergency in this case are as follows: The supply of water on hand in the impounding and distributing system of The City of San Diego is insufficient to supply present demands, and the City is at this time arranging for the purchase of water from the Cuyamaca Water Company to meet existing demands and to conserve the present impoundment of the City system; that the stationing of troops at Camp Kearny will cause increased demands upon the present water supply; that the United States Government will place a large number of troops at Camp Kearny within the immediate future is highly probable, if not morally certain; that the construction work at the Lower Otay Dam has not advanced sufficiently to provide for the catchment of water during the rainy season of the ensuing year, and in order to advance the construction work of said Dam to such height as will enable the City to impound the runoff from the Lower Otay watershed and the diversion from the Cottonwood Creek watershed, it is absolutely necessary to begin construction work on said Dam immediately; that if construction work is commenced on said Dam immediately the present organization and force now at said Dam may be retained; that the elapse of a period of thirty days prior to the effective date of this Ordinance would in all likelihood prevent the construction work on said Dam reaching a point prior to the rainy season where the runoff for the ensuing year could be conserved.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

Section 5. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The facts constituting the emergency in this case are as follows: The supply of water on hand in the impounding and distributing system of The City of San Diego is insufficient to supply present demands, and the City is at this time arranging for the purchase of water from the Cuyamaca Water Company to meet existing demands and to conserve the present impoundment of the City system; that the stationing of troops at Camp Kearny will cause increased demands upon the present water supply; that the United States Government will place a large number of troops at Camp Kearny within the immediate future is highly probable, if not morally certain; that the construction work at the Lower Otay Dam has not advanced sufficiently to provide for the catchment of water during the rainy season of the ensuing year, and in order to advance the construction work of said Dam to such height as will enable the City to impound the runoff from the Lower Otay Watershed and the diversion from the Cottonwood Creek watershed, it is absolutely necessary to begin construction work on said Dam immediately; that if construction work is commenced on said Dam immediately the present organization and force now at said Dam may be retained; that the elapse of a period of thirty days prior to the effective date of this ordinance would in all likelihood prevent the construction work on said Dam reaching a point prior to the rainy season where the runoff for the ensuing year could be conserved.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

ORDINANCE NO. 7561.

AN ORDINANCE PROHIBITING THE PUBLIC DISPLAY OF FLAGS, EMBLEMS OR SYMBOLS OF A TYPE APT TO INCITE PUBLIC DISTURBANCES, AND PROVIDING A PENALTY FOR VIOLATION THEREOF.

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. No person shall publicly display any flag, standard or symbol emblematic of any nation, organization or doctrine which is likely to provoke a riot or breach of the peace.

Section 2. No red flag or black flag, and no banner, ensign or symbol having upon it any inscription opposed to organized government, or which may be derogatory to public morals, shall be carried in public parade on any street, or other public highway, or publicly exhibited in any licensed hall, or public place of amusement, or upon any vehicle, or upon any building or premises, or in any other manner in public within said City.

Section 3. For the preservation of the peace, and to safeguard the people against the dangers of exhibitions which lead to disorder and riot, the display in public parade, or on any street or public highway in said City, or the public display in any licensed hall or public place of amusement, or upon any vehicle, or upon any building or premises, or the public display in any other manner within said City, of the red flag or the black flag, recognized as symbols apt to incite people to transgressions of law, is hereby prohibited.

Section 4. If any section, or part thereof, of this ordinance is for any reason declared invalid, such decision shall not affect the validity of the remaining portions of the ordinance. The Common Council hereby declares that it would have passed this ordinance and each section, sentence, clause and phrase thereof irrespective of the fact that any one or more sections, sentences, clauses or phrases is declared invalid.

Section 5. Any person violating any of the provisions of this ordinance shall upon conviction thereof be punished by a fine of not less than fifty dollars (\$50.00), nor more than five hundred dollars (\$500.00), and by imprisonment in the City Jail of said City for a period of not less than fifteen (15) nor more than one hundred fifty (150) days, and in the event that the fine imposed herein is not paid, then by additional imprisonment in the City Jail of said City at the rate of one day for every two dollars

of the fine so imposed.

Section 6. This ordinance is hereby declared to be an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its final passage and approval.

The facts constituting the emergency, and a statement of the urgency of this ordinance, are as follows:

In numerous cities in the United States where large numbers of soldiers and sailors of American Military forces are quartered, riots and public disorders and disturbances of the peace have followed the public display of flags, emblems and symbols of the general character prohibited under the terms of this ordinance. In The City of San Diego there are stationed large numbers of soldiers and sailors of American military forces, constantly present, and whose constant presence is desired, upon the streets of this municipality by the inhabitants thereof. There are also present within this municipality individuals and organizations who heretofore have displayed flags, emblems and symbols of the type in this ordinance prohibited; that said individuals and organizations have declared their intention to again publicly display said flags, emblems and symbols; that it is the belief of said Common Council that unless an ordinance be made immediately effective such threats will be carried out, and that such flags, emblems and symbols will be displayed and that riots, disturbances and disorders upon the public thoroughfares will certainly result.

Section 21. Each department of the City of San Diego shall limit its expenditures to the amounts and for the purposes herein set forth under the respective departmental titles and designated by serial number.

Section 22. No transfer of funds from one department to another shall be made, nor any salary or compensation other than as in this ordinance provided shall be paid, unless authorized by ordinance. ORDINANCE NO. 7586.

AN ORDINANCE AMENDING SECTIONS ONE AND THREE OF ORDINANCE NO. 7205 OF THE ORDINANCES OF THE CITY OF SAN DIEGO, ENTITLED, "AN ORDINANCE TO CARRY INTO EFFECT THE REGULATIONS ESTABLISHED BY THE PRESIDENT OF THE UNITED STATES AND THE CONGRESS OF THE UNITED STATES PROHIBITING THE SALE, PROVIDING, BARTERING OR FURNISHING TO ANY OFFICER OR MEMBER OF THE MILITARY FORCES OF THE UNITED STATES DURING THE PRESENT WAR BETWEEN THE UNITED STATES AND HER ENEMIES, ANY INTOXICATING LIQUORS, BEER, ALE OR WINE," APPROVED NOVEMBER 28th, 1917.

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. That Section One of Ordinance No. 7205 of the ordinances of The City of San Diego, entitled, "An Ordinance to carry into effect the regulations established by the President of the United States and the Congress of the United States prohibiting the sale, providing, bartering or furnishing to any officer or member of the military forces of the United States during the present war between the United States and her enemies, any intoxicating liquors, beer, ale or wine," approved November 28th, 1917, be, and the same is hereby amended to read as follows:

"Section 1. That it shall be and is hereby declared to be unlawful for any person, firm or corporation to sell, offer for sale, deliver, provide, furnish, barter, or give away, directly or indirectly, either alone or with any other article, any alcoholic

liquor, including beer, ale or wine, to any officer or member of the military or naval forces of the United States while in uniform, or to any person wearing the uniform of an officer or member of the military or naval forces of the United States."

Section 2. That Section Three of said Ordinance No. 7205 be, and the same is hereby amended to read as follows:

"Section 3. This ordinance shall take effect immediately upon its passage and approval, and shall remain in force until the publication of a proclamation by the President of the United States of America announcing the signing of a treaty of peace between the United States of America and her enemies."

Section 3. This ordinance is hereby declared to be one for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The grounds constituting the urgency in the present case are as follows: Large numbers of men who have been in the military and naval service of the United States are now being discharged. Such men are permitted for a period of ninety days to wear the uniform of the military or naval service. Ordinance No. 7205 of the ordinances of The City of San Diego does not prohibit the furnishing of intoxicating liquor to such persons. It is, however, deemed desirable that it shall be immediately made unlawful to furnish intoxicating liquor to any such person and for this reason, and in order that the public peace, health and safety may the more effectually be conserved, this ordinance is declared to be one of urgency.

AN ORDINANCE AUTHORIZING THE MANAGER OF OPERATION TO LEASE IN THE OPEN MARKET, WITHOUT ADVERTISING FOR BIDS, 3000 SQUARE FEET OF STEEL WALL FORMS AND APPROPRIATING THE SUM OF \$3600.00 FROM THE LOWER OTAY DAM BOND FUND TO DEFRAY THE EXPENSES THEREOF.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That pursuant to the provisions of Section 6, of Ordinance No. 5051, being an Ordinance entitled: "An Ordinance providing for the employment of labor and the purchasing and checking of supplies for the City of San Diego, adopted by the vote of the electors, April 8, 1913" the Manager of Operation be and he is hereby authorized and directed to lease in the open market, without advertising for bids, and for immediate delivery at the Lower Otay Dam, Three Thousand square feet of steel wall forms, consisting of panels, vertical lines and tie bolts, all to be furnished in units five feet in length. said lease to run for the period of time required to complete the masonry construction work on the Lower Otay Dam.

Section 2. That the sum of Three Thousand Six Hundred Dollars (\$3600.00) is hereby appropriated and set aside out of the Lower Otay Dam fund for the purpose of defraying the rental price upon said forms.

Section 3. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the emergency in this case are as follows: That in order to advance the construction work at the Lower Otay Dam sufficiently to provide for the catchment of water during the rainy season of the ensuing year, and in order to advance the said construction work to such height as will enable the city to impound the runoff from the Lower Otay watershed and the diversion from the Cottonwood Creek watershed, it is necessary that the steel wall forms hereinabove described be immediately leased; that the elapse of a period of thirty days prior to the effective date of this ordinance would in all likelihood prevent the construction work on said dam reaching a point prior to the rainy season where the runoff for the ensuing year could be conserved.
