Mr. Higgins, who came to San Diego to begin practicing law seventeen years ago, entered the City Attorney's Office as a deputy in January, 1914, so demonstrated his ability that he was, in November, 1919, advanced to the position of City Attorney, succeeding T. B. Cosgrove, who had resigned to enter private practice, and in 1921, 1923, 1925 and 1927 he was re-appointed by the Common Council.

That his selection by Gov. C. C. Young to fill the newly created fifth place on the local Superior Court bench was well merited is the belief of this body, and, judging from comment by the public on every side, meets with general approval.

and

WHEREAS, said Edwards, Wildey & Dixon Company, contractor, and J. W. Williams, Assistant Manager of Operation and Engineer in Charge of Water Development have entered into the following agreement, to-wit:

THIS AGREEMENT, made and entered into this 10th day of October, 1927, by and between EDWARDS, WILDEY & DIXON COMPANY, being the contractor under that certain contract contained in Document No. 200853, on file in the Office of the City Clerk of the City of San Diego, and J. W. WILLIAMS, Assistant Manager of Operation and Engineer in Charge of Water Development, of the City of San Diego, WITNESSETH:

That WHEREAS, by resolution of the Common Council of the City of San Diego, numbered 43097, adopted September 28, 1927, and the order and direction of the said J. W. Williams, Assistant Manager of Operation and Engineer in Charge of Water Development, the location of the dam structure under said contract contained in said Document No. 200853, has been changed to a point approximately seven hundred (700) feet upstream and in a southerly direction from Dam Site No. 1, and which upper site is sometimes referred to as Sutherland Dam Site No. 2; and

WHEREAS, the change in location of the dam is a change provided for under the terms and provisions of the said contract as contained in said Document No. 200853; and

WHEREAS, the change of location is deemed by the parties not to be a reasonable change and

WHEREAS, by reason of such fact the contractor is entitled to the cost of moving the equipment necessary to construct the dam at the new location as an extra under said contract; NOW, THEREFORE,

IT IS HEREBY AGREED by and between the parties hereto that the contractor shall be paid by the City of San Diego, as and for the cost of moving said equipment, the sum of twenty-eight thousand, four hundred forty-five dollars - (\$28,445.00); provided, however, that if the track cable for the cableway heretofore constructed at Dam Site No. 1 can be used in the construction of the dam at Dam Site No. 2, there shall be a credit to the City of San Diego on future payments to be made to the said contractor of the sum of twenty-four hundred dollars (\$2400.00); it being agreed that in the event it is impracticable to use the present track cable at the new location, that the same shall be and become the property of the City of San Diego.

It is further agreed that the moving of the equipment, with the exception of the cableway, from Dam Site No. 1 to Dam Site No. 2, shall be completed within thirty (30) days from and after the date hereof.

It is further agreed that when the contractor shall have moved and installed the equipment, with the exception of the cableway, from Dam Site No. 1 to Dam Site No. 2, and on the completion of such removal and installation and the approval thereof by the Assistant Manager of Operation and Engineer in Charge of Water Development, the contractor shall be paid the sum herein agreed within ten (10) days from and after such approval; provided, however, that if the contractor shall not have constructed the cableway at the time of the completion of such removal and installation and the approval thereof, the said contractor shall be paid the sum herein agreed less the sum of twenty-four hundred dollars (\$2400.00), which said sum of twenty-four hundred dollars (\$2400.00) shall be paid to the contractor at the time of the completion of the cableway at the new location.

It is further agreed that in fixing the price for moving the said equipment, it is contemplated that the City shall permit the contractor to use the air line now installed between the Compressor Plant and Dam Site No. 2; the same, however, to remain the property of The City of San Diego.

Nothing herein contained shall be construed to be a waiver, either on the part of the City of San Diego or said contractor of any sum or sums of money claimed by either as due from the other, on account of work done, or otherwise, at Dam Site No. 1, and the payments for work done by the contractor at the new location, including the amount herein agreed to be paid on account of moving said equipment, shall be made irrespective of any rights or claims of either party under the contract, in so far as the same pertain to any disputed claims at Dam Site No. 1.

It is also agreed by and between the parties hereto that neither anything herein contained, nor the change of said dam site, shall be construed to be a waiver in any particular whatsoever of the plans or specifications or contract heretofore entered into between said City and said contractor for the construction of said dam.

IN WITNESS WHEREOF, said contractor, Edwards, Wildey & Dixon Company has caused this agreement to be executed by its proper officers, thereunto duly authorized, and the said J. W. Williams, Assistant Manager of Operation and Engineer in Charge of Water Development, has hereunto subscribed his name, the day and year in this agreement first above written.
